The Law of the One Part 2

Prove the Law, I say! Prove the three-in-one and the seven-in-one! How can you neglect so great a salvation? How can you neglect the law of the chohans of the seven rays?

They are indeed the lords of the rays because they have become the law of the ray. They are the incarnate Word, the living law of each of the rays of God. You cannot only serve on one ray, for every ray is the complement to every other ray, which is in the center of the One. Therefore in the oneness of community you must forge that unity, that One that produces the many manifold manifestations of the light of truth.

Do not neglect, then, your precipitation of the Law. For I perceive that you know something of the Law and you have something of the wisdom and you have a certain love for the Law, especially those laws that...

The Law of the One

Part 2

Prove the Law, I say! Prove the three-in-one and the seven-in-one! How can you neglect so great a salvation? How can you neglect the law of the chohans of the seven rays?

They are indeed the lords of the rays because they have become the *law* of the ray. They are the incarnate *Word*, the living *law* of each of the rays of God. You cannot only serve on one ray, for every ray is the complement to every other ray, which is in the center of the One. Therefore in the oneness of community you must forge that unity, that One that produces the many manifold manifestations of the light of truth.

Do not neglect, then, your precipitation of the Law. For I perceive that you know something of the Law and you have something of the wisdom and you have a certain love for the Law, especially those laws that guarantee your freedom in God.

And of course this is the Law that mankind appreciate in the beginning. And then they come to appreciate the law of confinement whereby they find themselves confined to the fulfillment of a magnificent dharma, a duty in God that must be wrought and won and worked in this notable day of the Lord.¹ And then they find themselves as servants of the Most High, as servants of the law of karma. And thus they are also

satisfied in that freedom of love, which is the responsibility. And then you also have the purity—the purity of heart and innocence. And so you bask in the light and the love and the joy of the invocations, which draw forth the sacred fire.

Now, I say, is the age of the precipitation of the City Four-square! *Now* is the coming of the crystallization of that God flame! *Now* is the coming of the emerald ray, when by the All-Seeing Eye of God you will forge a union that will be for the union, the *one ion* of God out of the many.

So let union be determined this day as the law of the ions of God, sons and daughters coming forth always as one, appearing in the flame of the Holy Spirit as the many, yet always the One, always the One, always the One!

And therefore you as Adam-man can declare in beholding Eve, “Behold, bone of my bones, flesh of my flesh!”² You can behold one another in Christ! You can stand in the flame of the Mother! You can embrace one another and you can say, “This, by God, is my Self in manifestation! I will give my life for this Self! I will give my life for this cause! I will defend the Law and thereby defend the soul of the One!”

Will you not take this moment, as you bask in the flame of the love of the heavenly hosts, to stand and to embrace one another so that you can feel that you are indeed the body of God on earth, one inseparable union, nevermore to be parted, nevermore to be broken, but always to stand in the defense of one another, in defense of that flame?

Let there nevermore be schism! Let there not be the lies and the gossip of division! These are caused by the fallen ones who come into your midst, precious ones. Let them not cause even the shadow of suspicion upon one child of God, one disciple, or upon your messenger or (God be praised) upon one member of the ascended hosts. But let those lies and those treacheries, those deceptions, be seen, one and all,

as the arrows of outrageous fortune coming from the bows of the fallen ones, who also perceive their mark and direct their arrows at these children of the Sun.

Do you not understand that one by one by one you shall all walk and pass through the gate—that gate that is the law of the judgment of your being—that one by one you will file into the flame of the ascension, that this age will be won by those who have *one* Word, *one* name, *one* flame, *one* being?

This is the joy of the resurrection and the surrendering unto the resurrection of Christ! This is the joy of community! And this is the age when the ascended masters will forge that community through unascended chelas!

Mark my words well. When you attempt to forge your own way and your own path and your own community, your efforts will come to naught. For your pride must be broken and your ambition must be broken. And you must stand back and see what work the LORD of hosts will work in the name of the blessed Son.

See what God will work through you when your hands, your feet, your soul, your all become his instrument. And therefore when you have passed through the long night of attempting to do that which God himself will do through you, then you will come to the place, you will come to the River Jordan, you will come to the flow of the mighty River of Life. And that crystal stream, that energy source, will be unto you all that is required to fulfill every aspect of the New Jerusalem.

Commit yourselves to God! Commit your needs to him unreservedly! And watch how the Great Divine Director will lower into your midst from the meetings of the Lords of Karma the very deliberations of the Most High God for the divine plan for this oneness and for this age.

And do not be dismayed at the powers of this world!

When you look at their amalgamation as the Tower of Babel, how they control this and that—as the media, the armies of this world, the money of this world, and all things—do not be dismayed, I say! Do not allow their amalgamation of error to in one moment in the least cause you to doubt the mighty power of the oneness of God! Let that oneness manifest among you, and let your wanderings in the wilderness be not forty years or forty days, but let that wandering, then, go into the flame as the dissolving of time and space.

And therefore in the name of Israel you may command your oneness with the Promised Land here and now. You do not need to accept the procrastination of the precipitation of the City Foursquare but to accept it here and now, in harmony and in oneness. This is the great magnet! This is the great chalice!

And therefore we call not for many chalices but for one great chalice. We call for each Keeper of the Flame to be content to be a facet of the chalice rather than to say, “I will go and make my way and I will create *my own* chalice for the LORD of hosts.”

I say, let us have one cup. Let us all drink from that one communion cup, and let that cup be large enough, as the consciousness of the many in the One, to contain the plan of God for this age.

Blessed ones, we who are of the ascended hosts share the manifestation of the being of God in heaven. We are the body of God in heaven and we know oh so well that all of the cosmic beings, angelic hosts, and ascended masters of all ages unite to form the one Spirit, the Holy Spirit of the Great White Brotherhood.

We have no illusions about separation or about specialization that is an exclusion of one another or of the Whole, but we understand the law of the facets of the jewel of God.

And therefore we impart to you that understanding of one body, one mind, one soul, one heart pulsating as life, being one, seeing one, having the courage to march, march with the legions of light and to challenge every form of error in this age!

My cohorts of light will return to you in the coming weeks to give you instruction on the aspects of the amalgamation of error that have been devised by the fallen ones to tear from the children of the Sun the energies, the abundance, the light, the resources, the plan and the purpose of the kingdom of God that is in truth coming into manifestation on earth as it is in heaven.

Make your pact with the will of God and with the blessed Son! Be indomitable in the faith of Michael! Put away the doubts and the fears and know that as the LORD God liveth, so you too will stand in this age to behold the works of God through you, the one, the keystone in the arch of God-free being.

I AM Nada of the flame of love! I send forth that flame to ignite the earth! Let the earth be on fire with the flame of love this day because you live, because I live, because God lives and because, because, *because we are one!*

The Way of Love

by Saint Germain

From Love I came, to Love I go;
And all this swing both to and fro
Alters not any jot
Of Cosmic Purpose I forgot.

I reach out now, to Truth I vow;
To Love in all I ever bow.
The universe is one alone—
No clash of multifacet tone.

The chime I hear is ever near;
'Tis Love that casts out every fear.
Where'er I AM Thy Love lives, too,
To free the many and the few.

Command Perfection, Love's great Law!
Command Perfection, Love's great Light!
Thy glowing beauty through the night
As star eternal, Light supernal,
Woos us all by present might.

For Love I AM and Love I live;
This is the allness that I give.
To each manchild the spark is given—
'Twill rend the veil and bring to heaven.

And in full Faith I consciously accept this manifest, manifest, manifest! (3x) right here and now with full Power, eternally sustained, all-powerfully active, ever expanding, and world enfolding until all are wholly ascended in the Light and free!

Beloved I AM! Beloved I AM! Beloved I AM!*
