### **The Eye of Morya Is upon You!**

This joy is catching! This joy is a movement of hearts! This joy is energy! Let it be the energizing of our legions, who recognize that in the hour of the crest of the wave of victory, this is the hour to press on and to not slacken in that pace.

I commend the victory of Almighty God within you! I commend your staying power! I commend you, Keepers of the Flame and all who have lately caught the trolley car of our movement in this cycle. You who have come, welcome into our midst! But make no mistake. This is a moving band. It is a train that is moving—city to city, planet to planet, star to star. And so as we move, so is the coming of the intensification of the Mother flame.

Let chakras be prepared! Let light clear the way! And let the crystal diamond of my heart now reinfuse you with that spark to be God's holy will!

Beloved El Morya

January 1, 2022

## The Eye of Morya Is upon You!

I AM here in the center of thy heart! Fear not, for my heart is thy heart forevermore.

I AM the Guru wedded to the chela *become* Guru! And I AM come to *seal* the Mother and her children in the inner light of the will of God now made manifest from the heart of Omega unto the living heart of our messenger.

I come for your alignment with the inner flame of God's holy will! I come to seal you in the energies of *Only Love*<sup>1</sup> and to reinfuse you with your God-determination to *be* love and to fulfill that holy purpose to which you have been called! I AM here in the fullness of myself, and I AM the Word incarnate!

I AM Morya. I have led you to this place. I have comforted you in battle. I have nourished you through your own battle with the lesser self. And I stand yet in your midst, *summoning* you to a higher devotion, *summoning* you to the highest mountain that you can see and to the ones that you cannot see beyond the mists of your own creation!

I will not leave you as I find you this day. For I AM the magnet of God's holy will that strips from you your indecision and your momentums of idling in the energies of the movement of the summer winds and the waters as the movement of cycles.

*The Eye of Morya Is upon You!*

2

This is a moment of cycles turning, and it is a moment of acceleration for this organization, for every member of that organ. For this is truly an organism of the will of God. Truly it is an organism fired of the chelas of God's holy will. And it is made up of that company of lightbearers who are determined to have their ascension in this life.

And thus, you are the select fruit. You are the best fruits, who have been willing to eliminate all that is less than that manifestation of God's Victory. You are not the unprofitable servant<sup>2</sup> and not the fig tree that is hewn down and cast into the fire, that is cursed by the Christ for want of fruit.<sup>3</sup> And therefore we keep our ranks trim, and therefore we keep trim the lifestreams who would win in this fight for freedom.

### The Need for Vigilance

I summon you for Saint Germain, and I give you a warning, as I AM the watchman on the wall of the LORD.<sup>4</sup> As I look north, south, east, and west, I give to you the warning—in the face of a great victory of love right within your very midst, right within the forcefield of Gabriel and Hope—that the forces of Armageddon and of the fallen ones have also pitched their tents within the shadow of this mighty tent of the LORD, and they would come to defame and to tear down all that is holy, all that is love, and all that is the sacred purpose of Saint Germain.

Let the warning go forth, then, that this is the hour for re-creation in the flame, for the summoning of the will and the energy of God to holy purpose. It is not the time for slackening off or for thinking about vacations from the keeping of God's holy will.

Ever mindful of that will, you must realize that in the movement of the water cycle, which becomes fire, in the great flow of the summertime there is the need for vigilance.

For among the sons and daughters of God come those who would crawl and creep through your midst to explode their bombs of carnal consciousness and to decry the great blessing of the visitation of the LORD's hosts.

Let the All-Seeing Eye of God, then, be elevated! Let it be focalized within this sanctuary! And by that Eye let all see the vision of God and simultaneously see the foe that comes into the midst of the children of God to steal the fruit of the sacred labor and—if they could—to steal from you your victory.

### It Is the Hour to Press On

Your victory is of the light! Therefore cast out the demons of the night and of self-pity! Cast it out, I say! There is no room for a moment's self-indulgence. For we march! And we march this summer for a great victory and for the name of Saint Germain to be abroad in this land! In every heart, in every home, in every bookstore, and in every school, *let the name of Saint Germain be pronounced!* Let it be given forth as the call of the lightbearers to freedom!

And let this band of devotees summon that strength and that fire of holy purpose to release the teaching, to release the Word, and above all, to let your love for the God of Freedom flow from your heart as the *great joy* and the *boundless joy* of the violet flame, which he does bring!

This joy is catching! This joy is a movement of hearts! This joy is energy! Let it be the energizing of our legions, who recognize that in the hour of the crest of the wave of victory, this is the hour to press on and to not slacken in that pace.

I commend the victory of Almighty God within you! I commend your staying power! I commend you, Keepers of the Flame and all who have lately caught the trolley car of our movement in this cycle. You who have come, welcome into our midst! But make no mistake. This is a moving band.

It is a train that is moving—city to city, planet to planet, star to star. And so as we move, so is the coming of the intensification of the Mother flame.

### Let the Demons and the Fallen Ones Be Bound!

Let chakras be prepared! Let light clear the way! And let the crystal diamond of my heart now reinfuse you with that spark to be God's holy will!

Let the false prophets who have gone abroad in the land—whispering that Morya is not here, that Morya is not there, that Morya is not speaking—let them be gone! For I speak through every word that comes forth from the messenger.

I speak in the light of the morning. I speak in the birds that sing to you the song of the tryst of Guru and chela. I speak to you in the eye of Lanello. I speak to you of the will of God that fires in you that *God-determination* to set earth free, that *God-determination* to exorcise the fallen ones from this government and from every government on earth!

Let the hosts of light march, for I AM Morya! I AM in the midst! And I AM casting out those demons of darkness that have manifested through those who call themselves the true Christians but who know not that they have been taken by the fallen ones! Let them hear. For I AM a Son of God come to worship the eternal Jesus Christ. I AM one of the wise ones,<sup>5</sup> and I bid you to that wisdom whereby you take dominion over the earth and worship the place of the birth of the Christ within your heart.

I AM come, and my presence in the land is feared by the fallen ones. Let them shake! Let them tremble! For I AM Morya in the person of Mother, in the person of chela, in the person of mantra and of children. I AM Morya in the star, in the energy, in the flow! I AM that will in motion.

And therefore the rolling of the tides of the will of God

will now be for the clearing of the decks. For this is God's ship! Almighty God is at the helm! And I AM the first mate in the first ray of the dawn. And there are those chohans who walk after me for the keeping of the seven rays of the day as the ship moves on, port to port, taking on the lightbearers and then moving on again. I AM in the will of God, and I AM in his temple this day.

Let all that has come forth in the person of the impostor—let it be *bound!* It is our will. Let it be *bound!* It is our decree. Let the fire of the will of God purge every atom and molecule of being and of this organism, and let the community of the Holy Spirit be forged.

I AM the watchman on the wall of God-government in America and in every nation, and I cry out to the living God for the judgment of the fallen ones. Let them be stripped of their power! Let them be stripped of their usurpation of power, wisdom, and love!

### Be Prepared for the Gurus of the East

I AM Morya! And I lend my flame as an ascended being to the unascended being through whom I speak. I lend my flame to every chela of the will of God who will not compromise in the way. And I say, be prepared for the gurus of the East, who will be far less tolerant of your human foibles than even I have been. You do not know what it is like to be torn limb from limb by the gurus who are determined that you will return to the heart of God in this life!

Therefore look for the fire of the gurus. *Invoke* it through the Mother and have your victory in this life! *Expect* the manifestation of blue lightning and *receive* it with the joy of the overcomers! For it is the cleansing, the clearing, the refreshing spirit of the springtime of your heart!

I AM in me, then, the person of the unascended masters

of the Far East, whom I brought to the Mother many years ago for the integration of her being and for her discipline in their way. For their way is a way of overcoming in the planes of Matter, and our way is the way of the victory of the Holy Spirit through the violet flame and through your own free will according to the Law.

We welcome all. All be welcomed, then. For out of the flame of the Mother is the thousand-petaled white lotus of cosmic purity, and every petal is a teaching, is a ray, is a calling, is an emanation of the Great Central Sun through the heart, the soul, the mind, and the base chakra of the Mother incarnate.

### The Mark of Christ-Determination

I AM Omega! I AM Alpha where I stand! May you also declare this eternal truth! And when you have declared this eternal truth, then offer your fiat of victory! For when you declare "I AM Alpha, I AM Omega! I AM Omega, I AM Alpha where I stand!"—and *then* you give your decrees—you will see that Alpha and Omega in the person of Almighty God in you will give forth the Word and the fiat for the transformation of worlds, for the involution and evolution of worlds, for the turning of this earth inside out and upside down.

Let it be, then, that in this age chelas of Morya will leave that mark of Christ-determination upon this page, this white page of the Book of Life.<sup>6</sup>

Let your *jaw* be determined! Let your *will* be set! Let your *feet* be set! And let your stand be the stand of the mighty archer, having the bow of life and the projectile of love! Do not miss your mark. Let it be your word that is inviolate.

Listen to your word. Let every word you speak be the release of sacred fire. Let it be uncompromising. Let it be certain, and thereby defeat the forces of human questioning

and doubt and fear, separation from God, indecision, and self-pity. All of this I wipe away with one motion of my hand because I have faith in the will of God!

Do you not have the same faith that the will of God will work that work in you that he worked in Lanello, in me, in Mother, and in every son of God who has come to the hour of the Victory?

Can you not realize that every problem that besets you, that you have brought with you this day, can be put into the flame?

And will you not take now that right arm that is the right hand of God and stretch it forth before you and now dismiss that problem! And know that by my decree and your decree—which is *one* sword, *one* will—that problem is put into the flame and therefore you can march forward!

### **Every Impediment to Your Victory Is Tied to Impure Desire**

Do you not see that when you are beset by problems you cannot go forward, you cannot go back, you cannot go to the right, to the left? For on every side there is the mountain of problems. Why, coming to see you when you are in that state of mind is like visiting the dump! [Laughter] And I tell you, I do not like to visit the dump! I would rather be with Kali at the burning ghat than at the dump of your human creation.

Why do you let your human creation pile up as though you were waiting for some magical garbage collector to come and cart away the garbage of your human consciousness?

Let the way be made clear! For the coming of John the Baptist is to make his paths straight,<sup>7</sup> to clear the way of the Christ within you. Let your consciousness be swept clean daily so that when the LORD's hosts and the mighty seraphim and cherubim come and perch upon the altar of your heart,

they will not have to summon the cosmic cleanup committee to carve a pathway through the debris of your consciousness.

And I speak to the intellectuals who daily revolve and revolve and revolve their human creation. You are all tied up in knots and you are not allowing the flow of the Word through you. And I am speaking to those who are emotional concerning their problems.

Do you not realize that I AM the Presence of God even within your subconscious being? Do you not realize that I can, even now, walk through your subconscious mind and so infuse you with so many fires of the will of God that these fires will catch into the darknesses and into the manifestations of pockets of consciousness so that that blue flame—by your engaging the very teeth of the will of God, by your conscious free will—can now dissolve the cause and core of every impediment to your victory, which is always tied to impure desire? Always and always it is impure desire that forms the nucleus of a rat's nest of darkness in your subconscious.

Beloved ones, you cannot hide from the gaze of Morya! I see every impure motive and every impure desire! And this is why you stand at arm's length from me and why you cannot draw nigh to me. For I will not allow you in my presence with impure desire, for I AM devoted to the desire of God's holy will! And my subconscious is a vast desire body of God desiring that will—oh, desiring that will for chelas everywhere!

How dare you, then, come into the presence of my messenger or to consider yourselves automatically chelas of the Mother when you have attempted to hide impure desire in the folds of your garment! Let this be removed, then. As Saint Germain said, "Out, damned spot! Out, I say!"<sup>8</sup>

Now let it be exposed! I *demand* that you examine your impure motives this day! For they are blot and blotch upon our movement and they are the weighting down of all energies of the community.

Realize, then, that the insurmountable obstacle that drives you from this forcefield is your own impure desire—rationalized upon rationalization—until you have created such a mountain that you come and you plea before us, “We must go, beloved El Morya. We have these problems we must tend to.”

Well, I say to you, *go* if you must! *Go* and tend to your problems! But do not think you have fooled old Morya! You have only postponed the day of your reckoning with your own God flame, which you see personified within me and which is fearsome to behold!

Well, let me tell you this: Your own God Presence, I AM, and your own Christ Self is ten times more fierce than my fearsome gaze through my own portrait. Remember that! I am fierce with you, for I know the terror of the Day of Reckoning when you must stand before your own consuming flame and feel yourself shrink and shrink before the towering Presence of the Almighty One. I do not desire that you shall wait until your transition to behold that manifestation and to say, “Well after all, he *is* really real!”

No, I desire that you should come to that conclusion this day, and therefore I release to you my ray and I show you that it is Almighty God who releases that ray—not because of the attainment of the instrument but by the very grace of God through that instrument. And therefore it is Almighty God who is to be praised for all that has been given to the sons and daughters of God, ascended and unascended.

### **Ensoul God Desiring to Be God in You!**

Now *seize* your victory! *Seize* your shepherd’s crook! *Seize* your mantle! *Dare* to put forth your right hand and to *claim* that victory now! And let it be the sign and symbol that you have taken to yourself the authority of God’s will this day!

And in the authority of that rod of Aaron<sup>9</sup> you will dismiss *all* that would prevent you from absolute God-service to the cause of Saint Germain!

I come speaking in our master’s name, for he is concerned this day with the many problems that beset this and every nation for the very same reason—the collective impure desire of the people and the collective fallen desire of the fallen ones.

Let God be in you that remnant of the few who will ensoul God desiring to be God! Let this few and those who hear my voice remember that in all ages it has been the incarnation again and again of the sons of God who have held the flame.

Now it is your opportunity to stand in the way and to say with God, “*They shall not pass!*” And why will it be so? Because your temple is filled with light and there is no hole of penetration! And therefore the Saracens<sup>10</sup> and the fallen ones and their armies will not pass the shield of light shining in the sun, reflecting the light of the Son of God. That shield is your very own soul!

I say, surrender. I demand your surrender of that human consciousness! And I demand all fatigue drop from you! It is an illusion. I penetrate every cell and forcefield of your being. I flush it with light! I infuse you with light! I endow you with light! I AM in you the light of God’s holy will!

Be renewed this day. And if you have not heard the voice of Almighty God in a hundred thousand years, then know that God in me has spoken to you this day and that I AM real even as the ascended hosts have been real throughout eternity, even as we spoke through the prophets of Israel, even as we incarnated in and as the prophets of East and West!

Now we stand. And this is our stand—that we will march with Saint Germain, that we will deliver the nations into his

hand, that we will make known his Word, his Flame, and his Teaching. And we will not stop until we can say, "It is done! I have fought the good fight and I have won!"

Be *all* God. Be Good. For the eye of Morya is upon *you!*
