## Your Initiation to Defeat the Adversary

*The Call Must Be Given Perpetually*

If you would be the handful who would defeat the enemy camped round about this earth and her evolutions, then know that it is by superior mind force and not by superior physical force that the great chess games of life have been won. *Checkmate* is the word. And yet, though God has bequeathed to you a science and a teaching, in the very moment when you could have the victory you abandon its use and allow yourself to regress to former states of idleness, confusion, and the myth that all will be well if you just leave us alone. And those who speak this lie are the fallen ones, who come in disguise to tear from the Mother her very veil, if they could.

But I am here to see that the dark ones do not assail the little ones. I am here, the forerunner of...

## Your Initiation to Defeat the Adversary

### *The Call Must Be Given Perpetually*

I come. I stand at the left and I proceed to the right. If you would defend the right side of the City Foursquare, then you must contend with the Adversary, who positions himself to the left of the lightbearer. You cannot take the torch that is passed, thrust to you, right hand to right hand, if you have not first defeated the Adversary that comes from behind on the left to injure the covenant of Truth.

And the one who holds the open book in her hand, the Goddess of Liberty, stands to receive her sons and daughters. She holds high the torch. It is not merely a light to be gazed upon, but it is the symbol of initiation, of freedom runners who will one day receive from the Mother Omega that very torch of flame. And the great Book of the Law is the teaching whereby the Christed ones learn to defeat the lie and the personification of that lie.

I call to the Logos to stand where I stand to instruct you in the way of the overcoming. For at times you are as children, not discerning that hour by hour, in the midst, the very midst of the intensification of the battle, there is a need for the

battle cry, which always begins: "I AM THAT I AM. I AM the victory where I stand! I AM THAT I AM."

### You Must Be Vigilant

If you would be the handful who would defeat the enemy camped round about this earth and her evolutions, then know that it is by superior mind force and not by superior physical force that the great chess games of life have been won. *Checkmate* is the word. And yet, though God has bequeathed to you a science and a teaching, in the very moment when you could have the victory you abandon its use and allow yourself to regress to former states of idleness, confusion, and the myth that all will be well if you just leave us alone. And those who speak this lie are the fallen ones, who come in disguise to tear from the Mother her very veil, if they could.

But I am here to see that the dark ones do not assail the little ones. I am here, the forerunner of many ascended masters who are coming closer and closer to the physical plane. And your initiation, in anticipation of this deceleration of our consciousness, must be first to defeat the Adversary who stands at the left. And thus you have felt of late their intensification—the demons who have heard the sounding of the death knell and who know the footsteps of the Faithful and True and the coming of the armies of the LORD.

See, then, that in the hour of the intensification you faint not, neither falter nor fall. This is not the hour for contemplation or the installation of all types of deviations from the one law of God.

I speak to you teachings that you have heard. I come only to determine that you must understand that in the hour when the victory is forged, *then* you must be vigilant, *then* you must accelerate, *then* you must demand our forces. For we are

instruments of the All-Seeing Eye of God, and we will come and stand to your left and we will be there to beat the Adversary into submission to the flame of God.

The call must be given, and given perpetually. Therefore do not cease this day. For this day and the days to come in this fortnight, commencing with my address, are a cycle wherein the fourteen stations of the cross must be carried for Mother in every nation and for her children. Truly, in the flame of summer, in the flame of Mother, you will find that the fallen ones seek to assert themselves and to gain the greatest areas for the side of darkness.

I come to inform you of the investigations of Lanello and myself, as we have gone into those places where the nexus of light and darkness (of the cross of light and the cross of darkness) has produced, to the left and to the right, decisions for and against that intensification of light in earth and her evolutions. We are mindful, then, that our organization is yet as the little boy with the finger in the dike—holding, holding back the flood tides of the psychic plane until the reinforcements can be quickened, awakened, educated, until hundreds of thousands will see, by the All-Seeing Eye of God, that the ascended masters' teachings are the teachings which will give the liberation to the nations.

**We Are Sounding the Alert to Everyone  
in Whom There Breathes a Yearning for Freedom**

We stand with the great hosts of the LORD. We stand for the turning of the tide. All decisions of the Great White Brotherhood are in the favor of the lightbearers. Yet if the lightbearers do not ratify those decisions of cosmic councils and the LORD God in this hour, then there will not be a heart flame, a nexus, through whom we can release that victory that is already manifest in the etheric plane but must be

transferred now to the mental plane (which means the education of the children of God) and to the plane of the feeling body (which means the redirection of the mighty flow of water in the desire of the subconscious). This comes only through the quickening of the Christ mind and the Holy Spirit so that decisions made by the power of the Word affecting physical manifestation will correspond to the inner blueprint of that etheric plane.

I AM K-17. I function in the Cosmic Secret Service as the individualization of the All-Seeing Eye of God under the Elohim Cyclopea. I serve the master Saint Germain in the battle for freedom on earth. I serve every ascended master and yourselves, as you call to me for the specialization of our agents, who are angels in disguise, lightbearers on earth and in heaven, moving across the earth now in a deliberate consort of light, a deliberate formation, whereby consciousness becomes the focalization of the release of awareness.

We are sounding the alert, then, first to the watchmen on the wall and then to everyone in whom there breathes a yearning for freedom. We sound the alert. We impart the flame. This flame is reinforced by dispensation from the Lords of Karma, by a great outpouring from Ray-O-Light and legions of the fearlessness flame. For the fear, the doubt and the terror of the night is in the demons in this hour who are being brought to the judgment and to the trial of the sacred fire. Therefore, in their terror they seek to terrorize the children of light and to bring that fear that paralyzes the giving and the receiving, the great flow of God, through our instruments.

Let the abundance of God flow from the heart of the God of Gold and God Harmony, from the heart of God Obedience<sup>1</sup> and Lanello. And let the people of God clear that river. For there is a river, and the river is the mighty flow

of sacred fire from the heart of the LORD God unto the children of Israel.

Let the twelve tribes come forth. Let them establish the victory in the New Jerusalem.

### Let Your Call Go Forth

I present myself to you as your personal aide in service. I have come to ask you to call to me, beginning now and unceasingly, for the uncovering, the setting free, the reestablishment in the flame of the ascension of every son and daughter of God who is part of the light flame of the Mother Omega and each one who belongs to the heart of the Guru Mother. I ask you to call to me for files, for documents, for our research from the Keeper of the Scrolls on every lifestream on earth who is destined to serve in the forces of Victory. I ask you to call to me for all reinforcements and necessary dispensations for the release of all individuals and the necessary supply to give the Mother that manifest accord and that vote of confidence—in the physical, tangible octave, right within her very hand—that will be the signal, from earth below, from God above, to move forward in this mighty conquest of the light.

Let the souls on earth who know the meaning of the war of worlds and the victory of light in systems of worlds not delay, not tarry any longer, but hasten. For this is the hour of the hastening. And when there is that summoning and that great gathering and that mighty shout of the people of Israel, so from the west side of the continent of the City Foursquare unto the east will come a thrust, a roll and a ho! ho! ho! for the rolling back of that darkness that was prophesied from the very heart of the great Goddess.

So let the children of Israel perceive the Defender of the

Faith, Archangel Michael. Let all be in readiness. Let all be on the alert. And let the sounding be, in the temple of the heart, that this is the hour of the victory and this is the moment to champion the free!

Children of light, call to me and call to Lanello. Call to all the ascended hosts of light and victory. For we are here in your midst awaiting that command by the science of the Word. Then stand fast and behold, for the salvation of our God is nigh.

Keepers of the Flame, I have come with a greater message than you have heard spoken, which I transfer by the love of my heart to the love of your heart. It is the urgency. It is the conveyance of the need for alignment with the blueprint and the inner will. It is the conveyance of the flame of love for steadfastness hour by hour by hour.

Into your hand I give that torch. I seal it. It is the torch of brotherhood. It is the torch of our legions. It ratifies our commitment and it gives to you the electrode for the victory.

Let your call go forth. Let the LORD God answer. And see that every step and every line and every precept of your being is at the nexus of the cross, where infinity descends into the matrix of time and space and you are found in the image and likeness of the one true God.

*"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom."* This previously unpublished dictation by **K-17** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, July 24, 1977**, in Pasadena, California. (1) **God Obedience** is another name for the ascended master Godfre, who was embodied as Guy Ballard. In the 1930s Saint Germain contacted Guy and Edna Ballard (his divine complement) and trained them as his messengers. Through them, Saint Germain founded the I AM Activity and released the dispensation of the violet flame. On December 31, 1939, Guy Ballard won his ascension through his obedience to the laws of God. As an ascended master, he ensouls the consciousness of God-obedience, charted on the 4 o'clock line of the Cosmic Clock under the solar hierarchy of Taurus. He is a master of Buddhic attainment.
