An Intelligence Report

Part 1

I AM *here!* I AM *there!* And I AM everywhere in the consciousness of God!

I AM in your midst as the flame of joy and I stand with K-17, who releases the rod of light, of white-fire purity as a laser beam. So it is surrounded with the emerald ray. It is the piercing beam of the Eye of God.

Thus with joy in the Eye of the All-Seeing One, we are come to give to you this day our intelligence report—matters of security, of the soul, and of the platform of the soul's evolution.

In the very midst of the triumph and the rejoicing of Camelot,¹ soldiers of light must beware that even while the songs are sung and the shouts of joy ring forth, the enemy, yet in the dark places of the earth, continues to prepare the snare for the Mother and her children.

We are the guardians of the flame—knight champions of old, of Camelot, of our king and our queen and of all who serve the Holy Grail. We come, then, that you might be armed with wisdom and with information.

Blessed hearts, the knowledge is also available to you that the security of the United States hangs together almost only

by a prayer. And it is our prayer, as we give the Our Father, that his legions of light—angels of the sacred fire, legions in the Cosmic Secret Service²—will compensate for the absence of the presence of the All-Seeing Eye anchored in America today.

The value of intelligence through the FBI and other agencies has been reduced almost to zero by a concentrated effort of agents of the KGB working in and among organizations of the United States within the federal government.

The lobbying against all measures that are necessary in a free society for the surveillance of aliens* who have declared their intent to destroy that society is an activity that has been carried out. Working against, then, those necessary techniques, the fallen ones have convinced a sleeping people that their rights are being interfered with in the normal course of events necessary to safeguard the bastions of freedom.

And thus while the fallen ones act in concert—and that not the concert of the music of the spheres but the chaos organized well by the computers of the fallen ones—the children of the light are neither organized nor alert to the dangers in their midst.

The Security Threat of Open Borders

One of the greatest threats to the security of the United States, as it symbolizes the platform for the evolution of the souls of humanity, is the open borders and the failure of the government to take action on the matter of aliens coming from Central America as well as over the Canadian border.

As thousands and thousands of individuals pour over these borders yearly, the population of the United States is changing rapidly and ignorant masses are being manipulated for a dark revolution against the light.

*illegal immigrants

When individuals in power have not the light and those who have the vote have not the light, then where is the possibility of replacing improper representatives with the sons and daughters of God?

Avowedly Marxist, many of the Mexicans who are organized into labor unions and who live on welfare in the United States are simply the tools of the archdeceivers. In their souls these are children of God (for the most part) who have a great devotional flame, a great love ray, and yet they have been held in ignorance for so long that they believe the lie of injustice and therefore they become the instruments for the tearing down of this government.

Add to this the fact that all representatives of K-17 in embodiment are now so hamstrung by the rules and regulations of what they may or may not do, and they are so burdened by the fear of personal exposure when they take action in defense of the security of the government, that today there are scarcely a handful of lightbearers who are able to remain within these organizations to defend the light.

Thus the files, the amassing of information on the enemies of the people who infiltrate America in every city—practically in every organization—are wanting. And even when the files have existed over the past twenty years, when they have been presented to members of Congress they have been put aside, destroyed, hidden, and kept from view of the public, thus encouraging great discouragement among these public servants who see the enemy and yet are held powerless to do anything about the situation, inasmuch as it is a policy of the government itself and not of the intelligence agencies as to what occurs in the activities of spying.

The Selling of Technology and Science

Beloved ones, in addition to the absence of security guarding the technology and the science of the Mother flame, we have the open and wholesale selling to the enemy of all the necessary technology as well as chemicals, natural resources that are necessary for the building up of a giant war machine that is intended to be used to destroy the children of light, not in America alone but in every nation. And thus by a very perverted psychology, a sickness that hangs over the land, the American people are feeding the enemy and giving to him the power to control their daily lives.

Every embassy and center of journalism or information of the Iron Curtain countries and of China is, in fact, a center for the operation of the KGB, the international spy network of the International Capitalist/Communist Conspiracy.³ These individuals are exempt from many of the laws of the land as they enjoy diplomatic immunity. They have free run of the United States, and they are not being surveilled as they should be today.

In addition, all types of devices are being used to monitor the children of light—telephones monitored, conversations—until we find that it is no longer simply the angels and Almighty God keeping watch but it is the fallen ones themselves who are acting as the Watchers for the false hierarchy. Unbeknownst, then, to an ignorant public, you live in an armed camp, and as the years progress it becomes worse and worse.

Files on key Americans, even those who are little known, are kept in the Soviet Union today so that dossiers of information held in computers may be had on all individuals who have taken a stand for freedom and who will take that stand come what may. These, then, are on the lists, the first to be exterminated in any hour of takeover or an increasing

control of the economy and the government of the free world.

Needless to say, this organization is numbered among those that are carefully watched. It is no longer possible for us to give out information in any way—through the mail, through a dictation, to contact our own members with any matters vital to our security. And therefore we speak openly and publicly, knowing well that there is always the possibility for the enemy to be within our midst. Nevertheless, we contact the souls of light.

**Take Up, One by One,
the Issues That Confront the Nation**

What can be done, then? We must tell you this—that in the Spirit plane of effort, your decrees work wonders beyond all telling and indeed hold the line against the toppling of a system that has been bombarded from every level of being and awareness, especially from the astral plane. The decrees of the students of light, of ascended master students as well as the fervent prayer of lovers of God, have held the bastion of light in both India and America.

But, beloved ones, action in the plane of Spirit must also be complemented by action in the plane of Matter. And therefore we ask you to consider how you yourselves may take up, one by one, the issues that confront the nation, especially those issues that are so vital when it comes to the survival of a focus of light and the retreat of the Great White Brotherhood.

America, then, becomes the City Foursquare. Camelot is the jewel in the heart of that city. The attack upon America is ultimately the attack upon Camelot. The destruction of America would mean the destruction of Camelot, perhaps for thousands and thousands of years.

You must realize, then, that all of the anti-America propaganda that has come upon the ears of our youth in this decade is nothing but anti-Christ consciousness that has been put out by the accuser of the brethren. This has caused the people in America to become discouraged, to cease to love their country, to cease to give gratitude to the motherland, and therefore to deprive them of the Mother flame of their own motherland and to deprive them of the Christ genius that is a part of that flame.

The Circle of the Ring-Pass-Not of K-17

The circle of the ring-pass-not of K-17 is placed upon the United States in this moment.⁴ Legions in the Cosmic Secret Service are forming this mighty ring of light by their own bodies, by their own temples, and by their own flames. They are encircling the United States in a mighty ring of fire. Arm upon arm they form a circle, a ring-pass-not, a divine chain of armour. It is the prayer of these legions that *you*, beloved ones, will do the same, that you will see yourselves as a human chain of protection for this forcefield.

The establishment of Camelot represents a tremendous input of effort, energy, abundance, and dispensations from the Cosmic Council, from Saint Germain, from your own causal bodies of light, and your ultimate vote of confidence in the messenger, in the board of directors, and in the entire plan of hierarchy for this age.

I commend you for your foresight, your vision, your sacrifice, and your love, blessed ones. You are to be commended, and hierarchy extends a blessing this day. For we see that mighty energy that you have put forth, preferring not yourselves but preferring the cause in all things. In this way you have won and you will win many victories. As Morya says, “From the beginning, we were winning!”

The Vulnerability of This Nation Is Great

Now let us see, as we have prepared a platform, a nucleus of light, how the opposition to America will increase. Yes, beloved ones, this is part and parcel of the responsibility of expansion, and this is why we have not permitted a great expansion of this organization and we have not placed behind the messenger those energies that would allow her to come before the public and to be advanced.⁵ For this we knew would only increase the opposition to the United States in an hour when the United States is already most vulnerable.

The vulnerability of this nation is so great, and it lies in the individual members of the armed forces themselves, so many of whom are beset by drugs and by the culture of the fallen ones through the music, alcohol, nicotine. And therefore they can scarcely carry a flame, let alone even hold themselves together in the physical octave. They are not sufficient for us to place upon their shoulders the great burden of the light of the coming of the Christ in the Second Coming, with all the hosts and saints of heaven.

Do you see, then, that if we attempt to set upon this mandala that is America today the full weight of cosmic consciousness, it will be crushed under that weight? Not being able to sustain the burden of light, it cannot sustain the burden of darkness pitted against that light.

And thus to increase the light in any given nation is to increase the initiation of the entire population. For even though the people of the United States are not aware of Camelot, their souls are aware of the divine plan and they are a part of the mandala and the unit of karma. And therefore they become that collective consciousness of Camelot—they, the unconscious; you, the conscious—you in your conscious, free being, working to draw them out of their unconsciousness into a living, breathing, awareness of newness of life and

the new order of the ages that is to be realized by thousands and eventually millions of souls.

Pray Earnestly for the Economy of the United States

I must tell you, then, that the primary target against America is her economy. To destroy the economy of America is to destroy Camelot. Your ability to meet the costs of this new campus and this expansion program is dependent directly upon your ability to earn those funds necessary to keep your pledges.

If the economy no longer provides jobs, if there is a sudden depression or a regulation put forth by the Federal Reserve Board (which interferes with the natural flow of supply and demand), then suddenly you will find such a shift that it will make it very difficult for the children of light to continue in this great calling. And therefore the commitment and the responsibility that is upon you is to pray earnestly for the health and the protection of the supply in the United States, of its flow, and of the entire economy.

Well, beloved ones, as a point of intelligence I might add that the economy of this nation has rested not upon the people of America but upon those who are a part of the international conspiracy as they form the elite of the international bankers and their banking houses. And therefore the manipulation of the supply of the Mother and her children does not come through the representatives of the people in Congress but through the private management of individuals who are not the least concerned whether America shall rise or fall, as long as their pockets are full and they are not there in the event of economic collapse or nuclear holocaust.

We must look at reality, beloved ones! There are those in power today who are callous, who have no feeling whatsoever regarding humanity but act only in their own best interest.

When it serves their interests, they preserve a healthy economy. When it serves the international interests that America should go down, a simple adjustment in the banking rates will affect enormous millions of people and the entire flow of energy as supply. The devaluation of the dollar, the putting of the dollar off the gold standard, constant inflation—all of these are manipulations of the sacred fire, of the great flow of God's consciousness, which ought not to be tampered with!

Gold Is the Only Safety Valve

I tell you that gold is the only safety valve for the changing of the value of material supply, and therefore a nation that is not on the gold standard economically has built its house upon sand, and when the wind and the waves come it will come tumbling down. This is why it is necessary for students of light to always remember to prepare for the rainy day and to be careful with supply and to be careful with energy.

The commitment, then, at inner levels of the people of light is to defend the bastions of freedom by making earnest calls for the government, the economy, the education, and the religion in America. Within these there is the penetration of science, and yet science itself is the handmaid of religion.

Thus, the four sides of the pyramid must be fulfilled as you look to your own inner God flame to be the pillars in the temple that is Camelot. With education is culture and the perpetuation of that culture—not as a political ideology that is foreign to the basic founding of this nation but as one that is the reflection of God-government to the earth as taught by the Darjeeling Council.

Take Up the Defense of K-17

Beloved ones, K-17 stands to my side, *handcuffed*. He has asked his angel, his personal aide, to place these handcuffs upon him so that he might stand before you and impress upon your inner sight that *the head of the Cosmic Secret Service this day is handcuffed in terms of being able to defend America by the necessary intelligence!*

And the only individuals who can remove those handcuffs are those in embodiment! And inasmuch as those who are the liberals and of the left wing have seen to it that there is no means any longer through which K-17 can operate effectively, then it falls again to the lightbearers to take up the defense of K-17!

And now you will see that all who are the chelas of K-17 in his legions of light, who form the mighty ring around this nation, are also standing with their hands crossed—handcuffed as a protest, as a registering upon the cosmic screen that *this is the free will of America today!*

I ask you, beloved ones, in God's name, will you let that stand? [Audience replies, "No!"]

“The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom.” This previously unpublished dictation by **Lanello and K-17** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Friday, October 8, 1977**, during the *Soul Liberation* conference, held in Pasadena, California. Part 2 of this *Pearl of Wisdom* is published in this volume, no. 22. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. These books are available at <https://Store.SummitLighthouse.org>; audio products are available at www.AscendedMasterLibrary.org. **(1) Camelot.** When this dictation was given, The Summit Lighthouse had already purchased a property in the Santa Monica Mountains, near Malibu, California, as its international headquarters. This 218-acre estate, purchased on September 26, 1977, was named “Camelot,” after the original Mystery School in Briton established in the fifth or sixth century A.D. by King Arthur (an embodiment of El Morya) and dedicated to the search for the Holy Grail (the Christ consciousness). On July 9, 1978, Elizabeth Clare Prophet commented on the present and future mission of Camelot: “We’re here at Camelot to see to it that when the cry comes forth from around the world for the protection of soul freedom, mental freedom, spiritual freedom, people will call to America, and once again America will answer.” A letter from Mother and Lanello stated: “Camelot is our . . . opportunity to preach the gospel to the nations, to make the ascended masters’ names and their teaching a household word, and to give to the children of God the tools, long denied, to save their souls and save the earth. . . . Let us forge and win our eternal destiny, and in the process bequeath to humanity a golden age.” Camelot remained the headquarters until 1986, when the organization moved to the Royal Teton Ranch in southwest Montana. However, the vision and mission of Camelot remains the same today as stated by the messengers. **(2) The Cosmic Secret Service.** Members of the Cosmic Secret Service (ascended and unascended) are devotees of the All-Seeing Eye of God. They use their God-vision to warn the citizens of cosmos of threats to the security of the individualization of the God flame—threats to life and liberty, threats to the governments of the world and to the family as the basic unit of the Aquarian society. They are the guardians of the destiny of liberty in America and in every nation on earth. K-17 and the legions in his command (who are very close to the physical octave) should be called upon to expose by the power of the All-Seeing Eye those forces and plots that would undermine Saint Germain’s plan for God-government in the golden age. For further information on K-17 and the Cosmic Secret Service, see *The Masters and Their Retreats*, pp. 160–63. **(3) The operation of the KGB.** With the dissolution of the Soviet Union, the KGB was dismantled in 1991 and eventually replaced with the FSB (the Federal Security Service of the Russian Federation).

According to various sources, the FSB has come under criticism for human rights violations and secret police activity. **(4) The circle of the ring-pass-not.** On July 3, 1973, beloved K-17 said, “I would also speak to you of the ring-pass-not. For in situations of danger, it is an added protection, sealing your tube of light in an armour that is like the bars that are placed on automobiles so that when they roll in their testing, they roll on the bars. This means that when you are in situations and you have to roll with the punches and with the knocks, there is a ring-pass-not that is an extra protection that seals you from the intrusion of violence against your physical body and from the penetration of poisons, rays, and all manner of sophisticated weapons that are used against the legions in the Cosmic Secret Service in embodiment. Thus I urge you to call for the ring-pass-not, to keep it about you. For it will insulate you from the mass consciousness, and it will also serve as an electrode to intensify the action of the All-Seeing Eye of God so that you may perceive those threats and dangers that are sent against your lives as you seek to preserve the honor and the integrity of our flame. We stand for the protection of freedom in every land. And we are not partial to any nation as such, but we are partial to the sons and daughters of God who keep the flame in every nation upon earth. And we watch as the infiltration of the dark ones is carried on as an international spy activity and an intrigue from the capitals of those nations who seek to dominate the world with their darkness, their totalitarianism, and their tyranny that is spread abroad solely in the attempt to snuff out the Christ light. America must be protected as the last stronghold of opportunity and freedom. (1973 *Pearls of Wisdom*, vol. 17, no. 12) **(5) We would not allow the messenger to come before the public.** Although the messenger traveled to other nations in 1977 and went stumping nationwide from January of 1978 to November of 1978, it wasn’t until the mid and late 1980s that the messenger became known by the public through magazine articles, radio, and popular television talk shows and interviews. Mrs. Prophet also continued to stump in the 1980s and 1990s.
