

*Beloved Jesus the Christ*

### **My Mission with Saint Germain Part 1**

And therefore this brings me to my topic—my mission with Saint Germain. Saint Germain holds the key to the alchemy of the deliverance of these children of God from the ploys of the fallen ones...Blessed hearts, simply to declare “I AM a being of violet fire! I AM the purity God desires!” is a revolutionary cry.

The violet flame is the energy of transition into the New Age. The purple fiery heart of Saint Germain is the nexus of the figure eight from the Piscean dispensation unto the Aquarian light, the Aquarian cycle of the Mother and the Holy Spirit.

I would that your heart would become a replica of the purple fiery heart of Saint Germain, that you might see the dazzling brilliance of amethyst crystal now in your heart, and above the crystal, eight points of diamond light—the eight points of the Eightfold Path of Buddha...

## My Mission with Saint Germain

### Part 1

O Son of Righteousness blazing in all hearts, I stand before thee. I expand God consciousness. I AM the Lord Jesus Christ, the servant of the Son of Righteousness in each flaming one, and I come to address you on this New Year's Day, January 1, 1978.

I stand to release the spiral of my consciousness into the City of the Angels. And as that golden-white coil of energy proceeds from my heart, legions of angels now stand upon this coil, which forms a golden-white pyramid of energy that includes the entire county of Los Angeles, one indivisible unit of hierarchy. Thus the angels, the seraphim, the cherubim stand upon the spiral of the consciousness of the Son of God to ensoul, to personify, to embody, and to become the desiring of the Son of God for the resurrection and the life of every child of God within the City Foursquare.

The City Foursquare is a cube within your heart for the mastery of the Matter plane. As God intended you to be the alchemist of the sacred fire, so that God has placed that cube inaccessible to you until you bow before the Son of Righteousness within, confess the Lord Christ to be your Real Self, and confess the Lord Christ within the avatars of the ages,

*My Mission with Saint Germain*

20

including my own humble incarnation of the Word but not excluding any other incarnation from the beginning of time and space unto the fulfillment of the cycles of eternity.

The City Foursquare, beginning with the cube within your heart, is, then, a continual extension of self. It is the cosmos. It is the solar system. It is the Matter sphere. It is your planetary home, the abode of evolution. It is your laboratory of fire, air, water, and earth. It is America. It is Los Angeles. It is the patch of earth where you stand.

Where I AM, I AM the Son of God incarnate. And where I AM the Son of God, I AM the City Foursquare. Let none violate the twelve gates of righteousness!<sup>1</sup> Let none violate the mighty sphere of pearl! Let none violate the diamond of the will of God out of which issues forth the threefold flame within the center of the city. Let this be your affirmation and your declaration of who I AM.

### The Alchemy of the Sign of the Cross

Thus when you go forth to conquer, make the sign of the cross in the earth! Make it in the air! Make it in the fire of being! Make it in the waters of consciousness! By making the sign of the cross you declare, "Where I AM, God is. Where I stand is Alpha and Omega. I proceed from that origin. By that origin I go forth to conquer in love."

Beloved ones, making the sign of the cross is not superstition. It is heavenly alchemy! It is the alchemy of Helios and Vesta, who have marked the sign of the cosmic cross of white fire and therefore involuted and evolved a solar system. Thus where you stand to be the nexus of the descent of Alpha, the integration of Omega, there consciousness is. There being is God-willed, and there I AM. For I, Jesus Christ, a Son of God, the fulfillment of the only begotten seed of promise, do stand at the nexus of every heart center.

I AM in the center of the Son of Righteousness of your own being. When you therefore commit to the cross of consciousness that I have become, that I have mastered by initiation, you therefore also stand by grace in the presence of that momentum of attainment.

It is as though the LORD God held the giant mantle over the earth, and without having earned the wearing of that mantle you come as little children and you stand under the mantle, and the LORD God holds the mantle until you are able to carry its weight. The weight is light. But if there be darkness in you, the wearing of the mantle of God is as a lead weight. Then it is that your body becomes as lead, and then it is that you must mark the sign of the cross.

God has ordained you to counteract darkness. He will not allow that darkness to overcome you if you remember to mark the sign of the cross where you stand. For every cosmic being of cosmic consciousness who has attained to the liberty of the sons of God has employed the alchemy of the sign of the cross. And therefore you not only stand in my presence when you are in the cross of white fire but you stand in the presence of Lord Gautama Buddha, of the World Mother, of the saints whom you love, and of many unknown wondrous manifestations of God who are the kindling light of a cosmos.

### **The Archdeceivers of Mankind and the Wolves in Sheep's Clothing**

I come, then, your Lord and Master, your servant, your brother. I come on a mission of the age. It is our Father's desire that none of these little ones should be lost.<sup>2</sup> Beloved ones, there is great fervor for the Holy Spirit in the Christian community this day in what is called the charismatic movement. Indeed, the Spirit of the LORD moves across the land, and we are gratified.

But we are the guardians of the race. We are the guardians of his consciousness in manifestation. Therefore, beloved hearts, we must always see the counterpoint of the fallen ones, as the great Spirit of the LORD does move across the earth.

Beloved ones, as the Holy Spirit would enter the temple, so the impostors of the Holy Spirit, of which my beloved Magda has spoken to you, are ever present, lurking in the garments that yet remain unclean, that are yet spotted with the world's consciousness.

And here now I unveil to you the plot of the archdeceivers of mankind and of the wolves in sheep's clothing.<sup>3</sup> It is to rally the children of God in their various camps and understandings of me around a focal point of that which appears to be the Holy Spirit but is in many cases the gripping of unclean spirits and the manipulation of the energies of the chakras of these children of God, which science they do not understand for they have not been God-taught in the sacred mysteries.

And so these children of God feel the release of energies untoward, uncontrolled. And not having the experience of the highest contact with the hosts of heaven, they are confused and they believe that their belief is sufficient to ensure their protection. And so, beloved ones, as their souls become more and more entwined with the archdeceivers and their representatives, the children of God will form alliances and will position themselves on a certain line of consciousness.

Since part of the self-awareness of the children of God will include the impostors, these impostors within their ranks will violently react to the coming of the reality of the ascended hosts and of the real Holy Spirit. Because of their conviction and because of the fanaticism of the demons of possession, these impostors will therefore muster a horrendous energy to oppose the coming of the ascended masters, our stepping through the veil—indeed our stepping through the very flesh

and blood of your own forms as your countenance becomes transparent and your eyes as the fiery coals of the living flame.<sup>4</sup>

And therefore, beloved ones, although there is a seeming resurgence to the original forms of Christianity, those original forms also contain not the primitive light but the primitive and base elements of the carnal mind that must first be exorcised ere the devotee open himself to the great light and influx of the Holy Spirit, which the LORD God has prepared for his children in this age.

Do you see, beloved ones, that as there is division and as there is a greater and greater polarization between the representatives of the false hierarchy and the representatives of the Great White Brotherhood, there is planned by the fallen ones the hour of confrontation—the hour when those who represent the mystery schools and the guru-chela relationship will be in such great number that the children of God, as they are unwittingly seized by the fallen ones, will consider that this is the hour when for righteousness and for a holy cause they must wage war against those whom they consider to be in sacrilege and acting contrary to my directives.

Blessed ones, there are many pastors of the sheep of Israel who are the wolves in sheep's clothing. Unfortunately the uniform they wear cannot easily be taken off, as in a play on the twelve tribes, but it is inextricably interwoven within the aura and within the chakras. And therefore when these pastors stand in their pulpits, whether in the Catholic, the Protestant, or in the Jewish tradition, all those who are a part of the congregation receive, by the flow of attention and of allegiance and of a misplaced loyalty, that momentum of misqualification, of misunderstanding of the blind leaders of the blind.

You who run and read righteous judgment can see the cast of the eye, can see the deception. It is very clear. And even when the simplest disciple stands in the presence of

one of these [wolves in sheep's clothing], the demons [of that one in sheep's clothing] begin to tremble. He begins to shudder, and he himself cries in outrage for no reason whatsoever, even before the chela has even opened his mouth in declaration of the Word.

I tell you, you are witnesses in this land even as you are silent in the shaft of light that you are becoming by your dynamic decrees, by your realization that I live in you always, that Christ lives in you always, and that you have the potential to be God and you fear not to declare it and fear not to denounce the ways of Satan publicly.

### **Make the Violet Flame Work for You!**

Thus, beloved ones, you have become a great threat to the hordes of darkness. And therefore this brings me to my topic—my mission with Saint Germain. Saint Germain holds the key to the alchemy of the deliverance of these children of God from the ploys of the fallen ones. For you see, they cannot stand in the day of the judgment, and the day of the judgment is the day when the first invocation to the violet flame is made by the child of God!

Blessed hearts, simply to declare “I AM a being of violet fire! I AM the purity God desires!” is a revolutionary cry. It is a battle cry because it completely upsets the fallen ones, who hide in the folds of the garments of the children of God. They cannot stand this light of the Holy Spirit. They cannot stand its presence. They cannot bear the heat. They cannot live in the presence of love that is the core of the violet flame.

Freedom is foreign to their nature. And therefore when one child, even the lisping of a little child, will give that statement once with the authority of the I AM Presence, it is the beginning of the end of the spiral of deception of the hordes from without and deception from the inner self—the self

within that is not the Real Self but the self that has seated itself in the position of authority within the citadel of being.

The violet flame is the energy of transition into the New Age. The purple fiery heart of Saint Germain is the nexus of the figure eight from the Piscean dispensation unto the Aquarian light, the Aquarian cycle of the Mother and the Holy Spirit. I would that your heart would become a replica of the purple fiery heart of Saint Germain, that you might see the dazzling brilliance of amethyst crystal now in your heart, and above the crystal, eight points of diamond light—the eight points of the Eightfold Path of the Buddha, reminding you that it is how you live that determines how you will win.

Beloved ones, the purple fiery heart of Saint Germain is God's gift for transition. The next best thing to the child of God giving Saint Germain's mantra is that you give it for him, that you declare it in the name of the I AM Presence and the Christ Self, in the name of the adorable soul of the child of God—whether he is Christian, Muslim, Jew, Hindu, Buddhist, or any other—that you give that call and you invoke it in his name:

In the name of the I AM Presence, the Christ Self, the adorable soul of every child of God, I give the mantra of the violet flame. I sing the song of the violet singing flame. I release waters of the living Word from out the centers of my temple.

*Flow*, O violet flame from my heart! *Flow* from my soul, from the All-Seeing Eye, from my crown, from my belly, from my bosom, from my heart, from my hands, from my feet. *Flow!* Inundate their homes, their families, their churches, their mosques, their temples and synagogues. Inundate them with the flame of freedom!

O Saint Germain and Jesus Christ, in the name of the violet flame, I command you to go before me

into the world, as John the Baptist, clearing the way for the coming of the Word, to which I shall be witness, and of the Christ that I AM and of the Saviour, who lives within me.

Violet flame, go before me as a violet-flame carpet beneath my feet. Go before me! *Clear* the way! *Clear* the way! *Clear* the way! For lo, I come and I walk upon the waters of the astral plane. I walk upon the air of the minds of the people. I walk through the sacred fire and I stand in the midst of the congregation of the righteous.

O violet flame, prepare the way of the coming of the messenger of God. O violet flame, prepare the way of the coming of Jesus and Saint Germain. O violet flame, go before every chela. And LORD God Almighty, place your Word within our mouth as thou didst unto Moses and unto the prophets of Israel and unto the gurus of the Himalayas.

Beloved ones, let this be your prayer, and continue this prayer in your own words, specifically calling to the violet flame to go before you in all that you do. I tell you, you can build a mounting momentum, a tidal wave of light that will inundate every circumstance, every knotty problem, every point of contact that you anticipate will be to you a problem in the next hour or the next day.
