## A Shaft of Healing Light for Your Use

*Ho!* Sons and daughters of God!

I descend into your midst in the light of the healing ray as a current shot from God, as an arrow. I descend in the impetus of the law of your own life to be the abundant life and to be the example of wholeness and joy, buoyancy and life to all who meet you in the way.

By the joy of your face, by the grace of his Presence, and by your determination to be God-free beings, let all life know that today, in this hour, mankind can be free to know the wholeness of his Word, “Be thou made whole.”<sup>1</sup>

God has sent me, his evangel, to go before the angels of the Most High to proclaim the hour of the healing of consciousness, soul, and body, and of healing currents descending even as the vials of the seven last plagues are poured out upon the earth.<sup>2</sup>

I am come in the mission of the two witnesses, and I come carrying the sword of Pallas Athena, which she has lent to me this night to pierce the veil of ignorance and to enable your souls to enter into an inner rapport with the angels of healing and to receive that healing flame that I would transfer to you later in my dictation. For the light of healing must be upon earth.

### The Cells in the Body of God Require Healing

Beloved ones, the cells in the body of God require healing—the cells in his mystical presence, the cells of your very soul.

Now healing is the spinning of the great wheel of life. It is a regenerative momentum of light that turns the wheels of the chakras spinning in conjunction with the wheels of God’s law, and thereby there can be transferred, by the coordinating momentum of this power, the currents of wholeness directly from the body of God, of Alpha and of Omega.

You see then, blessed ones, that if the light that is in thee be filled with the momentum of God, and if the gears of the chakras be oiled with the holy oil of Gilead,<sup>3</sup> then by the very vibration of your life you can intensify the currents of God, you can be one with God, you can *be* God incarnate as Jesus Christ was.

This is what I learned from him as he became my inner and outer Guru. This is what I understood—that I too could become the Christ as the instrument of the Saviour, that where I walked, he would walk; that where I stood, he would heal; that where I spoke, he would speak. This I learned, and yet I understood the unworthiness of the lesser self in the state of sin that is made worthy by grace, by transmutation, by fiery baptism, and by the balancing of karma in service to life.

And so it is the soul becoming God who is worthy. It is the Christ within each one who is fit to dwell with him. Make, then, the tabernacle clean to receive the healing current, and know that the entire planetary body can be stepped up by the healing light if you will it.

### The Release of Currents of Healing

Now, the moment for the release of the currents of healing and their transfer to you:

I would describe this process to you as the lowering of a

shaft of healing light, as though you would perceive a coil of light, a rope descending, a thread that you would reach for by the reaching of your arm. And with each reaching and tugging of this shaft of light, you would pull it down and then use it. But the moment you would let go or allow your attention to be removed from it, it would rise once again.

Each time you perform a healing service, make a healing prayer, give a healing invocation, or write your petition—each time the deep desiring of your soul is to free another soul, you, by the activation of your chakras, may reach up and draw down the healing current. And each time you pull it down you will develop a momentum of the greater and greater use of that healing light. And so only by self-effort and the exercising of the healing ray for the exorcising of the dark ones on the planet will you become proficient and gain the momentum.

And each time you pull upon the healing current, it will charge your garment with a greater flame of that presence of living truth. And so you too can develop that momentum within your garment that Jesus knew. Therefore even the touching of your garment may transfer to souls of light walking the Path that momentum required to reverse the spirals of entrenched momentums of darkness.

The transfer, then, of the healing current is the adding of the momentum of the healing masters to your own, and it is an availability of a descending shaft of light, ready to be pulled upon rather than you having the necessity to develop a new momentum each time you make your calls.

Beloved ones, this transfer ensures that the healing flame will not be misused, that it will always reside at the level of your Christ Self. But one day, after you have proven to the Great Law the sincerity, the objectivity, the utter selflessness of your use of this healing current, you will pull it down and

it will be anchored in your heart, nevermore to return. And then it will provide the opening of the way of a great momentum of the Holy Spirit for the transformation of worlds—the worlds of consciousness and of individuals on the Path.

This descent of healing current, of healing light, is made possible to you by the joint sponsorship of all of the healing masters and healing angels and devas of the fifth ray, who serve together at inner levels to minister to the needs of mankind. We have added this momentum to the momentum of Saint Germain, who has gone forth so many times before the Lords of Karma on behalf of all disciples upon earth.

#### **We Use the Violet Flame to Clear Conditions within the Human Consciousness**

We would add the flame of precipitation to the chelas of Saint Germain. We would add our thrust of energy. We come swiftly on the wings of the God Mercury—swift by the mind of truth, swift by the sword of truth, swift by its light. We come with that momentum of acceleration to give impetus to the violet flame and to use the violet flame to clear the way in certain conditions within the human consciousness that must be cleared ere the flame of truth can perform its perfect work.

I AM Hilarion. I come with this dispensation. I come with a word of love. I come saying, above all, apply the geometry of the Godhead and the science that you have been taught, the science of the ascended masters and of the Mother flame.

Apply all that you know and realize that it is the fifth ray, the emerald ray, that enables you to make practical and to bring into manifestation every ideal, every desire to be God, every wish for the fairy godmother to come. For the fairy godmother *is* the Cosmic Virgin in your presence. And so the

light of her Presence in all of her many manifestations, ascended and unascended, can bring to you that momentum for the crystallization of the God flame.

And I might add that the dispensation of this shaft of light, so readily available, was voted for by the Lords of Karma because you have already shown a certain adeptship, a certain discipline in bringing forth—by the sharing of your supply and by your God-determination—that place that you have called Camelot.

We rejoice, beloved ones, and we look forward to an acceleration of the teaching of the disciplines of wholeness so that temples may be purified and become a more balanced chalice to hold greater light.

### **The Fortification of Your Own Pyramid of Life**

I must confide in you, beloved ones, that whereas it would be our desire to convey to you much more light and much more energy and even a greater dispensation of the healing current, the place where the Lords of Karma must draw the line is the place where your cells and your temples cannot contain any more light except to the danger of your soul.

This limitation is only imposed upon you by the absence of balance—sometimes biochemical and sometimes in the arrangement of your four lower bodies, as these are yet misaligned due to previous flirtations with the astral plane and other misuses of the sacred fire.

Beloved ones, I call you, then, to the understanding of the fortification of your own pyramid of life and the City Foursquare. Some of you are even fatigued by your service, and therefore we must also wait until your bodies can contain more light. For to bring more light also brings greater opposition. And when the opposition comes to that light and the cup of your chakras and of your cells is not steady, then we

find that the presence of greater light within you merely makes you more vulnerable to the fallen ones. All of this we must consider as we read your petitions for dispensations and as we understand your great heart's longing for healing.

Beloved ones, some among the student body have chronic conditions caused by certain levels of karma. To take the enormous quantity of light that it would require to transmute that karma in the four lower bodies in order for the physical condition to be corrected, it would require such an upheaval and such a cataclysm that we prefer to bow to the Great Law and allow you to pursue that self-healing whereby little by little you put on the garment of God.

And in the process of bearing your infirmities, you become more humble in the realization that even though you have or may have the perfect knowledge of the Law, you yet carry that memory and that scar of other years and other days when you may have misqualified the Law. And therefore with this understanding you will always be slow to judge and slow to criticize others who yet falter in the way.

Beloved ones, this is why the Lord Christ enabled me to bear my burden and my infirmity<sup>4</sup>—because all who teach and preach the Word must beware of balancing world karma within their own temple and of carrying their own karma openly where it shows rather than being hidden, lest they may present to the world an image of perfection that conceals that last remaining bit of transmutation that must occur.

We consider it far more beautiful that the sons and daughters of God are able to hold their heads high in honor before God and as part of the law of his forgiveness, bearing openly their infirmities and understanding that they will be made whole in the hour of the resurrection and in the fulfillment of the law of the ascension.

### Beware of Your Associations

Precious hearts, it is the robots, the fallen ones who perpetually work for outer perfection, when their inward parts are filthy and the stench is greater than you can imagine of the decay and the rot of untransmuted substance at the astral level.

And often we cringe when we see students of the light lacking so much discrimination that they choose to be among such individuals and thereby the garments of these students may be momentarily (and sometimes longer than momentarily) soiled by proximity. And often it is a last remaining vestige of pride or ambition or a sense of personal flattery that is fulfilled by being in proximity to these individuals, who have such an easy tongue and such a way with words and such a way of making those who are impoverished feel as though they were rich and filled with goods.

Blessed ones, beware of your associations. When you carry great light, often there come around you those individuals who have no light because they have rebelled against God. And they come to you to receive your light, and therefore they can be every whit as pleasant and as jovial because they recognize that sometimes the children of light are fooled by that outer appearance.

Blessed ones, I ask you, then, to give your invocations to Cyclopea for the All-Seeing Eye of God to give you the discrimination and awareness that all that appears to be holy is not holy, and all that appears to be unholy may be the very presence of God himself.

Recognize, then, that we judge righteous judgment.<sup>5</sup> We judge by the brilliance of the soul, the light of the eye, the dedication of the heart. But the world's judgment is not in this vein.

Therefore, take not the light of God and by sympathy convey it to those who are unworthy, but take the shaft of the healing current that I transfer to you and use it for the

healing of the body of God, and let those who require light receive the light.

Let those who *desire* the light but are not deserving of it (because they have not confessed the name of the Lord Christ) be left outside the body of God and be required to take a step on the ladder of initiation in order to receive the dispensation transferred to you, transferred to them.

### Let This Healing Light Be Used to Heal America and the Earth

Beloved ones, I AM ever your Hilarion, proceeding onward before you in the way. Let us become wise master-builders. Let us use the intelligence of the emerald ray. Let us place science and religion, medicine and the healing arts on a proper foundation, and let reality hold sway.

Let this healing light, above all, be used to heal America and the earth of the great, great pall of unreality that has come over the land through the entrée of discarnates through the process of drugs. Drugs of every kind, beloved ones, bring in the astral plane. So let the emerald ray cut through, and with the violet flame deliver the nations and the peoples of the earth unto the New Day.

In the name of my Lord Jesus Christ, I salute you and I bid you a good evening in the temples of Truth.
