The Beloved Elohim Astrea and Peace

May 15, 2023

Receive Ye the Holy Ghost

[Meditation music is played throughout.]

Elohim from out the Great Central Sun, I, Astrea, stand in the very midst of the City Foursquare. I send forth the signal of light through the flame of Purity from the heart of Alpha and Omega, standing as the fulcrum, the very sun center of the Mother ray of Elohim.

I send forth the signal unto the stars for the release through Hercules, through Apollo, through Heros, through Purity, through Cyclopea, through Peace, through Arcturus for the magnificence of the God flame to resound as the cry of Alpha unto Omega, “Let there be light!” And out of Omega unto Alpha, by the light of Amazonia, Lumina, Amora, Astrea, Virginia, Aloha, Victoria: And there was light!

Now from the heart of the Logos is the emanation of the light ray for the binding and the judgment of the seed of the wicked—coils of fire and the key of fohat.

So it shall not be turned back. But lo, from the heart of Elohim, Brahma, Vishnu, and Shiva is light emanation of eternal spheres. And *lo*, and *lo*, and *lo*, heaven exacts the recompense! Heaven exacts the recompense, and by cosmic law each according to his own qualification of light.

Receive Ye the Holy Ghost

Now let the Fallen One and the seed of the wicked be stripped of all that has been misused under the canopy of Almighty God. So from out the white-fire core and the sacred sun center, I, Astrea, have come in the flame of the Cosmic Virgin. In this moment in time and space, at this point in the center of the pyramid of life, the resurrection flame goes forth to ensoul the children of light and for the judgment of all who have pitted their souls against that light.

Elohim, elemental life, now come forth and hold the balance of the Holy Spirit for the turning of worlds.

I AM Astrea. I seal the seven chakras of communicants and delegates to *The Second Coming of Christ*. I seal the name of God I AM THAT I AM in the forehead, and I draw the crown of the seven rays as the energy matrix from the Royal Teton Retreat.

So be sealed! Be invincible! Be a shield of light! And stand fast and behold the salvation of God. I AM in the white-fire core. I AM Astrea. Amen.

Elohim Peace

Higher light and consciousness in the flame of Peace will bring the sweet release of the Cosmic Christ unto the nations—a higher way, a higher mind, a heart filled with joy.

In the name of the Lord Christ I address Alpha and Omega, and I command the twin flames of Peace and Aloha now to go forth to compel the consciousness of earth to rise in the resurrection flame. For only by the new perspective of a new age—the perspective of the hills, the perspective of the mountains, the stars, and unto the heavens—will the people of this earth arrive at those deliberations where they find themselves one in the heart of Peace.

I pray for acceleration of the Christ consciousness daily and hourly in all people, for it is the only solution to war and the only option for peace.

I pray that you will pray with me. For you see, beloved hearts, in mankind's present state of consciousness there is no peace because there is not the acceleration of light that is the concomitant, the communication of the flame of peace. And therefore all cry, "Peace," when there is no peace.¹

Let the Holy Grail descend. Let the knights and ladies of the table round gather for the consecration of Camelot come again. And let the vibration of this island valley be *peace* in the flame of the Lord Christ, *peace* in the flame of the Lord Buddha, *peace* in the flame of Mother.

Let the disciples of Almighty God know that inner peace whereby all that is unlike peace is challenged, and it must therefore show itself in truth or error to be judged.

I call for the swelling of the music of peace. I demand the judgment of the imitation of music, the imitation of sound and rhythm that is destructive in nature, that moves against the soul of earth's evolutions.

Behold Light

I AM an Elohim. My word is binding as the emanation of the Word of God upon a cosmos. Therefore let the fallen ones who have come forth from the pit—with their distorted sounds and rhythms and with their blasphemy of the Word of God—now be judged before the Court of the Sacred Fire.

I send my ray of peace into the heart of each and every one who has turned away the youth of the world from the flame of God-harmony and peace, and my peace is a challenge that forces the issues of life and death and demands the forsaking of evil, else the annihilation of that consciousness that refuses to forsake evil.

Beloved ones, behold light through the eye of an Elohim. *Behold light.* One day with an Elohim is as a thousand years, and a thousand years as one day.² The judgment, which

Almighty God sends forth through our flame, is irrevocable. Yet the mills of the gods grind slowly.

Beloved hearts, fear not. For the LORD God Almighty is in earth as in heaven. He is in command. His timetables are certain. The geometry of his space is foreknown.

We behold every erg, every intent, every manifestation of energy, and we know the hour and the day of the LORD's appointing to raise up your soul, to lift you up to the height and the exaltation of individual righteousness.

And we, too, know the hour when the judgment moves, cycle by cycle, from the etheric to the mental plane, from the mental plane to the emotional plane, from the emotional plane to the physical plane. This is the day the LORD hath made. Rejoice and be glad in it.³

We hold in our hand, as the hand of God, the planets, the galaxies, systems of light and sun centers. And the very hairs of your head are numbered,⁴ the very days of your life and the hours of your meditation.

Strive, then, to move in the sun center of being, there to be suspended like the pendulum of the gods, moving from Alpha unto Omega, Omega unto Alpha in the great rhythm of the Creator, the Preserver, and the Destroyer.

So be suspended, as you are relentless in the ritual of far-off worlds, moving on course unto the design of the light-years of his consciousness.

So beloved hearts, let all proceed in harmony, in rhythm. Forsake the jagged ways, the abrupt motions, the absence of grace, and the harshness and the cruelty of the word idly spoken. For all of these are an offense to Elohim.

Elohim, come forth. Elohim of light, accelerate peace and therefore is war made known. Accelerate peace and discover who then bears the evil intent of war. Beloved hearts, the Elohim flush out the darkness, and the light is sealed in the hearts of God's people.

We come together standing in defense of light, and we will not let one soul perish who has made his commitment unto everlasting life. Let the soul be exalted in the Spirit, and let each individual number the days of his opportunity to work the works of God in light, long-suffering, trial, tribulation, triumph, and universality.

Know the Lord

In the heart of Aloha, I send you greetings from our retreat. Aloha in the flame! I call to the sons and daughters of Peace and Aloha, of the Lord Christ. I send the light emanation of the quickening.

So, behold how many will come to know the Lord and therefore be delivered by the Word and the testimony of Jesus Christ through our messenger, through our chelas, through the light of far-off worlds.

I seal each light emanation of the hierarchies of heaven sent forth in this conclave, and each light emanation is sealed in your chakras and in your great causal body, to be distributed at the hand of your own Christ Self at the appointed hour.

Now in the Holy Spirit, now in the movement of the flame, in his name receive ye the Holy Ghost by the power, wisdom, love of Elohim. *Receive ye the Holy Ghost! Receive ye the Holy Ghost!*

Be sealed in the ring-pass-not, the ovoid of light, and be guarded by consciousness of Elohim until we meet again in the cosmic highway of life.

I AM, forever, *Peace* in the flame of Christ, *Peace* in the flame of Buddha, *Peace* in the flame of Mother.

Aloha, AUM. Aloha, AUM. Aloha, AUM.

To the Spirit of the Resurrection Flame

In the name of Almighty God, I call to the angels of initiation that are with me to convey into the world of form the beauty of holiness, the love of God, the power of Brotherhood, and the sustainment of the torch of Freedom.

O Spirit of the Resurrection Flame in these thy children:
O Spirit of the Resurrection, consecrate their lives anew!
O Spirit of the Resurrection, make them many, not few!
O Spirit of the Resurrection, love them free!
O Spirit of the Resurrection, expand, expand in thee!

Peace to the world,
Peace I give.
Peace to the world,
By Peace I live.
Peace to the world—
And Freedom, too,
For the many, and not the few.*
