I come to seal you in my Immaculate Heart. I come to impart to you the overshadowing mantle of my Presence, for it is my desire that you should be, each one, a little bit of the Mother incarnate. I expand the chalice of your being and I admonish you to seal yourselves, above all, as disciples of the Lord Christ, as chelas of the gurus East and West, as humble servants of the flame with Guru Ma, who does indeed wear the mantle of our Presence.

Beloved Mother Mary

Let Us Proclaim the Victory of the LORD'S Day!

Part 1

Hail, my beloved. I come to seal you in the Mother light and to commune with you ere the messenger takes flight to receive the other sheepfold and to go to the other pasture of my Son, to draw many souls into the light of the I AM Presence and to deliver the message of the Great White Brotherhood to that company of children of God who have received the prophet in this age.¹

I come to seal you in my Immaculate Heart. I come to impart to you the overshadowing mantle of my Presence, for it is my desire that you should be, each one, a little bit of the Mother incarnate. I expand the chalice of your being and I admonish you to seal yourselves, above all, as disciples of the Lord Christ, as chelas of the gurus East and West, as humble servants of the flame with Guru Ma, who does indeed wear the mantle of our Presence.

Believing on him whom God has sent establishes the tie through the blessed witness to our own Immaculate Heart. Blessed ones, whenever Jesus took leave of us or when the disciples went to other nations and peoples to deliver the message, the parting was always marked by a sweet sorrow

and a sweet longing. For all of us desire to be together, and our longing and our love was so great that for any member of our mystical body to depart from us was like the parting that we experienced when leaving the octaves of light to descend into the planes of earth.

And so, beloved ones, the parting to deliver the Word unto the Gentiles and to the lost tribes of the house of Israel is always because of the greater love for God incarnate in the ones who know not that he is incarnate within them. It is the greater love of the shepherd for the one lost sheep. And therefore we bless the ninety and nine² who are found this day in the house of the LORD, and we extend to you an extraordinary blessing for the holding of the balance of the earth, of this hemisphere.

Be Thou Made Whole!

I come also for the sealing of all students who have assembled or who have made themselves a part of this twelve-week cycle dedicated to Archangel Raphael and my own presence³ for the precipitation of the City Foursquare in the Matter plane. The blessed trinity of archangels have come forth, and Gabriel has preceded us so that the Trinity and the white-fire core as the matrix of Father, Son, Holy Spirit, and Mother is set.⁴

Now, therefore, the acceleration by the geometry of God comes with the emerald ray and the ray of healing, and therefore we send forth the command to atoms, molecules, and cells of light: *"Be thou made whole!"*⁵

In the absence of the messenger let our services continue at the Ashram of the World Mother, and let all realize that the giving of invocations for our intercession for the corruption of the cities, for crime, and for the reversing of the tide of the conspirators within the ranks of Capitalism

and Communism must be carried forward.

Consider, then, that your “Watch with Me,” Jesus’ Vigil of the Hours⁶ and your devotion to the virgin consciousness within yourself and within my humble self is a calling from God and a gift that you may place upon his altar.

Consider also, blessed ones, that the keeping of the rosary,⁷ the consecration of Russia, and the wearing of the mantle of our light enable us to pass through you tremendous light rays from the God Star, Sirius, from the very heart chakras of the Four and Twenty Elders for the holding of the balance of the earth.

You are most beloved and cherished of our hearts. And although you see through a glass darkly, it is we who behold face-to-face the great miracle of light descending from the ascended hosts as you gather for your decrees, for your invocations, and for your service.

Let no one be put upon by the lie of the fallen ones that this devotion, that this chelaship, that this discipleship is not the ultimate and the consummation of the love of your life. Some members of this body have been sorely tempted with diversions involving the social, economic, and political temptations given to Eve by the Serpent.

Beloved ones, no activity is considered by the Great White Brotherhood as being on a par with or greater than the supreme life lived as the disciple of Almighty God. We have many disciples throughout the world who are carrying on their sacred labor in the community while yet maintaining their discipleship, and yet if all were to do this we would lose the nucleus, the white-fire core of our movement.

If the movement is to expand, then the nucleus must first expand and must—above all and by all means—have a great concentration of light and not be diminished by those souls who leave in the night because they have not the courage

to stand, face, and conquer, and to submit their will to the will of God and to surrender the demons upon that altar, that the sacred fire might descend and consume them.

Keep Steadfast in the Calling of the Flame

I admonish each and every one of you, then, to keep steadfast in the calling of the flame and to put on the whole armour of God and to realize that the LORD God has provided for your safety and your security and that of every light-bearer on earth in time of trouble, in time of cataclysm, in time of social upheaval.

And that safety, beloved ones, is not the guarantee of life in the physical temple. For after all, this is not the temple that is the abiding place of your soul unto the life everlasting, but that safety and security is the guarantee of your soul’s tie immortally to the I AM Presence through the Great White Brotherhood.

I would remind you that in the order of hierarchy, as it has ever been and as it ever will be, our embodied representative is the heart, the presence, the soul that we use to extend the great cord of light, the blessed tie that binds the chelas unto the ascended masters. And thus it is the descent of the hierarchy of the ascended masters and their chelas—the succession of lightbearers who are a part of the unbroken chain of cosmic consciousness in heaven and on earth—that is your safety and your security in time of distress, in time of transition.

Always, then, when there was the parting of one or more parts of the whole of our nucleus, we always gathered together in a circle of light. We broke bread, we shared the Communion, and we vowed our vows to Jesus Christ, our blessed Mediator, our Saviour, our Guru, and to the Mother flame within the center of the Church as the then representative in my lifestream

of the inner Church, even as Peter was the outer representative appointed by the Lord. And thus we reconfirmed, we reaffirmed our oneness by the confession of sin, by the calling upon the law of forgiveness, and by the realignment of our souls with the will of God.

I, Mary, Intercede for Mercy on Behalf of All Lightbearers and Chelas Who This Day Confess Their Sin

Beloved ones, the reason that souls are not recommended to part this world without the Last Rites is for the opportunity for that soul to confess all sins, to be forgiven, and therefore to be found one in that cosmic chain of God consciousness.

The soul that sins and remains outside of this hallowed circle of the ascended masters and their disciples does not, therefore, have the continuing tie to the cosmic chain of cosmic consciousness. And so if there then be a sudden rupture of life in the physical form and that soul is thrust into the astral plane, the soul will then not have the tie to the Lord Christ or to the ascended hosts. For by the failure to confess the sin, to call upon the law of forgiveness, and to reenter the state of grace, he has lost the tie and lost the contact.

Hence, beloved ones, it is our ritual and our practice, which I now invoke, that you also might have the blessed experience of communing in your own heart flame in this moment for the confession of all sin against the Father, all sin against the Son, all sin against the Holy Ghost, and all sin against the Mother.

You may confess these sins as you now enter the secret chamber of your heart before your own Christ Self. And therefore as you commune with your Christ Self I go before Almighty God as I am received before the throne of the

Almighty. So in this hour I, Mary, intercede for mercy on behalf of all lightbearers and chelas who this day confess their sin, forsake their sin, and have the desire to reenter into the state of grace that is the blessed tie to the Great White Brotherhood.

It Is Necessary to Daily Invoke the Law of Forgiveness

I call, then, for this dispensation to be upon every soul, whether a part of this movement or of any other, who sincerely would enter into the communion of hierarchy through our beloved messenger, through one's own beloved I AM Presence and Christ Self. For the messenger is one, beloved hearts, with your Christ Self and with your I AM Presence, and therefore whether we say "messenger" or whether we say "Christ Self," we are simply speaking of the successive step-down of that life until it is the Word made flesh.

As the messenger is the repository of the Christ Self of all and of the I AM Presence, the messenger, then, holds the flame for you until you have cleared the temple of all debris and discord and misqualified energy and have rendered that temple fit to be the abiding place of your own Christ Self.

This process, beloved ones, does not occur overnight simply because you know the ritual of invoking the violet flame. You have spent many tens of thousands of years accumulating the debris, and were this debris to be removed instantaneously it would cause a rupture of your consciousness, your entire psyche, your mental, emotional, etheric, and physical bodies because these bodies have become accustomed to the toxins at these levels.

And thus, you see, the preparation of the temple is the work of a lifetime and sometimes many lifetimes. In the meantime you must have the blessed tie that binds you to the hosts of light, and this is why within the Holy Church there have

always been present those souls who have an extraordinary communion and commitment to the LORD's hosts and whose temples have been prepared in previous incarnations so that they might hold the jewel balance, the sacred fire balance of the light for all. And therefore do I submit my plea before Alpha and Omega:

O Alpha and Omega, I come as the Mediatrix of the evolutions of light upon earth. I come to invoke the law of forgiveness for those who know not how to invoke it and on behalf of those who have made an inner resolution this day to forsake their karma-making ways and their sinful consciousness and their failure to accept the Lord Christ as their Saviour.

I invoke mercy as an intense light from my own causal body, which I lay upon the altar of humanity but above all upon the altar of the lightbearers, the children of God who are the willing servants, although not always the knowledgeable servants, of the Most High.

Alpha, Omega, most beloved Father-Mother God, I implore you, then, to forgive this sin by the setting aside of karma as I wrap each lightbearer in the swaddling garment of my causal body, as I seal them in light as they are to hold the balance and to be the electrodes in the absence of our messenger.

I call for the reinforcement of the tie to every lightbearer on earth to the heart of the messenger so that wherever she may be, in whatever plane of consciousness, these souls may evermore be tied to her, to beloved Lanello, so long as they shall keep the covenants of thy people Israel and the commandments of the Lord Jesus Christ.

And therefore let all servants of the Most High know that it is necessary to daily invoke the law of forgiveness, to maintain the state of grace, and only through grace to

thereby be realigned with the inner lodestone, the mighty electrode of the fire infolding itself, which is a living presence within the heart, within the temple.
