The Golden Age of the Family

Hail to thee, thou holy Three-in-One. Hail to thee, thou signet of the Sun, manifest within each heart, within the love fire of his will.

I come, then, with the pink flame of love, now to instill within you the desire to be God and to free God encased in form. Have you thought, O devotees of the one true light, as you have gazed upon the earth and life in myriad forms, how God has allowed his energy to flow into matrices imperfect here below? And have you seen how God—for the love of the manifestation whom he has made, male and female, in the image of the Divine Us¹—has allowed that energy to be ensconced in chalices less than the manifest Trinity?

It has been said that God is crucified in form, and sometimes it is so. And sometimes God descends into that form to adorn the creation of the manifestation that has been brought forth, by the light of the heart, as the fulfillment of a matrix of perfection. God's flame ensconced in perfection is never crucified, but in the imperfect works wrought in ignorance, the energy of God waits the liberation that comes as you invoke the balance of the soul.

As hierarchy observes the present plight of mankind, the dilemma of personal and planetary karma, as hierarchy is concerned for mankind's transition into the golden age, hierarchy looks forth to individuals nourishing the flame, the threefold flame of life, as anchoring points for the energies and the spiral of a new age. As karma goes and as energy flows, you see, the Aquarian age is also known as the golden age of the family. For it is through the matrix of the family that hierarchy will allow sons and daughters of God to balance the energies of their karma. This matrix of the Holy Family, which was founded by Mary and Joseph and Jesus as the Trinity of Father, Mother, Son (and Holy Spirit as the flame ensconced in the three), is a matrix that does not exclude the way of the celibate, the way of priest and priestess of holy orders.

The matrix of the divine family is for the nourishment of souls waiting to be born to release the sacred fire of the golden morn into form, into the here and now for the healing of the nations and for the healing of the planes of Mater. There is, then, that energy and that reason that goes forth from the carnal mind to tear down the family, to tear down the state, to tear down all that is sacred, and to nullify, then, the actions of the sacred fire that are for the victory of the light through the mastery of the individual Christ-potential.

Antichrist Comes Forth to Destroy the Feminine and Masculine Principles

That which is called Antichrist, then, opposes not only Christ but the origin of Christ, which is the Father-Mother principle of all life. And since it is the Woman who brings forth the Manchild in this age,² it is to tear down the Divine Mother that Antichrist comes forth, ranting and raving across the world, to destroy the feminine principle before the

feminine principle can give birth to the Manchild. And then you see how Antichrist works to destroy the true concept of the masculine ray of Father, of law, of honor and principle upheld in man. To tear down man before man can transfer the light of Spirit to the Divine Woman is also an aspect of the work of Antichrist.

And therefore, whether you ensoul the masculine ray or the feminine ray, take heed that you realize that through you the Christ must one day come forth. Whether the Christ comes forth as the manifest perfection of your own Christ Self within the heart or as offspring, it matters not. For within you, in order to arrive at that conclusion of the age, the fulfillment of the Christ—Christ mind, Christ heart, Christ soul—there must be the balance of Alpha and Omega to make you whole.

Therefore, as I am sponsoring, as a member of the Karmic Board as well as the chohan of the sixth ray, souls waiting to be born, I come forth, then, with a proclamation and the initiation of the spiral of this golden-age family to fulfill the fiat of Saint Germain, to fulfill the initiation of light from the heart of Alpha and Omega, and to nourish love and wisdom and power in hearth and in home.

Individualization versus the Animal Creation

Will you understand that when mankind destroy the family, they destroy the nucleus for the individualization of the God flame. When individualization is lost, identity is lost; ultimately souls are lost. And in its place you have the animal creation, the herding of the animal consciousness, as mankind move in packs, male and female, without the honor and the code of the Christ.

And somehow Antichrist has infiltrated also the psychology and the philosophy of the world and has reduced that potential whereby man and woman become gods in

fulfillment of the fiat of the Lord, “Behold, I have said, Ye are gods.”³ And that philosophy and that psychology that has been intruded is to reduce all mankind to that common denominator of the animal, of a kind of species. Failing to acknowledge the spark of life, the spark of divinity, children then begin to mimic the animals that are paraded before them. And so you see, if the little ones are fed matrices of monkeys, they will behave like monkeys. And if they are fed the matrices of the Christ, then they will behave like Christs.

I Release the Key to the Unfoldment of Your Divine Plan

I come in the flaming presence of the Maha Chohan, the sacred fire of the Holy Spirit that is for the infilling of your temples with the light of the Spirit of the Almighty One. I come to consecrate you, as this class commences, to the voyage into the white-fire core whereby the self is realized as the Divine Self and the discovery of Reality is made. I come to impress upon that fire the image of your own Christ Self and the inner blueprint of the soul.

As more and more among mankind identify with that inner blueprint, that identification forms a magnet, a Central Sun Magnet that will magnetize in the hearts of all humanity that inner potential. And the bursting forth of that potential in children, in these little ones, will be the transformation of a planet into the kingdom of God.

I am Nada, chohan of the sixth ray. The flame of the Prince of Peace is my flame. “I AM my brother’s keeper”⁴ is the vow of those who serve on that ray. To have that concern about the well-being of others is to include all mankind in the divine family, is to take the energy of the heart—the love fire, the wisdom and the power shared by Father and Mother—

and to take that ring of mutual awareness and expand it to include the whole world.

Therefore, let the divine family appear! Let mankind come into the rejoicing of the sharing of the Christ. Let the defense of that light be the defense of every man, every woman, every child. And let ascended master students understand that in this great land of America, in this wilderness that has become a mighty civilization, there is that Place Prepared for the Divine Woman, realizing the fulfillment of the Divine Father, to bring forth the Manchild, who personifies the Christ and the Holy Spirit.

Hear, then, the Word of light. Hear, then, the Word of God. Here, then, is the manifestation of his rod.

I release now, through your Christ Self, the key to the unfoldment of your divine plan. It is a golden key whereby the cycles of your self-realization in the Holy Spirit will be fulfilled if you pursue the will of God and surrender all plans and preferences, prides and prejudices for the fullness of Christed being. By this key there is unlocked a golden spiral within your heart, and that spiral is for the cycling of the blueprint, the concepts, the feelings and the concrete manifestation of that destiny which is yours to fulfill through the balance of the threefold flame.

I release the light of the Elohim Peace and Aloha, and I anchor that light, by the arc of the ascended master consciousness, into the light within your own heart, that you might walk this earth and be distributors for the flame of peace, that by your devotion, heart, head and hand, you can make this land the Promised Land for the Divine Mother and the Divine Manchild, for the fulfillment of the masculine ray and the feminine ray.

The Increase of Light and the Turmoil of Darkness

Precious ones, the turmoil in the Middle East is of concern to the Lords of Karma, as the relentless rebellion, as the relentless determination to fight to the finish is harbored in hearts. As the question of displaced persons and Palestinians and guerrilla bands and extremists in right and left compartments expresses, then, the turmoil, the utter chaos of the fallen ones, we come before you to implore your assistance, that you realize you have the potential to magnetize enough light to offset the darkness that could become yet an involvement of world powers. And then, of course, there is the problem of the international economy and of the economies of the nations.

You will find, as the light of the Holy Spirit increases upon the planet, that turmoil will ensue because mankind have not the chalice of consciousness to hold that light in balance, and when they receive that light they become highly volatile and emotional. And you have seen how the reactions to the Mother flame in South America have produced kidnappings and murders and frustrations between right- and left-wing factions. And in the very base of the continent, you have seen how in Argentina these forces have become totally out of control.⁵ And then, in the revolutions and the overthrow of the Communist dictator in Chile, you have seen that this has left in its wake turmoil and turbulence.⁶

I would point out to you that these upheavals and the movements that are being made toward the establishment of Communism in Italy, in Greece, in Portugal and ultimately in Spain are entirely the manifestation of resistance to the Mother flame. As that flame is activated in you and as the fire of the base chakra of the Mother of the Flame expands,

as the fire of her heart expands, and as the fire in the heart of the earth correspondingly expands because sons and daughters of God on earth are expanding the fire, so then, all that is darkness, all that resists that light, is in turmoil and chaos and confusion. For those who are of the dark or those who know not the Law, those who know not the understanding of the surrender of the human consciousness, do not understand how to take command in the hours of strife, of war.

Understand, then, that for greater light to descend into the earth, which is our plan, more and more among mankind must come forward to take a stand with the light and to be the harmony of that light, no matter what the circumstance, no matter what the condition, no matter what the temptation and all of the torment of the fallen ones and the demons of the night. If we, then, find that among those who have accepted the teachings of the Law there are those who will go further and sacrifice that will, that rebellion—in order to be still and know that “I AM God,”⁷ in order to be still and to hold the flame of life—then we can increase the release of fire and know that you will not misqualify it, that you will not spill it upon the ground in moments of anger and irritation and quarreling among yourselves over trivia. “What is that to thee? Follow thou me”⁸—the words of the Christ to the disciples vying for the ultimate place in heaven.

Keep the Flame and Hold the Balance

Precious hearts, I AM the leaven of righteousness and truth. I AM the Word of the Law.

In this class, great light will be released into your midst, into your hearts. And as an experiment, the hierarchy is willing to pledge an enormous quantity of light to invest that

light in the hearts of the devotees who answer now in silence within, “I will keep the flame. I will keep the harmony of the Law.”

And therefore, to make you electrodes, spheres of white fire and the habitation of the Most High God, presence of the Holy Spirit, this is our desire. For if there are not more among mankind to keep this flame, the balance will not be held during the period of transition. And you will find that governments and economies and nations will topple as the hordes of darkness come forth and make their demands for the leveling off of society into a totalitarian state.

Whether right or left wing it matters not, for either extreme denies the individual the potential of the realization of the Christ. And therefore, the ascended masters do not take political sides, nor do they have favorite religions. The ascended masters focus the flame of living truth *everywhere*, and they attempt to woo mankind, by whatever love or honor remains within the heart, into the center of awareness that God is the All-in-all.

Practice the principle of purity. Invoke the cult, the culture, of the Divine Mother.⁹ And be prepared for the rocking of the continents by minor and even major cataclysm as the earth throws off the energies of impurity and misqualification and prepares to enter the golden age of the family.

I draw you into my heart that you might become a part of the family of the ascended masters and their chelas. I draw you into the one flame where you will find the strength and the courage to hold the balance and therefore and thereby to win your ascension in the light.

Be ye overcomers, my children. Overcome the least flaw and the greatest. And watch how God will propel you into that place where you can reach more and more among mankind and impart the true teachings of the Real Self.

**Pray for the LORD God to Reveal
How You Can Better Serve Humanity**

I AM a mother of flaming purity. I AM a mother of blazing love. I espouse the flame of ministration and service. I AM the servant of every man and every child. I AM the Mother, and I AM in the heart of the lily and the heart of the rose. I AM the presence of the eternal One, of the all-knowing, all-seeing, all-being peace-commanding presence of life.

Lo, I AM the Divine Woman! *Lo*, I AM the Divine Man, now manifest for the balance of the light of the nations.

I seal you in the flame of responsibility—responsibility to the Christ Self and the I AM Presence, responsibility to your family, to your nation and to your planet. Once you have the knowledge of the Law, you dare not, you cannot, turn your back on the crisis of mankind no matter where that crisis might be. For the flame within your heart, projected to that point in time and space, can be the energy that turns the tide of crisis, of war, of death, of famine, of starvation into the victorious fulfillment of the God flame.

I leave you, then, in contemplation of your service to life. And I pray that you will pray that the LORD God will reveal to you this day how you can better serve humanity and a world in need.

“The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom.” This previously unpublished dictation by **Nada** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Friday, October 11, 1974**, during the Harvest Class, *Voyages of Discovery*, held in Los Angeles, California. (1) The **Divine Us** refers to the Elohim, a Hebrew word meaning God. *Elohim* is a uni-plural noun that signifies the twin flames of the Godhead, who created male and female in their image and likeness (Gen. 1:26, 27; 5:1, 2). (2) Rev. 12:1–5. (3) **Ye are gods.** Ps. 82:6; John 10:34. (4) Gen. 4:9. (5) **In Argentina these forces have become totally out of control.** When Juan Perón, president of Argentina, died on July 1, 1974, Isabel Perón, his third wife and current vice president, took office. She inherited significant economic and political problems from her husband's regime, including a fractured Peronist movement, increasing terrorist activity and an economy that was quickly deteriorating. After she became president, situations worsened to the point where she declared a state of siege in November 1974 because the country was on the threshold of anarchy. Conditions continued to decline and on March 24, 1976, she was deposed and put under house arrest, where she remained for five years. In 2007 Isabel Perón was arrested for enabling Argentina's armed forces to commit human rights violations during her presidency. (6) **Revolutions and the overthrow of the Communist dictator in Chile.** In 1970 Salvador Allende Gossens was elected president of Chile, becoming the first socialist chief of state in Latin America. By 1973, his socialist programs had created serious economic problems and food shortages, resulting in frequent strikes and violent demonstrations. On September 11, 1973, a military coup, led by General Augusto Pinochet, overthrew the government and assaulted the presidential palace. Allende died in the takeover. Pinochet then established a military junta and eventually became president of Chile. During the first years of Pinochet's rule, opposition was severely repressed, Allende supporters were imprisoned or exiled, and thousands of people were tortured or murdered. In 1998 Pinochet was arrested for human rights crimes committed during his rule, but he never stood trial. (7) Ps. 46:10. (8) John 21:22. (9) **The cult, the culture, of the Divine Mother.** “Cult, or cultivation, of light” is the inner meaning of the word *culture*. *Cult* derives from the Latin *cultus*, meaning care, cultivation, culture, adoration. *Ur* (Hebrew ‘flame’) refers to the center of light or sacred fire. Ur of the Chaldees (Gen. 11:28, 31; 15:7) was an ancient city of light out of which God called Abraham to be the instrument of the incarnation of the seed of Sanat Kumara.
