## The Consecration of the Flame of Purity

*Let a Continent and a People Be Free!*

Accra, Ghana

I will not leave you comfortless. I AM come with the comfort of cosmic purity—purity as the fire that frees the creative potential of every Ghanaian who descends from the ancient golden ages, whence the people of Afra came forth out of the light of the Great Causal Body of the Great Divine Director.

I come to consecrate the flame of purity in hearts who are pure, without guile, without ulterior motive—hearts and souls who come to the flaming fountain of purity for the cleansing and the washing of the waters.

In the science of the spoken Word by grace are ye saved, and that not of yourselves. It is truly the gift of God.<sup>1</sup> You may offer your invocations, you may use the science of alchemy, and you may use the power of the All-Seeing Eye of God in the eye-magic of the City Foursquare. But remember, O souls of light, that you are but the instruments of the creative Word that was and is and shall be forevermore, which before the foundation of the world was the I AM THAT I AM and the only begotten Son.

I AM come in the power of the Logos! I AM come to remind you, O mortal, that in your present state of relativity you are the clay in the hand of the Potter, and the clay will be mold according to divine design. Let yourselves, then, not be puffed up with pride or the ambitions of Satan and the Luciferian creation, but acknowledge in humility, “Because thou art, O God, I AM!”

Let the clay be the instrument on the Potter’s wheel. Let it become the perfect sphere. Let it become the chalice formed of old to receive the incarnation of the Word. And this, *oh this*, is the consecration of the flame—*this*, my children! Only one can consecrate the flame! Almighty God is his name! And his consecration of old, which shall be this day and evermore, is the igniting of the threefold flame within you! It is indeed the incarnation of the Word.

I come, then, to reconsecrate and to hallow that which was hallowed in the Beginning by God. I come to clear the debris. And the angels of purity, in their focus on the ancient island of Madagascar, now bring forth from the ancient temple there the momentum of purity—that which temple virgins have guarded through the ages for the hour of the coming of the Mother to the continent of Afra so that she might deliver to her children, through her blessed hands, opportunity through purity.

And so let the fiery core of the base, the four petals of the foundation of the pyramid in Mater, *rise* through Afra! *Rise* through the chakras of a continent! Let the flame of purity rise, and let Keepers of the Flame brace themselves for holding the balance. For with the coming of this Mother light is the cleansing of the children of God and the challenging of the darkened souls, who have pitted themselves against the lightbearers through the ages.

So let the judgment come. And let the souls of Light and Darkness fall to the right and to the left of the plumb line of

Truth. Let truth be proclaimed from out the mouth of the children of the Mother.

I anoint you with the oil of purity! I anoint you to be the forerunners of the archangels! For this is a continent and a people consecrated by God to the angelic evolution, to the power of the archangels, to the power of the feeling and the desire of God to be whole.

When these energies are channeled for righteousness, you will see the power of God come forth and you will see the nations of Afra united into one union and one design of cosmic purity. And they will set aside their differences and they will see that the archdeceivers have projected hatred into their midst. They will take the fires of love—the all-consuming love fires—and they will see that those fires will consume, will quench all hatred, and there will come forth out of the flame the Manchild, the Christed One.

And then the people of Afra, the children of God and the sons and daughters of God, will come forth upon Terra to assist in the freeing of all mankind and the children of God from the toils of the wicked and the archdeceivers of mankind.

So out of the East, so out of Afra do I send my children, do I send my sons and daughters who will to come forth to be consecrated by the Mother in the light of purity and victory.

Receive the sprinkling of this light from our ancient focus and be the forerunners of all who will receive the consecration of the Goddess of Purity! Be those who will run with the flame, who will be consumed by the passion of the flame, by the passion of the heart's devotion for purity!

I AM Purity in action within you! I AM freeing you from all selfishness and sloth and self-deception and self-pity. I AM freeing you from all that thwarts the integration of the Buddha and the Mother.

So let all separatist policies be consumed in the fires of Purity, and let the children of Afra be rendered fit to receive the light into the chalice.

Let the flame descend! Let the fire of God expand! Let a continent and a people be free!

I AM Purity, always the guardian of freedom!
