Approach, now, in consciousness, and discover that to love and to increase love and to increase love is to outsmart the fallen ones—every lie, all illusion, all suffering, sin, and death.

Let the refinement of love produce within you the consciousness of the Holy Spirit. Let the refinement of love be for the judgment. And let your pursuit of love be without fail, without hesitation.

Beloved ones, you may wonder why I speak thus. It is because you do not realize that in levels of the mind unknown to you, you resist love and the total giving of the self because of the records of pain.

Beloved Archangel Chamuel

June 15, 2022

The Movement toward the Center of the Great Sun of Love

Hearken unto the light of the Great Central Sun! I come on wings of love to beckon you homeward into the love fires of our twin flames.

Do not fear to love, blessed hearts of fire with truth. Love and love more, for the burning of your heart will be the all-consuming of that substance that can only be dissolved by universal love. This is the great gift of God. As hearts are one in love, so there is the dissolution of hatred and of fear and of terror and of the specters of the night and all creations less than the eternal fount.

O blessed Hope and Faith and Charity, I AM in the center of the great love force. Whosoever will choose Christ this day and believe that Jesus is Lord—even as all who have become one with him are fit to rule—so that one will come, then, into my heart to be received of him who reigns there as the Saviour of all hearts.

I AM Chamuel of the light. I AM in the flame of Hope. I stand before you as I have stood before many civilizations, and I summon you to the great center, the center of the great love force of a cosmos, the Great Central Sun.

The Movement toward the Center of the Great Sun of Love 192

Approach, now, in consciousness, and discover that to love and to increase love and to increase love is to outsmart the fallen ones—every lie, all illusion, all suffering, sin, and death.

Let the refinement of love produce within you the consciousness of the Holy Spirit. Let the refinement of love be for the judgment. And let your pursuit of love be without fail, without hesitation.

Beloved ones, you may wonder why I speak thus. It is because you do not realize that in levels of the mind unknown to you, you resist love and the total giving of the self because of the records of pain.

I say, let God so fill you with love this day that the records of pain are dissolved and that you might feel your own spirit flow as the great love—the great love of a cosmos dissolving first every schism of identity, healing every wound, drawing the alignment of the Great Pyramid, and then inundating life. This is the great discovery, then, of the healing of worlds.

The Great Alchemical Key of Love

I summon the fire of God's love. Now give answer. Now burn within these hearts. Now be the fullness of that Presence of all life. I call you to the great alchemical key of love. I call to Virgo and Pelleur in the sun of even pressure in the heart of the earth. I call to Helios and Vesta.

Now the appointed hour is come! Now release the intensification of the love fires of the Great Central Sun! Now let earth receive the acceleration of the light of love, and let this love be for the Coming Revolution.¹

I AM Chamuel, come for the release of the initiation of love within you. Do you have the courage to love and to be loved, precious hearts?

[Audience responds, "Yes!"]

O beloved ones, then let love try your love, prove your love, and bring you into the initiations of the Cosmic Christ. If you will ask me this evening, I will see to it that your initiations of love begin from the moment of the termination of my message.

For unto me is given the vision of the victory of the City Foursquare, and that vision comes through the understanding of what it means to have a company of saints who are accelerating in the initiations of love. This means standing and putting down the dragons of sensuality, of homosexuality, of the misuse of the sacred fire of the soul in every perversion of art forms and music. It means being able to resist every temptation to criticize or to condemn, every temptation to separate the self out of the great love stream.

Love fires are a discipline of life, *moment by moment*. Love fires are for the exalted beauty of the Christ Self appearing in manifest form. Love is for the nurturing of children. It is the direct confrontation with world hatred.

Beloved ones, you do not know the meaning of facing the cross of world hatred until you feel that weight upon your body, upon your soul, and you hear the cries of children subjected to the outrage of fallen ones as torture and manipulation of body and mind.

When you begin to feel these energies coming to you for transmutation, then you will begin to have a realization of that of which I speak. Until there be initiates of love, relentless in love, who are willing to bear the crucifix of the Lord Christ, we cannot raise the fullness of the threefold flame for the advancement of the golden age.

There are vast pockets of hatred that remain untransmuted simply because there are not in embodiment today souls of light who can sustain the love fires long enough for the transmutation to take place.

Time and again we have witnessed that as those who have sought to be pillars of love have experienced the confrontation with every form of evil, insanity, and the commission of violent crimes, they have been so inundated as to cause them even harm to their temples. And therefore we have interceded and we have come between the student (the soul of light) and his own self-destruction because he has called for too much in the hour of initiation.

Know the Meaning of Being a Vortex of Light

Learn to love, then, as you would steady yourself in a new path. Learn to deal with the fires of love. For this is the energy that will forge in you a permanent reality, and in the process it will burn the very substance, the very fabric of your miscreations until you feel stripped of your garments, standing naked in the wind of the Holy Spirit.

In the element of sacred fire, come to know, then, the meaning of being a vortex of light. Know, then, that to be an initiate of love you must be sensitive to the cycles of energy twenty-four hours a day. And thus your Christ Self will awaken you, will come to you, will remind you, will report to you of danger, of impending energies. And you must be swift to be obedient to the voice within, to make the calls, to rise with alacrity to give forth the fiats. You dare not tarry with the energies of the dragon and the fallen ones, of misqualified love. These energies, beloved ones, must be respected because they contain the fohat of creation of a universe.

You are being given many keys, and from the standpoint of the ascended masters, each key is vital. And indeed it is. For door after door is unlocked as you go to the retreat, and then the inner retreat, and then the Retreat behind the inner retreat as the Sun behind the sun.

Service to Life Is an Opportunity for Love to Increase

And so, beloved ones, the key of love, as an initiation of the expanding heart fires, may be found in service to life. Service, beloved ones, generates a most *extraordinary* descent of energy from God. Those who are servants in the many capacities of service that are open to mankind have more energy at their disposal than any others who are a part of earth's evolutions. This increase of energy through service is a guardian action of the heart, encircling the heart with greater light and thereby opening the valve as an opportunity for love to increase. And therefore the initiations of love are born.

The losing of the self in service is the best way to find your own beloved I AM Presence and your own beloved twin flame. For you see, it is the dharma of twin flames to meet in the union of celestial love and to bring that love to bear upon the action, the now-action of the Holy Spirit upon earth.

If you are striving, then, to find your service, you may look again and find that you have found your very own Beloved. And in that mutual sharing you then may forge the eternal union won through your ascension and your overcoming. It is this return to the Beloved that allows the love fires of initiation to increase, as Above, so below, and the connecting link of the figure-eight spiral, heart to heart, enables those so united in love to then be the expression of the greater initiations of the wholeness of Alpha and Omega on earth.

The Love Fires of Twin Flames

Wherever the ascended masters of the Great White Brotherhood have sponsored an endeavor of light, they have first drawn together twin flames so that the initiations of the love fires might be the origin of that spiral of opportunity.

And so the love fires of twin flames form the mighty spiral that encircles the earth and worlds beyond, until by the single magnet of twin flames, many, many unions are forged and won.

But beware. For in the unions that come about by the very presence of twin flames in the beloved messengers, there is that greater challenge to sustain love and wisdom. And thus you see in America and in the nations of the earth that wherever unity is established in marriage or in the alchemical marriage of the soul with the Spirit, there is the ramming of the forces of the night to destroy that unity and that flame.

There is no other way to preserve love than to immerse the self in the great sphere of Being. To allow a portion of the self to remain without* this great sphere is to increase one's vulnerability a thousandfold. Vulnerability, then, to the fallen ones, who desire above all to seize and misuse the light of love, must not be allowed by the initiate of the sacred fire.

Therefore, *be* the friend of God. Be the friend of God and know that by your link, by your truest friendship, God will seal you. God will increase in you his light. God will increase your ability to hold light and therefore to be the salvation of lifewaves. Ultimately the love of you and your twin flame is destined to be the center of a cosmos.

The Focal Point of Transmutation in the Heart of the Messenger

Your experiments with love that have failed may pass into the flame this hour. For I have placed within the heart of the messenger a great heart of love—love energy that I anchor here specifically so that you might send to this focal point your misqualified substance—every hatred, every unnecessary expenditure of God's energy. You may send it to this

*outside of

focal point for transmutation, and then let it be returned to you by the mighty figure-eight flow of the Buddha and the Mother. And then you will know what purity of love can be. Then you will know what it means to once again have a reservoir of the creative fires of love.

Think what it means to have liquid energy ready for use! You might say it is like money in the bank ready to be spent on the latest project, the latest form of service that you would render.

Do you realize how much of love's energies you have locked in impure desire, in possessiveness, in fruitless endeavor to the glory of the ego? Would you not like to have that love released for the absolute thrust of dominion on earth?

O beloved ones, I tell you that to live and move and have your being within this love, to be able to put your hands as in a great cosmic sea and to come forth with flaming love, *drenched* with love, and to expand it, extend it, to mold the most beautiful patterns of sculpture and of art, of design, and of a plan for God-government—*this is life! This is living!* And it is not the impoverished sense where you can scarcely take another step, so drained are you of your own fires of love within all of your chakras.

The fohatic light of love *is* in the white-fire core, the cohesive light of Alpha and Omega. Think, then, what it will mean when little children and people of all ages can run and spring and dance and know what creativity is—all the day, *all the day*.

This is the dispensation of Helios and Vesta in this moment—to extend that great heart of love so that a body of souls who come together and are gathered for the ascended masters and for their soul's liberation might prove the experiment of love, might receive back again their own

native love and then use it for the perfectionment of the soul. You will win your soul liberation by this very love! It is like having access to the pink band of your causal body right here in tangible/intangible manifestation.

What do you think, beloved ones? Why, you scarcely know what to think because it has been so very long since you really knew what the great excess of God's love can mean in your life!

It is the rippling joy of poetry and song, of music and fulfillment. It is laughter once again. It is freedom through and through. It is the fragrance of mother rose and celestial hue, of white and blue and gold. It is the green of certain precipitation. For love—the harmony of love—is your precipitation of the City Foursquare.

Be the Victory of Love for All Eternity

Come, then, beloved ones, and learn of me. For I AM love, God's pure love in winged manifestation here above—now here and there and, lo, everywhere, I AM love in you. I AM God loving you, loving your soul, making you whole, keeping you one, revealing the goal. I AM love within your cells, that healing love and light that dispels now the darkness of the night.

I AM the light, light, light. I AM the candle glow of a million thousand candles in cosmos celebrating love, singing hymns of praise and life. I AM legions of angels all in one. I AM Alpha-Omega in the Central Sun. I compel you to that Sun, as the heart of Mother now intensifies as love. But I caution: now remember your vow.

Beloved hearts, as you receive the fires of love purified, remember that your example will be to the Lords of Karma of what can be given to the children of God again and again. If you are able to seal the love returned to you only in the

creativity of service, then another and another grant will be given—not alone to you as a remnant but to others who then will be drawn by the great magnet of your love to Camelot, to light, to creativity here.

And so, precious ones, this that we establish on this day and date of our new year can be a nucleus, a magnet of the Central Sun of love that keeps on carrying to itself more and more and more of that love.

As you then receive the love fires, purified, of your own Great God Self, know that if you will once again bring that love—purified, multiplied, in creativity—back to God, he will again give to you another portion and another. As if it were the money in the bank that you spend, God would give it to you again, and then tenfold.

And so the more you spend of God's light on him, the more he gives to you again of that light. This increase, circle by circle, sphere by sphere, is *destined*—I promise you—to swallow up the earth and to make her freedom's star of love.

[Applause]

I seal you now, and I seal the flow of your energy. Of all those who are willing to relinquish love misqualified and to receive love transmuted, I seal you in a spiral connecting you to the heart of Mother as the heart, the focal point of Helios and Vesta. This action will take place while you sleep. It will continue until all that can be transmuted will be accomplished and returned.

Keep the Word! Keep the faith! Keep the trust! Keep the love that God commits to you!

Keep the faith. Keep the trust. Keep the love. For many lifetimes in this and other systems hang upon your resolution to be unqualified love.

Go be the victory of love for all eternity!

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Archangel Chamuel** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Friday, October 8, 1977**, during the *Soul Liberation* conference, held in Pasadena, California. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. These books are available at <https://Store.SummitLighthouse.org>; audio products are available at www.AscendedMasterLibrary.org. (1) **The Coming Revolution.** On October 6, 1977, Elizabeth Clare Prophet stated: "This is a movement of the Coming Revolution. It is the Coming Revolution of the Mother and her children. We will be hearing this as the theme of our soul liberation. Our souls cannot be free while our temples are the victims of the fallen ones. . . . The fallen ones cannot destroy the flame, and therefore they attempt to destroy the temple that houses the flame." The messenger then delivered lectures on the attack on youth through drugs and rock music. On October 7, Mrs. Prophet stated that "the revolution of the fallen ones takes place just minutes before the Coming Revolution of the Mother and her children, which is a revolution in higher consciousness."
