

*Beloved Mother Mary*

**The Ascension Is the Gift  
to the Pure in Heart**

Trust, then, in the evolution of God in your life. When you question, and question again, regarding your circumstances, regarding your calling or your place, it means that you do not trust God to work out his life, your life, and your salvation.

Be not so much, then, a questioner of destiny by superstition and frustration, but be the one who fulfills the law of love right in the very midst of whatever your destiny brings. It is not the outer events. It is not even the persons with whom you associate that matter as much as does your reaction to these circumstances and to all of these persons.

Can you not but for a moment realize that no matter what the countenance, the mien, the disposition of a soul, the person in your life is for this moment the best representative of God for your evolution on the Path?

Beloved Mother Mary

September 1, 2022

### **The Ascension Is the Gift to the Pure in Heart**

Beloved children of the heart of God, if there were but one concept that I could transfer to you for your victory, it would be the very nearness of your own God flame, your own I AM Presence and blessed Christ Self, the nearness of your guardian angels, the ascended hosts and Elohim.

Thus I come, a mother of mercy, an intercessor, to reduce your awareness of time and space that you might realize that you are already prisoners of infinity. You are already subject unto the laws of infinity. And I say “prisoners” because you are bound by a holy science and a holy religion to that very essential, eternal flame.

Trust, then, in the evolution of God in your life. When you question, and question again, regarding your circumstances, regarding your calling or your place, it means that you do not trust God to work out his life, your life, and your salvation.

Be not so much, then, a questioner of destiny by superstition and frustration, but be the one who fulfills the law of love right in the very midst of whatever your destiny brings. It is not the outer events. It is not even the persons with whom you associate that matter as much as does your reaction to these circumstances and to all of these persons.

Can you not but for a moment realize that no matter what the countenance, the mien, the disposition of a soul, the person in your life is for this moment the best representative of God for your evolution on the Path? And when you pass every test connected with your lifestream and your interaction with one and then a few and then many, God will bring you to a new awareness of a new family of lightbearers and of saints in heaven.

And thus, beloved ones, adore those through whom your tests come, and your temptations. For God as Mother is using many of her veils, one or more of those veils, so that you might not realize that it is the Mother who is playing hide-and-seek with you behind the façade of many whom you perhaps deem not worthy to be called the manifestation of God.

But you see, God is very much a part of the law of your own inner being, very much a part of the law that you yourself will have ratified as your own karma, and therefore those around you become the personification of the law of that karma. And this, even this is your god. As you have served sin, so sin has become your god. And until you exchange your master, you will find, then, that the personification of that misqualified energy hastens you to hasten the day of your deliverance.

Is this, then, not the mercy of God? Is this not, then, the manifestation of that mercy? Do you see what I say—that even the evildoer or the proud talker may be understood as the manifestation of God, of that energy necessary for you to stand, face, and conquer your own momentums of the past?

#### **Cease Your Human Questioning**

Understand, then, why I teach you this law. For to gain self-mastery in the hierarchy of Pisces, as my Son did, you must learn to put aside all human questioning. Beloved ones,

among other things, it is time-consuming. Time-consuming means that it is Mother-consuming—consuming the energies of the blessed Cosmic Virgin, consuming the energies of your own white-fire core, your own Mother flame.

When you cease your questioning but take every moment of life as your challenge to be whole, then you will be less attached to yourself and to other selves and much more entwined as the roses that climb upon the latticework of life. And in this bliss of communion, you are in love with life. You love all life and you love that life as Christ.

“Behold the handmaid of the Lord.”<sup>1</sup> Do you see what freedom there is in the simple trust of the little child that all is well and that your cycles will accelerate? And the more you decree, the more you will find your deliverance from the old ways to pursue the new ways.

### Receive the Little Ones in My Name

I come as a mother, very much engaged in the Coming Revolution with you. I have sponsored you in a most practical release of the teachings of the ascended masters, and you have given your hearts to the call. And I send reinforcements. I send souls of light from the four corners of the earth to be a part of this company.

Receive the little ones in my name. Receive them, even if they be covered with the soot of the world upon their faces and their garments. Wash them clean. Wash them clean, beloved ones. They are the lambs of Christ.

Know, then, how to love even those who have strayed far from the Path. Understand that every good that you perform is always unto the King of kings, and therefore there is no need for doubt or fear or mistrust for brother or sister or messenger in the way. It does not matter. You serve Christ the Lord and him always. And therefore the accounting in the

book of life is not because you have judged unrighteous judgment but because you have allowed the Great Judge to be *your* righteousness, *your* defense, *your* momentum of great light.

### Your Ascension Will Open the Door for a Thousand Souls to Follow You

Blessed ones of the Spirit, may your 144 ascension chairs<sup>2</sup> be for your heart flame to sponsor 1,000 souls on the path of victory.

Again I desire to impart to you the reality of your sponsorship—that your ascension in the light in this incarnation will immediately open the door for 1,000 souls to follow you. And so, you see, if we can tally 144 ascensions, then we know that the 144,000 will follow.

It is my good pleasure, blessed ones, to announce to you the ascension of your own blest and beloved fellow Keeper of the Flame Marguerite Baker.<sup>3</sup> I bring to you this great joy that you might realize how very near is God, that one day you may be serving in the field with a friend and the next day *you* will be the one that is taken while the other is left.<sup>4</sup> In this case you are the ones left and she is the one now in glory.

I bring this to your attention that you might understand that it is not so much an outer perfection that will qualify you, or a mechanical perfection in every mode of behavior or expression, but that the ascension is the gift to the pure in heart who have made that purity manifest by the science of the spoken Word, by faithfulness to decrees, to service in the Sons and Daughters of Mary<sup>5</sup>—in service, then, to Jesus and in participating in all of the activities sponsored by the Great White Brotherhood.

Each time you attend a conference, a service, or assist through your own decrees, you become the electrode for our entire cause to be anchored upon earth. This is the seventh-ray

ritual of the day of rest, and you are in the seventh dispensation when, behold, Saint Germain steps forth to initiate you. And therefore you demonstrate by perpetual motion that stillness of rest. And so in the blessed seventh day is the alchemy, and you are the molecules of transmutation for the Lord's body on earth, for the acceleration, for the sealing of the creation.

**The Flesh Will Overcome  
Because the Spirit Has Infused It with Life**

Now, beloved ones, many are critical of what they believe they have a right to call one another's "human creation." Ah, what folly, indeed, beloved hearts! This very quality has almost cost many an individual the ascension, and therefore souls on the Path have tarried in the retreats of the Brotherhood simply to balance that quality of pride that allows the individual to judge another and to say, "Aha! I have caught him in his human creation."

O beloved ones, if you perchance have the wisdom to know another's human creation, then the wisdom is given to you that you might be the alchemist of the sacred fire to command it into the flame, to set free the captive, to pray for that soul, and to praise the Christ within. Praise the Lord and see what joy comes forth from the one whom you thought was manifesting human creation.

As you will understand more and more as the years pass, it is the excellence of soul—the excellence of purity, of humility and service—that counts for everything; not your little mistakes, not the crookedness of this or that within your being. And so as you look around you at one another, do not say in your heart, "Well, that one will never make his ascension." Or perhaps when one has passed from the screen of life, you say, "Well, they will have to come back another time."

Precious hearts, understand that the ascension is won over thousands of incarnations and the LORD God does not impute to any soul the little foibles, the little idiosyncrasies, when that soul has stood staunch for freedom and for the light for many thousands of years.

Blessed ones, that soul is *you*. I do not give you this teaching so that you may have a rationalization for your self-indulgence. For the other side of the coin of the teaching, beloved ones, is that you never know when a single grain of sand upon the glass of life will be the balance that will require *you* to return in another incarnation. And that grain of sand may be your own criticism of another part of life, which you have failed to apprehend as your own life.

And so, beloved ones, you must run with haste to achieve the mark of the high calling, and in your soul you know what it is that you ought to correct. Ah, yes, "The spirit is willing, but the flesh is weak."<sup>6</sup> How well I know. But then you have the authority of the Word to command the flesh, and the flesh will respond and it will rise up and walk. It will rise from the grave. It will overcome because the Spirit has infused it with life.

**How Long Have You Postponed the Giving Up  
of That Which Is Unreal?**

Let your motivation be accelerated by the will to win. Why not win today instead of a postponement? Why not say to God, "This day have you begotten me, Almighty Father! I *will* to be thy Son! I will go out and I will run to greet the initiations of Lord Maitreya, I will take my opportunity to love life free, and I will remind myself hour by hour that this is the day that I am born to be free—no more to be a part of the strife, the darkness, the entanglements, the suppression of my soul. I *can* be free! I *am* free because I *am* newborn."

O beloved ones, it does not matter when the moment

comes, as long as it comes swiftly for you to declare, “Behold, I am begotten of the Lord!” Let that statement cancel out the record of condemnation of original sin upon your soul, and know that the origin of your being is in the immaculate conception of Alpha and Omega. This is your original life! This is your original virtue! This is your original love! And God loves you with that purity that he loved you in the hour of your soul’s conception in the heart of the Great Central Sun.

Be free, then. Be free to be your Self, for God will not take anything from you that is your Self. Fear not, then, to approach the altar, for God will only consume from your life, by his love, that which is unreal.

Are you frightened because maybe you will love something about yourself that is unreal? Beloved ones, think about it for a moment. How long have you postponed the giving up of that which is unreal? In this moment, as you are suspended in my aura, it is all very clear and you say to yourself, “Yes, how silly. I do not fear any longer. I will let go.”

I say, “Bravo!” Let that statement be made each day.

### **Deprogram Your Cells of the Memory of the Lost Soul, of the Sinner, of the Synthetic Image**

For you see, beloved ones, each cell of your body and of your four lower bodies has a memory bank, and you have programmed that cell to your unreality. If you surrender all that is unreal today, some of your cells will trail [behind] and continue to outpicture the unreality that you have surrendered. Therefore comes the struggle with the old man. Therefore comes the retrogression and the going back into the old ways.

Command the cells to come forward, to enter into the blueprint of life, to be cleansed! Let the Holy Spirit, the I AM Presence, and the Christ Self enter the temple to deprogram your cells of the memory of the lost soul, of the sinner, of the

synthetic image! And learn to have patience while God himself will rerecord upon each cell and atom the reality of your being and your commitment to that reality.

These are the words of a wise mother, and my wisdom is the wisdom of Almighty God. Heed them well! For in them you have the understanding of that which you formerly thought was weakness or shallowness or imperfection or backsliding. And so you have condemned yourselves for your weaknesses, not knowing the Law.

Beloved ones, the science of the Law would teach you that there is an interval and a cycle—fire, air, water, and earth; etheric, mental, emotional, and physical—before the fullness of your being can respond to the command. It is as though it were a delayed reaction. It is like the speaking of the word of truth and the measuring of the echoing of that word across a cosmos. Would you expect that your words spoken here would be instantaneously heard light-years away? They are instantaneous in God, but in time and space there is the passage of a vibration and a necessary waiting for the echo to return.

You have tried out the law of the echo. Imagine if you sent a call to the farthest star. When would you hear it return? So are your cells. When you make a commitment to be whole, you are sending that call to the central sun of each cell. It in turn will release a cycle of energy, and it will come through each cell and finally return. And in the hour of the return of that cycle to your heart, you will know the return of Alpha to Omega, of Omega to Alpha as the great caduceus of life—the descent from the crown to the base, the ascent from the base to the crown.

### **Keep the Vows You Have Given**

Beloved ones, some of you have made many promises to life but have found that you have not kept your promises,

and thus you have aborted the return cycle. You have sent the call forth, the call was received, and the energy was sent. But by the time it was ready to be received, you had already re-enmeshed yourselves in your former ways.

Now receive the strength of the enlightened ones and the ascended hosts. We will keep the flame and the balance for you if you will have the strength, the will, and the God-determination to fulfill the vows you have already taken.

We do not ask for any new vows this night but only for a recommitment to those you have already given. For I tell you, blessed ones, that if you could see the record of yourselves individually before the Lords of Karma as you have stood in awe of their great majesty—and a bit fearful and a bit trembling—and if you could now hear played to you the vows you have made, you would understand why I say, keep the vows you have given. There is a sufficiency of vows but not enough will, not enough understanding of the science of the fulfillment of that vow or the love that enables you to keep on keeping on, to pick yourself up a thousand times and to have the strength of that God-determination to weather the storm.

For there is a storm, and do you know why? Your very own rebellions have been implanted in your cells, in the memory bank, and therefore the cells return that rebellion and they rebel and they demand all sorts of stimulants, all sorts of impure foods, all sorts of energies that are discordant—the old ways in all of their hideous manifestations. These must pass into the sacred fire.

### Pray and Fast

Therefore, consider the call of the Mother to pray and to fast. Praying and fasting, you will know the fullness of the commitment of your will as manifest victory. Pray for all you are worth, for it is the invocation of the light of God. It is the

decree, the fiat, the communion, the meditation. It fills you with light and gives you your momentum for the victory. Then fast those cells. Fast the astral level of the etheric memory bank that has recorded all of the former momentums.

To fast means “to cut off.” Refuse to feed the astral body those energies, those involvements, those activities. Cut them off as you would cut the vine from the tree. Let it wither! Let it go into the flame! Let it be consumed! And you will know your wholeness. This is the key to your healing. This is *real* healing.

Beloved ones, I could give you wholeness by the touch of my garment, but you would not enjoy that wholeness as you will enjoy it as you forge your God-identity and know that by your work and your sacred labor, you have earned your place in the kingdom of God.

Do you know that my healing of you would not guarantee you either salvation or your ascension, but rather it would give to you a false realization, a false estimation of your own progress on the Path? And may I say, in all love, beloved ones, that even your healing by my hand could contribute to your own spiritual pride before mankind. I say this because I have seen it happen to some on the Path.

Therefore I come and I stress to you this overcoming, this dealing directly with the cells and molecules of your temple. *God* has created you! *You* have created yourself! Now uncreate, if you will. But above all, *be* God!

I AM your Mother every hour, but in some hours I push you from the nest and I force you to face yourself alone in life.

Understand that I perceive what is needed. Therefore, thank God.

**“The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom.”** This previously unpublished dictation by **Mother Mary** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Wednesday, October 26, 1977**, during a healing service at the Ashram of the World Mother in Los Angeles, California. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books and DVDs are available at <https://Store.SummitLighthouse.org>; audio products are available at [www.AscendedMasterLibrary.org](http://www.AscendedMasterLibrary.org). [N.B. Bracketed words have been added for clarity in the written word.] (1) Luke 1:38. (2) **Your 144 ascension chairs.** In a service at the Ashram of the World Mother in Los Angeles prior to this dictation by Mother Mary, the messenger discussed her plan to have chairs in the Ashram dedicated to the ascension. She explained, “My concept for these chairs is that each of us will establish a chair that is a focus of the ascension flame, our own ascension, our own God Presence, and the ascension light of our counterparts in heaven, those who have already ascended from our midst. Each chair, then, would bear your name as we would place it on the metal part of the chair. Your name, then, becomes the sign of another life that is consecrated to God. I desire to secure 144 chairs for use in the Ashram. . . . You may wish to contribute [to the purchase of your chair]. . . . Now it is not possible to say that each time you come you will sit in the chair with your name upon it, but it is more desirable that each chair be consecrated by you in prayer from your own God Presence to bless all who will come here and all who will ever be seated in that chair. This is my desire.” (3) **The ascension of Marguerite Baker.** On December 5, 1997, the messenger announced that Marguerite Baker ascended with 60 percent of her karma balanced. She had been a staunch Keeper of the Flame since the 1960s and accompanied the messengers on their India pilgrimage in 1970. Marguerite was a teacher in a Christian day school and was the author of a book entitled, *And Then the Angels Came to the First Grade Children*, in which she tells the story of how she taught her children to send waves of love to the angels while visualizing pink clouds ascending to them. She recounts that the children began to see the angels as they came into the classroom. She states: “And finally, on that wonderful day, the angels really came trooping in, on golden ladders into the room.” In subsequent classes the angels again appeared, including Archangel Michael, whom, she says, “we have seen so many times.” (4) Matt. 24:40. (5) **Sons and Daughters of Mary.** On January 1, 1973, the messenger said, “We have a service that we call the service of the Sons and Daughters of Mary, the sons and daughters of the flame. This service can be conducted by yourself, and it is dedicated to working for the youth of the world. So wherever you have a group

or an altar, once a week I hope you'll decide to come before that altar to carry on the work of Clara Louise [Kieninger] and to pray for the children of the world.” Since the time that this prayer group was formed, prayer services dedicated to the children and youth of the world, called “Vigil for Youth,” have been regularly held around the world, usually on Thursday evenings at 6:30. (6) Matt. 26:41.

### O Holy Spirit, We Welcome Thy Purging Light

O Holy Spirit, we grieve not your coming. We welcome thy purging light, thy sacred fire, thy fiery trial. We are ready to release all that is unclean, all that must be cast out for the coming of the LORD. We fear not, we grieve not, we lament not. We understand the full meaning of the coming of the Holy Ghost within our soul and temple and heart and we say, O Holy Spirit, by the Ruby Ray, infill and infire me, enlighten and enfold me, comfort and remold me after the image and likeness of God, after the similitude of thy Son Jesus Christ.

Blue lightning from the mind of God! (3x)

The light of God never fails! The light of God never fails! The light of God never fails! and the beloved mighty I AM Presence is that light. (3x)\*

\*This decree is printed in the booklet *Invocations to the Hierarchy of the Ruby Ray*, p. 61, no. 82.21.
