Intensifying the Light Fires of the Heart

Part 2

Sending a Fiery Sphere of Energy from Your Heart To the Heart of God

When you take a baseball in your hand and you throw that ball, you are looking where you are throwing the ball. You are determined to win that game. Well, this is a game for Saint Germain, and you must look at that fiery sphere of energy which you wield in your heart and soul and in your cry, and you must see where you send it forth. And there comes a moment in the day when you must send it directly to the heart of Alpha so that the LORD God can know that there are other rockets that are coming out of earth, and these not the mechanical rockets but the very rockets of love that will go to the very heights of consciousness and there draw unto themselves the energies of the Holy Spirit and, on the return...

Intensifying the Light Fires of the Heart

Part 2

Sending a Fiery Sphere of Energy from Your Heart to the Heart of God

I AM the presence of the Lord that will make you whole!
I AM the presence of the Lord that will make you whole!

Will you not receive, then, the breath of the Holy Spirit? Will you not feel it now in your very lungs, in your belly, in your heart, filling your temple? And will you not give that call from the very depths of your soul, “O LORD God, I AM whole! Make me whole this day!”

Will you not jump to your feet and leap in the presence of the Lord! [Congregation rises.] And will you not give that shout and that call that will tremble the ethers and call the angels of the Holy Spirit and command them to come and to enter your temple this day!

So, people of the LORD, *shout!* For the LORD hath given to you the city!¹ *Shout*, then, in his name and to his glory!

[Congregation shouts fiats to the glory of the LORD for 26 seconds.]

Hear, then, the shouting of the multitudes. The tumult, then, is a tumult of joy and rejoicing. It is when you release the full vent of the breath of life that God has given to you

Intensifying the Light Fires of the Heart

30

and, with the deepest meaning of your soul, send that breath, by the science of the spoken Word, back to the very heart of your Presence. It is like hurling a love fire unto the throne of God. It is your message and your messenger until you yourself can be translated to enter the very throne room of Alpha and Omega.

Hurl Forth the Call unto the Lord

Therefore I say, release the full capacity of the Word, and let it be hurled unto God this day! And let the Four and Twenty Elders and the Cosmic Council hear the shouts of joy, the shouts that are the command of the Word in the name of God. So release these fires and, as I have said, *let the bellows out! Shout, O my people!*

[Congregation shouts fiats of joy for 31 seconds.]

Now do you think heaven will be silent?

[Congregation responds: “No!”]

I tell you, heaven will respond because you have shattered a plane of lethargy and of hatred directed against this force-field and this endeavor.

Do you not see that mankind have forgotten how to give praise and thanksgiving and to send forth the hallelujah? But in a halfhearted, almost effortless attempt, they give forth their mutterings and their peepings, as though they were inhabited by discarnates.

Do you not understand that the devils tremble when they hear your voice in God-determination, when they hear your certain footstep on the Path? Do you not understand that the very energy of the tumult is that which counteracts the tumult that was made in the hour of the judgment of the Lord Christ?² For this is the tumult that calls forth the legions of Victory, who enter now the city of Los Angeles to take that city and that place for the people that are the people of light!

Do you not see that once a day you must hurl forth that call and that cry unto the Lord, that you must give the full vent of that energy which God has given to you and see it rising, as a giant jet of water, *rising* into the skies, into the heavens and reaching even the highest throne!

**The Great Key of Alchemy
in the Microcosm and the Macrocosm**

When you take a baseball in your hand and you throw that ball, you are looking where you are throwing the ball. You are determined to win that game. Well, this is a game for Saint Germain, and you must look at that fiery sphere of energy which you wield in your heart and soul and in your cry, and you must see where you send it forth. And there comes a moment in the day when you must send it directly to the heart of Alpha so that the LORD God can know that there are other rockets that are coming out of earth, and these not the mechanical rockets but the very rockets of love that will go to the very heights of consciousness and there draw unto themselves the energies of the Holy Spirit and, on the return, bring to your very midst all that the Law requires for the fulfillment of the vow.

Then, you see, when you have this energy contact as the flow of the sacred electron to the farthest reaches of space where you are to the very center of wholeness where I AM, you will find that that whirling energy will set up a forcefield of such intensity, a whirling action multiplied by your very numbers, whereby you will see an energy field building in your very midst that will be those buildings, those forcefields, that land and all that you require to receive the hosts of Israel.

This energy that you give forth, then, is also for the expansion of your consciousness whereby the magnet of the Great Central Sun will be transferred little by little as that electron

returns. As that energy force returns each day as a molecule of your word, it will return to you gathering more of itself, gathering from the very love fires of the Central Sun, and ultimately creating a platform beneath your feet whereby your victory is won.

This is the means whereby the worlds were framed and the planets were formed. It is because the mighty Elohim hurled the love fires of their heart to the very center of creation, and out of that creation they drew forth these worlds, these galaxies, these starry systems. This is the great key of alchemy in the microcosm and in the macrocosm. As you intensify the heart and expand the heart and hurl your energies to God, you become co-creators with him, creating first the platform that becomes your center and then the platform that becomes a planetary abode, an earth, a solar system and a starry home where millions and millions of souls will come and will gather and will find themselves beneath their own mighty I AM God Presence, I AM.

Then, you see, you carry forth this momentum of energy returning to the Great Central Sun. Then you find that at intervals during the day, as you are receiving that energy in return, you use the science of the spoken Word to direct into the earth, at specific points on the globe, those energies received fresh from God to counteract forcefields of Anti-christ. And therefore, because you have made contact with the celestial home of the One, now you can use that energy very directly as an arrow that is shot from the heart into the cause and core of karma and sin and amalgamated forcefields of darkness that are seizing the energies of the people of God and that are causing the ramifications of the change in weather conditions which are building a forcefield on earth of extreme danger to the people of Terra.

I say to you, it requires a great concentration of energy within your heart and it requires a life that is lived in devotion to this purpose in order for you to receive that power from the Central Sun to counteract world conditions. And therefore the preparation, therefore the shout, therefore the daily giving of the science of the Word that you might have the capacity to literally receive cosmic meteorites *right* into your hands, *right* into your hearts! Fire, sacred fire that travels at other planes and octaves, can come into your being and can be received there. And it will not consume you, it will not burn you, but it will be for your step-down transformer, the action of your heart chakra, to distribute to the people of earth.

Children of Israel, I have given you this day a key from the heart of God, a sacred key. It is a key of love! Guard it well. Use it daily. And *see* how you will break the spell of the fallen ones on Terra!

I thank you and I bless you, and I bring you good cheer!

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Lanello** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, February 27, 1977**, in Pasadena, California. Part 1 is published in *Pearls of Wisdom*, vol. 57, no. 3. (1) Josh. 6:15, 16, 20. (2) Matt. 27:11–24.

Notes continued from *Pearl* no. 3 by Lanello:

(1) **The Tablets of Mem**, which are contained in the memory body, are electronic, computerized recordings of all vibrations and energy impulses you have ever sent forth through your soul and its higher and lower vehicles. This life record is written on innumerable discs of light that comprise the changing, evolving identity pattern of the soul merging with the Spirit. It is this life record (the L-field) which determines the patterns that

will be outpictured in the three lower vehicles—the mental body, the desire body and the physical body. (2) Isa. 55:8, 9. (3) Mark L. Prophet, the most recent embodiment of the ascended master Lanello, took his ascension on February 26, 1973, from Colorado Springs, Colorado. (4) **Ye are gods**. Ps. 82:6; John 10:34. Ye are God's. Exod. 6:6–8; 29:45, 46; Lev. 11:44, 45; 26:12, 13. (5) Rev. 1:17, 18. (6) **Ur of the Chaldees** (Gen. 11:27–31; 15:7; Neh. 9:7) was an ancient city of light out of which God called Abraham to be the instrument of the incarnation of the seed of Sanat Kumara. (7) **Ikhnaton**, pharaoh of Egypt (c. 1375–1358 B.C.), was an embodiment of Mark Prophet. Ikhnaton introduced a revolutionary monotheism based on the worship of one God, "Aton," represented in the symbol of a sun disk or orb with divergent rays, each ending in a hand. Ikhnaton believed that everything that lived had its being through the sun's rays and that he himself was the son of Aton. (8) The ascended master **Godfre** was embodied as General George Washington (1732–1799), the first president of the United States. In his final incarnation, Godfre and his divine complement, Lotus, served as Saint Germain's messengers, Guy and Edna Ballard, through whom the master founded the I AM movement in the early 1930s. The messenger Godfre (1878–1939) made his ascension on December 31, 1939. (9) Gal. 6:7. (10) The meaning of the **Divine Us**, referring here to the United States, is explained in a lecture given on April 5, 1977, by the messenger Elizabeth Clare Prophet: "Alpha and Omega . . . are the Divine Us. They are one. They are the Father-Mother God. They are one and inseparable. From that Divine Us, America has received her name, the U.S. We are the nation for the Divine Us." (11) The ascended master Djwal Kul has given the following teaching on **the testing of the ten that is the victory of selflessness**: "The solar-plexus chakra has ten petals—five with a positive charge focusing the thrust of Alpha in the secret rays and five with a negative charge focusing the return current of Omega in the secret rays. Thus to the evolving soul consciousness, the solar plexus is the vehicle whereby the initiation of the test of the ten is passed. This is the test of selflessness, which always involves the test of the emotions and of the God-control of those emotions through the Divine Ego, which can come into prominence in the soul only as the result of the surrender of the human ego." (12) Rev. 22:1. (13) **The hordes of Mara**. As Siddhartha Gautama (soon to be the Buddha) sat beneath the Bo tree, where he had vowed to remain until fully illumined, Mara, the Evil One, tempted him with visions of desire and death, finally challenging his right to be doing what he was doing. Gautama, who remained unmoved, responded by tapping the earth with the "earth-touching" mudra (left hand upturned in lap, right hand pointed downward, touching the earth) and the earth thundered her answer: "I bear you witness!" All the LORD's hosts and elemental beings acclaimed his right to pursue the enlightenment of the Buddha, whereupon Mara fled.
