

Beloved Mother Mary

**A Journey around the Earth
with the Angelic Hosts of Light**

Pray for Mankind Each Day

Come with me this night, my children, upon a journey into the octaves of light. Arise in consciousness now. Arise with the angelic hosts. Feel yourselves lifted, floating gently above this room.

Come with me now across this nation, across the Atlantic Ocean to a cathedral in France, the cathedral at Reims. Come with me and watch there the adorations of the people, of the hearts of the priests, priests of the sacred fire within their hearts, and those devoted to the Blessed Virgin. Feel yourself now in that magnificent cathedral.

You can see the candle flames quivering in the softly moving currents of the air. You can smell the incense...

A Journey around the Earth with the Angelic Hosts of Light

Pray for Mankind Each Day

Come with me this night, my children, upon a journey into the octaves of light. Arise in consciousness now. Arise with the angelic hosts. Feel yourselves lifted, floating gently above this room.

Come with me now across this nation, across the Atlantic Ocean to a cathedral in France, the cathedral at Reims. Come with me and watch there the adorations of the people, of the hearts of the priests, priests of the sacred fire within their hearts, and those devoted to the Blessed Virgin. Feel yourself now in that magnificent cathedral.

You can see the candle flames quivering in the softly moving currents of the air. You can smell the incense rising. You can see the magnificent colors of the windows, the light streaming through them.

You are with the angelic hosts, hovering there with me, and you feel the pulsations of the hearts of the people as they kneel in prayer, as they pray for one another, for their loved ones, for those who have passed from the screen of life, whom they no longer behold with them.

A Journey around the Earth with the Angelic Hosts of Light 208

You feel the love of the angelic hosts as it descends to answer their calls. And you feel the focus of light, which has been held there in holy adoration for these hundreds of years. You gain some meaning of the worship of a people, of a nation, a specific feeling of one of the many religions of this earth. And you feel one with these souls, for their hearts are as your hearts. They reach out to the Father in the way they have been taught. They reach out to me and their calls are answered.

For the Law is acting there, even as it acts in the wooded lands, in the depths of the sea, in the heights of the stars. The same law is acting. And these blessed ones, though they have not the comprehension which you have been so blessed to receive in this day and age through your beloved Saint Germain, even though they have not this understanding, yet the Law is acting within them. And their calls also compel an answer according to their individual needs, according to their sincerity.

And so in many cases, where there is lacking illumination, where there is perhaps ignorance, the mighty devotion of the heart overcomes that vacuum. And the devotion itself is able to invoke from the Godhead transcendent blessings, which reach out to all the earth, to all mankind.

And so I will remind you, as we take leave of that mighty cathedral, that these are your brothers because they are my children, even as you are my children. Though God is no respecter of persons, no respecter of creeds or dogma, yet he respects the God flame within each one, in each place, wherever he may be in prayer attaining that divine attunement which each lifestream needs so much and yearns to have.

As we circle the earth, then, we pass over the Middle East. We see the devotion of a people in Russia, in the Communist lands also. That devotion is, too, a manifestation of the God

flame, but it is without direction, without purpose, the devotion placed to a lesser concept, a concept that is indeed without vision and has only the sight of the physical senses to devote itself to the state, to Communism, to man as a mortal, limited form. Alas, these need our prayers, for these, too, are God's children.

We behold the temple of Kuan Yin above Peking.¹ We see the ministrations of the angels of the Temple of Mercy reaching out to the people of China who also know not the direction in which their devotion is intended to be manifest, and we pray for these also. We pray for the little children taken from their mothers so early. And we gain a cosmic sense of the world need, of the hearts of the world which are indeed one through the sacred fire manifesting there, and then of the human needs, the needs of the people.

And I say to you, precious ones, I have taken you upon this journey that you might feel renewed in your dedication to pray for mankind, that they find their eternal Source, that they find within them the Godhead, to whom they owe complete allegiance.

And as we return to this blessed city now in consciousness, we have circled the earth with the angelic hosts of light who minister unto the masses, to those in the services in the churches and to the masses of mankind. And we realize that these angels circle the earth continually, ministering unto their needs. And in a great cloud of glory, you behold them in the sky as they proceed upon their appointed tasks in ministering unto the mankind of earth.

I have embedded this impression upon your consciousness this night, and it will be there. It will rest with you. And continually it will be the impetus which causes you to reach forth and make prayers unto God each day, to feel yourselves in the role of a Cosmic Mother, a Cosmic Father, to realize that

you stand in my place upon earth, that you have the authority for this earth, for these lifestreams. You have the authority over all human creation, wherever it is manifesting upon earth. Human consciousness is one, and you are responsible unto the Deity for the victory of this entire planet.

Gain this cosmic consciousness, then. Awaken and arise to your destiny. For in the winning of your ascension in the light, you must carry your brother. You must carry him with you. You must minister unto his needs. Beloved ones, you cannot rise alone. Although no man can rise for you and the gate admits one at a time, so your brethren are attached to the hem of your Christ garment and are healed by your devotion.

I say unto you, you are charged with a holy mission, so holy, beloved ones. Lose not that contact with your God Presence. And never for a moment accept my absence, for I am always with you as your Cosmic Mother and your calls are answered. They are multiplied ten million times ten million. And the radiation descending from my heart touches the heart of everyone upon this earth because they are indeed my children, and the white-fire essence within my heart is the white-fire essence within their hearts. It is the same substance, the same essence, for we were created out of the one flame from the heart of God.

And so, take the children of the world in your arms. Beloved ones, feel that your love reaches them, reaches out to them each night and each morning. As you behold Helios and Vesta in the Sun, those magnificent rays, know that those rays are flooding forth in turn from your hearts, reaching all of mankind and raising this planet into her eternal victory in the light.

O beloved ones, forget not this moment. Forget not the presence of the angelic hosts. As you are exalted now in consciousness, in the realization of your oneness with God,

and as you go forth out into the world as disciples of the Christ, see that nothing takes from you this holy communion which you have shared this night with the hearts of the angels and the heart of your own beloved Mother.

I AM with you alway. Pray unto me and I will answer you.

I take my leave of you, but I AM with you even unto the end of your own individualization in the world of form. Your victory is written in the scrolls and annals of heaven. Let it be swift. Let it be mighty. And let it be to the glory of the Father, the Father Supreme, the mighty I AM Presence in the Sun of all suns. Know this, O my children.

I thank you.

I AM My Brother's Keeper

In the name of the beloved mighty victorious Presence of God, I AM in me, my very own beloved Holy Christ Self, Holy Christ Selves of all mankind, beloved Great Divine Director, beloved Goddess of Liberty, beloved Ascended Lady Master Nada, beloved Pallas Athena, beloved Mighty Cyclopea, beloved Kuan Yin, beloved Mighty Portia, beloved Lord the Maha Chohan, beloved Jesus the Christ, beloved Mother Mary, beloved Guru Ma and Lanello, the entire Spirit of the Great White Brotherhood and the World Mother, elemental life—fire, air, water, and earth! I decree:

I AM my brother's keeper.
O God, help me to be
All service and assistance,
Compassion just like Thee!

I AM my brother's keeper.

Of Resurrection's blessing
Give Comfort in thy name!

I AM my brother's keeper,
O Presence of God so near,
The fullness of thy blessing,
Pure Divinity appears!

I AM my brother's keeper,
The guardian of his Flame;
In quiet power and knowing,
I love him in thy name!

And in full Faith I consciously accept this manifest, manifest, manifest! (3x) right here and now with full Power, eternally sustained, all-powerfully active, ever expanding, and world enfolding until all are wholly ascended in the Light and free!

Beloved I AM! Beloved I AM! Beloved I AM!*
