

Beloved Archangel Uriel

A Thrust for the Power of Peace

I, Uriel, send forth the call. I send forth the call unto the hosts of the LORD. Legions of peace, file now from starry heights into the cradle of the waiting Mother and her children.

Flow, O cosmic wave of peace! Flow into the upraised chalice of the initiates of peace, a single chalice of the mind of Christ and the individual oneness, as the faceted mind of God translates the heart of peace unto the evolutions of earth.

By the flame of the Great Solar Light, *by the flame of the Great Solar Light*, I send peace. I send ribbons of Cosmic Christ peace.

And in the center of the flame of peace is the judgment of the Lord Christ, and to the right and to the left of the judgment are those who have are those who have espoused the cause of peace and those who have espoused the cause of war.

Beloved Archangel Uriel

July 1, 2023

A Thrust for the Power of Peace

Hail, legions of peace from far-off worlds! Hail, legions of peace! Come now into the forcefield of earth! Come now by the fiat of the mind of God!

I, Uriel, send forth the call. I send forth the call unto the hosts of the LORD. Legions of peace, file now from starry heights into the cradle of the waiting Mother and her children.

Flow, O cosmic wave of peace! Flow into the upraised chalice of the initiates of peace, a single chalice of the mind of Christ and the individual oneness, as the faceted mind of God translates the heart of peace unto the evolutions of earth.

By the flame of the Great Solar Light, *by the flame of the Great Solar Light*, I send peace. I send ribbons of Cosmic Christ peace. And in the center of the flame of peace is the judgment of the Lord Christ, and to the right and to the left of the judgment are those who have espoused the cause of peace and those who have espoused the cause of war.

Beloved ones, let the forces of Antichrist go down before the flaming presence of peace embodied in sons and daughters of God, in all who have prepared themselves as warriors of peace.

Come forth now, souls of light upon Terra! I speak to each and every soul committed to the flame of Christ-peace

A Thrust for the Power of Peace

who is not among the congregation of the righteous but who has departed into the ways of Antichrist by fear, by ignorance, by calumny, by all of those traits of the fallen ones.

I say, let the peace-captives go free! Let those who are angels of my band now be drawn by the electrode of peace fashioned by the students of Summit University and the staff of the messengers, those who have kept the light of Alpha and Omega in this trimester of peace.¹ So let it be now that this [Summit University] quarter of peace, this quadrant of the whole, might be a wedge of light into the very core of life and being upon earth.

I send forth the ray of chastisement upon those individuals here in America and abroad who have heard the call of peace but who have not assembled themselves for the victory. And I send that loving chastisement of the LORD unto those souls who have not yet broken the barriers of sloth and sensuality, of self-indulgence, who ought to be world servers and who have not yet aligned themselves with the cause of the Great White Brotherhood.

All Unlike Peace Is Challenged in the Presence of Peace

Beloved Jesus and beloved Gautama have apprised me that for their service on the sixth ray of peace they required in this quarter of Summit University three times the enrollment of that which did manifest in the physical octave.²

Beloved ones, what is the reason that those who are called do not answer the call of peace? It is because of the settling in of the consciousness of world rebellion against that flame. For the flame of peace, beloved ones, is the great power of Elohim.

All unlike peace is challenged in the presence of peace, and therefore within the individual consciousness there is war before there is peace as the Christ stands forth to challenge all elements and components of consciousness that stand in

the way of the would-be initiate of peace. Therefore those who cry out for peace but refuse to surrender their anti-peace momentums are not found among the faithful, the few who assemble to become peace and to pay the price for peace.

The Courage to Be Warriors of Peace

Beloved ones, there is no peace in Vietnam this day! There is no peace in Cambodia! There is no peace in Zaire, in Ethiopia, in Somalia, in Angola! Beloved ones, when peace is absent, then the initiates of peace have not passed the testings of their souls. Beloved ones, those who have the courage to be the flame of peace will find anything but peace manifesting within their life.

Beware, then, as you have been warned, of that false peace and of the purveyors of that false peace. Let, then, the alchemy and the chemicalization of peace now descend into the purified chalice of those who have had the courage to be present at Summit University spring quarter 1978.

Beloved ones, I therefore charge you this day by the light of Brahma, Vishnu, and Shiva, by the light of Father, Son, and Holy Spirit. It becomes the mandate of the Lord of the World and of the World Teachers and of the chohan of the sixth ray, Lady Master Nada, that you will perform the alchemical feat in the name of the living God for the multiplication of your body, your temple, your being, and your spirit by the power of three so that the requirement of Gautama and Jesus [for the needed enrollment at Summit University] might be fulfilled for the holding of the electrodes of peace for the Middle East, for Europe, for the people of Mother Russia and Mother China, for South and North America, for the continent of Africa, and for all of the nations of the Far East.

Beloved hosts of the LORD, I send thee in the name of Jesus. Angels of flaming peace of far-off worlds, I send thee this

hour to contact those souls who are on the verge of entering into the mighty circle of Christ-peace. Let them receive the charge of Uriel this day. *Charge* forth the ray of Mighty Victory! *Charge* forth the ray of Mighty Victory! *Charge* forth the ray of Mighty Victory!

O blessed and beloved ones, I send this forth from my heart to every earnest soul who has partaken of the cup of Christ-peace by our instruction delivered through our messenger. You who have heard the Word and have determined to become that Word, you who will do so with haste, beloved ones, I send to you, each and every one, a ray of the sixth ray, the purple and gold.

I send to you that magnet of our love whereby you might increase the bedrock of peace and thereby create a greater magnet of peace unto the earth, a greater magnet that will magnetize legions of Christ-peace and cosmic beings who are waiting in the wings beyond circles of fire, where they must abide until a sufficiency of numbers among mankind have the courage to be now warriors of peace until the age when the living flame of the Lord Christ—so intense in God-harmony upon the altar of the heart—will be the instantaneous transmutation of the darkness of the Evil One.³

Draw Forth Souls Who Will Fill the Pattern of Peace unto the Ages

Beloved hosts of light in embodiment, you who have come, you who have partaken of the Sacred Eucharist, I charge you now to be the thrust of the power of peace. As you have assimilated the wisdom of peace and the love of peace, now be the thrust of power, and by that power go forth and be indeed fishers of men, fishers of women and of children. Draw forth souls—souls to now fill in the intricate mandala, the pattern of peace unto the ages.

I come for your anointing. I come to place upon you now the mantle of Saint Germain, the garment of violet flame that signifies that you have fulfilled your requirements of Summit University.

O beloved ones, this is indeed a university of the Spirit prophesied by the ascended master El Morya, by Djwal Kul, and by the master K.H. over this century. They have seen the vision of the coming—the coming of the two witnesses and the coming of the Mother, who would nourish her children as a mother bird nourishes the tiny fledglings piece by piece, bite by bite of the crumbs of life that are from the masters' table.

We come, then, for the anointing of the body of the disciples of peace. We come for a sealing action. It is for the peace that passeth all understanding.⁴ That peace is by the Law of the One.

Lo, God is all! He is thyself and every person. He is the elements of nature. Wherever you are, wherever you look, worship God. Worship God in manifestation.

Let All Desiring Be Just to Touch the Hem of the Garment of God

See the translation of your desires and let all desiring be just to touch the hem of the garment of God, just to stand within his flaming Presence, just to be in that oneness.

O beloved ones, do you not weary of desiring the things of this world—something more of this, something more of that—always with the idea that if I may just have this one thing, I will be content, or another or another? Beloved ones, such a wearisome process is the process of desiring things and phenomena and people and all sorts of control.

O beloved ones, feel in this moment the deep meditation of your soul upon the beloved Being who is the God of very gods within you. Let your longing after the flaming Presence

of the LORD be now the fullness of your cup, and feel in the return of God, the Beloved, the cessation of all outer desire and the fullness of being, the fullness of joy, a contentment that winds spiral upon spiral that includes all of cosmos. Let contentment with the lot of God be the mark of the true disciple of peace. Let discontent with the world and its vibration be the very presence of your contentment in God.

Do you see, beloved ones? When you are utterly content in God, then the very descent of his light is utter contempt for the world and its degradation, and that flame itself flowing through you *is* the judgment! *Is* the sword of peace! *Is* the flaming Presence of the LORD God!

Without effort and yet with the supreme vigilance of the Mother, keep the flame of desiring God. O desire him with the preeminence of thy love.

O now enter into the great desiring of the living Christ Jesus, always and always and always to know God, to adore God, to be God, and then to enter the darkest places where the fallen ones are moving against the children of God—*there* to be a pillar of fire, *there* to be a pillar of peace and wisdom, *there* to be the intensity of God's will, *there* to speak the Law with the exactness of a knife, a very blade that is the tool of the Mother's hand and of the pen and of the sword!

Do Not Fear to Be Blunt in Your Proclamation of Truth

O beloved ones, speak clearly the sacred mysteries of life. Portray clearly the aberrations, the defamations, the desecrations.

Beloved ones, do not fear to be *blunt* in your proclamation of truth! Do not fear, then, to frighten the fallen ones by clearly placing before them that which is the truth of the living God, that which is the lie. Do not think by subtlety or innuendo that you will be so clever as to upset the fallen

ones in this age, for this is *their* mechanism—subtlety and innuendo.

But, beloved ones, this is a battle for the souls of the people who are in a stupor. Yes, I say, let them be shocked by the clarity of the cold waters of the living God descending! Let them be shocked by the lightning of the mind of God!

Do not seek to dull the blade of our thrust for a cosmic purpose. State the truth clearly and let those of lesser attainment pursue the dharma of “the watering down of the teachings.” For shame, O initiates of the sacred fire, that you can conceive of the need to apologize for the living Word of the Holy Spirit!

Why, beloved ones, that Word spoken with the power and the authority of your own chelaship is a thrust of energy that may cause repulsion, but that repulsion will then in turn cause the judgment—the judgment that will in turn liberate the very soul whom you are trying to catch with honey, when in fact the crystallization of the God flame is very often unpleasant, and necessarily so.

When you teach your children, when you perform the necessary action of surgery [as discipline], there is momentary pain, but you as a parent know the outcome and you take the hand and you lead the way. And when all is said and done, the child is grateful for the sternness of love.

This is the hour of the judgment. I AM the angel of the judgment. I bear the emanation of the light of the Lord Christ and I, Uriel, speak out of the flame of the ark of the covenant. I AM the voice of the LORD God unto the people Israel. Lo, know, then, in this day and hour that the prophecy of the living God, the I AM THAT I AM, is spoken as a living Word, is spoken from the very lips of our messenger without compromise.

Let all then who are in the vanguard of the light move forward, and let this truth be spoken.

Let Us Awaken Those Who Are in the Stupor and the Hypnosis of the Fallen Ones

Beloved ones, the world has heard the harshness, the bluntness of the lies of the fallen ones. They have not tempered their lies! They have proclaimed the slaughter of the holy innocents! They have proclaimed a philosophy of perverting the economy of the abundant life! They have sent forth their dialectical materialism, their Marxism, their socialism!

Beloved ones, this is unabashedly and unabatedly the lie of the very fallen ones who have determined to destroy the souls of earth's evolutions. Now let us proclaim the principles of life, of reverence for life, of the defense of the unborn. And let those who have taken the lives of the unborn know that there is no other word for abortion than murder itself and that they themselves are guilty of the crime of murder until that crime is now broken by an act of mercy and an imploring of forgiveness and a righting of the wrong that has been done.

Beloved hearts of infinite fire, let us awaken those who are in the stupor and the hypnosis of the fallen ones by the shock of truth, that truth may be heard round the world—without the firing of the guns of war but by the lightning of the mind of God.

Let it be spoken, then. Let the lie be called, whether it is spoken by those in the pulpits this morning or by those who head the governments of the nations. Let them be exposed! And let honor be given to the Prince of Peace and let the government be upon the shoulders of those who elect to do the will of God.

Beloved ones, we have long studied the tactics, the strategies of the fallen ones. They have sent humanity into that state of a semi-sleep by the very shock of evil.

Beloved ones, when evil is so blatant, it cannot be contained. And therefore there is no other way to awaken souls

that slumber than by the similar shock, yet altogether a different shock—the startling, blessed presence of the angels of light with the piercing brilliance of the noonday that awakens souls, even as the dawn of the morning light will awaken children and adults and all of the evolutions of a planet to a new day.

A New Day Is Born

A new day is born, proclaimed by Helios and Vesta,⁵ and I proclaim you, each and every one, forerunners of the New Day. Now let us see how the children of the Sun will run with the Word of Helios and Vesta. Now let us see the restoration of the real meaning of the flame of ministration and service, peace and judgment.

I AM come! I seal you in light! Be all light! I shall return when you shall have drawn to this altar those souls called to be a part of this mandala of peace.

O flaming ones of Uriel and Aurora, be anointed now with a light emanation of the inner vow!

“The Summit Lighthouse Sheds Its Radiance o’er All the World to Manifest as Pearls of Wisdom.” This previously unpublished dictation by **Archangel Uriel** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, June 18, 1978**, during the Sunday service in Pasadena, California. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books, audio, and video products are available at <https://Store.SummitLighthouse.org>. The widest selection of audio files, including dictations, are available at www.AscendedMasterLibrary.org. [N.B. Bracketed words have been added for clarity in the written word.] (1) **The students of Summit University and the staff.** Archangel Uriel is referring to spring quarter of Summit University, sponsored by archangels Uriel and Aurora and held in Pasadena, California, which began on March 27, 1978, and concluded on June 17, 1978. (2) **The requirement of three times the enrollment.** For this quarter of Summit University there were sixty-four students enrolled in level one and twenty-one students enrolled in level two, totaling eighty-five students. (3) **The Evil One.** This term most

often refers to Lucifer, the Devil, the rebellious archangel who was cast out of heaven by Archangel Michael (Rev. 12:7–9). Lucifer went through the final judgment and second death in 1975. (4) Phil. 4:7. (5) **A new day is born, proclaimed by Helios and Vesta.** In her Sunday sermon given on the day of this dictation, the messenger read from two *Pearls of Wisdom* from 1970 by Helios (vol. 13, nos. 29 and 30). Commenting on these *Pearls*, she explained that Helios and Vesta “have set the divine plan, the frequency and the vibration for the decade of the seventies.” She continued, saying, “You see that the keynote of the decade is the clearing of the decks of the human consciousness. . . . The light is oncoming, the light is intense in its release. . . . If we would see change, if we would see the Light swallow up the Darkness, we must see ourselves as a great starry configuration of lightbearers who daily hold the arc of our covenant with Alpha and Omega between ourselves and Helios and Vesta. . . . And we see that earth at this moment [1978] is not moving forward into the light of Aquarius or a golden age. And it will not be so until the students of the light recognize that the great outpouring of Helios and Vesta must be a daily occurrence as a flood tide of energy, and that energy directed into the cause and core of every condition is the certain victory. We hold the balance of seeing the greatest darkness the world has ever known, and at the same time seeing the greatest light the world will ever know. . . . We see, then, that this balance requires a great spectrum of consciousness, a spectrum that is the Mother flame of the expanse of the Matter cosmos, and at the same time a very intense concentrated action in the white-fire core of being that is the flame of Father, Son, and Holy Spirit. By the concentrated action of the Law, by the expanse of awareness by vision we will triumph.”
