The Timing Is the Testing of the Chela Part 2

In this hour, choices are final choices. They are definite and definitive. The choice to be in the very arms of the Word and the Lamb of God is the right choice. The choice to pay the price is the right choice.

The choice to invoke the violet flame in abundant measure is the right choice. The choice to be the deliverers of the Word and therefore the deliverers of my people is the right choice. The choice to give to that Inner Retreat and to make it thy home and the home of the lightbearer to come is the right choice.

Every Keeper of the Flame upon earth who is of the seed of Sanat Kumara must know that there is a physical forcefield in earth that is the focal point of the God Star, Sirius, and the seat of the Great White Brotherhood. The Timing Is the Testing of the Chela

Part 2

Realize, then, that the call goes forth for the building of the Inner Retreat, step-by-step. As Noah was called of God to build the ark of safety, recognize that the preparation of the Inner Retreat must come in steps and stages. We have signaled that it must be begun. Now we call to those who represent the scale of the seven rays.

The first emissaries to establish the Inner Retreat are the pioneers, who go before the entire company of saints to establish the foundation whereby the fiery coil of the inner etheric city shall be funneled into manifestation by those who embody the Word.

Therefore some will establish the very beginnings, and then others will come according to the cycles of the seven rays. And the seven Holy Kumaras, each of the seven standing above and behind the seven chohans, will call the companies of the saints, even as seven tribes are called to establish the foundation of the New Age and the new community.

Ultimately, then, when all who have been a part of the going out and the preaching of the gospel and the sending of the Word nation by nation have fulfilled that which is to be accomplished, these representatives of the seven rays will

make their way and all will be in readiness. And the last to come will be the messenger herself, who stays and stays in the outer court calling the children of God to the opportunity to be God-taught, to receive the sealing in the forehead, to receive the sign of the coming of the Son of Man, and to know that they may choose to live by choosing their own Christ Self and the mighty I AM Presence.

Thus, beloved, there is the ancient memory of the hour when elemental life received the command from the Lords of Karma, even from the Four and Twenty Elders, for the release of the waters of the Flood for the washing of the earth body for the next cycle of initiation.

Hear now the inner record of akasha, as finally Noah and his family entered the ark and the doors were shut and sealed. Hear now the closing of the doors, and remember that sound. For all who heeded the warning were with the Guru Noah inside, and all who did not heed the warning remained outside. And when the door was closed, it was not opened again in that dispensation or for that cycle, and all who would reap benefit from those who were obedient to the call must reincarnate again in order to pick up the thread of the path of initiation.

Understand that many have walked many a century relying on the mercy of God and another day and another day and another hour for the choosing of *when*, *when* to come into alignment with the inner blueprint.

Let the Physical Preparations of the Inner Retreat Begin

The preparation of the earth body is well in progress for the new dimensions of consciousness, of a new era of enlightenment that precedes the dawn of the very fullness of the golden age.

To you to whom the Goddess of Liberty has passed a torch of opportunity, a torch of responsibility for life in transition and for new souls who will sponsor life, I say: Let the physical preparations begin. Let the retreat be established. And let all forces accelerate for the preaching of the Word. For none of these, my little ones, should be lost. And some who have never heard the Word of the prophet, even they are already marked as the grandparents of New Age children who shall come forth. Therefore they must be called and cut free by angels of light, and your hand must reach out with deliberation to take their hand and guide them to the fount of their own inner reality.

Let those who feel the impulse to build be the builders. Let those who feel the impulse to be the sponsors give, then, of their life and substance and be there to establish the first settlements of the lightbearers. Unless this retreat be established, the divine plan cannot go forth.

Some of you who have known me in the flesh remember as I appealed for your support and contributions to establish that which has already been established. Others of you were not there but have come through the doors of our physical organization, our established retreats provided for you so that you might find the way to your God Self.

Precious hearts, the necessity of a physical organization and physical focuses* must be clearly understood. How many among you could have intuited through the heart and from the higher octaves all that you have received as the bread of life and the teaching and the initiations and the day-by-day consolation of our God? If you would not have found the knowledge of the great God flame, your mighty I AM Presence, and the Word incarnate within you without a physical focus, a physical teacher, and a physical altar, do you suppose that

*Locations such as the Church's headquarters, teaching centers, and study groups throughout the world

the sweet children of the light, many of whom are in the fullness of their youth and burdened by the drugs and chemicals that are upon them, would be able any better than you to find their fiery destiny or the very specific laws of the Path unless this be provided?

I speak, then, to all Keepers of the Flame, to all who are laborers in the vineyard of the LORD. Remember in this hour that I have sent the call. I have sent it forth for immediate and determined sacrificial gifts upon the altar—not as the fatted calf, not as the bullock, but as that which represents the sacred labor of thy hand and heart.

The Signs of the Judgment Are Everywhere upon the Earth

Let the harvest of abundance be brought into the temple itself and consecrated for the establishing of that land upon which the children of my people shall place their feet, even their physical feet upon the physical earth. And from that point of light they shall make their way from the valleys unto the mountains, where one day even you who are now children may stand as you come to the fullness of life and you yourselves leave the record of the mass ascensions on these hillsides of the world.

All of this, which has been foretold by prophets for thousands of years, is in the crucible of life. And there is a dramatic outpicturing upon the stage of life that must begin, for the cycle is released and the spiral is uncoiled and the rays of light are upon you—all of this within the context of mankind's free will and their opportunity, even still, to be so saturated with the violet flame that there come to earth the alternatives of judgment and of justice whereby the wicked are plucked out and the righteous inherit the land.

There is a handwriting on the wall that shows the necessity

for the purging of society of those elements, the very elements of the fallen ones that were present in the Promised Land when Joshua arrived with the twelve tribes. They were there then. They are here today. And ere the golden age can manifest and the fullness of the sacred fire be apparent, those who do not stand to inherit it must be removed one way or the other.

The signs of the judgment are everywhere upon the earth. Even with the release of the light of this conference, the upheaval in Algeria, taking enormous toll on the lives of the people,¹ reveals that in a moment and in an instant there is the cutting off of opportunity, even that opportunity so generously apportioned for thousands of years. And these lifestreams must give accounting and face what must come to pass in terms of a final judgment.

In This Hour, Choices Are Final Choices

I come, then, that you might understand that each one of you has a long record of awareness of being able to postpone the reckoning with your personal karma and the day of great decision to separate yourself out from among them and to be in the white-fire core of the divine plan.

The postponements of life, the byways taken in previous incarnations, the dalliance, even the procrastination, must not settle upon you as the dust of centuries coming down from the rafters that are now disturbed by the thunder and the lightning. And as they vibrate, so the dust descends and it must be consumed by the violet flame ere it penetrate and cause you to outpicture the former state.

In this hour, choices are final choices. They are definite and definitive. The choice to be in the very arms of the Word and the Lamb of God is the right choice. The choice to pay the price is the right choice. The choice to invoke the violet flame

in abundant measure is the right choice. The choice to be the deliverers of the Word and therefore the deliverers of my people is the right choice. The choice to give to that Inner Retreat and to make it thy home and the home of the light-bearer to come is the right choice.

Every Keeper of the Flame upon earth who is of the seed of Sanat Kumara must know that there is a physical forcefield in earth that is the focal point of the God Star, Sirius, and the seat of the Great White Brotherhood. Therefore it has been established. Therefore I come that you might ratify that which is the conclusion of the councils of the Brotherhood.

The opportunity for the continuity of life itself is at hand, to approve or to deny—yea or nay—two words signifying choice. And all of the words before and in between and after do not compensate for the wrong choice.

There are reasons upon reasons why souls may determine to be outside when the door of the ark is shut. I know, for I was there. I am the observer of aeons and aeons of cycles of opportunity, of the rising and falling of the tide of human karma and of the peaks of opportunity to be in the mountain with the avatar and the Lamb, of the lows of opportunity to be in the valley with humanity, seeking out the children of the light from the astral pits and from the prison houses of the fallen ones. They are there in the prisons of Siberia and elsewhere. They are there, the sons of light physically imprisoned, even manipulated in mind and body.

Beloved hearts, the following of the sine wave that is sent from the heart of God through the heart of the messenger is up to each one who would truly be chelas of the flame of Sanat Kumara. To be at the high and the low of the wave at the right point in time and space is all of the answer to your questioning, “Shall I go here” and “Shall I go there?” The haven of safety is the heart of the Mother, of Sanat Kumara,

of the Great White Brotherhood. To be attuned to our wavelength is to make oneself available hour by hour for the manifold purposes that are to be accomplished.

The Door Must Be Entered When the Call Is Heard

I have come, then, that you might know our deliberations, and I place myself almost physically in your midst. Though I am physically in my Beloved, I am just beyond the veil of your own physical form as I place the mantle of my Christ Presence around you to neutralize fear and doubt and the records of your own self-doubt through the records of previous death.

These must give way through the very Person of the Saviour so that you might choose life and understand that the choice has components and a sequence of steps that must be taken from the point in the valley to the point in the mountain, from this hour even to the hour of thy ascension—each step of the way thy teachers signaling what, *what* in thee must be surrendered and what in thee must be forged with fire to become the Word incarnate. These deliberations of thy heart are made in the innermost sanctuary of our being as we counsel each and every one of you hour upon hour for the path of ultimate Victory.

The decisions and choices of life that you make from this hour will determine if you are found in the white cube as initiates of the threefold flame until that flame becomes thy very Self. If it were easy for souls to mount the path of the ascension, many more would do so and you would have evidence of their souls taking flight.

The factor of reincarnation and of earth's population reveals that not so many pass through the door—the door that must be entered when the call is heard. For it too does shut. And when it is shut, it does not open again.

Remember the parable of the bridegroom.² For when he cometh and he enters the bridal chamber, the door is shut and all those virgins whose lamps are not trimmed are without, and they cannot pry open the door until another cycle and another and another provide once again the opportunity for their initiation.
