**An Essay on Freedom  
Part 1**

You have heard the key of the Coming Revolution as the key to the undoing of the Capitalist/Communist Conspiracy. Now see the key that God will use to undo that conspiracy. It is you, beloved ones. You are the key in the arch. By your oneness you forge a union that is absolutely unbeatable!

O beloved ones, I see the path before you. I see the choices. Yet there is but one choice that you can make and survive.

The choice is to live in God. The choice is to live with one another in God and to love wisely and to live to transfer that love. This great sphere of your mandala becomes a love magnet. Whirling and spinning, it attracts more of itself and eliminates all that is unlike itself.

Are you beginning to see the vision—the vision...

## An Essay on Freedom

### Part 1

Hail, sons and daughters of light! Hail, friends of freedom! I AM come in the fullness of the light of the Aquarian cycle of your own soul's liberation.

What does this mean? It means that in the cycle of your soul's evolution, regardless of the cycles of the earth or the solar systems, you come to the place in initiation of the time, the hour, the moment when for you Aquarius is rising.

This is the inner meaning of the Aquarian age. It means that a certain segment of earth's evolutions—lightbearers of old—have come to the seventh day of rest, and by the alchemy of acceleration they may now draw into that cycle, that ritual of fulfillment, whereby the ascension becomes the conclusion and the grand co-measurement of the consummation of all life.

You, then, stand, as you have come, as you have heard the call, seen my face on the wall, in life, and in eternity. You have known that here is the key to your overcoming. I am glad that you have responded, for by your response others will respond. And therefore I am prepared to convey to you this night that which is allowed by the Lords of Karma.

*An Essay on Freedom*

248

I thank you for the energy you have released for the sealing of America. Ladies and gentlemen, won't you be seated.

### Acceleration Is Required

Soul liberation continues at inner levels. Many hearts are softening unto the light. The great action of the release of the violet flame has resulted in an extraordinary manifestation of a coming into the light by individuals on the planetary body who would not have responded a decade ago. This softening of the forcefield of the heart is directly attributed by the Lords of Karma to the invocations to the violet flame, to the Elohim Astrea, and to Archangel Michael, who have taken your calls and used the energy to begin the balancing of the threefold flame and the clearing of the hardness of men's hearts.

Thus our movement expands in the quality of lightbearers, and souls are moving toward the center of the sun of love, though they know not that they will pass through the fires of initiation of the ascended masters.

When we look at the divine events, we must mark many check marks for progress. The problem is, beloved ones, that when we examine human events, we see that so much more has been accomplished in a downward spiral that the progress of divine events is not compensating for the downward trends! Thus acceleration is required, and thus I have come.

### Violet Flame and the Impetus of the Atomic Accelerator

As I have studied the movement of light, I have seen that what is required is *impetus*, a spinning of the wheel of life within you. As you would take a whirling sphere and give it a spin, so I come this evening to give you a spin of my life and my flame. And this will be that manifestation of a transfer of light at the conclusion of my dictation, which is equivalent to

your having sat in the “atomic accelerator” for one minute.

Blessed ones, the atomic accelerator is that forcefield. It is a chair—the ascension chair. It is used to accelerate souls who have balanced an extraordinary quantity of karma and to assist them on the path of the ascension. Certain initiates of the Brotherhood have been taken into our retreat and have been assisted by the action of this forcefield.

The dispensation I bring is that by the action of the violet flame within you and by the calls that you have given, I will transfer a momentum of violet flame, intensified by the ascension coil, giving to you the opportunity to sustain that level of violet flame if from this moment on you will continue your calls to the violet flame and accelerate them a minimum of from fifteen minutes a day to a necessary action of thirty minutes. Thus with this amount of violet flame, you will be able to sustain in consciousness—given your own harmony and the alignment of your vehicles—that which you receive as impetus from the atomic accelerator.

Beloved ones, this dispensation is designed to spin the top of the earth. It is designed to accelerate molecules and momentums—*life, consciousness, invention, genius, love*, and above all, the movement toward the white-fire core of being.

You, then, become electrodes in the teeming cities. And you must take care to guard your consciousness, guard the stability of your momentum, and realize that the corresponding downward spirals will attempt to take from you your fast-moving momentum.

By this acceleration you will be able to transmute more and more of the world’s misqualified energies without any concern or burden to your vehicles. And therefore there will be a lightening of the energies of the Dark Cycle even as you go forth to give wisdom, knowledge, education, and the exposure of the lie.

### **More and More Souls Are Coming through Our Doors**

Beloved ones, I have come for the initiation not alone of souls but of the Aquarian cycle. It is the desire of beloved Jesus Christ to bring those who are in the Piscean cycle of their individual evolution to the fulfillment of that cycle as the conclusion of the awareness of the Christ and as the fulfillment of the Holy Spirit.

And so, there are many souls today who are Christians and in the Christian movements or who are outside of these movements because they have become disillusioned with them. These are souls who, ere several years have passed, will find that your acceleration, transferred to them as their acceleration, will bring them to the place where they will be able to conclude their Piscean initiations and come into the Aquarian cycle of my own heart flame.

And thus you will find coming through the doors of the temple more and more souls who formerly would have rejected this teaching. They will be quickened by the Holy Spirit, by further dispensations. And by now you have comprehended that dispensations are upon dispensations and that each dispensation is an opportunity granted to a part of life in order to prove itself worthy to hold the flame for another part of life. And therefore we have seen over the years that where the students have carried the light we have given, so many, many more have been blessed.

Many of you have loved ones, cherished ones, friends who are under the tutelage of beloved Jesus, and you have desired to explain that we serve hand in hand and that the many ascended hosts of light are not in competition with the Lord Christ.

By conserving the energy that you are given this night, by maintaining your acceleration, you *can* be the instrument

for the fulfillment of the desire of your own heart—that is, to see these precious ones come into that enlightenment that will enable them to begin the disciplines and the initiations whereby they too, in many cases, will be able to ascend at the conclusion of this lifetime.

### Comprehend Your Role as Alchemists

Beloved ones, this is a most wonderful opportunity given by the Lords of Karma. But I must tell you that when opportunity is given, it is not happenstance; it is not by accident. It is not like the boon of having a Santa Claus toss to you now trinkets, now candies. It comes, beloved ones, by the sincere effort of many hosts of light, ascended and unascended. You must, therefore, be willing to take responsibility and have the mature understanding that as you have sown light, so you are reaping light, and as many have done so, so it comes to pass.

Thus by realization of the fact that it is your input that results in these manifestations, you will have the joy of individual fulfillment, the satisfaction of realizing that you are becoming a spoke in the cosmic wheel of life, that your voice, your vote, your decrees, your consciousness, and the way you spend your hours do indeed count with the cosmic law, the hosts of the LORD, and the evolutions of this earth!

We desire that you should comprehend, then, your role as alchemists rather than seeing yourselves as children receiving favors. Beloved ones, in reality there are no favors. Someone must *always* pay the price. In this hour you are willing to pay the price for many children among mankind who yet play. Even as you would pay for your own beloved little ones, so it is true that the ascended masters also pay the price for you.

When you understand this, you will be as economical with energy as you are with the funds in your hands. And because

you have funds in your hands and you understand what it takes to earn a living, this makes you much more careful. Often we notice that students of light who receive great light through the messengers and the dictations so easily squander that light because they have no sense of the price that has been paid in order for them to receive that light.

And thus you have been told that the clearances given directly by the Mother of the Flame at Summit University level one<sup>1</sup> have been discontinued at the individual and personal level because so many new students did not realize the price that was paid by the messenger and they squandered that energy, misused it, and created a great deal of karma for themselves as well as for the messenger, who sponsored them. This is a case, then, when ignorance of the Law resulted in misuse. But I must say, it was not ignorance alone, because there are many who of course understood, having had the understanding given to them in their studies at Summit University.

Thus we must consider that this twelve-week course does not remove from individuals, necessarily, their desire for self-indulgence or their selfishness. And therefore we have reserved our initiations, [which are to now be given] at the impersonal level, given by beloved Lanello and the Mother, so that those who are ready can receive the greater light and others can be quickened for the return to other levels of service and to the second level of Summit University.

Understand, then, that this is a learning process and we are always in the laboratory, whether we are ascended masters, whether we are working with our chelas upon earth or with cosmic beings. The laboratory is an equation of the use of God's energy, and how to manifest the best use of that energy is what life becomes all about.

Beloved ones, you, then, must determine your use and

misuse of energy. You must become enlightened and have wisdom's flame and call forth the All-Seeing Eye of God so that you might have greater awareness and therefore make fewer mistakes, as long as you are sincere. Of course, there are individuals who have come through our movement who have seen right and wrong and have preferred to go the way of the lesser self.

Thus we see that the ascended masters' activity is a sifting process—sifting souls of light, sifting souls not yet committed to the light yet who desire to take that light to their own uses.

### **The Matrix of the Antahkarana**

Beloved ones, I AM here because I love you. I AM here because I would teach you to love more. I AM here because I would give to you the great love of God in greater measure and because I know that there are things that you must learn in order to receive and keep that love in greater measure.

Such confidence have I in the violet flame and in the sealing of that flame within you this night that I know that the dispensation in and of itself will assist you in maintaining its level. It will give you the impetus of transmutation, of the love of freedom and the spark of love for your companions on the Path in all nations, and especially in Mother Russia.

Souls of light, souls of light on earth and in heaven, the great Mother of the universe, Omega, draws you all now into her hands as all souls of light rest within her mighty dispensation. And she takes you and forms you, one and all, into a mighty sphere of oneness, and this mighty sphere becomes a great movement, a great momentum, an energy sphere that can be rolled by the hand of Alpha, that can be used for the reversing of the tide of darkness.

Think of yourselves, then, as able to conform spherically to a giant matrix, an *antahkarana*. Think of your souls nestled

in a great sphere of light, one with one another, so sensitized to the singleness of the love of God that you are as one being, one cell, one organ of God's consciousness. This mighty sphere of souls is something that the LORD God will use as he determines to save the earth and the solar system.

Fear not, then, coming into close service, one with the other, for this proximity of service serves two purposes and it enables you to strip yourself of your separatist tendencies and your little selfish ways. It also enables you, then, to gain a greater sense of flow and oneness with one another—to love each other so much that you can actually *be* one another, *feel* for one another, *love* with and through one another all life, that you can anticipate one another's needs as true brothers and sisters on the Path.

This oneness is the sensitizing of many souls, many chakras to a certain keynote, and the keynote is freedom. It is victory. It will enable you to serve and be as one body at the command of Archangel Michael. It will enable you to bring forth vast matrices for the community of the Holy Spirit in art and music and science, in architecture, in expansion—living, moving, breathing as one *Holy* Spirit, one *Whole-I-Spirit*.

This is a new experience, a new initiation. It is why we founded our Essene community. It is why we have set forth Camelot. Souls who have manifested the individuality of the Christ must blend and merge and compensate for one another until the vast strength of this sphere is indeed the alchemical key to earth's victory.

### **There Is But One Choice**

You have heard the key of the Coming Revolution as the [key to the undoing of the Capitalist/Communist] Conspiracy.<sup>2</sup> Now see the key that God will use to undo that conspiracy.

It is you, beloved ones. You are the key in the arch. By your oneness you forge a union *that is absolutely unbeatable!*

O beloved ones, I see the path before you. I see the choices. Yet there is but one choice that you can make and survive. The choice is to live in God. The choice is to live with one another in God and to love wisely and to live to transfer that love. This great sphere of your mandala becomes a love magnet. Whirling and spinning, it attracts more of itself and eliminates all that is unlike itself.

Are you beginning to see the vision—the vision that this is how the Father-Mother God creates the worlds, that the worlds themselves are framed as an initiatory matrix of an evolution of souls who have consented to seal their causal bodies for the lowering into the Matter plane of the sphere of fire, air, water, and earth?

Can you not see the stars and the suns and the planetary homes as whirling spheres of communities of lightbearers? Do you understand that the physical matrix of the earth is but the counterpart manifestation of the inner mandala?

Now do you understand what has happened to the earth? The earth was framed as a unit of hierarchy—glistening white, feathered freedom, flames leaping—all in order, all in beauty. Look across the solar system. See the darkened ones upon their darkened home who squandered their light, misused their energy. Their platform of evolution is desolate. They desire now to have the sphere of souls that is uncontaminated. It is new ground, new energy. Can you blame them?

And therefore they set about, determining how to penetrate that sphere of light. And so there is the tale, many times told, of the fallen ones and their invasion through the opening in the children of God of many thorns and splinters, such as disobedience, pride, ambition, and above all,

simply being off guard and enjoying the bliss of God a little bit too much.

### The Consciousness of Vigilance

As we prepare you for the great victory and the return of the souls of this mandala to their great original sphere, we bring to you many facts for your consideration. But the one most important is that of the military discipline and the awareness twenty-four hours a day of the consciousness of vigilance. You can be happy. You can rejoice. But you have extended from your being, as it were, antennae.

You are constantly sensing the drift of the mass consciousness. You are recording it through your Christ mind. You are aware of the movements of the dark ones. You are aware of their observations of your rejoicing. You are never off guard. You can never be caught at “Pearl Harbor.” You can never be caught on any occasion of the invasion of the fallen ones, for your sword is in hand. Your consciousness, no matter what you are doing, remains centered in God.

This awareness, this ability to extend yourself, to penetrate darkness and to extend beyond it to our octaves, enables us to contact you twenty-four hours a day. And this we must. When we desire to send you a message, a warning, a missive of love, a protection for your forcefield, you must be receptive. You must have one of your “stations” tuned in to the Royal Teton. You must be ready to visualize my Electronic Presence and your own—meeting, exchanging necessary information.

Beloved ones, this is the kind of drill that we give at our retreat. The extension of one’s awareness in the Matter and Spirit planes is of necessity for survival.

Do not think, then, that the days of delirious abandon in happiness and joy are over. For I tell you, it is entirely

possible for you to dance and sing and rejoice, and yet a portion of your being is ready on a moment's notice for the contact, for the action. Try it and you will see that this is entirely possible. Simply exercise your many faculties.

**"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom."** This previously unpublished dictation by **Saint Germain** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Monday, October 10, 1977**, during the *Soul Liberation* conference, held in Pasadena, California. Part 2 of this *Pearl of Wisdom* is published in this volume, no. 30. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books and DVDs are available at <https://Store.SummitLighthouse.org>; audio products are available at [www.AscendedMasterLibrary.org](http://www.AscendedMasterLibrary.org). **[N.B.** Bracketed words have been added for clarity in the written word.] **(1) The clearances given.** In the early years of Summit University, students had the opportunity to write personal confession letters to the messenger, who would read them and then make individual calls for the clearing of these karmic records and conditions of consciousness of each student. In later years this was replaced by a general clearance of the student body

after their confession letters were burned without being read. **(2) The Coming Revolution as the Key.** In a lecture given on October 8, 1977, entitled "The Coming Revolution: The Alchemical Key 1666," Elizabeth Clare Prophet stated that the alchemical key is the knowledge of the International Capitalist/Communist Conspiracy (ICCC). The number 1666 is the numerical equivalent of the letters of the alphabet, "ICCC." The number 666 relates to the mark of the beast and the number of his name. (Rev. 13:16–18) The messenger explained that this key is the missing link that the children of God have not had for thousands of years. The key to the undoing of the conspiracy is the use of decrees and taking action in the matter plane. The messenger requested that we "pray to the Great Divine Director, Lanello and K-17, and El Morya for personal guidance as to what you may require . . . to make you more useful as an instrument of K-17." Elizabeth Clare Prophet traces in detail the history of the ICCC in modern times in her lecture on July 4, 1979, available for purchase on two DVDs entitled "The Manipulators of Capitalism and Communism."
