

*Beloved Listening Angel*

## The Test of the Ten in the City Foursquare Part 1

Beloved ones, we of the angelic hosts look forward with great anticipation to the quarterly conferences, for we know that there is darkness of the nature of the astral plane that causes disease, that causes epidemics, that is a horrendous amount of substance that must come forth and be transmuted, even the last plagues that are prophesied for the end of the age.

O beloved ones, when there is such a forcefield of sacred fire, we can safely adjust the currents and the cycles so that this substance is transmuted without ever having passed through your chakras or your four lower bodies.

And so the great service that is rendered accrues to your lifestream. And the angels of record are so joyous, for they stand writing, as quickly as they can write in their books, of the praise and the glory and the transmutation....

## Building a New Earth in Times of Great Change...Demands Great Guidance

“It was the best of times, it was the worst of times,” wrote Dickens. Banking failures, cultural decline, exposures of corruption in all areas of government ... sounds like a time when the ascended masters’ wisdom on building a New Earth is needed!

## The Test of the Ten in the City Foursquare

### Part 1

Positioned in the heart flame of everlasting love, I am a fountain of life, a listening ear, a beating heart. I am hands of prayer, and I am a soul born to be unto God a messenger unto the people, and unto the people a messenger unto God.

I am Listening Angel. I am in the beauty of the lily of the valley. I am in the whiteness of the lily, and I move with legions of angels who are also called Listening Angel. We are the listening ones. We listen to the hearts, the prayers, the sighs, the cries and the weeping, the torment and the pain of the children of God in the veils of time and space. And we have been stumping with Mother for the Coming Revolution in Higher Consciousness. We have been the avant-garde of light moving with the legions of Michael, Jophiel, Chamuel, Gabriel, Raphael, Uriel, and Zadkiel.

We have moved, then, to listen to the heart cries, to the needs, to the questions, to the prayers and the longings, and to the lamentations of the children of God who are waiting for the coming of the Mother flame, who wait for Mother Mary and yet know not for whom they are waiting, even as they know not for whom the bell tolls. The bell is the bell of everlasting life, and as it tolls it is the call to the soul to make

preparation, to make haste to enter into the spirals of the resurrection flame.

We come in joy. We come, then, as we hear the laughter and the praise and the relief and the sigh in the hearts of those who have heard the message of truth and who have listened and who have cried out to God, "At last I have found it! I have found the key, the light, the energy! My Father, my Mother, I am coming Home! I am coming Home!"

And we have listened as those souls of light infested by darkness and discarnates have also cried out in their wailing at the coming of the greater light and in their fear and in the anxiety of the demons, who know that their time is short when they stand in the presence of the messenger.

We have heard, therefore, the condemnation and the outcry and the outrage, "Who does this woman think she is, coming into our territory, into our domain, into our nation giving forth the call to God-government? How dare the one called prophet now mix religion and politics and economics!"<sup>1</sup>

And so, beloved ones, the outrage is proportionate to the light, and, you see, it is the weeping, the wailing, and the gnashing of teeth in outer darkness. But the marching of the light is relentless. It is oncoming.

### A Message from the Archeia Charity

And now I give to you a very precious understanding given to me by a great angel of light, the angel Charity. For we of the Listening Angel band serve under the light of the Holy Spirit and under Chamuel and Charity, for we are the ones who arc the love fires, the love emanations from souls unto God, and we are the ones who return with the answer to prayer from God unto souls.

And so in our pursuit of an ever-higher understanding of love and the communication of love, our beloved Charity has said to us:

“O listening angels of the light, when you see the lightness oncoming and you see the effect of that light in the forcefield of the tares and in the forcefield of the wheat, so instruct the children of God that love, in its greatest fiery intensity, is an absolute transparency—a transparency of light, a selflessness, a timelessness, a spacelessness.”

Beloved ones, do you understand that the wearing upon the body temple and upon the mind the burdens of this life can only be recorded in Matter if there be the consciousness to record it?

In other words, for you to be burdened in the walk with God is brought about by your acceptance consciously of the reactions of the fallen ones, of their infamy and their blasphemy.

If you take no note of these because you have done away with, so long ago, your human personality, then, beloved ones, there is no part of your identity that may register condemnation. And therefore Matter and the Matter vehicles cannot register that momentum of Antichrist, and so, beloved ones, you cannot then be put down in any way—mentally or emotionally or physically.

### **Bearing the Cross of World Karma**

And thus, beloved ones, you see that the bearing of the cross of world karma becomes a singular exercise in the holding of the balance of the cloven tongues of fire of the Holy Spirit, and it is understandable that the Lord Christ fell beneath his cross, lo, once, twice, thrice. For, beloved ones, it is the bracing of the forcefield of light to bear the forcefield of darkness.

But, beloved ones, falling beneath the weight of the cross is not the end of the mission. It is not failure. It is simply a temporary reprieve and a readjustment of forcefields and cycles. It is not the falling beneath the weight of the cross but

it is the victory on Golgotha! It is the resurrection and the life! It is the fulfillment of that alchemy! And therefore understand the difference.

Beloved ones, had Jesus not understood this law of selflessness, had he not refused to record upon his soul and temple the condemnation of the Fallen One, he would have fallen under the weight of the cross, nevermore to rise.

And so, beloved, understand that the need for rest, the need for re-creation in the white-fire core, is never a sign of defeat or failure but it is simply the intelligent following of the cycles of life in and out of Alpha and Omega for the redistribution and the acceleration of flow and for the momentum of transmutation.

### **The Balancing of Personal and Planetary Karma During Quarterly Conferences**

Beloved hearts, you should understand that you yourselves are in the midst of that amazing grace of the Holy Spirit. You are buoyed up in this moment, in this tent of light, by thousands of angels, forcefields of cosmic consciousness. Your own love and devotion and praise have generated an immense outpouring of light.

So in this very moment in time and space, this forcefield has become an electrode of transmutation, of the release of light of Elohim and archangels and sun centers, and also the opening for the transmutation of substance of such great darkness as we dare not allow that darkness to come to the surface and even to be allowed to go into the flame unless there be gathered together hundreds of souls in this very moment in this canopy of light.

Beloved ones, we of the angelic hosts look forward with great anticipation to the quarterly conferences,<sup>2</sup> for we know that there is darkness of the nature of the astral plane that

causes disease, that causes epidemics, that is a horrendous amount of substance that must come forth and be transmuted, even the last plagues that are prophesied for the end of the age.

O beloved ones, when there is such a forcefield of sacred fire, we can safely adjust the currents and the cycles so that this substance is transmuted without ever having passed through your chakras or your four lower bodies.

And so the great service that is rendered accrues to your lifestream. And the angels of record are so joyous, for they stand writing, as quickly as they can write in their books, of the praise and the glory and the transmutation. For they desire so earnestly to add to your individual record in the Book of Life a great statement of the balancing of karma so that you will be moved forward in the path of your evolution.

You have heard us teach of the way of enlightened self-interest. Beloved ones, if you truly had enlightenment and true self-interest in the God within, you would never miss a quarterly conference, simply because of the tremendous strides you make in the balancing of karma. And this is true even of the messengers, beloved ones. There is an acceleration of the balancing of personal and planetary karma, and without the opportunity for service even our messengers would not be able to accelerate at the great, momentous, regenerative action of the light that is brought forth. And so there is a need in hierarchy, ascended and unascended, and the coming together of light evolutions of heaven and earth is that opportunity for expansion and for the forward movement of the light.

### **The Requirement of Humility, Obedience, Selflessness**

Therefore the teaching of Charity is nonattachment, non-possessiveness—nonpossessiveness of the self that gives forth the Word.

When you have an utter selflessness—such as that which

was demonstrated, for instance, in your own President Abraham Lincoln as he fought for the rights of men and women who were the slaves, as he fought for the rights of these individuals to be equal, as he stood upon the rock of the Constitution of the United States and he said to the people: “Do with me what you will, but do not forsake the Constitution; if the Constitution be right and be the law of God, then defend it”—then, O beloved ones, great is the light of the individual who understands the law of God as supreme and that the LORD God himself is no respecter of persons.

What does this mean? It means that each and every one of you, any single one at all—a child, a sinner, one who has gone far from the Path—the moment you acknowledge the light and determine to be God, God himself opens up the great valves of cosmos and releases unto you such cosmic light and devotion. Understand, then, that no matter who you are, this does not require an extraordinary standing or status in civilization but only the status on the path of initiation, the requirement of humility, obedience, selflessness.

### **The Dispensation of Archangels Chamuel and Charity**

And so you see, as Archangel Chamuel and Charity place their great dispensation of light as their forcefield in the midst of the temple of America, they themselves are able to absorb such tremendous quantities of darkness and to balance that light-energy because they have that perfected consciousness of God in the realization that that darkness is never projected against the individual but against the LORD God himself and against that Christ.

And even ascended and cosmic beings must stand in the very center of energy vortices of immense darkness and misqualified energy—sometimes the entire momentum of misqualified energy of an entire solar system and lifewaves of

several evolutions—and the Elohim and the archangels gather for the transmutation of that energy. Beloved ones, even we must then apply the same law that beloved Charity would instruct you in.

This law is that stillness within the fiery core of the center. It is going within to that fiery atom and maintaining that stillness within an accelerating momentum of sacred fire as God accelerates that light in full, fiery intensity within you. And that burning and that sensation of sacred fire becomes so intense that it requires absolute stillness upon the periphery of being. It requires that you have the mastery of speech, that you speak not except the LORD God speak through you. For in the moment of dealing with that darkness there must not be even an erg of irritation, not even one suspicion of self-awareness outside of that intensity. Beloved ones, this is the science that is necessary in your understanding of the salvation of worlds.

Now I would tell you that it is because of the great rings of fire and the dispensations of the causal bodies of the messengers and your own, which are sustained about this force-field, that even now there is allowed such a great transmutation of worldly condemnation of the teaching and of the mission.

And it is this very understanding—which you have already garnered and which is already within the heart of the messenger—that this condemnation is against the light of truth itself. Therefore never personalizing praise or blame, exaltation or condemnation, you stand in the still, white-fire core center and therefore you can remain in the earth the fullness of joy.

**Father, Forgive Them,  
for They Know Not What They Do**

I would tell you, beloved ones, that already the amount of voodoo and witchcraft and black magic practiced against

this messenger from the continent of Africa, as the backlash of ignorance and malice, would already have been enough cause to remove her from the screen of life if it were not for this sense of the impersonalization of good and evil sustained within the heart of the messenger, sustained within the hearts of the Keepers of the Flame.<sup>3</sup>

Beloved ones, in addition to this sense there is that exalted sense of light that you yourselves form. Beloved ones, this company is as a galaxy of light by comparison to earth's evolutions. You yourselves, if you could see at inner levels, are as a whirling sun center, evolutions of light, starry bodies. And the rays of light that you emit by these invocations and decrees are actually the sufficiency of light to absorb and transmute that substance.

And therefore we say, "Father, forgive them, for they know not what they do."<sup>4</sup> These words spoken by the Lord Christ upon the cross were spoken of the multitudes, of the children of God whom the fallen ones had aligned against that Christ.

Beloved ones, "Father, forgive them, for they know not what they do" is not spoken of the archdeceivers of mankind, of the Luciferians who lead the people in this infamy. Nay, it is spoken by the shepherd of his own, of his sheep who have turned against him in the hour of greatest glory.

Beloved ones, there is always the understanding in the avatars of this phenomenon. It passes, beloved ones, and by and by the children of the light awaken from their illusions and they see and behold, even with the centurion, "Truly this man was the Son of God."<sup>5</sup>

Beloved ones, realize, then, that the forgiveness of God is upon his own children but the judgment of God is upon the wicked, who have sworn deceitfully and have surreptitiously gone forth to overturn and to divert the energies of light.

But the Lord Christ has said, “Heaven and earth shall pass away, but my words shall not pass away.”<sup>6</sup>

### Faith Is the Banner of the Righteous

The emanation of the archeia Faith upon the messenger and upon your own self is the great gift of the Holy Spirit. If, therefore, in any hour of the day or night you feel seized by doubt or fear, recognize that that doubt and fear is always of your own self, your own inner self. For if you truly had the inner conviction of the rod of light where you stand, you yourself would never doubt the I AM Presence, the ascended masters, or the messenger, for your faith would have already become the substance of things hoped for.

And so, beloved ones, should the fallen ones come and plague you with doubt and fear in your own opportunity to become God, I say, invoke the momentum of the dispensation of light. For this great flaming one of faith, this light of faith that has been upon our messengers for thousands of years, is an energy forcefield so intense, as a great central sun magnet, and that faith is the banner, truly, of the righteous.

It goes before the stumping. It goes before the Coming Revolution in Higher Consciousness. And it is that “Glory, glory hallelujah” that *keeps on marching, keeps on marching, keeps on marching*, realizing that all that opposes the light is but unreality. And by the relentless oncoming tide of cosmic light, that death, that unreality, is swallowed up in Victory, is swallowed up in Reality.

“The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom.” This previously unpublished dictation by **Listening Angel** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Friday, March 24, 1978**, during *The Second Coming of Christ* conference, held in Pasadena, California. Part 2 of this *Pearl of Wisdom* is published in this volume, no. 18. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books, audio, and video products are available at <https://Store.SummitLighthouse.org>. The widest selection of audio files, including dictations, are available at [www.AscendedMasterLibrary.org](http://www.AscendedMasterLibrary.org). (1) **How dare the one called prophet . . .** is referring to the messenger’s journey to Ghana, Africa, in January of 1978, and the opposition she incurred in her support of union government on behalf of that nation. See the *Pearl of Wisdom* by Archangel Raphael, no. 13, this volume, p. 118, in which he said: “Beloved ones, the effect of our messenger in Ghana, West Africa, has been this very polarization where some of the people of light have gathered and rallied round the message of the ascended masters, and others who have believed the lie of the false doctrine have gathered and rallied in their Christian Council to condemn the messenger. And those who are persuaded in a liberal understanding of political and economic issues have declared that a woman and a prophet ought not to meddle in the affairs of state and in the affairs of politics and economics. And therefore you see that those who have believed the lie of the fallen ones or those who are a part of these fallen ones in embodiment, whether in Church or in State, have been forced to declare themselves, and so they have publicly, in the press and in the media, declared themselves. And so you see, our coming is never for worldly acclaim or praise or approbation. It is not by praise or blame, denial or confirmation that the Word of God endures. The Word of God that lives forever, even when heaven and earth pass away, is the eternal Christos.” (2) **Quarterly conferences.** Four quarterly conferences are held at the Royal Teton Ranch in Montana for the turning of the cycles of the year at winter solstice, spring equinox, summer solstice, and autumn equinox. In *The Chela and the Path*, El Morya writes: “By coming together four times a year to give and receive, chelas of the ascended masters render an incomparable service to the Great White Brotherhood. If you could behold our quarterly conferences from the inner planes, you would observe how the chelas build the forcefield in the physical plane by their devotions and by their oneness, and how hierarchy lowers a grid that is the mandala for that class in the etheric plane over the physical place where the class is held. . . . Whenever possible, you should seize the opportunity to attend such a conference.” (pp. 77, 78) Ordering information above.
