The Sacred Fire Judgment of the Holy Spirit

While all of the earth wallows in self-pity, you dare not indulge in one speck of dust!...

Therefore let the chelas of the light not take for granted the opportunity to accelerate on the path of becoming an ascended master. You must realize that the greatest gift of my incarnation is not the Bethlehem babe but the promise of that babe that all might become the ascended master...

We have drawn a hallowed circle around this forcefield and around the earth, and within that circle we have magnetized the souls whose inner commitment to the flame will allow them to become candidates for the ascension in this life. Beloved hearts of fire, release, then, your resistance to the love of that path, and only that love.

I come before you, and this is my Christmas message...

The Sacred Fire Judgment of the Holy Spirit

Hail, sons and daughters of light! Hail, souls of infinite fire!

I come into your midst, and I demand attention! I demand your obedience to cosmic law! I come for the quickening of your lifestreams to the higher discipline of the sacred fire, and I *rebuke* you for being out of alignment with that holy will of God!

Let the violet flame descend! And let your judgment be your incapacity to be receiving a greater light of freedom this day *because* of your indulgence and *because* of the indulgence of the nations of the earth!

While all of the earth wallows in self-pity, you dare not indulge in one speck of dust! And yet you have! And yet you have perpetuated those energies and that nonsense, which has become a burden to our endeavor, to our messenger, and to your own soul's evolution. Therefore let the selfishness and self-indulgence not be found in my house! For this is the Father's house, and within this house there will not dwell those individuals who cannot respond with alacrity when the command from the Son of God is given!

Therefore let the chelas of the light not take for granted the opportunity to accelerate on the path of becoming an

ascended master. You must realize that the greatest gift of my incarnation is not the Bethlehem babe but the promise of that babe that all might become the ascended master. To trifle with that opportunity is unthinkable! It is unthinkable in our octaves of light and therefore we will not permit the trifling within our midst!

We have drawn a hallowed circle around this forcefield and around the earth, and within that circle we have magnetized the souls whose inner commitment to the flame will allow them to become candidates for the ascension in this life. Beloved hearts of fire, release, then, your resistance to the love of that path, and only that love.

Do Not Compromise

I come before you, and this is my Christmas message to every Keeper of the Flame, to every student in the teaching centers, and to those who stand offish from the organization, knowing well that here lies the fount, the victory, and the flame of the teaching.

And I say to you that your trifling with the teaching and with the directives that we send forth through our messenger will cost a great price to you individually, to you collectively, and to the world at large. Therefore understand that while you have the Word for the discipline, it is no time to be going after other forcefields because of this or that teaching or this or that dispensation that you think is manifesting.

Beloved hearts, how many have there been who have come as the Bethlehem babe? Were there twenty-five who came having the mission of Jesus Christ? Or was there one?

Do not consider, then, that we have messengers in every nation or here or there or that simply because someone applies great words and is able to portray before you a romantic telling of the story of the Law, that at last you have found

“by your deep perception” another who can represent our consciousness and our flame to you.

Beloved hearts, this *is* our dispensation, and we demand electrodes who will appreciate that when the LORD God sends forth the dispensation, if it is to be carried over the thousands of years, then those who receive the initial impetus cannot compromise.

You will see in Christianity today the effects of the compromises of the apostles. Beloved ones, each compromise, each impetuous work, each act of stubbornness has been reflected untold times over and again within the Church until we have had to break the very vessel of that Church and form again that which would be acceptable in keeping the flame on Terra.

Be a Pillar of Fire by Night

I tell you that cataclysm does threaten this coast and this area, and therefore we count upon the disciplined ones to be that fiery light day and night.

When you indulge, then, in your selfishness, when you look glum, when you are wondering who is going to do something for you next, and when you are concerned that you are not happy where you are, then I say, you are not the pillar of fire by night¹ and you are out of alignment.

Take this rod of light and see how it is connected to the heart of the earth and the heart of the Great Central Sun. When you are in harmony with love and joyous where I AM, then you will not consider the extension of time and space necessary for the fulfillment of your divine plan, but you will make the leap into the heart of God by love and you will see that that love itself can transcend the time and space that must evolve unto the fullness of your expression of joy in this octave.

See, then, how [when you are out of alignment] you are

the electrode that moves aside from its connection to the heart of the earth and the heart of the Sun, and it is therefore useless. It has no polarity. It has no energy and no quickening because it is not attached to the filaments of God's being.

Blessed ones of light, I come, then, with the sacred fire judgment of the Holy Spirit. I come that you might be “burned” now rather than later. I come with sacred fire so that you might understand the mastery of detail in the Virgo action of the incarnation of the Mother. This is the hour, then, for fastidiousness, for *order* in the household of the Mother, for *order* in the organization, and for all to understand that unless there be order in your consciousness, there cannot be an orderly progression of the Law and the expansion of the teachings.

Let the obedience of my flame be upon you! Let my message be upon you! And let all those who have withheld a part of the price know that this day I have read your hearts and I, the Lord Christ, look beyond appearances to the very core of your being. And by the Eye of God I therefore can read in the projected future the judgment upon your life if you continue to withhold the best part of your love for the Almighty on earth.

In reading, then, of the judgment, I come to forewarn you of the judgment and to give you the action of the judgment this day so that you might receive it, correct that manifestation, and live.

Become Doers of the Word

Saint Germain stands with me. We are ready for the conversion of souls. We are ready to have an example in our midst whereby when souls come into our midst they see and know that this is indeed the place where those who have heard the Word have become doers of the Word.²

I speak directly to *you!* I speak directly to everyone who has had contact with the ascended masters! If every lifestream on earth this day who knew of me and knows of Saint Germain would come forward and submit even an additional 5 percent of their consciousness in the service of God, I tell you that the influx of light would be so great as to cause light of a cataclysmic nature (but a benign cataclysm) to occur within the very forcefield of the earth. And mind you, I have spoken only of those who know of the ascended masters and are familiar with their teachings.

Think, then, what a difference would come to earth if all of those who profess to walk in the way of the Lord in the world's major religions would also provide that additional 5 percent for the balancing of darkness on earth.

Blessed ones, I demand a sacrifice. As the LORD God demanded of me a sacrifice, so I stand the instrument of the judgment and I demand your sacrifice. And I will continue to demand it until all is consumed and you stand before the altar, ready to take your final vows for the ascension.

I have come. I have released the sacred fire into the midst, and I have released the energy necessary for the judgment of the individuals who are a part of this darkness that is abroad in the Holy City. Watch and see how the cycles of Almighty God are fulfilled. For every jot and tittle of the Law shall be fulfilled³ ere this case is resolved. Therefore be not dismayed but be alert and vigilant. For there are many matters in America and in this organization that require your diligence.

Be unto All the Fulfillment of Love

Let this message be sealed in your heart and go forth in the joy of the incarnation and the joy of solstice. Go forth in the joy of the Holy Child and be unto all the fulfillment of love.

I AM your Lord. And while I have an instrument, I will speak as I will, and I will speak as God wills, and you will hear the wind of judgment.

Elohim, come! Press! Press down now upon these souls and let them feel the pressure of light that demands cosmic compensation—compensation for all gifts and graces, the compensation of an identity forged in God.

Be *sealed* in my ray! For I have directed it to your heart, and none shall escape—no, not one! Not one soul on Terra who has the teaching of the ascended masters will escape the ray of my flame! And let that flame of white fire be for the forcing of that hardness of heart, that human selfishness and willfulness, the forcing of that energy into a spiraling energy of light, driving it now into the white-fire core of sacred fire for transmutation, that you might be an angel among angels, an angle among angles of God's consciousness.

So I AM before you, the Faithful and True and the joy of the new cycle.
