**The Center of the Inner Church
Is Always the Mother Light**

I AM a very real part of life, of freedom in America, of the thoughts and the feelings of this people. I send the light of Mother, interpenetrating sheathes of consciousness. I inspire creativity and courage and the upliftment of every soul.

Sons and daughters of God, I draw nigh to you.

It is the deepest desire of my heart that through our communion in the healing flame of Christ, you who are yet upon earth might know the company of those in heaven, and by this divine association you might realize that every day, every hour, you are the instrument of the divine will, you are the open door of ascended hosts, angelic beings, and that we are not so removed from you but we understand your cares and burdens—that just in the moment of sorrow or even of discord, we would be a part of the sacred fire within you in order to expand and to consume that which would come...

Beloved Mother Mary

The Center of the Inner Church Is Always the Mother Light

Sons and daughters on the path of soul liberation, I draw near to you.

I would be with you and walk among you. I AM a very real part of life, of freedom in America, of the thoughts and the feelings of this people. I send the light of Mother, interpenetrating sheathes of consciousness. I inspire creativity and courage and the upliftment of every soul.

Sons and daughters of God, I draw nigh to you. It is the deepest desire of my heart that through our communion in the healing flame of Christ, you who are yet upon earth might know the company of those in heaven, and by this divine association you might realize that every day, every hour, you are the instrument of the divine will, you are the open door of ascended hosts, angelic beings, and that we are not so removed from you but we understand your cares and burdens—that just in the moment of sorrow or even of discord, we would be a part of the sacred fire within you in order to expand and to consume that which would come in and upon you and tear from you the blessed joy of the Trinity manifest as your very life.

The Center of the Inner Church Is Always the Mother Light 302

Sons and daughters of God, you have been called for thousands of years to be the representative of the Christ and of the hosts of the LORD for the deliverance of the multitudes. How many of you have forgotten that calling, as my blessed son has said? I would add my flame to his own and to the many ascended masters who are pressing in among the multitudes and among the sons and daughters of God for this victory in this Coming Revolution, which is indeed the turning about of conditions, circumstance, and consciousness on earth.

Each One Must Confess the Presence of the Bride of Christ Within

Blessed ones, there are many who do not understand the place of the Mother within the circle of faith, and they speculate that the principle of Mother and the adoration of the Mother flame come from a sort of oriental philosophy, Hellenism, or even the work of the Gnostics.

Precious ones, the adoration of Mother has ever been at the fount of the ministry of Christ. But the split in Christendom has come about, not because of error in the later Church but because of the destruction of the teachings of my blessed son concerning the Mother flame within each and every one of you and the Mother flame as the fount of the true Church.

You have understood that the death of the Church prevents the souls of humanity from approaching the altar of the Father, the Son, and the Holy Spirit. For the temple doors are the doors of the Mother. The Mother is the bride of all these. The Mother is the entrance of that flame to your souls, and thus the fallen ones have torn apart the faith and thus cleaved asunder the body of God.

Now then, I say to all who question my word or my teaching:

Accept the living Word of God within you. Try the spirits to see whether they be of God.¹ If you will call to me and ask me to reveal myself to you, I will come to you in secret, in the sacred mysteries of the Mother, and I will show you your own Mother light for the elevation of your soul, the fountain of joy that buoys up the soul unto the plane of the Christ mind.

And thus, the center of the inner Church is always the Mother light and has ever been since the days of Lemuria and Atlantis. And I tell you, O children of God, that if this civilization is to return to the light of that glory, each one must confess the presence of the bride of Christ within.

Thus, you become the Church within and without. And therefore the gates of hell cannot move against you, for it is the light of God as sacred fire that is the burning of his love in your temple. It is God who inhabits the temple, and therefore in three days he will raise it up.²

Let the Word of the inner Church go forth so that each soul who would be sanctified by the cosmic cube of white fire might become the living Church. This is the temple not made with hands.³ It is the temple that is at once on earth as in heaven, as you are both the Matter body and Spirit body of God.

Beloved ones, these are not metaphysical concepts for your entertainment. These are the eternal verities of being, the actualities of your inner life so very close to you, as close as your breath.

**Bow Only to the I AM THAT I AM within You,
within the Teacher, and within All Life**

Awaken, O souls of flame! I call forth the memory of God once again. Awaken these souls to the inner memory of our joy in the temple of our Lord. Awaken the divine vision, O God.

Souls of light, you are not very far from the inner awareness that would give to you, each one, that conviction, that

strength, that righteousness, all courage and steadfastness to do the works of the LORD on earth.

And so I say to you, learn to pray without ceasing.⁴ Let your work be your prayer. And in every effort to exalt God, whatever your profession, let it be the desire to perfect that labor as a gift upon the altar, and thereby you are accelerating yourself into that awareness where you may give forth the understanding of the inner light and be the instrument of the healing of many souls.

Press on. Press on, for it is but a membrane of spiritual light that stands between you and the full realization of the allness of God. Understanding this presence, then, accept the challenge to go forth with the Mother, to speak the Word from coast to coast, from hemisphere to hemisphere. For the Law requires that there be a witness in every age.

Let your shout be to the witness of the God within your temple! Be not therefore idolators, going after this light without the fullness of the sacrifice that is required of thee. Go not after the light in another but be steadfast in the adoration of the single flame, the One that is the All-in-all.

Devotion to any outer self is idolatry, but absolute love for the soul becoming the fullness of God is your call. Therefore you are free to love intensely one another, and again to speak of God as Friend, as Deliverer, as Wayshower. See, then, that no matter who the representative or the teacher, you bow only to the I AM THAT I AM within yourself, within the teacher, and within all life.

Therefore we will cast down idolatry from every temple. Therefore each one will find the sufficiency of the Christ within, confirmed by the Christ Above and below. To remove idolatry is to remove all selfishness and therefore to open the great era of each soul's awareness of the fullness of the God-potential. All of this, which is the doctrine of our Church,

is *not* for entertainment, as I have said, but for edification and, above all, for action.

Go Forth and Rescue My Children

With this understanding you go forth with the strength of God, with the Word and with the Spirit, confirming the Word always, confirming that Selfsame One whom Jesus confirmed and thereby healed [the leper].⁵

Therefore, take up serpents and cast them into the sacred fire. Therefore, be action! Wherever you are needed in your community, be action! For, beloved ones, when we receive your calls for justice, for light, and for God-government, and we turn to the arena of action and we look for souls through whom we can release the light, there are precious few. For they doubt their own self-worth to be instruments. They doubt the living God and his presence. They doubt the life of the angelic hosts, and therefore though the light intensifies, there be few through whom the light can manifest. And thus you are called as the indispensable witness.

Though you may shout your victory from the housetops, come down from the housetops and go into the marts and straighten the earth out and up and align the earth by the flame of consecration.

Above all, minister to the little ones and see how the watering of the plant and the flower will bring forth the beautiful Tree of Life that will one day bend to serve you as you pass in years to a greater maturity and awareness of God, and others will follow after you and take up the torch that you have carried.

Go forth, then, and rescue my children. You have given the call for their victory. I send you the answer. It is a dispensation to you to wear the mantle of the sisters of mercy,⁶ to go into the streets, into the legislatures, into the governments,

and to demand protection for the little children and the incoming souls. The cape of mercy be upon you.

The sisters of mercy, who serve with me, wear the cape of royal blue lined with purple and robes of violet. Thus their mercy is shielded by the flame of God's will. And by the sword of blue flame they first must carve a pathway for mercy to pass and enter, to demand justice and then freedom for their soul liberation.

Lead, then, with the power of Archangel Michael and see how Zadkiel will follow with the seal of mercy, justice, and freedom!

God Will Save the Earth, but Only through His Instruments on Earth and in Heaven

I stand in your midst! I AM with you! Claim my nearness and champion the cause of light! We will move on to the victory, but God must have *you*, heart and head and hand. God will save the earth, but only through his instruments on earth and in heaven.

This is a community of the Holy Spirit, as Above, so below. Now look up to the heavens and the stars and see how the legions of light and the saints spiral into your midst to accompany you on your way.

I seal you with the light of Mother. I quicken you with my flame. By your attention and your faith, you will sustain this very real presence of the inner light.

I return now to the councils being held in the temple of the resurrection,⁷ conducted by Lord Jesus, as many of the ascended Brotherhood assemble to deliberate the resurrection of souls and of life on earth.

I invite you to come in your finer bodies to Jesus' retreat over the city of Jerusalem in Israel,⁸ that you may also witness as to your role in this service of the resurrection of all life.

In the flame of my heart, I seal you in my love.

The Sacred Name of Mary

Dear Mary’s name we love to hear
Her healing pow’r is ever near
We praise with voices ever clear
The sacred name of Mary.

Refrain:

Mary! O how sweet thy name
Thou who through divine acclaim
Mother of all men became
Thy name we bless forever.

The name of Mary forms a part
Of love’s great pow’r in every heart
And will God’s peace to all impart
The holy name of Mary.

The name of Mary is so sweet
The concept of the Christ complete
We see as each time we repeat
The blessed name of Mary.*
