## **Behold the Handmaid of the Lord Part 1**

I am the ever-present Mother and I serve my beloved through many peoples and many planes of consciousness, of which you are not aware nor could you be, for you have your own sphere of consciousness and they have their own. But the Blessed Mother is everywhere, and I am the opening of the light to many evolutions.

Rest your case, then, with God. For if this service be not of the light, then God has already judged it and its days are numbered. But if it be of the light, then there is nothing that can stay the hand or the forward movement of the expansion.

Thus the LORD has decreed my coming. I am bidden, and I am here. I would that you might be my instrument to expand love, to cherish the little children, but above all to secure souls on the path of salvation through the love of the blessed Son, Jesus, as he is the example of the...

Beloved Mother Mary

## Behold the Handmaid of the Lord

### Part 1

Blessed hearts burning with the fire of love for the Saviour, be not dismayed that I am come in this age to proclaim the Second Coming of the Light, the true light of the Word. Be not dismayed that you find on earth a group of souls who give adoration to me in the way of the East and the West.

I am the ever-present Mother and I serve my beloved through many peoples and many planes of consciousness, of which you are not aware nor could you be, for you have your own sphere of consciousness and they have their own. But the Blessed Mother is everywhere, and I am the opening of the light to many evolutions.

Rest your case, then, with God. For if this service be not of the light, then God has already judged it and its days are numbered. But if it be of the light, then there is nothing that can stay the hand or the forward movement of the expansion.

Thus the LORD has decreed my coming. I am bidden, and I am here. I would that you might be my instrument to expand love, to cherish the little children, but above all to secure souls on the path of salvation through the love of the blessed Son, Jesus, as he is the example of the Christ, which all should become.

*Behold the Handmaid of the Lord*

2

My concern is with the lost sheep of the house of Israel, who have not known Messiah but who have perpetually postponed his coming. For the indwelling Christ must also be resurrected in them.

I am one who is a sphere of being. I come to challenge darkness. I come to reveal the way of the ascension and to dispel the error of doctrine that only one son can ascend, as Jesus did.

I live in the Spirit of God, the Mother of all living. And as God has created infinite worlds and infinite offspring, so to each and every one he has provided the pathway of redemption through the intercession of the Logos personified, the real Christ Self of every one. This is the teaching of universal love, which is not confined to planets or to dimensions or to evolutions, nor can it be confined or stamped out by dogma contrived.

### **We Come to Restore the Flame of Mother**

We come, we of the ascended hosts, in an age of liberation to all. We come to restore the flame of Mother. We come with a teaching and with an energy and we say with Kuan Yin, Pallas Athena, Nada, and the angelic hosts, "Behold, I am the handmaid of the Lord.<sup>1</sup> Behold, I am the shakti of the Lord."

Did you know that in your soul you too can declare, man and woman, that your soul is the release of God's energy and therefore you become God in action, the quintessence of the feminine principle? And by becoming that essence of light you are the focal point for the redemption of the masculine ray.

Some among womankind have blamed the masculine ray for their descent. Beloved ones, it is rather the descent of the feminine ray that preceded the descent of the masculine ray, and therefore the order of the ascent must be the ennoblement of woman, and then woman's ennoblement of every soul, and then the soul's recognition of the polarity of Father and Mother and the return of grace.

I come to tarry in your midst, to transfer a flame of my consciousness, especially to increase and intensify the burning of your heart's love for your own Real Self. I come for the dissolving of schism within the subconscious life of the individual and the schism within the Church and the schism within the body of God upon earth. I come to heal division, not by an amalgamation of light and darkness but by the eternal process of the serpent swallowing its tail, of light assimilating darkness, of light consuming darkness, of light seizing darkness and making it light.

I am the circle of infinite fire. I march with the legions of Mercury. I march with the children of the Sun. I am with you, blessed ones, and I desire with a deep desiring an ever-increasing devotion to my Immaculate Heart and the Immaculate Heart of Jesus. And the greatest devotion you can give is to see our heart become your heart, and your heart become God's heart.

Blessed ones, each time you see the painting of the Immaculate Heart, immediately transfer our Christ Self to your own. We stand as the example, not as the exception. And I shake the very timbers of Church and State to bring sense and sensitivity to this earth—sensitivity to the Christ within your own temple, sensitivity to the Law, and an awareness that is the fear of the LORD, the beginning of wisdom<sup>2</sup>—the fear of the oncoming cataclysm of descending karma that will surely come to every doorstep ere the age shall pass unless there is a swift return by redemption to the flaming heart of the Immaculate One.

### **I Come to Give Each of You an Increment of My Own Self-Awareness**

I am Mary. I converse with cosmic councils of ascended ones. I converse with the saints and with the Lord. And the hosts of heaven are gathering for the year of 1978 and for

the great gathering into the harvest of the LORD of the children of the One, children of the Sun.

I charge you, then, to invoke the sacred fire, the circle of blue flame, to bind those forces of darkness that would put down the Mother's teaching of the New Age, the teaching that will reveal the seed of the Liar within the midst—the very midst of the congregation of the righteous—and that will expose the impostors of the Holy Spirit and the wolves in sheep's clothing.

I come, then, with the sword of truth. I come to give each of you an increment of my own self-awareness as the handmaid of the Lord, that you might receive the seed of the Holy Spirit and experience the birth of the Christ within you. This is my initiation unto you—that I stand in your very midst the full concentration of my eternal light body, that I give this body unto you to assimilate and to become.

Blessed ones, we of the heavenly hosts are weary of that adulation that denies the God within the self and gives an idolatrous worship to our own self. Beloved ones, this form of religion does not contribute one iota of light to the universe but only perpetuates the darkness of sin and the sense of sin whereby the children of God are denied the assimilation of the blessed Son, the blessed Father, Spirit, and Mother flame.

O beloved hearts, how heaven rejoices that finally thousands upon earth have come into the alignment with God's will and have the courage to accept the opportunity for the divinity to burst forth as the lily of the resurrection within.

You can scarcely imagine how great is the increase of light within your temple when you follow the true mystical pathway of the saints, who each and every one who were really saints knew that they were the instrument of Christ and that they were also ordained to be Christ as offspring of the Most High. They claimed their joint heirship and therefore ascended at the conclusion of their life.

Most beloved ones, it is the hour of the ennobling of a race and it is the hour of the striking of the bell so that the majority of lightbearers might hear—hear the voice of the LORD, hear the sounding of the soundless Word, look up, behold the hosts of heaven, and live in this age to proclaim the King of kings as Lord of lords within the temple.

If we of the ascended hosts could transfer this consciousness to ten thousand additional souls in this hour of the year's turning, we could offer a dispensation of light extraordinary in dimension. I pray, then, that you will pray that God will send his angels and give that instantaneous awareness in the twinkling of an eye whereby the rapture is experienced as soul by soul the lights of God are caught up into the higher consciousness.

#### **It Is the Vision of the Mother for All of the Evolutions of Earth That Will Bring in the New Day**

Blessed ones, that which God can do upon earth is entirely dependent upon man's concept of God, woman's concept of God, and man and woman's understanding of the reverence of the Holy Child within themselves and within their offspring. When these relationships are established as coordinates of life and the sacredness is not violated, you will see a new wave of opportunity coming once again upon earth.

But, my beloved, all of life is limited by man's self-limiting concepts of the Deity. Until a correct understanding of the I AM THAT I AM be made known across the land, governments will fall, economies will crumble, churches will come to ruin, darkness will cover the land, famine will be present, and souls will be lost.

Thus, there never has been and there never will be a greater urgency for those who truly love the flame than to convey the living life of the allness of the flame—the *allness*

of the flame, blessed hearts. If God be All-in-all, there is no religious strife, no religious wars, no killing of brother by brother under the contrived apparatus and mechanization of the fallen ones.

I send my legions. I send my lightbearers. And Raphael, my Beloved, sends legions of healing angels.

We have determined upon a plan of action for those who will follow in our quarter at Summit University,<sup>3</sup> who will come for the science of the ray of the Mother to put upon themselves the garment of the archangel and archeia of the fifth ray.

To those who will follow the light in the New Jerusalem, I say, gather in the Ashram of the World Mother. Now is the extension of the retreat of Lake Titicaca in the Andes.<sup>4</sup> For it was to Lake Titicaca that I journeyed at inner levels to study diligently the law of the incarnation of the Christ so that I might take embodiment and hold for him the immaculate vision of perfect mind and soul and heart and body temple. It is the vision of the Mother for all the evolutions of earth that will bring in the New Day.

Your Mother's vision is sealed now in your third eye. As I vow to you once again my life, thus I take from my Sacred Heart unto the sacred Word and to the Eye of God that spiral of initiation that I desired with a deep desiring of my heart to transfer to all who would tarry with me through the midnight hour unto the day's appearing of New Year's Eve.

#### **I Commend You to the Keeping of Saint Germain**

Thus the last day of the year has come, and I inaugurate this twenty-four-hour cycle as the final opportunity for you to put to the flame all misuses, all error not only of this year but of this century, this thousand-year cycle, this ten thousand years.

Beloved ones, those who know the law of cycles know that at the conclusion of each year for a single day, December 31, there is an opening in the book of life and in the sacred heart of the avatars for a tremendous transmutation of past karma.

Therefore this day I commend you to the keeping of Saint Germain, to the invocation of the violet flame and the dispensations of the Lords of Karma, not only for yourselves but for those who know not the law of scientific prayer and of the command uttered in the name of my Son, your Son, the Sun behind the sun.

Blessed ones, let us know, in our scientific meditation, that God will be the resolver and the dissolver of components of self that heretofore have not yielded to the great mercy flame of the Law.

Behold the will of God and the blue ray of power, how it sends now to the ground those monoliths of human pride and ambition erected within the subconscious world. Behold the descent of wisdom that dissolves and consumes ignorance on contact. Behold the sacred fire of the Mother that challenges every form of black magic as hatred and the lie of death.

Behold how the shower of cosmic energy within you gives to you release and surcease from every form of error, which is always illusion and confusion and yet remains real as long as you endow it by your attention with the energy flow of God.

Therefore, as long as you have vested desire or vested attention in some part of life that is unreal, you are wedded to unreality and as such you have declared that unreality as real. I say, undo the coils. Unwind the spirals. And let your New Year celebration be for a victory of the ages.
