

John the Beloved

I AM the Open Book

The concentrated globules of love, as crystals flowing now from God's heart through my heart and through the heart of the messenger, are spiraling to your heart and to the heart of every son and daughter of God on earth who is being anointed to receive a portion of the flame of Mother.

The Mother is the blue lightning of the sacred Word. The Mother is the sheath of faith. The Mother is the great sphere of white fire that rolls across a cosmos into your midst.

I do not speak to you of that which I am speaking at inner levels. I speak to you, then, on two tracks—the one for only your soul to hear; the other for the engaging of your outer mind in the flow of cosmic energy. I convey a mantle, a momentum of God-energy.

I AM John with Christ in the City Foursquare. I keep the flame of the Holy Spirit on the west side of America, and the lambs of God pass through my heart in love, in freedom...

John the Beloved

December 15, 2021

I AM the Open Book

I AM John of the Open Book, and I write upon the page of the Book of Life. I write a chapter in the life of the children of God, and I write as it is given to me of my Lord to write.

It is the chapter of the exaltation of the Woman and the crown of life and of the Divine Manchild. With my pen I write the law of the children of Israel and I proclaim the people of light, both Christian and Jew, the inheritors of the tradition of the great revelation of Alpha and Omega.

This nation must no longer be divided North and South, East and West, nor by race, nor by religion. But the plumb line of Truth descends and the division is between Light and Darkness, and the separation is so that the Darkness might be consumed.

Thus the chapter of the exaltation of Woman marks the epoch of the rise of the feminine ray in all. The key is the coming of the Mother, the Woman clothed with the Sun as your own motherhood, your own divinity in the feminine ray.

And as the Lord showed to me on the Isle of Patmos the coming of the Lamb and the Lamb's wife,¹ so he shows me this day the entrance of Jesus and Magda into the New Jerusalem. All things are of the confluence of the River of Life, and all things are come together that the Law might be fulfilled.

I AM the Open Book

382

I AM come in the full magnitude of the seventh ray to deliver to you the writing that I have written in the Open Book. I come to deliver your just portion of the Law. And as I speak, the angel of the LORD does come to sound the sound of Gabriel and the annunciation of your soul's reunion with the One.

I speak of simple truth. I interpret the geometry of truth. I touch your innermost being. I release the mystical fires of love. I prepare you for the coming of Mother Omega. I clear the channels for the great flow of the River of Life.

I AM in the crystal of the Mother. I AM in the victory of the One. I AM in the blue chakra, the setting sun. The setting sun is the sun of Omega that draws you to eternity, to its spirals, to its unity.

The concentrated globules of love, as crystals flowing now from God's heart through my heart and through the heart of the messenger, are spiraling to your heart and to the heart of every son and daughter of God on earth who is being anointed to receive a portion of the flame of Mother.

The Mother is the blue lightning of the sacred Word. The Mother is the sheath of faith. The Mother is the great sphere of white fire that rolls across a cosmos into your midst.

I do not speak to you of that which I am speaking at inner levels. I speak to you, then, on two tracks—the one for only your soul to hear; the other for the engaging of your outer mind in the flow of cosmic energy. I convey a mantle, a momentum of God-energy.

I AM John with Christ in the City Foursquare. I keep the flame of the Holy Spirit on the west side of America, and the lambs of God pass through my heart in love, in freedom to behold the Open Door of the Christ. I AM the Open Book. Christ is the Open Door. You, then, must be as Mother—the open heart to all evolutions of earth.

I transfer the light of Mother to the heart of Buddha. I transfer the light of Buddha to the heart of Mother. I do not impress you with profundities. I impress you with light.

I AM the alchemy of love. I AM forming and reforming in you the perfect image of the Christ now reflected in the reflecting pool of the soul. Look into the pool of the soul and behold your own Christ Self. Behold the risen Christ. Walk in his image. Walk in his way. Walk in his truth. Walk in his life. Move with the reflection, and be always like unto the reflection of the Christ.

Now my angels gather in great companies of love rays on the four sides of the city. Now gather the angels of Omega. Now advance the seven archangels and legions of the hosts of the LORD. Now gather the legions of the Elohim, and a mighty forcefield is prepared for the coming of Omega.

Omega steps forth from out the white-fire core of the Great Central Sun. She comes in a fiery chariot—like the fiery chariot that bore Elijah²—to her throne.

Omega approaches this galaxy and this system of worlds. Our Cosmic Mother will position herself in a certain forcefield deemed by her to be the lowest level to which her light may descend. And from that point our Mother will arc the light to the heart of the waiting Mother.

Now the heart of the waiting Mother is expanded and the threefold flame is expanded to receive and transmit the currents of Omega.

There must be absolute silence within this hall for Omega's coming. Therefore at the conclusion of my dictation, all who will not remain silent may remove themselves. For the expansion of the energies of the heart is sustained by angels who attend the Holy of Holies, and a ring of fire now surrounds the waiting Mother.

As the forcefield is intensified, legions of angels from out

the galaxies have gathered for the coming of Omega. For this event marks the lowering of the Cosmic Mother's energy into octaves of Mater, which have heretofore not been penetrated by Omega for aeons. It is for the culmination of the age. It is the lowering of the ladder, the rope ladder of the Mother so that her children might reach up and seize it and climb the initiation of the ascension into the white-fire core of the Great Central Sun.

It is for this reason that the Buddha Padma Sambhava transferred to the Mother the mantle of Guru,³ that the open door of hierarchs East and West might be through her heart. For her heart tie to Omega is a sustaining grace for all children of light on earth. Thus the mantle of the Guru, which she wears, is indeed the open door to the Cosmic Virgin—the open door that no man can shut.⁴

Let all who perceive this mystery and understand the law of hierarchy recognize the great opportunity of the hour to bypass many rings—many rings of consciousness inordinate, misqualified, and to enter in through the straight gate of the tie to hierarchy.

Omega comes so that you might come Home. Hierarchy has demonstrated great dispensations in this retreat. It is now upon our brothers and sisters upon earth to respond with the greatest love the world has ever known for the redemption of earth by love.

Only love can redeem the earth. Let all of your days and all of your nights be for loving earth free, and thus save your soul and the souls of billions for eternity.

Be God. Divorce yourself from the lesser self. Be unpossessing, unpossessed. Be nonattached yet all-attached to love. Be desireless yet in the full desiring to be *love*, and to *love*, and to *love*, and to *love*, and to *love*.

“The Summit Lighthouse Sheds Its Radiance o’er All the World to Manifest as Pearls of Wisdom.” This previously unpublished dictation by **John the Beloved** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Monday, July 4, 1977**, during the *Only Love* conference, held in Pasadena, California. **(1) The Lord showed to me on the Isle of Patmos.** John is referring to the Book of Revelation, which he received from Jesus on the Isle of Patmos. See Rev. 7:17; 19:7; 21:9; 22:1. **(2) II Kings 2:11–13.** **(3) The mantle of the Guru.** On July 2, 1977, the beloved Padma Sambava transferred the mantle of the Guru to the messenger, saying: “I AM Padma Sambhava. I AM the fullness of the Buddhic light. I AM the one who comes with Gautama in adoration of Mother. The Gurus ascended and unascended converge at the point of light that is the descent from the point of Father to the point of Mother. In other words, precious hearts, the common meeting ground of our consciousness is the white light of Mother. This is why ascended masters and unascended masters work hand in hand in this age of Aquarius. Think not, then, that the Mother has come to distort or to steal the light or the Word of the Great Teachers of all mankind. This is the Great Synthesis that can come only through that Mother flame. Therefore I make known to you the dispensation of God, the Great Guru, and of all Gurus who serve to represent him—that although for many a month and many a year the Mother of the Flame has resisted the appellation ‘Guru,’ we shall not permit it any longer. For the mantle must be upon the feminine incarnation, and because there are many changes taking place in the forcefield of earth, we must have, then, the acknowledgment of the open door of Guru through a Mother. Heretofore you have heard it told that the messenger is the representative of the Gurus who are the ascended masters. Now draw nigh to me as I give you the mystery: the Mother is still the representative of the Gurus, but in the transfer of initiation—and very severe initiation of the Gurus that has been given to her—there has been made possible a more than ordinary incarnation of the ascended masters through your messenger. It gives me, then, good joy as I am privileged to make known to you that the ascended masters come as a living witness to proclaim in this hour that the Guru-chela relationship can now be sustained in this octave through the flame of the heart of the Mother.” (1984 *Pearls of Wisdom*, vol. 27, no. 33A) **(4)** Rev. 3:8.

The Mother of the World Has Ordained

The Mother of the World has ordained: “Winds, gather ye! Snows, gather ye! Birds, hold ye back! Beasts, stand ye back!

“No human foot shall set its traces on My Summit. The audacity of the dark ones shall not surmount! The light of the moon shall not endure! But the sun rays shall touch the Peak.

“Sun, guard My Summit, because where else shall I keep My Vigil? Never shall beast ascend, nor shall human power prevail!”

Herself, the Mother of all Being, shall keep Her Vigil with a fiery shield. What glows upon the Summit? Why have the whirlwinds assembled a resplendent crown?

She, the Great Mother, alone ascended the Summit. And none shall follow Her.

Upon the highest summit stands effulgent the Mother of the World. She came forth to smite the darkness. Why are the enemies fallen? And whither do they turn their eyes in desperation? She has cloaked Herself in a fiery mantle and encircled Herself in a fiery wall. She is our citadel and our striving.

“The Mountain of the Mother extends from the earth to the Heavens!” (3x)*
