

Beloved Saint Germain

The Miracle Pouch of Violet Flame

*Set the World Afire
with the Rolling Joy of the Violet Flame!*

Part 1

In this past year of preparation now for an acceleration of light, we together have walked through many, many a situation and circumstance. I come to hold you in my arms of love. I come that you might know that I AM real, that I AM here, and that I kneel before Alpha and Omega with the joy of freedom's flame, with the joy of the dispensations of miracles of light, miracles of the Holy Spirit, miracles descending for the explosion of freedom's flame.

And so I give to you a pouch, a purse of miracle joy. It is yours to take. It is yours to enjoy. This great miracle sense, this sphere of love that I hurl, is for you to carry and to take out of your briefcase or whatever it is that you carry for the most precious of your treasures from day to day.

The Miracle Pouch of Violet Flame

*Set the World Afire
with the Rolling Joy of the Violet Flame!*

Part 1

Hail, O friends of freedom! Joy of the light! I come to greet you in the new year and to celebrate freedom without fear. I come in the light of Shamballa. I come in the light of the Royal Teton. And I AM, in name and in fame, your Saint Germain.

I AM here in the fullness of that flame of freedom to release to you the light and the banner of the hope of my beloved Portia, the Lords of Karma and my own heart. I stand in your midst and I come to the day, the day for which we have waited.

As the Lord Jesus Christ, beloved Magda and all of the hosts of the LORD send you forth two by two, I must be with you. I must be with you in the flame of earnest love. I must be with you, then, in a transfer of light unto the victory.

In this past year of preparation now for an acceleration of light, we together have walked through many, many a situation and circumstance. I come to hold you in my arms of love. I come that you might know that I AM real, that I AM here,

The Miracle Pouch of Violet Flame

and that I kneel before Alpha and Omega with the joy of freedom's flame, with the joy of the dispensations of miracles of light, miracles of the Holy Spirit, miracles descending for the explosion of freedom's flame.

And so I give to you a pouch, a purse of miracle joy. It is yours to take. It is yours to enjoy. This great miracle sense, this sphere of love that I hurl, is for you to carry and to take out of your briefcase or whatever it is that you carry for the most precious of your treasures from day to day.

For here and there, when you come upon those situations that only the miracle alchemy of Saint Germain will dissolve, then you can take out this precious miracle light. It is an energy from my heart. It is a dispensation from the Lords of Karma, given to me because of my chelas in the earth, chelas of great worth, whom I hold dear, who have made Camelot a reality. And fear not, then, to tarry here, even in the coldness of winter, even in inconveniences, even knowing the certain threatenings from other spheres of influence.

O my beloved, we stand. And it is a great celebration, even of the two hundred years after Valley Forge and the mighty victory.¹ It is a new anointing, on the west side, of patriots of light, of those of Sanat Kumara whom he has called, who are the firstfruits, the ordained, the chosen knights and ladies of the flame.

You are, then, our most beloved, our most cherished. And therefore the treasure of the miracle dispensation is this: You will meet problems, temptations, testings and the Gordian knot of all of the complications in the labyrinth of human consciousness. And into those conditions that would stand in your way, I say, you can fling the great miracle light and love that I hurl to you now as your very own pouch and purse of energy for you to care for as a gift of my heart.

Truly it is the age of Aquarius. Truly it is the age of miracles. And as you have said that it will take the miracles of Merlin, so our Father Alpha has said to me, “Saint Germain, it is time for you to be on the stage of life in the person of your chelas to manifest those miracles, for only a miracle of the purple fiery heart will save the earth in time to start a golden age.”

And so I come with the joy of a little child from the courts of Alpha and Omega, from the Lords of Karma, who, yes, have their report that is most serious, and their concern. But all of this, all of this, *all of this* will respond to the miracles of my causal body, which shall multiply the miracles of your own causal body. There is not one of you that does not carry the bright band of the violet flame, containing the precious amethyst jewels of miracles—miracles of your dynamic decrees to the violet flame and your service to the seventh ray in all previous incarnations.

Now see how I may stand within your own Electronic Presence and multiply the great light of your causal body descending through the shaft of the crystal cord, through your own Christ Self to your purple fiery heart. Well, you did not know that you had a purple fiery heart. I AM that purple fiery heart within you, for the Guru and the chela are one. I and my Father are one. The Guru and the chela are one. All this oneness is the incomprehensible circle—circles not comprehended by those who are not a part of them, circles understood by the few.

Now, all of the violet flame which you have invoked, accelerating in this miracle *Feast of Saint Stephen*, accrues to your causal body of light, even as it expands freedom’s flame in the heart of the earth. And so, as I come with a miracle gift of the Holy Spirit, it is only as good as your own causal body of light,

the band of the seventh ray. But inasmuch as I have told you that you all have that momentum of light, it remains for you, then, to have, with a deep desiring in your heart, the desire to increase and multiply that sphere of light. For the greater the sphere, the greater the product of our experiment in the multiplication of the Christ consciousness.

You have sought the gifts of the Holy Spirit and the gift of miracles is one of those nine gifts. I come to you, then, for I have won that great gift. I lay it upon the altar of your heart that you might earn your own momentum and thereby increase my own. And then you will see, it will not be my causal body which will multiply yours but yours which will multiply my own. For when you have the gift, yours is the key to unlock every causal body in the Great White Brotherhood. And this is the meaning of the gift of miracles and of all of the nine gifts. When you possess those gifts as your very own attainment, then you in Christ may multiply that which is the attainment of every other ascended master and chela, worlds without end.

The Beauty of Your Soul—A Reflection of Your Real Self

Is not, then, this precious purse of light worth striving for? Now to have my own, yours with which to atone for every sin in the human race, and then to come face to face with your own Christ Presence, I desire that each and every one of you should look into the great mirror of the Royal Teton Retreat² to behold your Real Self face to face. What greater gift, what greater miracle than to retain the joy of the Person of God, in whose image your soul is fashioned. And your soul, the reflecting pool of the Real Person, by being that reflecting pool, then becomes assimilated and one. And lo, behold, you are that Son.

Many of you carry the burden of belittlement from childhood, of self-condemnation, of seeing yourself in limitation or with an absence of beauty or light. O my beloved, let not the fallen ones intrude their own ugliness upon the great mirror of your life. As for me, I see the soul, and the soul's great beauty and transcendent light transcends the form but also transforms the form.

Beauty of the soul is beauty's delight within the temple. And this is a beauty that does not pass with age or the ripening of years but becomes a greater and greater glory, a halo of light, a joy unto all who, through your transparency, behold the Christ face to face. And in seeing that Christ in you, they can once again see it in Christ Jesus and then within themselves. Likewise, the person of the Christ does then expose the person of the Antichrist in the fallen ones who move among the people.

And therefore once you set the standard of beauty and place it in the eye of the beholder of your Presence, then they will have the standard of the Word and they will know when there is a vacuum and an absence of that Word. So, the lightbearers are standard-bearers and they come bearing the true image. By your light, by your virtue, by your joy in freedom, you set the world afire with the rolling joy of the violet flame!

Nature's Adjustments

Certain adjustments within the earth body have resulted in the trembling felt in Camelot today.³ These adjustments always have to do with the juxtaposition of light and darkness. With winter solstice, great light descends. And with the initiation of certain sons and daughters of God, the earthquake is present.

You were, then, the witness to the ascension in the Temple of Luxor of one—one Son of God.⁴ And therefore, always accompanying the ascension in the heart of the earth is that adjustment to a new light and to a new presence.

Behold that presence in your midst! Behold the mist, the white light, the cloud of glory! And see and remember the earthquake that was present in the crucifixion of Jesus Christ,⁵ and remember the great earthquake that preceded the ascension even of your own beloved Lanello.⁶ Understand, then, that adjustments in nature and certain cataclysms as well as the cyclic fires are all for the balancing of fire, air, water and earth and the preparing of the earth body for the incoming light of Aquarius.

And so the Dark Cycle⁷ now increases in the turning of the year, moving in the last stretch toward that date April 23. Now is the hour for the release of the violet flame to consume the cause and core of that deception which challenges the light of the Holy Ghost. This has been a line well held—the line of Libra, the line of the balance of my own beloved Portia, who holds in balance even now the scales of justice.⁸

The Priority Is Always Holding the Balance of Light

The Law requires that the bearers of light place their momentum of light on one side of the scales, and on the other, the momentum of planetary karma and that released in the Dark Cycle. All is held in balance so long as the initiates of the sacred fire hold enough light against the darkness in the earth. So long as that takes place, the earth continues and the seasons move on and the order of life is held.

Some have been astounded that there has not been physical cataclysm or the sinking of continents or earthquakes in California and elsewhere. Others are in wonder that the economy continues or that the balance is held, even within

this nation. With all of the solutions and all of the manipulations of those solutions by the men of earth, when all comes to the point of action, it is a question of the holding of the balance of light.

Sometimes there are days when Keepers of the Flame, it seems, across the earth become all at once preoccupied with other energies of life, and somehow at similar hours there is a dearth of dynamic decrees or of invocation of the great flame of freedom. Always in those hours, then, it remains upon the embodied messenger to bear the full weight of the balance which the chelas do not momentarily keep. And so in those moments, other activities, productivity or creativity, must suddenly cease. And then the messenger gives all of the momentum of light within the causal body, holding in the chakras that balance until there be some that renew the vow and the giving of that service. This is as it was ordained, for the embodied messenger is sent to hold that office.

You, beloved ones, have enabled the messenger to do many other services for me, in stumping, in writing books, in directing this organization. And if there be assignments not fulfilled, it is because the priority of the Great White Brotherhood is always that the balance of light be held. And therefore we come in gratitude, for many of our servants who have held this office in the past have not had a support so vast as to be able to also write the books and deliver to a world the direct message and confrontation, now by the media and now by the guru-chela relationship.

And so, we of the ascended masters count our blessings in every embodied chela, in every little child. Even the children of two and three, as they give their rosaries, as they recite their prayers, they are carrying a candle flame and a star of light. And some hold a great magnitude of light. And when these precious souls are born in your community or to you

who are serving in the fields whitened to the harvest,⁹ these souls of light bring with them their causal bodies and they, too, in their precious little murmurings, hold a balance of the inner Word.

Thus, hand in hand we go. And chelas striving here below bring their violets to the Lords of Karma and earn a dispensation for Saint Germain. Miracles of violet flame, miracles I toss to you, bouquets of violets from my heart (which you invoke hour by hour in the violet flame, the tube of light), that precious fragrance that I bear in the name of one so dear to my heart—the Goddess of Freedom, the God of Freedom, the God beyond the God of all universes, the Almighty One, out of whose fiery core I AM come.

“The Summit Lighthouse Sheds Its Radiance o’er All the World to Manifest as Pearls of Wisdom.” This previously unpublished dictation by **Saint Germain** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Monday, January 1, 1979**, at the New Year’s Class, *The Feast of Saint Stephen*, held at Camelot, Los Angeles County, California. Part 2 is published in *Pearls of Wisdom* vol. 59, no. 2. (1) **Valley Forge and the mighty victory.** In 1777–1778, during the American Revolution, the Continental Army, fighting for independence from the British, was encamped at Valley Forge, Pennsylvania, enduring a harsh winter with a shortage of supplies. Weakened by sickness and hunger, some of the army still stayed together because of loyalty to their cause and to their commanding general, George Washington. Two foreign aristocrats, Marquis de Lafayette and Baron von Steuben, provided training and organization for the troops and this was the turning point that led to the victory of independence. (2) **The great mirror of the Royal Teton Retreat.** Mark and Elizabeth Prophet have taught: “When you have sufficiently prepared yourself for a psychological probe of past circumstances affecting current events in your life, the master will lead you before the Cosmic Mirror in the Royal Teton Retreat. At first glance it looks like an ordinary motion picture screen. The master selects certain records taken from akasha, which are also contained in

the memory of the soul, and upon the Cosmic Mirror they come alive. This is beyond 3-D—you are there! A portion of a past life, or more than one, passes before you, but you are a living part of this nonfiction play of light and darkness with shades of gray. It is almost too much to handle. Instantly you are aware, as in an orb of all-knowingness, of the ramifications of your karma even as you relive the emotions, the premeditated thoughts and the acts themselves. This could be a most painful experience, you tell yourself, all the while sensing your higher consciousness standing guard and telling you gently but firmly not to give way to extremes of despondency or ecstasy, but to face the future with a hope based on the scientific knowledge that in your hands lies the power to change. . . . [And] you look forward to establishing a new equilibrium by mastering the very circumstances you've just relived." (3) **Trembling felt in Camelot today.** On the day of this dictation, January 1, 1979, at 3:15 p.m., there was an earthquake eight miles south of Malibu measuring 5.2 on the Richter scale. Although it caused only minor damage near the epicenter, it could be felt well over a hundred miles away. (4) In his dictation given on December 29, 1978, Serapis Bey described an ascension from the Temple of Luxor and allowed those present to witness this ceremony at inner levels. See *Pearls of Wisdom*, vol. 49, no. 13. (5) Matt. 27:51–54. (6) **The great earthquake that preceded the ascension of beloved Lanello.** Mark L. Prophet, now the ascended master Lanello, made his ascension on February 26, 1973. About two months earlier, on December 23, 1972, at 12:29 a.m. local time, there was an earthquake near Managua, the capital of Nicaragua. With a magnitude of 6.2 as well as strong aftershocks, it left at least 5,000 people dead, 20,000 injured, 250,000 homeless and resulted in extensive damage throughout the area. (7) **The Dark Cycle** began on April 23, 1969, and marked the beginning of the cycle of the intensification of the return of mankind's individual and collective karma. In this period of transition from the Piscean to the Aquarian age, the Great Law required that the evolutions of earth deal directly with the momentums of personal and planetary karma set aside for centuries by the grace of God through his Sons incarnate (i.e., Jesus Christ and other avatars). In the face of the same propensity for darkness prevalent before the Flood, when "the wickedness of man was great in the earth" and "every imagination of the thoughts of his heart was only evil continually" (Gen. 6:5), the Lords of Karma implemented this action in order to deter an even greater abuse of life's opportunity and to forestall that cataclysm which might be the ultimate consequence of the rising tide of world sin. On August 20, 1969, the messengers explained that "the coming of the Dark Cycle simply means that the hand of mercy that for centuries has stood between mankind and their own dark deeds has been withdrawn. The law of God will bring swift and compelling judgment to those who have thought they could flaunt the law." (8) Saint Germain's twin flame, **Portia**, is known as the Goddess of Justice. She is often depicted holding the scales of justice in her upraised arm. (9) John 4:35.

O Violet Flame, Come, Violet Flame!

O Violet Flame, come, Violet Flame,
Now blaze and blaze and blaze!
O Violet Flame, come, Violet Flame,
To raise and raise and raise!
