## **An Intelligence Report Part 2**

Sometimes, beloved ones, you wonder how God will indeed save the earth. Well, beloved ones, we do not know all things, and sometimes we ponder upon his infinite grace and we allow the method and the means whereby he will save the earth to remain sealed in his consciousness and heart.

We do not allow ourselves to wonder, and yet we must then give of ourselves unreservedly to be his instrument hour by hour and day by day. To be the instrument of the LORD yet not knowing the fullness of his plan is the life of the chela.

However, to be ready when he releases his plan means to study, to be diligent, to be informed, to be aware, to know what is going on, to probe, to have your aura and your mind so filled with that awareness...

## An Intelligence Report

### Part 2

Beloved ones, this is your calling, then, as action in the Matter plane. It cannot only rest with decrees. It must come into organized action. I leave to your deliberations and to your own committee meetings as to how you will organize yourselves into action in order to determine that the necessary information will go forth for the exposure of those fallen ones who have come forth, you see, to tear from the American people the blessings of the All-Seeing Eye of God through cosmic beings who have pledged their service to keep the watch upon the wall of the LORD.<sup>1</sup>

Legions of the Cosmic Secret Service are the direct defenders of the Divine Woman, for it is the Mother who keeps the vision of the immaculate concept for her children. It is the Mother who keeps the eye upon the child to keep the child from danger.

Do you see, then, that as the Mother must scan the universes keeping track of her children, she has many helpers. And the first in line, at the level of the third-eye chakra, is none other than K-17 and his legions of light.

And thus from the hour of my ascension I have joined K-17 as we have worked together for many centuries. For there

cannot be a continuation of this type of information released, as well as the great explosion of light that frees the souls of the people, without a vanguard of individuals who will also protect Camelot and this activity and without another ring of vanguard who will determine that laws shall be enacted and legislation shall be put through that will once again restore that vision, that intelligence, that necessary security.

### The Finger in the Dike

Beloved ones, I do not need to tell you (and yet I state it for the record) that without this teaching, without this manifestation of unity that has been forged and won by lightbearers through this effort, America herself would have no chance for survival in this age.

This is the holding of the finger in the dike. This is where the action of the Word takes place. This is the release of conscious cooperation between the Great White Brotherhood and all embodied lightbearers. Without that conscious, willing cooperation, hand in hand as you receive the necessary information in up-to-the-minute reports and dictations and as you apply the teachings, there cannot be the manifest energy, the power, wisdom, and love to defeat the enemy! It is as simple as that.

We have seen it happen again and again, and we have seen that the disbanding of lightbearers by vicious gossip, by the intrusion of black magic and witchcraft in the past through organizations that have existed for thousands and thousands of years, has cost planetary bodies not only continents but their entire structure. The universe bears record, and geologists will one day read these records of this and other planetary homes.

Thus elemental life has had to be the instrument of the canceling out of discord, because when it came down to the

intensity of the test, the lightbearers themselves lacked either the vision or the selflessness to forget those things that are lesser and concentrate upon the greater, and they have allowed themselves to submit to that war of attrition whereby their ranks have been decimated, one by one.

### **The Tactic of Divide and Conquer**

In this hour there is such a great backing of your lifestreams by cosmic beings that you have been less susceptible to the force of the fallen ones. And the twenty-four-hour decree sessions kept in our teaching centers and in homes of light have sustained a perpetual action by hosts of the LORD who have volunteered and have come from other systems of worlds to fill in the ranks of Archangel Michael and his legions. And therefore hourly, millions of angels and cosmic beings are wielding their swords of blue flame to bind the demons of division, of gossip, and to bind the archdeceivers, whose first and foremost attack is upon the lightbearers to divide and conquer.

This is their tactic. It has not succeeded. But I tell you, beloved ones, that where there have been those individuals who have been taken from your midst suddenly, you will always notice that it is through a change of consciousness, an altered state of mind, an altered state so great as to be scarcely comprehensible by their peers. Suddenly, one who has been in the service of the light for years announces that he will leave because he cannot condone this or that activity of a staff member, of the organization, of the board, or even of the messenger!

Without warning, then, the black lightning of the fallen ones strikes. And this energy strikes at the chakras, at the core of individuals, and it begins a reversal process whereby there is a disintegration ray that works upon the entire accumulation

of the detailed light, the sensitive light-manifestation that comes forth through the dictations and keeps the auras of individuals filled with the fire of the Almighty One.

### **Create a Forcefield of Light in Your Home**

I say to you, then, it is absolutely necessary that you set aside a certain forcefield in your dwelling place, even if it be but a closet. If you do not have a room, then let it be at least a few square feet, a place where only one activity occurs—that of the playing of the dictations, of the rosaries, the bhajans and the decrees, and the giving of your own decrees and prayers—a holy place, the Holy of holies where God himself may stand or send his seraphim to stand when you are about your Father's business.

This focal point is intended to be the electrode within your home. You can line the walls of this little closet (where you enter to pray) with the posters of the ascended masters, with their pictures, with all of the symbols that you have been given. You may place there a statue of Mother Mary, who keeps the flame of the Cosmic Virgin, and any other focuses that are dear to your heart.

And then you must have the necessary tape recorder. It is the most important investment of your life so that you can keep these cassettes playing continuously, even when you are not in your home, so that a spiral of light that emanates from your home can be used by the bands of angels who pass overhead and look for anchor points for their needle rays penetrating into the large cities and the towns of America and the world.

Your focus of light will be a shaft, then, as you keep it pure, from the center of the earth to the heart of the Great Central Sun. And into this shaft of light the hosts of the LORD will penetrate their needlelike rays for the injecting of the purity of God into the minds of millions of people.

Where you do not have a place set aside, then the energy that we can send is limited. For we cannot allow concentrated energies of light to descend into a forcefield where alternately there is the turning on of the television set or the playing of unwholesome music or idle conversation or entering into eating and other relaxations, which are a different type of energy (although not an evil energy) when compared to the action of dynamic decrees and dynamic dictations.

Understand, then, that this is the first order of business in your own abode. You must have your Holy of holies, for you are of the twelve tribes of Israel and you carry the ark of the covenant with you. And thus the priests of the tribe of Levi must enter into that Holy of holies. And when you enter into this chamber, where the ark of the covenant is sealed by the covering cherubim,<sup>2</sup> you put on the garment of the member of the thirteenth tribe, the tribe of the Levites. You officiate at the altar of God, and it is your Christ Self through you who is that priest before the sacred fire.

Let it be, then, that these anchor points of light will be a further deterrent in the staying of the hand of the wicked until that hour when more and more lightbearers will join together to reverse that legislation and that trend of thinking that deprives K-17 of his necessary action.

#### **The Golden-Ratio Spiral Must Go Forth from the Heart of Camelot to Embrace the Entire Continent**

Beloved hearts, if this problem is solved—and solved it must be—it is still not enough. For when all of the intelligence activities are in full operation, if those with whom they are filed do not take advantage of them—namely the president, the cabinet, the Congress—then again they are of no avail. And therefore the entire national policy of security must be realigned with the inner will.

*This is the crisis of America today—that through the media, through the television, we have seen created by the fallen ones here an unreal society, an unreal consciousness, an unreal way of life being carried out by the not-self, the unreal portion of the self, while the soul itself atrophies and the spiritual qualities and faculties atrophy until the individual has no ability to use his God-given gift to relay the light and hold the balance of power in the Dark Cycle.*

Thus, beloved ones, you must begin at a certain point and you must work around the golden-ratio spiral of the cycle that must go forth from the heart of Camelot to embrace the entire continent.

#### **The Counterpoint Plot of the Fallen Ones**

While these activities are occurring here, you will find that in Canada the movement to separate out Quebec<sup>3</sup> and thereby create a rebel state in the midst of the City Four-square is the counterpoint plot of the fallen ones to establish a focus that is directly in opposition to the square of Camelot.

Beloved ones, this plan has been fomenting for years through those rebellious ones who will not surrender their personal pride, their national pride, and therefore blend their energies with the United States of America and the provinces of Canada in one sealing action of a mighty City Foursquare.

If you will draw the square around Canada and the United States, you will see that this is what forms that cosmic cube in the Northern Hemisphere. The separation of the people of Canada and of the United States has long been a plot of the fallen ones. You must realize, then, that the purpose of the establishment of a separate Quebec is not merely for the perpetuation of a separate culture. This is only the surface protest. Underneath it, it becomes a base for the international

conspiracy, for free access by Communist agents and those who manipulate them, who are a part of the international capitalists and their banking systems.

Thus a stronghold of darkness will be set up (if it is allowed to take place by the people of Canada) whereby Camelot itself is intended to be counteracted on a daily basis by this rebellious forcefield, which is identical to the consciousness of Modred and the black knights, who ultimately did bring down the cause of Camelot in that round.

Well, we are determined that it will not happen in this hour! But there is no point in talking about posies and flowers in the fields when the enemy, the Serpent itself, lurks in those fields, which are not safe for the little children to roam free. We desire to see the Elysian fields upon these lands, but this will not occur until the scorpion is bound and the biting and the stinging insects are removed.

They have embodied, and they have embodied with their robot creation. You must, then, be informed. And when you are informed (as much as you can be informed at your level of awareness), you can give mighty fiats. But even then, beloved ones, you must realize that you do not have even 15 percent of the information that is available to us.

And therefore our awareness is so great, and we choose not to reveal all to you today. For we do not desire to create spirals of fear. After all, it is the great fearlessness flame that Saint Germain and K-17 give to their legions as an initiation from the heart of Ray-O-Light.

Those who act in the Cosmic Secret Service must be fearless! In order to be fearless, you must be one with God, one with the Mother in this octave! For through the fount and the heart of the Mother there pours that love that is your instantaneous contact with Almighty God, no matter what the dangers to your lifestream.

We come, then, to reinforce fearlessness and the flame of God-protection, the All-Seeing Eye of God, and the infinite resources wherewith you shall indeed conquer in this age.

### Come to Our Retreat

Sometimes, beloved ones, you wonder how God will indeed save the earth. Well, beloved ones, we do not know all things, and sometimes we ponder upon his infinite grace and we allow the method and the means whereby he will save the earth to remain sealed in his consciousness and heart. We do not allow ourselves to wonder, and yet we must then give of ourselves unreservedly to be his instrument hour by hour and day by day. To be the instrument of the LORD yet not knowing the fullness of his plan is the life of the chela.

However, to be ready when he releases his plan means to study, to be diligent, to be informed, to be aware, to know what is going on, to probe, to have your aura and your mind so filled with that awareness that when God determines to act and gives the call and sends the ray, it will land upon that consciousness that is fully on the *qui vive*\* and ready to *leap* into action to do battle for Saint Germain!

Beloved ones, I invite you to our retreat on the Rhine<sup>4</sup> to attend courses for fourteen days from today under K-17 in the Cosmic Secret Service. And when you come to our retreat, you will have the privilege of removing the handcuffs from K-17 and from his legions, who have imposed this, a form of penance, upon themselves today as a means of transmutation of the great sin of the fallen ones and the sin that they have imposed upon the children of God in ignorance, in malice, in darkness.

Come, then, to our retreat, and learn how you can be consciously cooperating with the ascended masters in the defense of liberty, the Mother flame, and Camelot.

\**qui vive* [French]: on the alert

I AM with you in the joy of all-seeing! And I keep my joy  
in the face of all-seeing! Do the same and we will win, and we  
will not be off guard for a moment but on guard for victory,  
for light, for freedom!

*Forward, march into the light!*

(2) See Exod. 37:1–9. (3) **The movement to separate out Quebec.** The Quebec independence or “separatist” movement gained momentum in the 1960s, leading to the founding of an influential separatist party known as Parti Quebecois in 1968, which is still active today. The ostensible reason for the separatist movement was the preservation and protection of the French language and culture in Quebec. A referendum in 1980 was defeated by a 60 percent to 40 percent margin. In October of 1995, the Quebec separatists were narrowly defeated by a bare majority of 50.6 percent to 49.4 percent. To date, Quebec has remained within the federation of Canada, although there are proponents for Quebec’s independence, which is still considered a controversial issue. (4) **Our retreat on the Rhine.** The retreat of Lanello is located on the etheric plane over Bingen, Germany. The vibration of this retreat is felt throughout the entire town and the surrounding valley. Lanello describes his retreat as our home away from home, containing waterfalls, fountains, and ponds. For further information and teaching on this retreat, see *The Masters and Their Retreats*, pp. 445–47.

## To K-17

K-17, Son of Light  
Keep protection’s armor bright  
Serving the Brotherhood of Light  
By the pow’r of the I AM might  
In dear Freedom’s name  
Guarding the Freedom Flame.

### Refrain:

Flower of hope, threefold flame  
Fleur-de-lis, in God’s name  
Symbol of our dear Saint Germain  
Protect the Keeper of the Flame  
By thy secret pow’r  
Guard us ev’ry hour.

Silent love, standing guard  
In the cause of pure regard  
For the Brothers of the Light  
For our Brotherhood in white  
Ring-pass-not revealed  
Ring-pass-not God sealed.

K-17, thy secret pow’r  
Guards the earth every hour  
From thy service everywhere beams  
Through the all-seeing eye supreme  
Send protection’s gleam  
From thy great heart of peace.\*
