Beloved ones, make the violet flame work for you! It is waiting to be called into action. And let the ascended masters who ensoul it come forth. For when you call forth the violet flame to go before you, everyone in cosmos who has become one with that violet flame will personify that flame and will come and march before you as legions of violet-flame angels. Beloved hearts, you have heard that 1978 is a year when all of your good can be multiplied infinitely for the balancing of great karma, personal and planetary, and when your failures will also be multiplied upon the screen of life. ## My Mission with Saint Germain

### Part 2

Beloved ones, make the violet flame work for you! It is waiting to be called into action. And let the ascended masters who ensoul it come forth. For when you call forth the violet flame to go before you, everyone in cosmos who has become one with that violet flame will personify that flame and will come and march before you as legions of violet-flame angels. Omri-Tas and 144,000 priests of the sacred fire will go before you.

Beloved hearts, you have heard that 1978 is a year when all of your good can be multiplied infinitely for the balancing of great karma, personal and planetary, and when your failures will also be multiplied upon the screen of life. This is because a greater concentration of the All-Seeing Eye of God is being lowered into manifestation through the devotees of this organization. And where the lens becomes greater, where there is greater magnification (as you very well know), the specks of dust appear and the stars are more brilliant.

And thus it is. If you would have the All-Seeing Eye as you have invoked it diligently in this year, then you must realize what is the power of that Eye and why God has withheld it from the people of earth for so many ages. It is because

*My Mission with Saint Germain*

28

standing within that Eye, people are wont to become extremely irritated, as the grains of sand gritting in the gears of life cause them to misqualify energy. And therefore God removes his light and his eye, and men dwell in darkness and they are content in their darkness. And in their darkness they say, “We have light.” Well, we say, “That is questionable. It is all relative.”

And so, beloved ones, increase the Eye of God and you increase your opportunity for alchemy. Increase the vision of the people, as this is taking place through the multimedia presentations and through the motion picture that you have begun.<sup>1</sup>

So increase the vision and you will increase the victory, soul by soul. You will increase your good karma, and one day, when you stand before the Lords of Karma and you see me as I stand at your side giving testimony of your life, you will say, “Thank you, Jesus, for teaching us the way. Thank you for showing us how to balance our karma. Thank you. For I have 51 percent [of my karma balanced] because I have listened and heard and followed the Word and not mocked the one who came in your name.”

### **Remove Your Doubt and Fear by Saying, “Jesus Christ, Come into My Temple!”**

Beloved ones, the mockery of our message is always the horrendous fear of the hordes of night, who will enter the swine and gallop down the hillside into the sea.<sup>2</sup> They are the ones who fear the perpetual fire, the eternal damnation. They are the ones who fear the great lake of fire in which they will be dissolved.<sup>3</sup>

That event [of the swine galloping into the sea] that took place symbolized the fact that the entire momentum of animal magnetism<sup>4</sup>—and I did not say “animal life” but the

entire momentum of animal magnetism—within the human consciousness, with all of its forms and manifestations inhabited by the aggressions of the demons, will at the command of the sons and daughters of God run into the lake of fire and be dissolved. And that energy will be returned to the Great Central Sun for repolarization and for qualification in worlds beyond worlds beyond worlds in which you, beloved twin flames Above and below, will one day be the Father-Mother principle of life, giving love, wisdom.

Realize, then, that the tormenting demons, the demons of aggression who pound your mind and who question our light, are about to enter into the flame of Alpha and Omega and be no more. Their fear is the ultimate expression and the end expression of their rebellion against God.

Therefore deal with fear as an enemy of your inner conviction to pursue God. Disassociate your fear and your doubt from this messenger, from this organization. It has naught to do with what is taking place here but only that the fallen ones tell you that your doubt and your fear is centered upon this objectivity that you see before you. This is the lie of the arch-deceivers.

That vibration of fear and doubt resides within your own subconscious. Exorcise it in my name! It cannot remain when you pronounce the name of Jesus Christ with full conviction and when you continue to pronounce that name until every last impostor of my name, who mouths that name perpetually in disguise, is removed.

Beloved ones, do not let the fallen ones mouth my name through you, but in your own conviction give that name with the power of the Son of God and therefore say: *Jesus Christ, come into my temple!* [Audience repeats with conviction.]

Hear the difference, then, in the authority of my name and of my Word and the pleadings of the groveling of the

demons, who have no salvation and continually say, “Jesus, Jesus, Jesus.”\* Does this sound like the Son of God? *Nay!* And we will not have it within our congregation!

Now I say, I am here to remove your doubt and fear! If you are attached to your doubt and fear, then I say, as a lead weight you will sink to the bottom of the astral plane because of it! And it will not be because of the Great White Brotherhood, of my presence, or of the presence of Saint Germain or of our messenger! Whether right or wrong, the messenger’s manifestation has naught to do with your own human creation!

Therefore you who have tarried in doubt and fear for many a year, hear my Word! I tell you, this revelation is for your salvation! You must win your ascension independently of what you think is right or wrong with this organization. You must see squarely that your human rebellion is your own fault and no one else’s—not of your father, your mother, your children, your society, your economic level, your race, or your various aptitudes.

Beloved hearts, we have come to save that which was lost. We have come with the promised Comforter in the presence of the violet-flame Spirit, in the light of the Maha Chohan. We have come to deliver the children of God. Therefore say once again for the love of the hearing of my ear, *Jesus Christ, come into my temple!* [Audience joins in.]

When the full belief of your heart and the pure motive of your desire accompanies that call, you will find instantaneous release. Let me define for you the meaning of “instantaneous release.”

Beloved ones, it is the instantaneous release of that which binds you in that moment. Only so much energy can bind you in a single moment. There are coils of energy moving within your subconscious.

\*spoken in a slow, low, monotonous tone

Do not say that the Law has failed if in five minutes from now you encounter another motion of fear and doubt or another spiral of that energy. *You* are the alchemist! And I lay upon you the entire responsibility for the proof of this Law and dispensation of my name, which I promised to you two thousand years ago in the name of Almighty God.<sup>5</sup>

You have thousands of years of momentum of fear and doubt. Therefore have the courage to shout in the temple of your being my name with the command, *Jesus Christ, come into my temple!* [Audience joins in.] And want it enough to shout it moment by moment, hour by hour, as though you were wrestling as Jacob wrestled until the coming of the day, until the angel then overcame within him that same measure of fear and doubt.<sup>6</sup>

### This Is the Age of *Your* Alchemy

Blessed hearts, for the gift of your ascension is it not worth the effort? [“Yes!”]

Now let us *make the effort* and be on with our joint mission with Saint Germain! For without him the children of God will not come into the true Christ consciousness in this age.

I bow before the flame upon the altar of Almighty God and I say: May you make it your own! May it blaze also upon your altar!

With each call you make I will confirm the call, but I will not extend one portion of myself to you without the call. For this is the age of *your* alchemy, *your* proof, your living witness that *you* are the Christ, the Word incarnate, the only begotten Son of God, full of grace and truth!<sup>7</sup>

See, then, that you are full of that grace and truth, and therefore be emptied—by the power of my name—of all that has invaded your temple! And hear when the Mother as messenger rebukes you for that substance in your temple and

that consciousness of which you are totally unaware because in that section of your temple you yet abide in darkness.

I AM come in the light of the messenger! Know that by that transfer of word and admonishment you have the key to your union in this life with God. Once again: *Jesus Christ, come into my temple!* [Audience joins in.]

Now stand and say it with authority! *Jesus Christ, come into my temple!* [Audience stands and shouts with authority: “*Jesus Christ, come into my temple!*”]

Amen! [“Amen!”]

Now entitled *The Extraordinary Story of The Summit Lighthouse: 1958–2018*, it is an inspiring film that takes the viewer on a sacred journey with Mark and Elizabeth Prophet as they individually meet the master El Morya and embark on their special mission. It includes all dictations given at the founding of The Summit Lighthouse on August 7, 1958, and dictations from the thirty-third anniversary of The Summit Lighthouse on August 11, 1991. (4) **Animal magnetism** is a magnetic forcefield surrounding all persons, which is determined by the rate of vibration of their individual thoughts, feelings, and records of past lives, including those recorded in the electronic belt (the subconscious and unconscious mind). An individual’s personal magnetism or magnetic personality is an intangible quality made up of the combination of many complex factors of the ego.
