Part 2**

We have given our adoration, our holy, holy, holy, both unto you and unto Alpha and Omega as that light has been the incarnate Word. Beloved ones, we do not worship the outer form. We only worship the God who lives within each and every temple, and we acknowledge and adore that light forever and forever and forever. Amen. Amen. Amen.

And therefore we come. We come in anticipation of the fulfillment of cycles. We come to open your vision to the glory of cycles, to the newness of life, to your soul becoming the fullness of the Spirit. As we stand before you, you behold, then, ourselves as servant sons of God, and we awaken and quicken your memory of our face as we have stood before you, blessing and sponsoring you in each and every incarnation.

## The Archangels Stand for the Deliverance of the People

### Part 2

I say, beloved ones, when you see and you hear the very shaking of the foundations of the earth as the response of the fallen ones to this light, then know it is the hour when even the dead shall be raised up from their graves, when souls who have long slept in the lower levels of earth will come forth and be quickened and will rise because that which has held them back is the very lie and the very infamy of those evolutions who have denied the Lamb and slain that Lamb even from the foundation of the world.<sup>1</sup>

Beloved ones, I tell you in this very hour, the souls that have slept even since the hour of the crucifixion of Jesus Christ are rising in this age from planes of existence whereby they will pass through the garments, the billowing garments of the Lord Christ as that resurrection morn is celebrated again this year. And passing through the billowing light and the wind of the Spirit, they will feel the dust and the ashes of the centuries blown from them and they will come into newness of life and into the presence of everlasting truth.

We shall stand at the side of every soul of light who must make the transition from the body terrestrial to the

body celestial. Fear not. We will stand. We have stood with you from the Beginning. We will stand with you unto the Ending. For lo, we were with the Seven Spirits of God\* when the LORD God fashioned you out of the image of the only begotten Son. And we stood singing hosanna and praise at the birth of the Bethlehem babe within each and every one of you, for we have known you since before Abraham was and in the eternal nature of the I AM of the Christ. We have known your souls before your feet even touched the earth for the very first time. Yes, we have known your light, for God has created us as archangels to adore, to love, to console, to imbue, to teach, to comfort, to heal, to be in the light.

### We Worship at the Altar of Almighty God, Which Is the Threefold Flame within Your Heart

O beloved ones, we have never ceased to worship at the altar of Almighty God, which is the threefold flame within your heart. We have given our adoration, our holy, holy, holy, both unto you and unto Alpha and Omega as that light has been the incarnate Word. Beloved ones, we do not worship the outer form. We only worship the God who lives within each and every temple, and we acknowledge and adore that light forever and forever and forever. Amen. Amen. Amen.

And therefore we come. We come in anticipation of the fulfillment of cycles. We come to open your vision to the glory of cycles, to the newness of life, to your soul becoming the fullness of the Spirit. As we stand before you, you behold, then, ourselves as servant sons of God, and we awaken and quicken your memory of our face as we have stood before you, blessing and sponsoring you in each and every incarnation.

O beloved ones, you are worthy of the love of the archangels. Be worthy in the fullness of the cup of the Lord Christ. Be worthy in his body and in his blood. Be worthy in

\*the Elohim; see Rev. 1:4; 3:1; 4:5; 5:6

his mission. Be worthy of the presence of the Lord Saint Germain—his great cosmic consciousness, his violet flame, his giving of himself in the same manner in which Jesus gave himself. And therefore we acknowledge and adore the Christ in Saint Germain as the Saviour, for that eternal Saviour is the one light in all ascended masters. Claim them this day as the salvation, as the open door. Walk in the footsteps of truth.

### **Certain Souls of Light from the Etheric Plane Were Allowed to Attend Summit University**

I have come, then, to anoint those who are the students in Mother Mary and Raphael's quarter of Summit University,<sup>2</sup> and I ask these students now to stand. [Students stand.]

I stand before you for the sealing of the light of Alpha and Omega as your service to life. I fulfill the arc begun by the Blessed Virgin Mary. I seal within your third eye your devotion to our mission, most precious indeed. I seal within you the awareness of your own immaculate conception in the heart of God, and I seal within you the flame of constancy by love.

By love and only love, be constant in the flame of truth. You have put on, through these twelve weeks, spirals of truth and of our consciousness. You have now been manifest as the mandala of the 144.\*

Beloved souls of light, with you at this quarter of Summit University were certain souls who were allowed to journey from my retreat and to tarry with you to take that training that they were not so fortunate to receive while in embodiment.

Beloved ones, this training upon these souls who are yet in the etheric plane, who have not yet taken the initiation of the ascension, will be unto them the impetus whereby they will now—forty days after Easter, upon the commemoration

\*This might be referring to the mandala of the 144,000, or it could be referring to the number of students physically attending this Summit University quarter, which was 117, in addition to those who attended from the etheric plane.

of the ascension of the Lord Christ—be welcomed into the retreat at Luxor, Egypt,<sup>3</sup> for the training and the final release in preparation for their own individual ascension in the light.

Let all understand that there are many lifewaves and evolutions who have performed great and noble works of love upon earth, but for want of the teaching and the application of the ascended masters and the path of the balancing of karma by the violet flame and the flow of the energy of the chakras, they have yet left undone a certain portion of the requirement of the Law for the victory.

Some of these souls who have balanced 51 percent of their karma, or almost 51 percent, are being allowed to balance the remaining several percentages at the inner retreats. And, beloved ones, they will take their initiations, and these souls will then be allowed to ascend from the retreat at Luxor under the hierarch Serapis Bey.

Therefore it is our desire that you should understand that we of the archangels and the ascended masters hold dear these weeks and hours of Summit University as the training and the rigors of discipline are given. For this very training as it applies to those in embodiment does provide to souls of light, time and time again, that necessary polishing, finishing, and refining—that necessary washing of the Word, the washing of the waters, beloved ones, that final requirement before the hour of the transition and the hour of the ascension.

This is not the first time that the dispensation of the Lords of Karma has allowed these souls of light to come from the etheric retreats. Beloved ones, your messengers also teach within these etheric retreats, in other planes of consciousness, simultaneously with their service upon earth. And there are vast lifewaves who are coming under the mantle of the two witnesses, for the lifestreams of the two witnesses provide a very necessary key along the homeward path.

### The Great Need for Acceleration

We would admonish those souls of light who then have tarried on earth and who have not responded to the call of our Summit University. May you understand that the seven archangels have sponsored these seven quarters<sup>4</sup> so that our light bodies might emanate and radiate the fullness of the glory of the God Self within the heart and soul chakras, within the desire body, especially for the God-control of the emotions. And this misuse of the God-control of the emotions has been the failure time and time again, embodiment after embodiment.

And so, beloved ones, we counsel you, and we counsel well, that many of you are marked for the disciplines of the ascension in this life and many of you will require this training ere you can continue on the Path. Some of you may be fortunate enough to have that experience at inner levels, but there are some among you in this very room of whom the Law requires that you should attend while in physical embodiment one of these twelve-week quarters and the second,<sup>5</sup> which is the fulfillment of the Omega cycle.

Beloved hearts, this, then, is an opportunity that Gautama Buddha has given because of the great need for acceleration, because of the understanding that the destiny of your ascension was not made known to you, to many of you, early in life.

And therefore many years have been spent in ignorance. For the ignorant misuse of the light of the Law, there is atonement by sacred fire. For the learning of the correct use of the Law, there is the wisdom of the Path. For the melting of the hardness of heart, there is love. And for the taking of the dominion over the earth and the governments of the nations, there is the understanding of the correct use of power.

**Let Purity Be Attained by Love.  
Let Constancy Be Attained by Love.  
Let Truth Be Adhered to by Love.**

Beloved ones of light, I therefore anoint the students of Raphael's quarter, of Mary's quarter, with a certain energy of light whereby they may interact at inner levels in the retreat of the ascension flame<sup>6</sup> with their fellow students, who will then share with them the inner disciplines. And all who will keep the outer disciplines of the life and of the code of conduct, which has been set by Serapis Bey and El Morya,<sup>7</sup> will find that they will retain their welcome at Luxor and be able to accelerate, therefore, the fires of constancy sealed within the third eye. Let purity be attained by love. Let constancy be attained by love. Let truth be adhered to by love.

We seal you with our twin flames. We bid you welcome to the courts of heaven. But our welcome for the return will not be until you have gone forth now to find so many souls of light who are also a part of this company of lightbearers and yet who remain separated in time and space.

Go forth, students of the light. Go forth, now imbued with our aura and with our mantle. We will remain one with you so long as you retain our vibration, our Holy of holies.

In the grace of the Holy Spirit, won't you be seated.

[22-second pause followed by an intonation by Archangel Raphael]

### Maintain Your Life in the Sense of Holiness

Blessed ones of the Most High God, you have heard the statement, "My thoughts are not your thoughts, saith the LORD."<sup>8</sup> I would speak to you of the consciousness of the angelic hosts and of the archangels. It is a moving stream of purity in the seven rays, a stream of consciousness with which we have been endowed for aeons in the very Presence of the living God. It is pure and simple *holiness*.

Beloved ones, we find that this holiness is often absent from the worldly, from the marts of the world, and from the worldly consciousness. And often when our students of light are endowed with the light of our presence through their decrees, through the playing of our dictations, or even by sitting in our midst for an evening, that light of holiness is sometimes not understood or appreciated because there is not the development of the sensitivity of the soul to have that reverence and awe, to know the meaning of what it is to stand or to sit in the presence of an archangel who has stood in the Presence of God only moments before standing in your presence, ones who come dripping with the sacred fire energies of the Central Sun.

Beloved ones, we find that inadvertently and ignorantly, by crudeness of speech, by ill-manneredness, by lack of careful and thoughtful consideration of one another, there often enters into your midst too quickly the worldly vibrations. These often come through the media, by your attention to the dissonance of the world and your interactions, and you find that very quickly that holiness, that sense of awe and reverence, the sense of the mystery of God is dissipated.

We desire, then, to tutor you in the understanding whereby you will not dissipate this light but maintain your life in the sense of holiness. Beloved ones, this is by that love and reverence for one another and for yourself. It is self-worth, self-respect, the acknowledgment of the Inner Self, the realization that you are a son and daughter of God, beloved and adored.

And therefore you walk from our meetings with dignity, with heads held high, in good posture, sitting always with that posture that honors the body as the temple of God, turning your head away, then, from those lewd manifestations that are worldly, not wishing to be a part of the tearing of the veil of innocence from child or child-man, from man

or woman, but having the sense that you are indeed kings and priests unto God, priests and priestesses of the sacred fire.

Beloved ones, it is a gentleness, it is a thoughtfulness, and it is an attention to holiness and the light of God. It is a perpetual sweetness and a kindness and that certain sense that God Almighty, who lives within each one, is ever present, hearing every word.

Beloved ones, it would be well if you would think as though every thought that you thought were broadcast from every television set throughout the earth by satellite. You ought to feel as though every feeling were broadcast through the radio waves of the earth. You ought to speak as though there were a hidden microphone letting those words resound to reveal every unkind word, every sharpness, every remark, and even the misuse of the little children.

Blessed ones, you are on stage. Angels are receiving-units of the LORD God. We receive and record all that transpires through billions of souls. We are like God's computers. We are a geometry of energy, angles of consciousness, as you have been told. It is as easy for us to hear a million voices as it is for us to hear one.

And so, when you commune with life in tenderness and gentleness, when you do not fail to discipline your children and to also give them love, when you live according to the commandments of God, you are truly trailing clouds of glory. Why, I have stood and seen a thousand angels follow one such a delicate child of God who is in harmony and in meekness, in boldness before the world.

**My Definition of Holiness:  
Supreme Respect for the Use of Energy**

Beloved ones, we are created to serve in love. We are the love emanation of God. We follow God's children wherever

they go in harmony. And though we are bidden even to guard those who are discordant, I tell you that the magnetism of light that is within you when you retain an aura of holiness at all times is such that the angelic hosts themselves cannot resist the coming and the tarrying with you.

Whenever that aura of holiness is disturbed by the vibrations of media, by the emanations of darkness, take care to once again reconsecrate yourself, your automobiles, your homes, your rooms, your places of work with our presence by calling to us, by the action of the cleansing fire.

I admonish you, then, to walk the earth in a deep reverence for every erg of energy, every particle of creation, with supreme respect for your use of energy. Beloved ones, this is my definition of holiness—supreme respect for the use of energy. For I am a scientist, I serve on the fifth ray, and I would conclude this evening that even your scientists would also agree that this indeed is the holy science—respect for the use of energy.

Now in your understanding that energy is God, you will see that this respect will be like the currying of favor in the courts of heaven. And God will send to you angels who have not yet even been sent to this earth or this planet, angels who are waiting to be received because of their very special service with the secret rays and the science of the secret rays.

Would you have access to these rays? Then I say, respect energy and watch how the entire cosmos will turn to serve the son and the daughter of God who can maintain this aura of awareness. If you can maintain it for five minutes, then you can maintain it for ten. If for ten, then twenty, then for an hour, then for half a day, and then for the full twenty-four-hour cycle. It is like learning to ride a bicycle. It is like learning mathematics. When you set your mind to the discipline, you will be amazed at the great strides that you will make.

### I Send You Forth in Joy

Now I send you forth in joy. I send you forth to experiment in truth and in the light of truth that I bring and in the light of the seven archangels.

I send you forth to temples of light, and I call you to the Feast of the Assumption of the Virgin Mary.<sup>9</sup> I call you to our retreat, the retreat of Raphael and Mary.<sup>10</sup> Come, then, to our place, our abode of light over Fátima, Portugal, as we commune through these hours as to how we will make plain that truth and its light emanation unto the children of God upon earth, and in the making plain of that truth unto these children, how we will confound the fallen ones as they seek to tear that truth from the children of God even before it has reached their ears, their hearts, their minds, and souls.

In the full blessing of our love: salutations, glory, hosanna, and victory unto the Lord Christ the King within you, within all life everywhere. Amen.

In a dictation given on August 23, 1992, Mother Mary stated that “although the Roman Church has chosen to designate my ascension as the ‘assumption’ into heaven, I announce to you in this hour that I did indeed make the ‘physical’ ascension. ## To the Seven Archangels

Michael, Michael, Michael  
 Prince of the archangels  
 From the grateful hearts of all  
 Do songs of praise arise.  
 For thy heavenly presence  
 All on earth adore thee  
 God from the Sun  
 In all the name implies.

Michael, Michael, Michael  
 May the guardian angels  
 From thy heavenly legions  
 Stand forth to set all free.  
 Purify, illumine  
 Manifest the glory  
 Of light's perfection  
 That each one may be.

Jophiel and Chamuel  
 Gabriel and Raphael  
 Uriel and Zadkiel  
 And mighty hosts of light.  
 Cherubim and seraphim  
 From the realms of glory  
 Rend now the veil  
 That dims our human sight.

Blessed seven archangels  
 For illumination  
 We invoke thy presence  
 In hymns of praise to thee.  
 Keep us consecrated  
 To God's plan fulfilling  
 In purity  
 Thy ministers to be.\*
