

*Beloved Saint Germain*

### **Pledge Your Light to Your Great God Flame!**

You shall be able, then, to resist [these perplexities] and to stand in high resolve before the heart of your Presence and the presence of freedom. And you shall recognize the power of freedom's flame and the liberty flame as mighty pillars of light. You shall recognize that freedom is within you and that that freedom which is within you is inherent within the planet itself.

And, therefore, in magnifying the Lord, as days pass by, you will bring to all life upon earth a greater measure of consecration. And this place, which is dedicated as a home of light, shall become more consecrated, day by day, to that sacred purpose.

May I express to you the blessings of the Great White Brotherhood on behalf of all the ascended and angelic host. Will you say to me now: "Saint Germain, I pledge my life to my great God flame!"

## Pledge Your Light to Your Great God Flame!

Editor's note:

In the events prior to this dictation by Saint Germain, a disruption took place while the Goddess of Liberty was delivering her dictation. This disruption occurred when someone new to the teachings got up and crossed the room to leave while the dictation was being given.

Following the disrupted dictation, the messenger Mark Prophet gave a teaching on the need for the protection of the forcefield of energy that is built by decrees in preparation for the master's release. Mark's teaching is included in this *Pearl* following Saint Germain's dictation.

In preparation for Saint Germain, the messenger led the congregation in welcoming and giving gratitude to the master:

*Beloved Saint Germain, we thank you, we thank you,  
we thank you!*

*We love you, we love you, we love you!*

*We bless you, we bless you, we bless you!*

*We thank you, we thank you, we thank you, forever and  
forever and forever!*

*Pledge Your Light to Your Great God Flame!*

Beloved Saint Germain:

Most gracious ladies and gentlemen, may I also extend to you my gratitude in return. And, on behalf of the Mother Liberty, may I express to you her regrets for the loss of the transmission.

But as this messenger has told you, this [dictation] is not lost, indeed. But it is released unto your own precious Holy Christ Self so that you might receive therefrom the momentum of the great light which the Goddess of Liberty bore to you in her flaming torch. [This momentum of light is given to you so] that you might have the regenerative powers of the spiritual light from on high set forth within your own spinal column, as it is within the torch. This is so that the flames of freedom and illumination may illumine your minds and set them free to know how to walk in the days ahead, when perplexities may come before you like snow driven by a biting wind.

You shall be able, then, to resist [these perplexities] and to stand in high resolve before the heart of your Presence and the presence of freedom. And you shall recognize the power of freedom's flame and the liberty flame as mighty pillars of light. You shall recognize that freedom is within *you* and that that freedom which is within you is inherent within the planet itself.

And, therefore, in magnifying the Lord, as days pass by, you will bring to all life upon earth a greater measure of consecration. And this place, which is dedicated as a home of light, shall become more consecrated, day by day, to that sacred purpose.

May I express to you the blessings of the Great White Brotherhood on behalf of all the ascended and angelic host. Will you say to me now:

“Saint Germain, I pledge my life to my great God flame!”

[Congregation gives the fiat three times:]

*Saint Germain, I pledge my life to my great God flame!*

*Saint Germain, I pledge my life to my great God flame!*

*Saint Germain, I pledge my life to my great God flame!*

Thank you, ladies and gentlemen, on behalf of the great Karmic Board and beloved Mother Mary and the lady masters of heaven. We accept the paternal felicity of your hearts and the maternal consecration of your total identity in the chalice of your being.

Good afternoon.

Following the disruption of the Goddess of Liberty's dictation, the messenger Mark L. Prophet gave the following teaching:

I am sorry. The thread is broken. In preparation for a dictation, a room is filled with an etheric structure that we build with our decrees. It is a white, lace-like, filigree substance, like soapsuds, in a way. But it is light and it is jeweled. At the inner levels it looks like the sun shining on snow. It hurts your eyes. But it's lacy, and it's all across the room. The masters come through that, and it becomes translucent like a white coal, and then it glows. It comes into my emotional body, and then the master comes down into my whole body and brings forth the dictation.

But if during the dictation someone crosses the entire room, the etheric structure falls down and collapses. When one part collapses, then there's nothing to hold up the rest. And it's just like fine powdered snow or powdered sugar. It all falls to the floor. And when it collapses, it breaks the entire contact with the master who is dictating. I think we have to recognize that when we have these dictations, we probably have to do a little more protective work.

We have a great deal of the dictation here. But there was more coming, about five or ten minutes more. I could sense it. I could feel the actual duration of it. The Goddess of Liberty kept right on talking. She wanted to convey a certain concept of motherhood. It was a very important concept, and she has already given this now [at inner levels]. She finished her dictation. And whatever the finale of it, I see the action now of some great release of light, something very wonderful for the planet.

But I cannot pick it up at this time. It's in the ethers. And you may make a call to your Holy Christ Self tonight to be taken into your Higher Mental Body\* and to be brought to this place here, so that you may go back in time to hear the Goddess give the rest of her dictation. It's possible to recover it. You may not get it all in your outer awareness, but you can get the benefit of the radiation by making this call.

It's not lost. No radiation from the master is lost. It's just that you didn't get the benefit of the transmission of the final ending of it through the words along with the radiation.

So the masters will speak. But when I'm not here, if they were to speak, very few would hear it. They'd feel the radiation a little bit. But when I deliver a dictation, then the radiation comes out with the words and it intensifies them. This is very valuable.

Let us express our gratitude to the great ones and to the great Goddess of Liberty by standing up and honoring her.
