

*Beloved God and Goddess Meru*

### **The Rising Fount of Illumination's Flame**

Understand, then, that when you see this darkness and this horror concentrating, it is because of the imminent coming of great light. As we have continuously explained, the increase of light forces out the darkness, and even the preparation for the coming of light causes the fallen ones and their hordes to shriek at the astral level and to seek to perpetuate themselves...

Therefore the scene of that place where the incarnation of the Christ was to come had become one of the darkest places on the face of the earth before the incarnation of Jesus Christ.

We are gratified, then, that so many chelas are a part of this endeavor, who can keep the flame so that this city need not descend into greater darkness but only be catapulted into light by the God-determination of souls who receive our illumination and our light and who can understand the juxtaposition of Light and Darkness...

Be infused with the radiant love of the ruby ray  
and the white fire of the ascension currents,  
propelling you upward on the path of initiation  
for your personal adeptship.

**At the Royal Teton Ranch and Internet Broadcast**

## The Rising Fount of Illumination's Flame

Hail, sons and daughters of God! Hail, sons and daughters of Christ-illumination!

We have come in the flame of wisdom, and Christ shall give thee light. We come in the balance of Alpha and Omega and out of the dispensation of Helios and Vesta.

A very few of you will recall many years ago in Virginia our coming to Beacon's Head,<sup>1</sup> there to ordain our messengers to carry on in our footsteps for the enlightenment not only of the sixth root race but of all the evolutions of earth. At that hour the assignment was given for the spreading abroad of the teaching of "what it means to be a parent."<sup>2</sup>

Now after many years have passed, many books have gone forth as well as the dissemination of the understanding concerning the Holy Family in the *Family Designs* seminar,<sup>3</sup> in the teachings for the age of Aquarius, and in all of the teachings that have been given at Summit University.

We are the sponsors, then, of the fulfillment within a one-hundred-year cycle of an increase of illumination, beginning with that light that we send forth through these messengers, sponsored by Gautama Buddha. For it has long been our affirmation that the key to the mastery of the

feminine ray, which we hold, is the enlightenment by the buddhic light, by the path of the Christos, by the illumination of every cell, and of every cell in the body of God.

Therefore as we observe crisis in the world concerning the training of the youth in the disciplines of the ascended masters, our contribution can only be greater sponsorship in return for that which has been given forth. In the hour of our coming, which we have mentioned, there were scarcely any books available whatsoever from this organization, and much remained in the etheric plane, even the mission of the Mother and of our sending of the Mother to the western shore of America.<sup>4</sup>

### The Ashram of the World Mother as an Extension of Our Retreat at Lake Titicaca

Now we come to light the light of illumination in the Holy City. Now we come to add the second ring to the causal body begun by the archangel Gabriel in the placing of the Holy Grail above the Ashram of the World Mother.<sup>5</sup> We increase that light as we add to it a sphere of intense golden light that shall be as the sun shining. And therefore, coming forth from the purity of the World Mother will be an emanation of the teaching.

And we do declare, then, this evening, that we make the Ashram of the World Mother an extension of our retreat at Lake Titicaca<sup>6</sup> so that there might be anchored in the city of Los Angeles in the physical plane that consciousness of the feminine ray and that consciousness of illumined action that is indispensable for Project Contact.<sup>7</sup>

Blessed ones, will you understand that the dispensation for the anchoring of the energies of a retreat of the Great White Brotherhood upon earth must come forth from Helios and Vesta and be approved by the Cosmic Council and by the

Karmic Board? Therefore understand that much testimony must be given by ascended masters and unascended chelas in order for the final word to be given.

You may compare this exercise to the process of the canonization of the saint, where there must be a review of records, of many factors, including that of the geographical area, those who serve within the retreat, the messengers themselves, and the long-range plan of hierarchy for the city of Los Angeles. I encourage souls of light, then, to realize that to come now to that property [of the Ashram] is equal to coming to our retreat in the etheric plane.

### **The Great Alchemy That Must Take Place**

I urge you, then, to come to make your novena in the Will of God Focus,<sup>8</sup> which it is our earnest desire that this focus shall be completed in the very near future. For that Will of God Focus will anchor the diamond-shining mind of the will of God that is in beloved El Morya's retreat.<sup>9</sup> And the combination of the will of God and the illumination flame will be amplified by the love in the heart of the Mother and in all of the chelas who come to offer their devotions in that focus.

There is a great alchemy that must take place through the spiritual center of Los Angeles and through the three-fold flame fountain of light.<sup>10</sup> There is an alchemy that must be forthcoming through souls of light who have been drawn here. And, beloved ones, as you have seen of recent date, the hordes of darkness have pitted their opposition against the feminine ray even in the murders by the Hillside Stranglers and other related episodes.<sup>11</sup> This is the moving of the hordes of darkness into the physical plane because so many individuals have that opening to the astral plane because of mental aberrations and emotional instability.

Understand, then, that when you see this darkness and this horror concentrating, it is because of the imminent coming of great light. As we have continuously explained, the increase of light forces out the darkness, and even the preparation for the coming of light causes the fallen ones and their hordes to shriek at the astral level and to seek to perpetuate themselves by their blood rites and sexual rituals. Therefore the scene of that place where the incarnation of the Christ was to come had become one of the darkest places on the face of the earth before the incarnation of Jesus Christ.

We are gratified, then, that so many chelas are a part of this endeavor, who can keep the flame so that this city need not descend into greater darkness but only be catapulted into light by the God-determination of souls who receive our illumination and our light and who can understand the juxtaposition of Light and Darkness in these latter days.

Beloved ones, the release of light and the anchoring of that forcefield means more to America and to the safety of the West Coast than you will understand at your present level. It means protection for the organization and the Keepers of the Flame in the absence of the messenger at the turning of the year.<sup>12</sup> There is much adjustment that must be made in planetary cycles when the messenger and a nucleus of light-bearers change position and move over the curvature of the earth so that this hemisphere, then, must be sustained by a greater forcefield of light in the physical plane.

Let Keepers of the Flame in this city and county and in nearby areas realize that to come to Los Angeles automatically means to pay that token visit to the Ashram and to come and offer your decrees, even if it is but for fifteen minutes or thirty minutes, to put yourself in the flame and to multiply that flame by your own threefold flame. This is your gift upon the altar of our retreat.

**We Shall Approach the Dissemination  
of the Teachings from Every Angle**

Beloved ones, the mandala of The Summit Lighthouse is intimately and intricately woven with our retreat at Lake Titicaca. Many of you have passed through our halls of learning in preparation for this incarnation. And the illumination that you have borne and that you have sought as a torch in the night has been given to you by the inspiration of our servants, our lifestreams, and of the Goddess of Liberty, who also sponsors the expansion of liberty as the principle of the feminine ray and who also sponsors the seventh root race from her office on the Karmic Board.

Beloved ones, as our messenger has mentioned, your deep desiring to be the instrument of the Lord's peace will open the way for that peace to appear. If you would accelerate in God consciousness, sit down as you meditate during this conference and jot in your notebooks what are those aspects of the Law and of the teaching that are most important to you—those with which you seem most familiar and those for which you have a deeper desire to attain mastery of. Then determine that on the action of that flame you will accelerate.

I say this because some of you have blocks in the subconscious level to some of the assignments that we have given to you as a hierarchy over the years. I desire to give to you the teaching that if you will accelerate on that which you love, then your very acceleration will produce for you a breakthrough whereby you can then expand your consciousness on the other rays and on other activities.

Nevertheless, it is important even now to perform those tasks that are less desirable, even as a countermeasure to that force or that motivation that is sometimes counterproductive to the fullest manifestation of the light that you could render.

We are determined—by the God-determination that is essential to the rising of the fount of illumination's flame from the base to the crown, from the Mother flame to the buddhic light—that we shall approach the dissemination of the teachings from every angle.

We desire, then, that the Central Sun Magnet of your life shall be your own acceleration of that which you love most to do for God. And then forming a ring of light around your greatest love, you proceed point by point around the cosmic clock for the mastery of those conditions, now working on that in which you have the least attainment; now working on another facet that is your heart's desiring.

And so, beloved ones, even your atoms and your electrons delight in the bubbling fountain of the Mother flame as you provide newness, ingenuity, and a different pace for the flow of light within your chakras. It is change, alchemical change, that gives to you the joy of service—not a frivolous moving to and fro but an ordered service that enables you to give that God-mastery to many stars and therefore to realize attainment through many avenues.

**Opportunity Must Be Seen as Though  
It Were the Ultimate and the Only Moment**

Beloved ones, we, then, cherish the concept of the stumping of the Mother with Lord Shiva.<sup>13</sup> We cherish the concept of her going to the capitals of the nations and addressing the people concerning their own identity and reason for being. We cherish the work of the little children and of the students in high school. We cherish the work of the one-to-one contact. We cherish your decree marathons and your sitting in on the councils of government and education, holding the silent flame and then again being vocal in your affirmation of truth.

Beloved ones, there are so many ways and means open. Carefully plan, for beloved hearts, each expenditure of energy costs somewhere in the cosmos. Each expenditure of time and your use of space must be put to the most efficient service of the lifestreams upon earth.

It is well to remember that you dwell in increments or compartments of time and space and to realize that opportunity is like a flower in your hand. You do not know how long that flower will last, and therefore you seize it in the moment. You enjoy it to the fullest. And you know that God expects that this floral offering shall be for the greatest release of love in the very moment that it is presented to you.

Opportunity, then, must be seen as though it were the ultimate and the only moment. And if you were to say to yourself on the morrow, "What is the most important thing I can do for my children, my loved ones, my neighbors, and for the earth?" you would find that very quickly you would narrow down a dozen projects to the single, most important one. And usually the one that is most important becomes the key to all the rest.

In other words, if you had but one paragraph or one statement to make about cosmic law that you could leave for posterity, what would it be? And if I were to give you ten minutes to write that paragraph, would you not hasten to take pencil and paper and tell all that you might know of the most essential points of the Law?

You see, beloved ones, if you expand opportunity to a hundred years, it is almost as though nothing is accomplished. But if you see opportunity only in terms of the present hour, you will meet your lifelines\* and you will see to it that day by day you are contributing whole matrices to one another—a completed manifestation, a completed project, a completed thoughtform. Drawing the circle, beginning at twelve and concluding at twelve, you will find, then, that day

\*timelines

by day you are offering a pearl upon the altar of life, and each pearl becomes one in the great chain of pearls that adorns the Cosmic Virgin.

### **Comfort as Illumination, as Trust, as Joy, as Inspiration Always Brings Wholeness**

Beloved ones, look, then, at the area of greatest need within your community and within your family, and then ask the Holy Spirit and the Lord Christ what is the most practical way of fulfilling that need. The need is always for comfort. And comfort may come as illumination, as trust. It may come as joy. It may come as inspiration. But always you must draw from the Tree of Life and the twelve manner of fruits thereof and the great river of water of Life that is flowing, flowing as the eternal knowing of God.<sup>14</sup>

Comfort always brings wholeness, and wholeness can only manifest by increased awareness. Therefore if you would increase awareness in one another, increase the awareness of thyself and see how the increased awareness of thyself will magnetize a greater understanding of how to capitalize upon the moment.

### **Attending Summit University**

Beloved ones, have you ever thought, perhaps, that if you had but twelve weeks to live, what would be the most important thing that you could do?

From our standpoint, it would be to attend Summit University level one, level two, level three.<sup>15</sup> Or if you have attended all of these, it would be to put in twelve weeks of service.

Blessed hearts, we have had those who have been told that they were terminal patients come to The Summit Lighthouse saying that they desire to give their final years of service to the light and to this organization. And, beloved ones, as the

karma of these souls has dictated that some have passed from the screen of life, they have found themselves welcomed in our retreat and in other retreats of the Brotherhood because of the great service they rendered unflinchingly in the face of their own physical problems.

Blessed hearts, you see, they have earned a far greater resurrection by placing first things first. Some have procrastinated so long in the acceleration of consciousness because of the cares of this world that they have not taken into consideration that your entrance into the Retreat of the Ascension Temple<sup>16</sup> may very well depend upon whether or not you make the sacrifice of time and space and energy as supply to devote twelve weeks of your life to that proper training.

Beloved ones, I urge you, then, to consider that your life is like a great hourglass and that each one of you, in this moment in our retreat, has a different hourglass. And the sands in that hourglass are the preordained cycles of life granted to you by the Lords of Karma, which it has been your privilege by free will to extend or to shorten by your uses or misuses of the Great Law of life.

Now, you can visualize the grains of sand. When you place a single hourglass before you, you know that in sixty minutes the hour will be concluded and the sand will have descended. Now take a giant hourglass of your life and know that sixty years, more or less, depending upon your current age, may pass just as quickly in the cosmic sense as sixty minutes.

Will you not, then, begin to plan your years and your days by the measuring of the sands that fall and to realize that in this octave you have a finite opportunity to realize the Infinite?

If you seize this finite opportunity and become the Infinite One, you will have transcended, then, the law of the sand in the hourglass and you will have become the star that each grain of sand is destined to be.

### **The Dominion of Time and Space**

Blessed ones, I give you thought for consideration. I give you a concept for the measured beat and the cadence of life and the rhythm of life as a dispensation of opportunity.

Will you not, then, be diligent in your use of hours and have reverence for time as the flame of Mother vouchsafed to you increment by increment?

Will you not have respect for space and not accumulate objects that do not serve to glorify God? For when you clutter space, you eliminate space. Space that is cluttered cannot be used. Better to have a vacuum that the Lord Buddha may fill with his presence than to fill your space with an accumulation of unused and unwanted items.

See, then, that you do not clutter time or space or misuse these. For essentially, these, combined with energy, are your only resources in which to master your life and to make your ascension. And one day when you enter the octaves of light and you enter our retreat as a disciple of illumination, an ascended master of light, you will realize that the finite cup has become a cosmos and that you are free to use eternity as a measured matrix of the unfoldment of your own God-realization.

Precious ones, life is expansive and expanding. Life, then, as a coil of energy, must be practiced, must be exercised, must be used as though it were the very last precious drop of oil that would be given to you.

Beloved ones, why do we speak thusly? It is because our observation of the evolutions of this earth is that there is an overwhelming waste of the commodity of cosmic consciousness that is available to each and every one through the Godly ordained exercise of the dominion of time and space. It begins right where you are, right in the center of your heart.

It begins here, within that forcefield. It begins with the little manifestations of victory that become greater and greater spirals of complexity.

We are the God and Goddess Meru. Our twin flames, anchored in this city for this hour, are for the adjustment of the law of cycles governing your relationship to your own twin flame.

[Intonations]

Beloved ones, we seal you in the diamond, the yellow diamond of the star of promise. Go forth and bear the Christ Child as your gift to Terra.

*Hallelujah* [Chant]

**"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom."** This previously unpublished dictation by the **God and Goddess Meru** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Wednesday, December 28, 1977**, during the *God Is Mother* conference, held in Pasadena, California. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books and DVDs are available at <https://Store.SummitLighthouse.org>; audio products are available at [www.AscendedMasterLibrary.org](http://www.AscendedMasterLibrary.org). [N.B. Bracketed words have been added for clarity in the written word.] (1) **Our coming to Beacon's Head.** This is referring to a dictation by Casimir Poseidon given on September 12, 1965, at the headquarters of The Summit Lighthouse at Beacon's Head, Vienna, Virginia. In this dictation the master stated that "the beloved God and Goddess Meru have offered, if your beloved messenger and his consort will accept, to overshadow them both throughout the entire balance of their embodiment and according to their destiny, so that they may absorb illumination's ray and may be able to have a greater power . . . of comprehension of the divine Christed illumination ray." (2) **The teaching of "what it means to be a parent"** refers to teaching given to the messenger by the God and Goddess Meru on the family, raising children, and the meaning of parenthood. See note 3. (3) **The Family Designs seminar** was given by the messenger Elizabeth Clare Prophet on June 15–16, 1974, on marriage, spiritual parenting, twin flames and soul mates, and on how to unlock the genius of your child. This seminar included the lecture "What It Means to Be a Parent" and dictations by Jesus, Mother Mary, and Saint Germain. Available on MP3 audio CD; ordering information above. (4) **Sending of the Mother to the western shore of America.** This refers to the relocation of the headquarters of The Summit Lighthouse to the Los Angeles area, under Jesus' direction. (5) **The Ashram of the World Mother.** In 1976, the messenger Elizabeth Clare Prophet established the Ashram of the World Mother in downtown Los Angeles. On June 21, 1977, Saint Germain stated that Archangel Gabriel had placed the focus of the Holy Grail at the Ashram. On December 28, 1977 (the date of this dictation), the God and Goddess Meru also announced that the Ashram would be an extension of their retreat at Lake Titicaca, in the Andes Mountains. The Ashram was eventually sold in 1983. (6) **Our retreat at Lake Titicaca** refers to the retreat of the God and Goddess Meru, Manus of the sixth root race, located in the etheric plane over Lake Titicaca in the Andes. The ascended master Casimir Poseidon ruled an ancient civilization on the continent of South America during its rise to the heights of a golden age. In a dictation given October 5, 1975, Casimir Poseidon explained that this civilization declined because the people "did not give the glory unto the LORD for every accomplishment of science and culture," and it was eventually destroyed by cataclysm. Before this took place, he

and a band of disciples “withdrew to North America to seal that light, to seal the scrolls of that culture in a place, the point of a pyramid now located in Colorado. And we anchored there the records of the ancient civilization.” (7) **Project Contact** was a program initiated in 1977 by Montessori International students and their mentors. The program offered outreach training in the local communities, including a leadership seminar, a door-to-door program, public speaking, and the use of the media. (8) **The Will of God Focus** was located at the Ashram of the World Mother in Los Angeles, California, from 1979 to 1983. It was also known as the Sanctuary of the Ruby Ray. This focus was established as a stronghold for the anchoring of the light of the will of God in the city of Los Angeles during the organization’s mission in this area, and decrees were given continuously in this focus. This shrine was designed in the shape of a “T,” with egg-shaped rooms containing stained-glass windows, some brought from England, and there was a rotating marble statue of Jesus. The Ashram was sold in 1983, but the stained-glass windows and the statue of Jesus were preserved. (9) **Beloved El Morya’s retreat.** The Temple of Good Will is the retreat of El Morya, located in the etheric realm in the foothills of the Himalayas above the city of Darjeeling, India. Magnificent, radiant currents of light pour forth from this retreat, which also has a physical focus in the hills surrounding the city. See *The Masters and Their Retreats*, pp. 474–77, for a detailed description of the retreat; ordering information above. (10) **The threefold flame fountain of light.** In a dictation given in Los Angeles on September 21, 1963, beloved Cyclopea with Mighty Victory announced that the devas and builders of form began “the service of building around the entire circumferential area of Los Angeles a tremendous fountain of cosmic light.” This threefold flame fountain “is an etheric fountain . . . thirty miles in diameter, and it is on the exterior surface a bright blue.” This fountain of cosmic faith rose into the upper atmosphere one mile above Los Angeles and was “filled with the vibratory action of the blessed angels of faith from Archangel Michael’s band.” Elemental life volunteered to sustain that momentum of faith for “one hundred years or as long as the Great Law will permit.” Next, at twenty-nine miles diameter within the forcefield, “there is established a beautiful golden fountain of cosmic illumination which rises to a height of one mile and a half into the atmosphere.” Then, “twenty-eight miles in diameter within the center” of this forcefield “there is builded a two-mile-high fountain which is a pink fountain of spiritual love charged by the angels of beloved Chamuel’s band.” This tripartite fountain is sustained by the devas and builders of form in cooperation with elemental life “to create the vibratory actions of a cosmic Eden in this beautiful area of light’s perfection.” (See 1978 *Pearls of Wisdom*, pp. 378–79.) In lectures given on November 11 and 12, 1973, Elizabeth Clare Prophet commented on the significance of Cyclopea and Mighty Victory’s dictation in which they established this threefold flame fountain of light.

She commented that Mighty Victory had said “he was placing this focus for the ultimate victory of the planet in Los Angeles.” She said, “The reason I am telling you about it is that I feel there is something unique about this City of the Angels in terms of the history of the planet and the first three golden ages and the early root races, that whatever has been done in Los Angeles, if it can be redeemed, if the souls can be redeemed and returned to the center of God, we will have a tremendous impetus toward the victory of the whole planet.” (11) **The Hillside Stranglers** is the name given by the media for two serial killers (Kenneth Bianchi and Angelo Buono, Jr.) who were convicted of murdering ten young women from October 16, 1977, to February 18, 1978. They both received sentences of life imprisonment. (12) **The absence of the messenger at the turning of the year.** The messenger traveled to Africa (Ghana and Liberia) and to England from January 11–25, 1978. (13) **The stumping of the Mother with Lord Shiva** refers to the lecture tours of the messenger Elizabeth Clare Prophet, who announced on November 1, 1977, that the Darjeeling Council had called her to “stump” the cities of America. The messenger’s first official stump lectures began on February 24, 1978, and concluded on March 12, 1978. In a stump lecture, the messenger stated: “I am here because of the burning of the Holy Spirit, or of Shiva in my temple—an intensifying of a love fire that is in my heart as a physical burning, as it has been for many months and many years.” A statue of Lord Shiva as the cosmic dancer (Nataraja) accompanied the messenger on all her stumps. (14) See Rev. 22:1, 2. (15) Currently, Summit University offers a wide range of options for the study of the teachings of the ascended masters, including weekend seminar events, on-line self-study courses, and on-line non-accredited academic programs and courses. Summit University also conducts a series of spiritual retreats and seminars held at the Royal Teton Ranch in Montana as well as at different locations around the world. For a description of the courses offered and a schedule of upcoming seminars, see SummitUniversity.org. (16) **Retreat of the Ascension Temple.** The Ascension Temple and retreat at Luxor, Egypt, located on the Nile River in the etheric realm, is presided over by Serapis Bey. Candidates gather at this retreat to receive the tests and initiations leading to the ascension. A description of this retreat and the tests given there are found in *The Masters and Their Retreats*, pp. 421–24; see ordering information above.
