A Thrust for the Purpose of Truth

I stand within your midst, and legions of flaming angels who have heard your call, who answer unto all chelas East and West, stand with me as we enter the atmosphere of earth.

Beloved ones, your calls have brought this day angels of the light whose feet have not rested upon Terra in aeons and aeons. So by the fervent calls and the mounting light—so by the great sphere of that light that you have expanded by devotion as a cosmic ocean of light—you have magnetized, you have penetrated higher and higher into the upper frequencies of cosmos, of cosmic consciousness where all is pure light, where there is a realm of being, blessed ones, where the harmony of the spheres is a healing ray, an attunement.

I tell you, if you were but to stand in that plane of light, you would be made whole instantaneously simply by the law of cosmic harmony. Do you see, then, what a stupendous gift it is unto yourselves (as the firstfruits...

A Thrust for the Purpose of Truth

The canopy of the entire Spirit of the Great White Brotherhood descends as a great sphere, as a sun of cosmic consciousness over the place where the Word becomes flesh by the transfer of the pulsation of that Word from the ascended masters unto the messenger, unto the children of the light.

I AM Cyclopea. I AM standing in the All-Seeing Eye of God. I stand within your midst, and legions of flaming angels who have heard your call, who answer unto all chelas East and West, stand with me as we enter the atmosphere of earth.

Beloved ones, your calls have brought this day angels of the light whose feet have not rested upon Terra in aeons and aeons. So by the fervent calls and the mounting light—so by the great sphere of that light that you have expanded by devotion as a cosmic ocean of light—you have magnetized, you have penetrated higher and higher into the upper frequencies of cosmos, of cosmic consciousness where all is pure light, where there is a realm of being, blessed ones, where the harmony of the spheres is a healing ray, an attunement.

I tell you, if you were but to stand in that plane of light, you would be made whole instantaneously simply by the law of cosmic harmony. Do you see, then, what a stupendous gift

A Thrust for the Purpose of Truth

it is unto yourselves (as the firstfruits redeemed from the earth) and unto mankind, who benefit by your garment of light—that in your very midst this day there are standing thousands of angels of light who have stood in that place, whose own garments and auras of light are now dripping with the purity, the electronic forcefield of God?

Inasmuch, then, as it is not possible for you in your physical bodies to accelerate to those planes of consciousness (except our messenger), then is it not well that the LORD God, as the Karmic Board, has decreed that these angels should tarry among you to bring to you that very sweet sense of peace and a frequency of light so very intense?

Saint Germain, the Great Evangelist of the Age

Now, then, let each one prepare the temple for the habitation of these angels of light by prayer and by fasting. Let the temples of the children of God be cleared so that angels from out the Great Central Sun, angels of the All-Seeing Eye, might feel welcome, might tarry, might have a secret place of habitation locked in the secret chamber of your heart.

Is your heart a round tower where you might imprison an angel? Be it so. For the angels of light care nothing more than to be the prisoner of the Lord Christ and of the soul obedient to that Christ. O blessed hearts, let the blessed round tower of the heart become a place where great spheres of cosmic energy descend.

Now let truth, *now let truth* be heard in every land! Now let the word of Saint Germain be heard—his name, his flame, his soul, that blessed *âme, l'âme!* It is the word in French for *soul*, and it is the word of love and of friend—*aimer*, “to love”; *l'ami*, “the friend”; and *l'âme*, the blessed soul returning to the heart of God, the blessed soul Saint Germain, who has been the great evangelist of the age, going before all of the

angels and the hosts of the LORD, determined to open the door.

O beloved ones, when the cosmic door opens, there is not a sound. But when the door to the cellars of the subconscious minds of the people is opened by the great hand of the initiator, there is a creaking and a groaning of the door, and there beneath the levels of awareness many souls are imprisoned, many souls await the sound upon those cellar steps of the great liberator of the age.

Blessed ones, most of humanity are incapable of coming out of the dungeon, self-imposed, and of walking to those steps, of ascending the steps and trying the door in order to come to the daylight, to the plane of sanity, to the plane of concrete awareness in Matter.

O precious ones, if we were to wait in nirvana for souls to rise to that level, only the few would knock upon the great sphere of cosmic consciousness.

The Communication of the Word to Each and Every Type of Soul

Descend, therefore, we must, and we are preceded by our chelas. Our chelas must first become the embodiment of Elohim and then follow the great Aquarian initiator, Saint Germain, to the treacherous doors, the doors that must be opened.

And when they open, you must be prepared with sword and circle of fire to bind all that stands between you and the soul that is in a hypnotic trance—drugged, sleeping, then, in the sloth and sensuality, in the impurities of the lower astral planes. You must be prepared to quicken, to awaken, to inspire cosmic purpose, to explain why life is better in the brilliance of the light of the sun, even though that sun at first may give pain to the unaccustomed eye.

All this lies within your hand—the communication of

the Word to each and every type of soul. As the ray of the All-Seeing Eye penetrates the planes of Mater, it takes upon it the colorations of the Christ consciousness mete for each type of human condition.

Beloved ones, you must be able to wear the garb, the vibration that is familiar, without compromising your light or truth or the real teacher or the teaching.

Crumbs from the masters' table—take crumbs. Take crumbs to those who have not yet even the taste for the bread of life. Let them, then, receive the communion by your hand. The communion cup we offer is the sacred teaching, and your vessel must be made sacred. And so I come to pour the golden, liquid light, and I come for the increase of truth, north and south and east and west.

The Intensification of the Spirals of Truth

I decree, then, by edict of the Karmic Board, the intensification of the spirals of truth and of the All-Seeing Eye. This edict contains within it, beloved hearts, a proviso, and that provision is that truth may penetrate only so far as the individual chela is willing to penetrate.

But when you determine to penetrate into the darkest night to rescue souls, this dispensation is the guarantee from the Lords of Karma that wherever you go in the name of the Lord Christ for the rescue of a single soul, you will be accompanied by legions of angels of truth into the cities, into the desert places, into the ghettos, and into the farthest depths of the sea. There the right hand of the Almighty and the legions of truth will now penetrate.

And these very angels who accompany me, standing in allegiance gazing upon Pallas Athena, the Goddess of Truth, who holds her sword above you at attention, will be the very ones who are part of your backup. And they are flanked by

the legions of K-17 and your own beloved Lanello, who function together to clear the way and to provide the intelligence in these octaves necessary for your secret mission under Mighty Cosmos' secret rays.

“To know, to dare, to do, and to be silent” is the code of the Great White Brotherhood.

The Penetration of Levels of Density in Search of Souls of Light

Most blessed and beloved ones, for the penetration of truth I am come.

Many of those who worship this day, many who meditate in the Eastern tradition, understand the going up unto the mountain but they have not mastered the science of descending into the valley carrying the momentum of the mountain in full force. And by the horrendous vibrations of the serpent and the fallen ones, who resist unto the last the penetration of their lairs, these souls of light are turned back.

And so when these souls of light reach levels of uncomfotability, when the discord and the din begin to mount, they do not understand the use of the power that God has sealed within their hearts for the turning aside of that darkness, for the binding of the fallen ones, for the clearing of the path so that the messenger of truth, the chelas of truth, the angels of truth may pass through, as Moses passed through the Red Sea.

Beloved ones, the science begins with the courage to be, and then one step forward, and another. There is no point in the LORD God clearing a passage through the Red Sea or binding the fallen ones unless you have taken that first step. With your right foot, being determined, then, take that first step and declare your intent before the Lords of Karma. In the very thick of the battle you may say:

“In the name of the Lord Christ I appeal to Almighty God and his emissaries, the Lords of Karma. Send me reinforcements of truth! I have my shield, helmet, armour. I will penetrate levels of density in search of souls of light.”

Beloved ones, your call—swift as an arrow of cosmic light—will manifest to you instantaneously those reinforcements as you move to find those little children who are tormented and troubled, little children who are at the mercy of those who abuse and misuse, and souls of every age who in their fear are not able to move in the direction of the light.

Helpless are they, but not without hope. For, beloved ones, Archangel Gabriel and Hope have implanted within their souls this day a diamond of the flame of hope. It is the promise of the LORD God renewed: “I will not leave you comfortless.¹ I will come to you. I will come in the person of my emissaries, in the person of the Holy Spirit.”

Beloved ones, hope is alive in the souls of millions in this hour. Let it be a coal that is fanned by your ardor and by your devotion. You may pray before the LORD God, “I commit my life unto the cause of the Brotherhood.” And so, beloved ones, it is well received. But I say, let that prayer in the Holy of Holies be a commitment that is action, right action.

The Publication of the Word

And therefore, let the acceleration come of this committee of lightbearers.

For we must have more books to penetrate the layers of darkness upon the earth! We must have books on a diversity of subjects of the Law and the Path. We must have this publication accelerate as never before!

Let those who have lagged behind in the development of their individual talents, in the expression of the spoken and the written word, receive notice this day: The LORD will not

hold you guiltless when you have the understanding of the Law and the teaching but you have *failed*, utterly failed to sharpen the tools of the mind in that self-expression and you have been lazy and selfish, satisfied with your own awareness. You have not determined that it would be necessary to study in order to know how to transfer that word in speech and in writing.

Beloved ones, there are those among this very company (and I need not speak further) who will not complete the balancing of that karma required, much less their dharma, if they do not heed this word and take seriously the call that has gone forth through our messenger to perfect the transfer by the Holy Spirit of that speech that is the Word of God and of that writing that will communicate to souls on every continent.

Beloved ones, I would take you upon the great wings of a mighty eagle now and let you fly with me so that you might see the souls who are discovering this teaching in America and abroad by the discovery of the book. Beloved ones, one book—the contact, the lifeline—and that soul is a candidate for the ascension and has hope in this life.

The responsibility has been placed upon the chelas many months ago for assisting in the bearing of this burden. Now let us see that those who have the ability will set aside all lesser pursuits and qualify themselves for the setting forth of the Word.

We have a plan and a program. That plan has been greatly enhanced by the publication of the Word, and legions of light rejoice as you rejoice. But we are as you are, beloved ones, when we see these victories of the fires that are being lit in the hearts of hundreds and thousands. We have the passionate desire, the appetite that is the only lawful appetite, which is the appetite for victory, for freedom for every soul.

And we know that in order to meet the cosmic timetable we must accelerate and that yesterday's victory is not enough for today's.

Blessed ones, let our decrees and invocations, multiplied by the heavenly hosts given forth from this altar, be for those necessary calls to implement this plan at every level, and let the call go forth for those qualified.

Blessed hearts, again and again those who do not qualify as chelas, as initiates, have attempted to do that work that cannot be done except the individual be also on the path of initiation. For the bringing forth of the Word requires that the soul be one in Christ and have a certain level of attunement with our octaves.

And thus, you see, we call upon initiates and chelas who have the level of the Christ consciousness to pursue the writing of holy writ, to take the lecture platform and to not be constantly waiting for those who will come along and do this job for them. Those who come along must first be trained, first be chelas, first know and become the Law ere they can transfer it. And therefore look neither here nor there, but look within—*you* upon whom the mantle of responsibility has been placed.

The Thrust for the Purpose of Truth Must Be Forthcoming through Each Individual Chela

I AM Cyclopea. I AM sending forth, then, the light of truth. I AM extending a great energy in this hour—the energy of opportunity. It is a dispensation that the thrust for the purpose of truth must be forthcoming through each individual chela and that this dispensation of the Lords of Karma will not be released by the mere Word of God but only by the action of those who will make it so by the thrust of truthful, honorable action within their individual lives.

So, then, quietly come angels of truth, legions of living flame. Quietly comes the descent of Mighty Cosmos' secret rays, and the vibration of the Buddhas is felt by those upon the Buddhist wavelength.

Now let us see how, from the levels of the unascended members of the Great White Brotherhood, there will arise—this day and each following day through this ten-year cycle, now nine years²—the thrust for the purpose of truth so that you might have that perfect karma. So is the Law and the truth decreed.

I AM Cyclopea. I will come again, for I have another word to discuss with you that is for another day. I return to the white-fire core of the great canopy of light, the great sphere that has descended. There I AM, the All-Seeing Eye of God.

All-Seeing Eye of God for the Vision of Our Fiery Destiny

In the name of the light of God that never fails, I call forth the intense action of beloved Elohim Cyclopea. I call forth the great expansion of the God flame.

I call forth the light of ten thousand suns—Elohim of God and Great Silent Watchers holding the immaculate concept with the Cosmic Christ for our lifewave, for our evolution, for the root races of planet Earth, for the I AM Race of Sanat Kumara in whom there dwells the mighty I AM Presence and threefold flame.

In the name of the Father and of the Son and of the Holy Spirit, in the name of the Mother, I invoke the presence here of the seven Holy Kumaras, mighty Victory and legions of light, beloved Omri-Tas and 144,000 priests of the sacred fire from the very heart of the violet planet. *I call forth the action now! (3x)

Blaze the light of Elohim Cyclopea! *Blaze* the light of the All-Seeing Eye of God for the vision of our fiery destiny! I call forth the vision of our fiery destiny now. I call it forth in the name of the entire Spirit of the Great White Brotherhood and the World Mother.

And let it be done in the name I AM THAT I AM. Amen.*

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Cyclopea** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, June 11, 1978**, during the Sunday service in Pasadena, California. (1) John 14:18. (2) **This ten-year cycle.** In his 1977 annual Wesak address, Lord Gautama Buddha announced "one decade for the turning of the tide—one decade from this hour for the spreading abroad of the teachings, for the contacting of hundreds of thousands of souls who will take the teaching and the science of the spoken Word and use it for the salvation of earth. After the decade has passed from this hour there is no guarantee forthcoming from the Lords of Karma or from the Keeper of the Scrolls that the tide can any longer be turned from the fate that has been plotted by the dark ones."
