Beloved Archangel Michael

We Must Work the Work of the Ages through You!

Accra, Ghana

Hail, sons and daughters of Afra! Hail in the flame of blue-white light! Hail in the light of freedom!

I AM Michael, Prince of the Archangels! I come with my legions, and we come in the formation of the attack. We descend over the continent of Africa.

We come *blazing* our light and *plunging* our swords of blue flame into the cause and core of the remnant of the Liar and his lie! We come forth to clear this continent of the ancient foci of darkness, of black magic and witchcraft, of voodoo that has been cast as a spell over the land to limit the expression of God-reality in the people.

Let the fallen ones who have assumed positions of power now know that the hour of the judgment is come! And let those children who have played in the sun now stand in the sun as flaming ones of the sun consciousness! Let them leave their toys and their games, and let them take the authority for God-reality!

We must work the work of the ages through you! We must have the victory! And we will have that victory only if

you cooperate! Come into alignment, then. Come into alignment with the Buddha and with the Christ. Be the allness of God where you are! While those among you rest in their cots, won't you come apart and receive the sacred fire?

We have been sent by God on a mission of conquest, on a mission of liberation. We look for hearts who can become the repository of the blue lightning, who will carry the will of God to this people.

We come with a dispensation of the Lords of Karma. We have the full company of the legions of light to reinforce this dispensation. We have the hosts of the LORD and the saints of all ages. We would have *you* in the forefront of the battle! We would awaken and quicken you to courage, to responsibility, and to honor.

Come, then, for the defense of Mother Mary as she sponsors the birth of the Christ in millions of children of Afra who are yet to be born into truth and into wholeness.

I AM Michael. I come with a yearning of my soul to see wholeness. I come with the light. I release the light. And I anchor the light within your heart. This is my mission! This is my message!

Seize the light! Take it, then—north, south, east, and west! Let the borders of this continent become brilliant in the blue-white light. Let this continent be marked so that it might be seen from the farthest star as the place where I, Michael, have given my life in this age, and my energies, for the rescue!

Sons and daughters of flame, I call upon you in the name of Jesus the Christ to join me in the rescue mission, to join the Mother of the Flame in her consecration in giving these calls, these mantras of forty Archangel Michael decrees daily.*

Whatever hour of the day or night when called upon, give these calls and know that by that action a contingent of

angels may be sent forth to rescue those who are in the grips of mortal cursings, of witchcraft, of darkness, of superstition, of hatred and fear—even those who are not in this room this night because they have been threatened by those who have told them that some harm will come to them if they come into the teachings of the ascended masters.

And so there is fear abroad in the land. There is doubt. There is questioning. All of this my angels clear. They clear the specters of the night and the discarnates and the ancestral entities and the psychic witchcraft that yet emanate from the darkness of both the cities and the villages.

Let it be, then, that when your call goes forth it is for the divine plan of Ghana, the divine plan of the heart chakra and of every chakra of this continent.

I can tell you that if this company of devotees is relentless in setting aside that hour of the day, that half hour to the giving of those calls to Archangel Michael forty times, I will promise you that in the next twenty months we, together with legions of light, will fulfill the mandate of the Lords of Karma for the expansion of the City Foursquare, for the expansion of the building of your pyramid of life.

Try us out! Test us! We are real! We are the living ones! We are alive in Christ and quickened by his flame! We stand by the children. We stand by the mothers with child. We stand by the fathers, who go forth in defense of the family. We are on the battlefield. We are in the home. We defend God-government and the plan of the ages.

If you would rescue your brothers and sisters from the cult of Satan and from the downward spirals of slavery through the false gods of the world economists and the world politicians—if you would have the rescue, then I say, be willing to roll up your sleeves! Be willing to invoke us in the science of the spoken Word and then to become one of us—

to *move* with us, to *march* with us, to go forth and cut mankind free by the power of the sword of blue flame!

I dare you! I challenge you to come alive and to be one with the legions of Archangel Michael!

I claim you for my own! Will you claim me for your own? Children of Afra, I ask you because I love you.

[Audience responds, "Yes!"]

So I will join you. I will give the invocations through you. If you will be our hands and feet, *we* will be the fire of God within you! *We* will be the lightning and the thunder of the coming of the Mother for the rescue of the children!

In the name of God, the I AM THAT I AM, Father, Mother, Son, and Holy Spirit, I salute you in the light of the Pleiades!

And now, legions of light, onward! March! Ho! Forward into the fray!

We bid you, hail! And adieu!
