The Beloved Goddess of Purity

November 15, 2022

### The Release of Floodtides of Purity unto the Earth

I come trailing garments of the gossamer veil of your own cosmic purity.

I wear these garments, billowing softly in the gentle wind of the Holy Spirit, because you yourselves do not wear them, beloved ones, because you do not think yourself worthy.

In general, mankind consider themselves to be greatly lacking in purity, when in actuality many souls upon earth have a great degree of purity—of motive, of heart, and of love.

Why, then, do people consider that they are not able to wear the robe of purity or that they are not worthy?

Beloved ones, this is not inherent within the individual but it is that condemnation that comes from without. It comes from the fallen ones, who behold the purity of millions of souls, and the reaction of these fallen ones is intense envy, such as that portrayed in the story of Snow White. As the wicked queen is jealous of her snow-white purity, so the fallen ones, who have walked the path—the left-handed path, no longer having purity and knowing for a cosmic fact that they are impure—have their own psychology of putting off upon God's children the blame and the burden of impurity.

*The Release of Floodtides of Purity unto the Earth*

394

Blessed ones, I know many, many souls who pass through life—mind you, incarnation after incarnation—bowed down almost to the ground with the sense of their own impurity. And I tell you, the Great Law has written that there is not one splinter of impurity within these souls. If I could, I would shed a tear, a crystal tear of purity on behalf of these souls. But rather, I condense light and I *challenge* the fallen ones!

I come, then, with my sword and I say: Face me, fallen ones! Now you may fling your condemnation and your impurity at me, and I will defend my little ones! For this day, I stand forth! I AM the Goddess of Purity, and I will no longer be removed into a corner! I AM stepping down the intensification of my light into the forcefield of earth, and *this* day I proclaim the day of the coming of the legions of Purity to rescue the little children and the youth, to rescue all people everywhere whose hearts are inclined to God!

The Elohim of Purity stands with me, and Astrea—the grateful one who receives the endless calls of the students of light. Thus, tier upon tier of involuting forcefields of cosmic purity, of white and blue lightning, now steps down the dispensation of the Great Central Sun to carve a pathway of the white light of purity and of the pastel hues that emanate from that pure light, showing a vast rainbow of cosmic rays that now inundate the earth, giving hope, blessed hope, to those who are in darkness.

#### Let Mankind Be Disciplined by Love and Not by Mechanization

Blessed ones, I turn back impurity! I transmute impurity! I *challenge* the impostors of purity and all impostors of the fourth ray! I *challenge* the impostors of Serapis Bey!

I AM the shakti of Almighty God, serving on the ray of purity! I AM the bride of the Lamb! I step down the light of

the Father, the Son, and of the Holy Spirit, and I give it unto you as flaming fireballs of purity!

*Cease*, then, descending to the levels of the discarnates, but rather *charge* the astral plane with flaming spheres of white lightning! And let these spheres—as they roll, *roll* into the cause and core of infamy this day—*explode* as that explosion of light from the Great Central Sun to *shatter* the cause and core of pornography, to *shatter* the cause and core of abortion, to *shatter* the cause and core of the murder of God, to *shatter* the cause and core of the misuse of little children, of bribery, of organized crime, of blackmail, witchcraft, black magic—all of which pervert the base chakra of the Mother of purity!

Blessed ones, this is the fierceness of Kali, and her guise I assume. Yet I AM the blazing, triumphant, cosmic-purity consciousness from out the Great Central Sun! I have entered into the highest initiations of purity, and I have been abiding in the white-fire core of Alpha and Omega in preparation for this release of floodtides of purity unto the earth.

Therefore, let mankind be disciplined by love and not by the rigidity of the impostors of Serapis Bey, not by the mechanization, not by the mass pressures of their hearts, not by condemnation. No! Let it be by love—love as the precision of the call and the answer, love as the precision of action, love as illumined will, love as joy—joy to fulfill the least request of Almighty God within the soul.

I AM come to make you whole! I AM come to make you aware of the clarity and the crystal vision of God! I AM come to declare to you that the thrust of purity that is required to counteract the impurity—not of the children of God but of the fallen ones—is great and is indeed now brought forth by the Great Central Sun messengers!

### **This Release of Purity Is the Keystone in the Arch**

Beloved Alpha and Omega have weighed the equation of all impurity manifesting upon earth, and they have decreed the dispensation of the counterthrust of immaculate purity from the white-fire core of the Great Central Sun!

Beloved ones, *this* is the dispensation you have been waiting for, whether you realize it or not! It is *this* ingredient of the alchemy for which Saint Germain and El Morya and the entire Brotherhood has called. Even as you have made your calls, so [these masters] have translated your calls into the illumined calls for that alchemy of the sacred fire, for the components of light and dispensations!

And therefore this release of purity is the keystone in the arch. But all is not released at once. It is a reservoir of sacred fire to be invoked by you moment by moment, day by day, to be accelerated by mighty seraphim and legions of Purity, who place themselves within the four planes of the earth as step-down transformers so that mankind will not be marred or scarred by the release of light.

And therefore, beloved ones, the multiplication factor of the blessed servants of God, together with your calls in the science of the Word, will now be made possible and enhanced by a dispensation of energy that will be available until the entire planetary-body momentum of impurity is reversed, turned back, and driven into the white-fire core of God's heart for absolute transmutation and the soul liberation of every lifestream.

This dispensation, then, will far outlast your tenure of service on earth, and it will be available so long as there are evolutions who will carry the torch, seize it from you, and will to make their lives also a crystal of purity so that the pane of glass will be clear and not mar the image that will be transferred from the Central Sun through the seraphim by the

call through you unto the Matter plane and unto humanity in general.

**Let Your Prayer Be,  
“LORD, I AM Worthy of Thy Purity!”**

Beloved ones, this is a cosmic equation and you figure as ciphers in the equation, each one, point by point. I counsel you, then, to use your heart as an expanding central sun and to take the messenger's instruction this day directly from Jesus and Mary as your understanding of how to prepare your consciousness to make the maximum use of this dispensation of purity.

From out the Great Central Sun, I AM come.

I seal your chakras in flaming spheres of purity, which whirl now to consume, to dissipate, to expel every blame and bane of the fallen ones.

Let your prayer be, “LORD, I AM worthy of thy purity!”

Be blessed in the flame. Be of good cheer.

I AM flaming Purity.

## Goddess of Purity

In the name of the beloved mighty victorious Presence of God, I AM in me, my very own beloved Holy Christ Self, Holy Christ Selves of all mankind, the beloved Goddess of Purity, beloved Guru Ma and Lanello, the entire Spirit of the Great White Brotherhood and the World Mother, elemental life—fire, air, water, and earth! I decree:

1. Goddess of Purity, being of Light,  
Charge me now with thy Flame bright;  
Balance my four lower bodies aright,  
By thy Love make all things right.

Refrain: Purity's radiance I would be—  
Purity for eternity.  
God's own Image of Love unfold,  
Flood my being with happiness' gold.  
Keeping on as barriers go,  
For God is Purity, this I know.

2. Goddess of Purity, I come to thee  
Seeking the way of Purity.  
All nature sings and joybells ring  
As to thy hand in Love I cling.
3. Goddess of Purity, O precious one,  
Prism of the Central Sun,  
Flaming color of crystal light,  
Make my garments in Love all white.
4. From my soul let stain now go  
As I bask in Purity's glow.  
With God alone I go forth to rule;  
Human bondage no more can fool.
5. Take dominion in my soul,  
God's own Purity, make me whole.  
For nothing is impossible now  
When to his Love in truth I bow.

And in full Faith . . . \*
