A Call for an All-Out Commitment to the Cause of Youth

Part 2

Now, beloved ones, having established this as the prerequisite, I make known to you the following:

We have surveyed the condition of the children and youth of Terra. We have before us our report from the Keeper of the Scrolls, from the angels of record, from the ascended masters serving this solar system, from the archangels who have delivered the vials of the seven last plagues as the judgment of Almighty God.¹

We even have before us the testimony of some of you who have testified at inner levels the reportings of the activities of children and youth upon earth. All of this information has been amassed, and we employ the computer of the mind of God itself for the distillation of this information. And the information that is in our hands today is the result of the study that has been made.

Beloved ones, we take you close to our hearts and we say that the unmitigated attempts of the fallen ones to interfere with the upward spiral of the culture of the Mother and of the initiation of the Path has been directed for a number of decades against the youth, the incoming souls, and the children of God

from the moment of the assignment of a soul before the Lords of Karma to the age of thirty-three. These are the lifestreams who have been targeted one by one.

The darkness projected against them has been relentless, like the relentless swinging of a black pendulum against the mind, the soul, the heart, the body, the chakras, the health, and the sanity. These plots of the fallen ones have been computerized by Lucifer before his judgment and by Satan before his being bound at the Court of the Sacred Fire.² And they have placed the momentum of their computerized plots within the seed of the wicked, and that seed has not yet been separated as the tares nor judged, as is prophesied in the book of sacred scripture.³

And therefore we find that among mankind in positions of spiritual wickedness in high places of government, of education, religion, science, and the economy, the ones who have the seed of the Fallen One and who have been programmed carry the most intense and entrenched darkness of Antichrist.

These individuals, moving against the mainstream of the great River of Life coming forth from Alpha and Omega, have to a great extent interfered with the lowering of the divine plan into manifestation, causing skips, interruptions, and wedges of darkness to be sent between the fulfillment of that divine plan and its manifestation upon earth. The interruption of that divine plan has been so great that the state of children and youth today is at one of the lowest points it has ever been since the days of the fall of Atlantis, since the days of the coming of Noah.

Keep the Vigil for the Youth

Blessed hearts, when you contemplate the Flood and the sinking of continents, contemplate that it was the desecration of the flame of holy youth that resulted in the ultimate

judgment of Almighty God upon the people.

It is one thing for the adult hardened in the ways of sin to perpetuate his sin. But when that sin is transferred to innocent children and they are corrupted and allowed to be corrupted by the population and none stand forth to turn back the fallen ones but allow these practices to go on, then the entire civilization must be judged!

For Almighty God has said to me this day, “The desecration of the child is the desecration of my beloved Son, the Christ. And when the Christ incarnate is violated, then the judgment for the crucifixion of that Christ must come upon all who are a part of that evolution.”

Blessed ones, the conclusion of the report that is before us is this: that there are such gaps in the understanding of the youth—of their origin, their source, their purpose, the flow of purity, the uses of the sacred fire, what the goal of life is, the path of initiation to the ascension—that if this body and this company of lightbearers is not able to reverse the tide by keeping the vigil for the youth, there is the possibility of the loss of this generation. And if this generation be lost, there will be none to pass the torch to succeeding generations.

We are calling for an all-out commitment, therefore, of Keepers of the Flame to the cause of the youth.

We Need the Exposure of Every Form of Manipulation of the Child

The Karmic Board is most grateful to report that chelas of the Mother have presented to the Mother of the Flame and to Mother Mary on Christmas Day a completed draft of the book on abortion that has been called forth by the Blessed Mother and by the Lords of Karma.⁴

Blessed ones, this action has precipitated the rainfall that you find. For even the thrust of that book before it is

published, present in the physical plane, has allowed for a dispensation of mercy to be given whereby the rain could come forth and mitigate the effects of that karma that is upon this nation for the practice of abortion as the murder of Almighty God and his beloved Son within the womb.

Beloved hearts, we send forth the call and we require that these chelas who are performing this service not cease until there is an exposure in paperback form of every form of betrayal of the Christ in the youth of America and the world.

For, beloved ones, if we can solve the problem of changing the minds of the people on the issue of abortion, then we must realize that the modern Herods, who have plotted against the souls and the temples of these ones, will not stop. The souls who make it into embodiment are immediately subjected to the bombardment of the hypnotism [of the fallen ones], their crazed minds, their insanity through the media, through the astral plane that surrounds them, and through the deadly rock music that perverts their life energies.

Blessed ones, therefore we need the exposure of incorrect methods of education.⁵ We need the exposure of every form of manipulation of the child from the moment of birth, from the moment when the chemical substances are inflicted upon these precious bodies, which begin the process of perverting the functioning of the cells and of the chakras.

An Open Door for Souls of Light to Incarnate

Precious hearts, the Lords of Karma are gratified that this community of the Holy Spirit and [groups of] Keepers of the Flame around the world are formed and are being maintained and that these focuses of lightbearers are providing an open door for souls of light to incarnate.

For we come once again with a dispensation for the year 1978, when souls of light may come forth in greater number,

when the fulfillment of the blueprint for the salvation of the age finds that the Cosmic Christ has opened his chakras and has allowed many souls to come forth.

And therefore in fulfillment of the divine decree, I announce to you that this year of 1978—an auspicious year for the people of earth and for the entire Spirit of the Great White Brotherhood and their chelas—brings to the attention of this community the larger responsibility of not only giving birth to these souls but of establishing a sound basis both legally, morally, financially, spiritually, and in every way for their evolution within a community where they may be free from fear and want and free to pursue their inner calling to be God incarnate.

I commend the parents, the teachers, and all souls who are decreeing for the youth daily. Let these calls be intensified. Let the books be written. Let those who participate in the sacred labor—whatever your participation, whatever your support, both near and distant—know that we in the Great Central Sun watch every lifestream who is able to give even an hour of decrees each day in support of our messenger, our cause, and the dissemination of this teaching.

Blessed hearts, hundreds upon hundreds of books have gone forth from Summit University Press in this year. And I report to you that many of the youth of the world, though they have not made the contact with the organization, have had their consciousness turned toward the light by the reading of a single book that has been brought forth and transferred to them by the many avenues that are open now for the dissemination of this teaching. And we are gratified!

Beloved Nada Increases the Action of Love in Your Heart

Beloved ones, the ascended lady master Nada steps forth. For she has sponsored youth, together with the Virgin Mary

and the lady master Meta and Kuan Yin, Pallas Athena, and all who serve their cause.

As she stands upon your platform now, she has come to anchor within you a specific momentum of love for a specific overcoming of that condition that Archangel Chamuel brought to your attention when he explained that this is a generation of people-haters and child-haters.⁶

And therefore into your heart now, beloved Nada increases the action of love whereby you can overcome the hatred that is projected at you—hatred that manifests as irritation with these little ones when they come to you for help, hatred that manifests as condemnation of their naughtiness or of their disobedience, hatred that manifests as impatience or any form or trait that is less than the fullness of the Christ consciousness within you.

Beloved ones, you must take care, when you have souls of great light in your midst, that you are giving the full momentum of love for their discipline and that that discipline does not turn to criticism, condemnation, or judgment. Discipline is the utter love of Almighty God, and when it is given lovingly it is for the growing of the plant and the coming forth of the precious flower. When it is given destructively, it can cause you enormous karma.

Therefore I warn you, blessed ones: Be purged of all substance of the misuse of love that has become a selfishness, a laziness, a sloth, a boredom, or an energy that simply manifests as “I don’t care. I do not have any time to work with children or with youth. I will sit in my home and I will do my decrees. And that is all I prefer to give.”

Precious ones, children require one-to-one action. They require interaction. They require your example. And you need their love, their life, their joy, their happiness, as they are forerunners and messengers of the angelic hosts of light.

The Hardening of the Spiral

Beloved ones, when it comes to assisting the youth of America and the world, there is no substitute for physical involvement, for becoming a part of their lives, their activities, their work, their schools, their play, their sports, and their putting on of the garment of God. Whatever ways are to be devised, beloved ones, you must call forth the genius from the heart of the Great Divine Director, who holds the key to the salvation of the youth in every nation.

I repeat: Unless the youth from the age of conception to the age of thirty-three are contacted and have the transfer of the spiral of light, there is that possibility of the loss of that generation. For when the child becomes the man and the man passes the age of thirty-three, there is an activity of that which is known as “the hardening of the spiral.” It is the setting of the spiral as the habit pattern of life.

At that moment, beloved ones, it is with great difficulty that the conversion of energy can come forth from the heart of the I AM Presence. Those who are converted after that age almost in every case are converted because in the first thirty-three years of their lives they had some contact with light, some contact with purity and peace, whether through father or mother or an example of light.
