## **The Hope of the Mother and Her Children**

My beloved in purity, I stand in your midst as I have stood on so many occasions. As we have gathered together through the ages, my presence has become to you a sense of well-being, a feeling that all is well with the soul and with God.

I am the carrier of a scroll, and upon my scroll are many notations given to me by Alpha and Omega. The notations are concerning the details of the lives of the sons and daughters of God. And thus it is often I who stand next to you, prompting you in the personal disciplines of self-mastery, which give to you a victory for a greater level of consciousness. And this is the meaning of the annunciation.

When you receive the annunciation of the birth of the Christ within you, it means that you have assembled—by the process of many efforts and much striving—evidence before the Lords of Karma and your own God Self that you are being promoted to a new level of Christ-awareness. At that moment I come with the annunciation.

On many occasions, as it has been appointed to me to come to you with your annunciation, the fallen ones have already read the victory, the potential victory of your soul. And therefore one, two, or three days before my coming they

have come to knock upon your door. They have brought to you the temptations of this world, the contamination of your bodies through impure substance.

These fallen ones have incarnated in this age as those who are the sellers and the users of drugs. And thus with that substance in your temples you were not able to receive my message, and therefore I was directed by God not to deliver the message. And the fruit of your experience in the use of that drug has simply been a letdown into a lower level of astral consciousness.

This, beloved ones, is the initiation of the fallen ones, who have used the use of drugs among our youth to initiate them in black magic, unbeknownst to them! And thus there is the initiation into the ranks of the false hierarchy by the very fact that you have accepted their emissaries and the substance they have purveyed!

This is the terrible plight of the children of God upon earth! They have been literally seduced, I tell you, into darkness and the ways of darkness! With the drugs, then, they have entered into the misuse of the rhythm of the Mother and then into dishonest practices. And lo and behold, we find that the soul who was moving toward a very personal victory has been torn down, now, to the levels of self-degradation beyond any that I can recall since the days of Atlantis!

Beloved ones, it is happening in nation after nation. Much of this comes through the Soviet Union and Communist China. But it comes through many others, and they are in many guises through international crime. And thus, beloved ones, it is the fallen ones to whom we direct our ray of judgment and discipline this night, and not to those who are in any particular pocket of ideology. World conquest is sought by many, beloved ones, and the agents of the false hierarchy are in various manifestations.

### **Marijuana Prevents the Raising of the Kundalini**

Beloved ones, I come to you by the dispensation of the Darjeeling Council, of these messengers who have served these many years, and of the students who have given their calls. Thus all who have given of the light have created a forcefield whereby I might make known to you this darkness and this degradation.

Therefore the lie of harmlessness has gone forth and the fallen ones have entered the governments, where they seek to decriminalize that use of marijuana—the most dangerous drug, the perversion of Mother light, and that which prevents the raising of the Kundalini fires within you.

*Beloved ones, this is the message that must be shouted from the housetops!* You must go back to those souls whom you have known who are still involved in these practices! You must tell them that they are being initiated by invisible ones, fallen ones who have seen their light and desire that light with the greatest degradation and darkness, the filth of their astral consciousness. And they desire to drink that light.

If you can but imagine the face of the vampire drinking the blood of the newborn baby, you can understand what is this desire of these discarnates to have the blood of the light-bearers. These discarnates are vicious, but they wear the masks of the comforter. They come in, offering you solace and love and the occupation of your energies and an association with those who understand the so-called deeper things of life. They promise to show you mysteries and they take you into that high hill and show you the kingdoms of the astral plane; and your fascination increases.

### **I Release to You That Great Purity of Alpha and Omega**

Beloved ones, I come before you as an emissary of God! I stand in the white lightning of my Presence and I release to

you that great purity of Alpha and Omega whereby your only desire is to be God, whereby you desire to be stripped of the sophistication of this world and its intrigue.

When you can follow the blessed teaching of Gautama Buddha, then and only then are you without an opening to the fallen ones. Your nonattachment, then, is the secret. For then you cannot be bribed by promises of either sensual happiness or wealth.

Beloved ones, the Buddha came. The Buddha delivered his message so that you might be able to follow the path of the Christ. He came forewarning you of the days when the fallen ones would play upon your desires and your naïveté, your credulity.

Beloved ones, hear me. I am your friend. You know me well. And when you see me coming and you are in your light body in the etheric highways, you say, "Hail, Gabriel, friend of old!" And we greet one another as comrades, and we embrace.

I am not so far removed from you except in great spheres of cosmic consciousness, which are my forcefield of my attainment. And these I use, together with the archangels and the Elohim, to absorb much of the darkness that is upon the face of the earth.

The meaning, then, of being present with the archangels and the Elohim and cosmic beings is that you are able to stand in accelerations—vortices of light, whirling spheres. In fact, beyond number are these whirling spheres within our aura, one inside the other. These spheres are magnetic. The vortex that they create draws the energies of impurity, and therefore it is the Elohim and the archangels who have stood between mankind and their self-destruction through the misuse of nuclear energy. On this and other planetary bodies, when there have been mishaps with experiments,

we have been allowed by cosmic law to draw that energy into these great spheres of light and to transmute that energy.

### **Keep Your Harmony**

Beloved ones, this attainment is not far from you. Therefore, I exceed you only by the rounds and revolutions of light-years of cosmos, which I have traversed without departing from the flame of God-harmony. If you keep your God-harmony, you will accelerate your power to transmute darkness manifold, day by day.

The problem we face with students of the light is the tremendous buildup of energy within a weak matrix. The matrix cannot contain the light, and therefore filled with light that matrix does crack. The matrix is your emotional body, which you must discipline, and you must be determined to maintain peace no matter what the outer conditions.

Beloved ones, there is a technique for going within to the great sphere of light within your heart and to be, then, an observer of the passing scene rather than as a cork bobbing upon the waves.

Beloved ones, open your hearts! Open your arms! And let me see your acceptance of my message. I *demand* that you unfold your arms! For I come in the name of God! And I come to deliver to your centers a greater discipline of force-field whereby you can withstand the riptides of feeling-energy that assault you and cause you to rupture the flow of light.

We would increase your light. We have the energy to give you. You are sincere in desiring this light, and your intent is to do only good. It is a question of mathematics. You do not place fifty pounds of lead in a tissue sack. It will break. It will tear. Therefore, fortify your chakras and your lower bodies by the spiritual exercise of harmony.

God Harmony desires to deliver to you an epoch-making address.<sup>1</sup> This dispensation has not been given because greater harmony is required in the students of light throughout the earth. I ask you to prepare for this dictation and this dispensation, for it is the energy of the great God Harmony that will give to you that edge, that focus of light that will place you ahead of the fallen ones.

Blessed hearts, you are most precious, most precious, indeed. Our love for you would give to you, if it were possible, the comfort, joy, glory, and abundance of all that you require, *on the instant*. But we must stand holding the reins of cosmic energy while you bring yourself into alignment with these reins.

Blessed hearts, I often stand in the aura of the messenger to renew her strength and to seal my light within this temple. By cosmic law I am able to do this because of the sustainment of the flow of energy at the point of harmony, regardless of disciplinary requirements or the need for concentrated energy in managing those conditions of the human consciousness that may manifest in the students.

### **The Fallen Ones Have Hidden within Your Garment**

Beloved ones, if you would desire with a deep desiring of your heart for the archangels to stand in your presence, to draw your beings into alignment, to give you light, then I say, understand that working for this dispensation takes greater work by far than a major accomplishment in the fields of earthly discipline and study. But come it will when you love enough, when you have transmuted enough, and when you have compelled those forces that have hidden in your garment to leave by the light and by the sacred fire.

Precious ones, unbeknownst to you the fallen ones have come and hidden themselves in your garments. "Why can

this happen?” you ask. It is because of an undisciplined aura and forcefield, allowing yourself to be opened by conditions in your environment and forgetting the basic law when this occurs—the law of calling upon the law of forgiveness and reestablishing your tube of light and your forcefield of Archangel Michael.

Thus sometimes by haste, at other times by neglect or ignorance, you have left yourself vulnerable by your own breach of the cosmic code of harmony. It is then that they steal into your forcefield, build their little nests, and lie in wait for another occasion to take your energy. None of this need be if you will hearken to the messages of the archangels.

We, then, offer ourselves lovingly in answer to your call to stand between life in this octave and that which imperils it through the misuse of nuclear weapons.

Beloved ones, it is important that you have a fiat of light [that you give] to the archangels and the Elohim so that at all times, twenty-four hours a day, we may guard in the physical octave, by your authority and the authority of your God Presence, the installations of nuclear power plants, places in every nation where there is experimentation with nuclear weapons and the explosion of these weapons in the sea, in the earth, in the atmosphere.

Beloved ones, we are cooperating with the four beings of the elements to keep this planetary body as an evolutionary platform for men and women who desire freedom and who are determined to be free.

I come, then, with a blessing of light. And now I intensify the action and I direct a multitude of light rays into each individual forcefield for the penetration of that substance that has been placed there, unbeknownst to you, as the result of your absence of self-mastery in many incarnations, in times that would be to you in this moment ancient beyond

the most ancient yet so recent that the akashic records are yet alive with that experience.

Some of you have had your auras tampered with, your four lower bodies tampered with, and certain forcefields of mind control implanted therein. These forcefields were actually timed to be activated thousands and tens of thousands of years later, when the fallen ones planned their mass manipulation, which they are carrying out today.

There is another reason why there is a step-up of physical and mental diseases. It is because there has been an activation of these forcefields, and you will notice how those on the astral plane who have implanted them are attempting to interfere with my message to you.

Beloved ones, it is good that you know not all that the fallen ones have developed to misuse against the lightbearers. But the ascended masters are real. The archangels are real. And if you will use your discrimination and your discipline in dealing with these conditions, the science of the spoken Word is sufficient to cancel out all that is not of the light within you when that science of the spoken Word is accompanied by absolute selflessness and the all-love that must excel in your soul liberation.

I have given to you a number of keys for your soul liberation. Take them. Use them for yourself. Give them to those who are worthy.

### **The One Great Truth of Your Life Is At-One-Ment with God**

Call to me when you require my assistance, for I will come with my scroll and my notes on your lifestream and I will deal with you directly and in a most forthright manner. I will take from you all chaos and confusion regarding your use of power as the Mother flame so that you are not constantly

beset with indecision because you are confused by the many, many facts that pit themselves against the one great truth of your life. And that truth is *at-one-ment* with God.

All that leads to at-one-ment with God is truth. All that detracts therefrom, even for a moment, is error. Therefore learn to use all activities for at-one-ment and render them, by the alchemy of oneness, acceptable in the sight of God. And those activities that cannot be used for at-one-ment, eliminate them. Drop them. Be nonattached.

For as soon as you drop them, as well as acquaintances who do not lead to the light of your life, you will find that we will immediately replace them in your lives with ascended master activities—challenges for the full use of your talents and faculties. In fact you will say to me, “Gabriel, Gabriel, I never could have understood how my life could be so full of joy and challenge and activity, and I am grateful for your message to me. But, Gabriel, would you please allow me to slow down just a little bit to catch my breath?” [Laughter]

Well, beloved ones, catch your breath and not a fly!

[Laughter]

### Learn the Secret of the Sealing of the Chakras

Precious ones, you do not desire to leave your mouths open or your chakras open so that the fallen ones may direct their missiles right into your Inner Self. Therefore, learn the secret of the sealing of the chakras:

Place your left hand over your heart. Take your right hand, go to your heart, and visualize being drawn therefrom a white disc, which is now in the palm of your right hand. It is an electrode of energy that you draw from your heart chamber.

Now in your hand you take the white disc and you begin at the crown and you place your hand at the distance of from

one inch to two inches from your chakras. And you simply make the motion of passing over the crown, the third eye, the throat, the heart, solar plexus, seat of the soul, and base chakra. By the action of the disc of the heart sealed in the hand is the sealing of the chakras established.

This is something you can do many times a day, especially when you find yourselves in those conditions of the world where all those around you are milking you and draining you of your light because you are the greatest light in the midst of that which is a lower forcefield.

This happens simply by law. All things that have a lesser vibration than your own will, as the parched earth, drink in your light. And therefore the sealing action of the tube of light, the violet flame, the ring-pass-not, and the energies of Archangel Michael must all be employed. For you are working, beloved ones, twenty-four hours a day in the sewers of life.

You are in the sewer of mankind’s consciousness, being bombarded by their misuse of radio waves, television, energies, and all that comes from outer space as well as the warfare of the psychics directing their mental manipulations and their psychic energy. And thus much of this passes through your forcefield, when instead we desire to see it thrust back as it hits the tube of light and is rejected and repelled from your chakras.

Beloved ones, we will not stand for your temples being tampered with any longer! We have given you many keys. We desire that you use them. It is such a great, great pity that the little children as well as the children of light allow themselves to be put upon by the energies of the world, not realizing that the levels of fatigue that come upon you are actually the result of this bombardment and not the result of what you eat or you do not eat, and not because of your vitamins or your minerals. But it is because, beloved ones, you are under

the greatest attack that you have been under in many, many, many lifetimes.

It is obviously important that you are disciplined with that which you take in. It is important that you maintain the balance of your body through the necessary nutrients. But when all is said and done, these are not sufficient to keep you at that level of activity required for the Coming Revolution.

Therefore, use the techniques. We give them to you lovingly because you are our beloved. Beware, then, of the misuse of your life and your lifestream, for you are the only source that the fallen ones have in order to perpetuate their existence. Do not allow them, then, to rob the great treasures of Almighty God through your personal neglect of your personal alchemy.

### **Simply Be What You Must Be, by Being Your True Self**

I AM Gabriel. I greet you from the flaming center of the Sun. I rejoice, for God has given to me that timetable whereby I may return to you individually, those of you who have been deprived of my annunciation and your initiation over the past decade.

Now I come and I say, prepare yourselves. For in the coming six weeks I will be allowed to appear before you. This is conditional upon your self-discipline, your God-harmony, and your commitment to the cause of the Great White Brotherhood.

Precious ones, do not allow anxiety to come upon you, for truly God has given you every teaching and all the support and angels and legions of light to assist you. Now simply *be what you must be*, by being your True Self.

I hold the Holy Grail. It is a cup of Christ consciousness. As you know, I have placed it over the Ashram of the World Mother<sup>2</sup>—its forcefield, its Electronic Presence. If you will

apply to me and to Serapis Bey for the wondrous, joyous disciplines of the fourth ray, we will prepare you for a certain inner activity with the Holy Grail.

O children of the Sun, run to greet the light! Run to greet your deliverers and the initiators of your life! For God would give to you the allness of himself. Take that allness as you give your allness, and be filled, be strengthened, be God-willed, be loved.

I AM in wisdom's flame, the white-fire core of purity.

**"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom."**

This previously unpublished dictation by **Archangel Gabriel** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Monday, October 10, 1977**, during the *Soul Liberation* conference, held in Pasadena, California. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. These books are available at <https://Store.SummitLighthouse.org>; audio products are available at [www.AscendedMasterLibrary.org](http://www.AscendedMasterLibrary.org). **[N.B.** Bracketed words have been added for clarity in the written word.]

**(1) God Harmony's epoch-making address.** On October 7, 1978, God Harmony addressed the student body during a dictation given by beloved Lanello at the *Touch of Shiva* conference, held at Camelot. Lanello stated that because of certain elements of discord in the community surrounding our messenger, the Lords of Karma did not permit God Harmony to speak until now. In his address, God Harmony released the balancing light of Alpha to Omega. He said, "I, God Harmony, stand in your midst for the equalization of the energies of the etheric, mental, emotional, and physical bodies to facilitate your carrying in the chalice of being the greater light that is decreed by the hosts of the LORD. I AM God Harmony. I AM the harmony of the origin of cycles in your being and I carry the vibration of the absolute harmony of a cosmos. And without that harmony, beloved ones, the entire cosmos itself would collapse. . . . O beloved ones, I have come in a great sphere of harmony. I have come with legions of light who are actually holding back the fullness of the intensity of that light of Alpha and Omega that I bear, for only a certain portion of that great sphere may come unto your temple in this hour. . . . I have reached the moment when a sufficient amount of light has been received by you, and by cosmic law I may not remain any longer, until you have learned a greater discipline and science of your own harmony. . . . Peace. Peace, beloved. Every war and every battle may be won by you by the science of absolute God-harmony."

**(2) The Ashram of the World Mother.** In 1976, the messenger Elizabeth Clare Prophet established the Ashram of the World Mother in downtown Los Angeles. On June 21, 1977, Saint Germain stated that Archangel Gabriel had placed the focus of the Holy Grail at the Ashram. On December 28, 1977, the God and Goddess Meru also announced that the Ashram would be an extension of their retreat at Lake Titicaca, in the Andes Mountains. The Ashram was eventually sold in 1983.

## Wings of Hope

To the Archeia of the Fourth Ray

Wings of Hope, enfold our planet 'round  
 Wings of Hope, bring freedom's joyful sound  
 Bells of peace and joy they ring  
 Make all life arise and sing.  
 Resurrection's flame of beauty bright  
 Raise our earth victorious in Light  
 Wings of Hope from God's great heart  
 Love's forgiveness prove.

Wings of Hope of Cosmic Christ release  
 Transmute discord into heaven's peace  
 By the pow'r of your heart flame  
 Raise the earth in the I AM name.  
 Wings of Hope, protect God's Life in all  
 Free all elementals great and small  
 All Hope's courage now impart  
 To each beating heart.

Wings of Hope, we lovingly adore  
 God's perfection earth once knew before  
 Resurrect in worlds of men  
 God's perfection here again.  
 Central Sun, our source of Life so dear  
 Bless our Hope for bringing to us here  
 Wings of Hope that all may be  
 Free eternally.\*
