Shafts of Light for the Sealing of the Temple

O ever beloved children of the Great Central Sun, I AM the Elohim of Purity. I come in a pillar of white fire descending from the Great Central Sun to envelop earth and her evolutions in a mighty light of purity this day, which is for the sealing and the protection of that light that is within light.

From that day—that notable day when the encounter of Light and Darkness must come ere the planetary body and her evolutions may be drawn into the ascension spiral, into the New Day, ere the light of God can be manifest in earth—the vessel must be purified.

Do you think that the present state of mankind's consciousness is capable of receiving the light of Elohim or of the archangels or of the LORD God himself?

Therefore fear not, neither tremble with the coming of the LORD's hosts. For it is for the righting of the energies of man, that they might receive the energies of God.

Fear not, then, with the coming of the trembling of the earth or the coming of the signs of the conclusion of an age, but rather be in the LORD's Spirit on the LORD's day,¹ and take now the energy of the Elohim that I anchor within this heart and use it for the sealing of the light and the light-bearers on earth.

Shafts of Light for the Sealing of the Temple

102

I Place an Energy of Safety and Light within Your Hearts

I charge you, O company of saints! I charge you, one and all, to prepare for the defense of this community of the Holy Spirit and to act on behalf of the children of freedom in America, to insist by the power of the Word that those who represent you in America today shall also take action for the certain defense of all planes of life and consciousness in America and on earth. For the hour is come when the deliverance of the energies of God will also precipitate on earth the reactionary elements of those revolutionaries who are not the revolutionaries of God but are of the fallen ones and the rebellious creation.

Fear not, then, to stand in this, the LORD's day, but invoke the wisdom of God for that standing in the way, which shall be for the victory. For as we have said, we do require a remnant of the seed of the Woman. Therefore, let the seed of Omega come forth and be known, and let that seed be gathered together unto the victory.

I place within your hearts now a cube-energy of safety and of light that is for the reinforcement of your own God consciousness, for the equilibrium and the equalization within you of the light that is in God and the light that must be yours for your victory.

Let these cubes of light, then, be sealed so that you might be those who sustain the link between the past and the future. Let your body be so filled with light that even though you be functioning in this octave, the overwhelming preponderance of your being is sealed within the individual Christ Self.

Be the ones, then, who are for the redemption of the people Israel because you carry that light and that consciousness. And do not forbear to give it forth as the Word, the spoken Word of caution, of warning. And let this spoken Word be

organized and let it be a system whereby word by word, letter by letter, there is a transfer of the necessary information to the people of God in every nation.

**I Place Shafts of Light in the Aura of All Those
Who Have Been without Compromise**

I AM an Elohim of Purity. I seal the City Foursquare! And I seal this coast with a light that you have never dreamed of knowing or understanding, a light that descends now as great shafts to reinforce the work to which the hierarchy has set itself for the sealing of that time, and time, and half a time² that is for the expansion of the teaching and of the light of this dispensation of the Brotherhood.

I come, then, to place these shafts of light in the aura of all those who have been without compromise in their service to our cause. For those who have compromised, there is still the link to the energies of the world that would thereby be amplified by the penetration of shafts of light within the soul. And therefore, because of danger to the individual, we cannot increase the light in those who have not yet seen that the way of compromise is the way of the fallen ones and that the way of light must be exclusively that light that is unto the victory.

Therefore we look, and our angels look, and by the power of the All-Seeing Eye we find those souls who this day throughout the earth have not compromised their inner vow to the Brotherhood and to the Christ, to the Buddha, to Saint Germain.

In each of these we place, then, shafts of light for the sealing of the temple. And all who do not qualify this day may work to qualify themselves by having a greater understanding of the Law and the prophets and the path of initiation and all that God has given through the flame of the Guru and the mantle on earth as in heaven.

The Confrontation of Light and Darkness

Let it be seen, then, that those who would survive in the resurrection must also confirm that resurrection here and now rather than postponing it to another day, rather than entering into the procrastination that is another form of compromise rationalized by the carnal mind.

Let those who have willed to be the will of God receive that will. And let all who recognize the last days, as the last days of Noah, understand that surely before the earth is righted in her course and the Elohim have sealed the journey of the planetary body and of the sons and daughters of God, there must be a great swelling of the violet flame, a great conversion of the masses of the people, or a great cataclysm. For by one or by the other, the earth herself shall come into alignment with the inner matrix, the inner blueprint of the great plan.

This was the message given to you many years ago by the Great Divine Director and by beloved Saint Germain. And therefore I am coming because the days that pass, the cycles that pass, bring the confrontation of Light and Darkness nearer and nearer at hand.

And as Saint Germain and Jesus have told you, though you may wait a century or a millennium, when the day and the hour of the LORD's coming is nigh, it does come in the twinkling of an eye, and then the elements shall melt with a fervent heat.³ And then that judgment, which is upon the heads of all people, will no longer be something for which they may prepare. For the hour of the preparation is past, and the moment, the very moment of the reckoning, is at hand.

So be it. Let the full light of the seven Elohim be registered now within your chakras, and let all who will be uncomfortable for the sake of the kingdom of God—his very consciousness in you—invoke that light in the fullest intensity that the Great Law will allow for your being.

We Come to Intensify Your Cycles

Do not be concerned, then, if by your invocation of that light you may experience a twenty-four or a forty-eight-hour discomfort. For that discomfort may be the readjustment of your physical atoms, and we deem it far more important that this discomfort be upon you for this brief period rather than that the light descending at a later moment should take from you your very platform of evolution and cause the separation of your soul in an untimely manner from your vehicles.

Understand, then, that even the messenger this day, in order to receive this dictation, was required to have such an intensity of step-up in vibration as to also cause that discomfort within the temple, that burning heat and that swooning as the soul attempts to come into alignment with the very presence of Elohim.

As God has said, “My thoughts are not your thoughts,”⁴ so the cycles of God are not your cycles. And the reason that we come is to intensify your cycles so that in the day of judgment and in the day of the coming of the LORD you might be raised into that fullness of the Presence of God. And therefore know that salvation is reserved for the elect, those who elect to do the will of God.

Oh yes, they mocked Noah. For a hundred years or more they mocked him because he preached of the day of judgment. Do you expect that God will warn you one day and then come in the subsequent hour?

God gives ample opportunity for the preparation of souls. And whether it be ten days or ten decades, it is important that you realize that your decision of this moment can set the spiral for your victory and enable you to have such a momentum of light, as Jesus did when the woman touched the hem of his garment,⁵ that many souls who are yet children on the Path may come as the birds of the air and nest

in your hair and in the folds of your garment and be caught up in the spiral of your conviction and of your victory and thereby be saved, even as the Lord Christ saved that thief who was upon the cross with him merely because he witnessed unto the reality of the Son of God.⁶

Let your mantle expand, then! Let your consciousness expand! And see that you be tethered to that polestar and that white-fire core of being.

A Release of Energy for the Awakening of the People

I AM the Elohim! And I charge those who are in the guidance of this organization, as the chohans and the Darjeeling Council as well as the unascended members, that there should be taken up council meetings for the planning of the protection not only of this nucleus of lightbearers but of lightbearers everywhere on earth, and especially of this platform that is America. And then let all lightbearers act—act in the name of the LORD—to challenge their representatives [to understand] that protection must be forthcoming at all levels.

I AM releasing now a very intense energy for the awakening of the people of God and the twelve tribes. It is beginning to burn now through the chakras and the forcefield of the temple of the messenger. It is being transferred to you as an intense coil of energy. It begins now to build heat within the heart chakra.

Do not fear the coming of this light, for it must be transferred through you this day and unto America. For only an intense light and a clapping of the thunder of Almighty God will produce the necessary quickening and shock waves, as it were, to shake this nation into awareness of the things that will surely come to pass unless the inner alignment is achieved.

**To Be the Electrode of God
Is the Call of the Hour**

I send forth the call to sons of God everywhere! Rejoice and come into the flame of Mother! Leave all that you are preoccupied with and come into the glory of God! Come into the teaching and into the service of that teaching. For only the teaching of God will bring forth the victory, and there is no other opening in this hour whereby mankind may clean escape through that portal of the Holy Spirit and the Christ into an everlasting Victory!

The golden age of perfectionment and purity that you envision cannot manifest in the gross, dense matter into which you have formed yourselves. Therefore do not look here or there for the coming of the kingdom of God as through an outer technology, for the kingdom of God and the golden age must be an etheric civilization interpenetrating the Mater civilization. And therefore the way of life of souls who will enter into this platform of reality is a new conception whereby the City Foursquare that descends out of heaven from God must also meet the ascending City Foursquare, which is you, beloved, in the ritual of your resurrection.

Therefore let the Great Pyramid of the Self rise. Let the coil of the ascension rise. And let those who would be the inhabitants of this City Foursquare know that the acceleration of consciousness that must take place will leave those vibrations and those levels far, far behind in the valleys. And there will be the separation of the ways and the separation of forcefields so that those who would enter into the City that is perfect must first know Christ the Lord, who is perfect.

And thus your passport into the kingdom is through the confession of the blessed Saviour, who once walked the earth as Jesus and now walks the earth seeking the one whom he will find to be that Word incarnate, seeking to be one with

you, to walk in you and through you so that you might also declare with him:

I AM the way, the truth, and the life.⁷

I AM the way, the truth, and the life.

I AM the way, the truth, and the life. [Audience joins in.]

Now I continue the intensification of these coils of energy. Now let the preparation of your temples for this energy increase. Now guard this energy as you serve this day and this week, and remember that more than all else that you can do, just to be the pillar of fire, just to be the electrode of God is the call of the hour.

Let this be the most important ritual of the day and the night. Let all else, then, come into proportion, and let the fire that we have passed to you be the most practical manifestation of your zeal and of the release of the full joy of your creativity in the work that is God's work in this age.

Your Strength Is in Your Oneness

I AM sealing you now in the City Foursquare. I AM sealing you in the Camelot of your dream. I AM sealing the land, the earth, the sea, the sky, the atmosphere, but I seal it unto the day of individual victory.

Let the sealing then be your choice to remain aligned with that victory. Let the sealing be for those who know that in the hour of the call you must be wholly aligned with that Trinity.

I have come with a far greater message than you have heard by the spoken Word. That message rests upon your heart and upon your soul. If it be a burden, then I say, be burdened for the sake of humanity! Be burdened and carry the full awareness of the LORD God, that he would bring to you the warning of those things that are shortly to come upon this earth.

Let your burden be a greater awareness of your responsibility as sons and daughters of God and a nonattachment to all outer manifestation, especially the nonattachment to yourself or any other self, except it be the Great God Self of all.

My beloved friends, your strength is in your oneness. Let all that separates and divides the company of the LORD be put aside. Let it be melted by the love that is in you for this people. And with the Mother, pray without ceasing that the LORD God will preserve this people, this nation, and this earth.

So let it be that all the hosts of the LORD who are called into action will be in that notable day the very pillars of fire that will hold up the heavens and seal the earth, that the children of Israel might walk through the sea of the astral plane unto the New Day of the glory in Christ the Lord.

I AM with you unto the fulfillment of this cycle. Let it be an hour-by-hour fulfillment so that you are always and ever-ready to become one with your God no matter when the call, day or night.

Elohim. [Master chants.]

I AM Pure

By God's desire from on high,
Accepted now as I draw nigh,
Like falling snow with star-fire glow,
Thy blessed Purity does bestow
Its gift of Love to me.

I AM pure, pure, pure
By God's own word.
I AM pure, pure, pure,
O fiery sword.
I AM pure, pure, pure,
Truth is adored.

Descend and make me Whole,
Blessed Eucharist, fill my soul.
I AM thy Law, I AM thy Light,
O mold me in thy form so bright!

Beloved I AM! Beloved I AM! Beloved I AM!*
