## Victory's Garden Must Be Watered Part 1

Bright and shining ones, mindful of the coil of love that ascends as a cone of light around your heart chakra, I come sliding down the coral banister of life into the fountain of your heart, splashing into the center as the New Year's babe, as the Child born within you.

You have begun to see me behind many masks. And so I have hid myself from you for a little while behind the Buddha and the Christ, the saints of old, and your own blessed loved ones as I have come oft to chide you, oft through most unexpected persons, sources, but altogether to show you what remnants of the lesser self stand between thee and thy God....

I come in advance of New Year's Eve to give you yet a few days to consider how well worth the effort it is to lay upon this very altar, in this chapel and in your heart, the bygone inconsistencies of yesteryear.

## Victory's Garden Must Be Watered

### Part 1

Bright and shining ones, mindful of the coil of love that ascends as a cone of light around your heart chakra, I come sliding down the coral banister of life into the fountain of your heart, splashing into the center as the New Year's babe, as the Child born within you.

You have begun to see me behind many masks. And so I have hid myself from you for a little while behind the Buddha and the Christ, the saints of old, and your own blessed loved ones as I have come oft to chide you, oft through most unexpected persons, sources, but altogether to show you what remnants of the lesser self stand between thee and thy God.

Now as the old year of '77 passes into the new of '78, there is an alchemy of numbers, if you will, a geometry behind the hieroglyphs that mark the cycles of the ages. Year by year, as the Chinese understand the cosmos, naming each year after a thoughtform, so within those years is the opportunity for a portion of thy Self to be realized.

I come in advance of New Year's Eve to give you yet a few days to consider how well worth the effort it is to lay upon this very altar, in this chapel<sup>1</sup> and in your heart, the bygone inconsistencies of yesteryear.

Lay upon the altar, then, all that is excess and excessive. For blessed hearts, the year 1978 will give to you, within the blessed Lighthouse at the Summit, an opportunity so vast as you can scarcely imagine how this cone of light can become the ever-widening golden ratio of your fulfillment of the cosmic scheme.

### To Forge the Victory Means to Sustain the Victory Hour by Hour

Beloved ones, I have made known to my Beloved the import of the coming year and, as you would say, all things are in a "go" position. Camelot is won! Camelot is here! And yet that winning must be reaffirmed month by month as the demands to retain the victory come at every level—spiritually, morally, through constancy, and through the offering of that special and sacred supply upon the altar. To forge the victory means to *sustain* the victory hour by hour.

Blessed ones, I have knelt before Mighty Victory to learn of his indomitable victory, and I have learned, as he has told me, that every victory that he has won in aeons from out the Great Central Sun is reinforced, reconsecrated daily.

Thus the expansion of victory from the center creates a spiral of stars over which millions pass. Therefore a single victory—as the star center becoming a million stars spiraling in the golden-ratio spiral—produces a million steps upon the stairway that a million million souls may follow. And thus Victory's garden must be watered and tended and nourished.

You have heard Saint Germain teach you that each time the alchemy is sealed, each time you have concluded an experiment through the seven rays, you must then *sustain* the seventh ray in the ritual of victory. And have you not noticed that when you have become too giddy about any accomplishment, suddenly it is snatched from you on the

morrow and your rejoicing is turned to tears?

Ah, the wisdom of many years of service with the Brotherhood! How we learn, how we learn—you in your octave, we in ours. And the collective learning is our contribution to the computer of the mind of God whereby every part of life may draw from that fiery core the lessons of every other part of life.

**Call for That Full-Gathered Momentum  
of the Great Divine Director**

Now think upon this, blessed ones, how you can draw from the experience of the Great Divine Director, how you can draw from the power of Hercules and the Elohim, from the tenacity of Archangel Michael in slaying every demon that is in the way!

Think, beloved hearts, that every single experience of an Elohim, a cosmic being, is coded and recorded in the Great Causal Body of the universe, that you also have contributed the momentum of your experience and that this entire momentum is drawn forth, then, through the Mother flame within you as the culture of light, the cultivation of light within her children.

Now see how you may call, in these remaining days, for that full-gathered momentum of the Great Divine Director, of every ascended master and cosmic being to be anchored cell by cell within your own causal body, within your own Christ Self and soul, your expanding soul awareness. It is our desire to press each cell as a chalice of light, full and overflowing with our momentum of victory.

For blessed ones, I tell you an alchemical key—that in this year of 1978, as in no other year in this century, every victory that you forge and win will be multiplied by a certain cipher, which I am not at liberty to release—a figure far greater than any other factor that has been given to you in your initiations thus far. By the same token, your error,

your withholding, your stubbornness, or any indulgence will likewise cost you far more than it has ever cost you.

**Whatever It Is of God That Thou Hast,  
Increase, Multiply, Intensify!**

And therefore I speak to souls of my heart within this movement and beyond, across the face of Terra. I send a ray that I intensify by the diamond of Morya's will to every chela and everyone who has ever been a part of the Path.

Come home to Camelot! Camelot is large enough, grand enough, humble enough to include the great and the small, all who have heard the call.

Blessed ones, this soil shall be multiplied. This wisdom shall be multiplied by every effort you make—a tighter pulling on the reins of God-control, a sweeter release of compassion's word to every soul, a higher concentration of the diamond point of the mind as it contacts the descending diamond point of God's mind, a glimpse of the vision through the mists, then a determination to clear the mists by the rapier thrust of the sword of truth.

In other words, whatever it is of God that thou hast, increase, multiply, intensify! And be not content but accelerate the spiral. Accelerate the spiral to *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive—until you become the great locomotive of life moving across the tracks of time and space, faster and faster—*give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive, *give* and receive—until one day you will find that that great momentum of acceleration will become the means whereby the parallel tracks of time and space become the comet of the Infinite.

And blessed ones, will you really know the day when your

acceleration has become the allness of a cosmos? The transition of the ascension will be for you ever so gentle, ever so gentle, my beloved.

### **The Partaking of the Forgiveness of Eve**

Thus we come on the eve of the celebration of the newborn Eve. Look, beloved ones. For the great beings of the cosmos come in the coming conference to give the unforgettable dictation of the forgiveness of Eve.<sup>2</sup>

Here, then, is the key: Partaking of the forgiveness of Eve, you inherit the halo of Mary. Precious hearts of light, forgiveness, then, and the opportunity for the forgiveness of Woman, opens the door of the year for the acceleration of the centuries. It is in this key that you will find that momentum of which I speak.

Let all, then, prepare, each and every one. No matter what you *think* your attainment, high or low, there is always something to surrender, always something, then, to engender of love in the soul nearest thee.

*Only love is the power. Only love is the power. Only love, my beloved.*

I AM that flaming flame of love in your very midst. Let love, then, be as the Refiner's fire. Feel that fire now, for I light it beneath your very feet that it may burn and give you that alchemical heat *blazing* through your temple, *blazing* through your soul.

### **Seven Marriages for the Redemption of Eve and Her Offspring**

These seven marriages<sup>3</sup> are for the redemption of Eve and her offspring. And therefore let those who have consecrated their vows beware the conflict of Cain and Abel.<sup>4</sup> For that conflict must finally and again be settled, and you will see

that conflict in the major polarity of the powers of East and West, as economically and politically souls of light are camped into capitalism, into communism, and on and on.

Souls of light, your union and the union of every soul of God through this consecration is for the transmutation of the hatred of Cain, of the murder by Cain.

Blessed ones, it will take stalwart souls to sustain enough love to be a pillar of fire for the transmutation of that world hatred. For by the murder of righteous Abel there was begun upon Terra the counterfeit of the Mother flame, the hatred of the Mother by the hatred of her offspring. Thus Antichrist came into being in that era. Now it must be rolled back.

Let each of the seven, then, be bound by a mutual pact. Whereas each two must hold the flame of one of the seven rays, if any of these two should forsake the keeping of that ray, it will fall upon the Mother of the Flame and her family to pick up the torch so that the holy circle may be complete.

And thus through the eighth ray that is shared by the Mother and the souls committed to the Buddha in the Mother, the balance is held, a sacred alchemy. Therefore, not for yourselves alone but to God's glory and to the redemption of Terra do you sustain the pillar of fire of God's love.

Blessed ones, visualize within your homes a mighty furnace. See this furnace blazing with the intense fires. It is a large furnace, and into that furnace daily pours the world hatred. It becomes fuel for the Mother—fuel for her burning of the fallen ones, fuel for the transmutation. And through the leaping flames there is the ascending of pure, white light that then comes upon you as the gentle rain of pink love, the pink rain of love that comes because you have sustained the furnace—white-hot, blue-hot, violet-hot, ruby-hot.

Blessed ones, this is the intensity of love required to sustain your marriages. As I would have said, "I kid you not!"

### Sustaining the Flame of Love on Terra

Beloved ones, I am very close to this octave and I assure you that whereas you have beheld the glory of the path strewn with rose petals, I must place before your eyes the realities of the trials and tribulations of sustaining the flame of love on Terra.

It is in the moment when viciousness is directed against you—and persecution, vilification and condemnation, suspicion and gossip—that you must beware. For beloved ones, the waves that beat upon the shores of your lifestreams are as tidal waves in their force as that last momentum of planetary hatred seeks to inundate the Mother and her children as they stand upon the shore of life.

Here on the West Coast, here on the beaches of California, [the Mother and her children are] singing their bhajans, transferring the light of the teaching, sitting in awe of the flow of that holy wisdom and being so caught up in the flow of light that the hours and hours turn into cycles of victory—and still, *still* the children of the Sun hold rapt attention on the flame of the One.

Is this not the holy rapture, where time and space are not and you are caught up in the wisdom of our auras, of the presence of the Great White Brotherhood?

**“The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom.”** This previously unpublished dictation by **Lanello** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet at the conclusion of the Christmas Eve service, held at Camelot in Los Angeles County, California, which ended early **Sunday morning, December 25, 1977**. Part 2 of this *Pearl of Wisdom* is published in this volume, no. 46. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books and DVDs are available at <https://Store.SummitLighthouse.org>; audio products are available at [www.AscendedMasterLibrary.org](http://www.AscendedMasterLibrary.org). [N.B. Bracketed words have been added for clarity in the written word.] **(1) This chapel.** This dictation by Lanello (given from 1:12 a.m. to 1:46 a.m.) occurred at the conclusion of the Christmas Eve service, which was held in the Chapel of the Holy Grail at Camelot. During the service before the dictation, the chapel was consecrated “as the open door for the lowering into manifestation on earth as in heaven of the New Jerusalem, the City Foursquare and the great cathedral of our Lord.” **(2) The dictation of the forgiveness of Eve.** This dictation was given by Justina, Mighty Victory's twin flame, on January 1, 1978, during the New Year's conference *God Is Mother*, held in Pasadena, California. It is published in the 2000 *Pearls of Wisdom*, vol. 43, nos. 20 and 21. In this dictation Justina explains that “the one who was embodied as Eve has remained yet in incarnation on earth even unto the present hour” and “is forgiven unto the uttermost.” This one “holds a key and the key for the women of this world to enter into that same path of initiation and light of freedom.” **(3) These seven marriages.** Seven couples were married on December 24, 1977, in the newly consecrated Chapel of the Holy Grail at Camelot. The messenger explained that these marriages celebrated “the alchemical marriage of sons and daughters of God with their own mighty I AM Presence.” **(4) Gen. 4:1–24.**
