The Coming Revolution Is the Acceleration of Light within You

Part 2

O beloved ones, great doves of the Spirit now come into this room, as many in number as yourselves. And do you know that they come, each one carrying in its beak the sacred bread of life? They come bearing that portion of the Body of Christ.

They come to you, beloved ones. And as they now flutter before you, will you not receive from the dove of the Spirit—upon your very tongues, as though your tongues were receiving the coals from the altar of heaven—this bread of Christ?

Open your mouths and receive now that Communion, that bread of life, beloved ones, and know that as the manna fell daily to the children of Israel,¹ you will not be without spiritual sustenance, nourishment for your souls, light from heavenly altars. You will not be without all that is required for you to finish your work, a work scarcely begun and yet a work that has an exceeding momentum of the Spirit.

All of these twenty years of preparation that we have given to you at inner levels² is the building of the intensity of the sacred fire of your hearts, mounting and mounting in intensity.

The Coming Revolution Is the Acceleration of Light within You 272

And so you see, when the Great White Brotherhood releases a thrust for a cosmic purpose in Matter, it has already begun, far back into the Spirit, and there is a rolling momentum of saints in white marching, of flames leaping, of doves descending. And that energy, when it reaches the crossing over from Spirit unto Matter, is already moving with the speed of light.

Beloved ones, there is a strategy of light, and this is it—that the acceleration of light and its release must always be greater than the acceleration of darkness and of death that is abroad in the land from the Antichrist.

The equation of the Coming Revolution is an alchemy of time, space, mathematics, astronomy, science, energy and its release. It becomes very simple—very simple, beloved ones. It is the intensity of love in your heart mounting greater than any mounting of hatred set against it. And therefore we do not send you forth unto the wolves without that light that is able to swallow up that consciousness. You have the armour of the teaching. You have the sword of the Spirit as the sacred Word. Above all, you have the communion of the company of lightbearers.

The Communion Cup of Our Lord

Now see, as the precious grail is suspended, a single living cup. For in the Spirit octave there is one cup for one Person, who is Christ in ye all. And therefore you may all drink of this cup as the cup becomes—magically as in Merlin's hour—a thousand cups but always one cup. And therefore take of this cup from the angel who now stands before you, and drink ye all of it. For it is served from the very table of our Lord, who has blessed this substance this hour.

This taking of sacred Communion commemorates, then, our oneness evermore. Because you have taken in now the very essence of himself—and now I ask you to drink—I proclaim

that you are the Body and Blood of Christ.

Renew this ritual of meditation if even but for a few seconds of your prayer and meditation, even while you are involved in the giving forth of the dynamic decrees of the Word.

You may visualize your dove of the Spirit coming with the daily manna and the angel of the Lord Christ. This is the nourishment for the body of God—and oh, the deep desiring of our hearts, the deep desiring of our hearts for the oneness of saints!

By illumination it shall come. For I send forth my prophecy this day, that by the release of the written Word and the spoken Word and by your going forth in the person of the beloved Lord Christ, you will see the leaping of the lightning of the mind of God, the intense, fiery-yellow God consciousness from your heart, from your mind, from the secret chamber therein.

The Impartation of the Inner Blueprint of Your Rose of Life

O beloved ones, indeed the Christ consciousness is expanding. It is being exalted. It is because we are one in heaven and on earth. The seekers of the light are one.

I offer tribute unto your heart flames, and now as I send to you my missive of love upon your altar as a living rose, I send with it the Word that God will disclose within the secret chamber of your heart. It is a message of love. It is the impartation of the inner blueprint of your rose of life, the petals unfolding your very precious God consciousness.

O beloved hearts, open now and receive this message of love as the letter is written in letters of gold upon parchment. It is the distillation of the Word of Alpha and Omega wrought by angels who number among the bands of the Keeper of the Scrolls. And they have written in letters of gold

the requirements of your individual soul for the perfecting of your very own sacred heart.

Unto one it is required to transmute the personal pride of being the doer; unto another the fear of doing anything lest it be the wrong thing. Beloved ones, unto another is given the initiation to purge the stream of love so that sympathy might become compassion.

Unto another it is the illustration of the lily of the valley, as each tiny cup represents the millions and billions of tiny cups of consciousness that must flow from that individual's I AM Presence through the heart center as the distillation of the Word and the teaching. Cup by cup, the lily of the valley of purity will impart to thousands of souls through this one lifestream the precious dewdrops of the love of his teaching.

Beloved ones, to another is the rebuke of the practice of harshness. It is a gentle rebuke. It is the challenge of the misuse of the will of God. Let there be the softening of the voice, for when the voice is soft you cannot transmit harshness. But let the voice be firm and bold in the witness of the Lord—never harsh, never with condemnation, but always upliftment, with the promise of hope.

Beloved ones, unto another is the teaching given of the ritual of the seventh ray of the wine of forgiveness, and this unto many, that the practice of forgiveness must be daily in order to balance many tyrannies that have gone by in distant past generations.

The Perfectionment of the Heart

Beloved ones, do you understand the meaning of the perfectionment of the heart? This is the calling of the chohan of the second ray, Lord Lanto himself, who bids you to the Royal Teton Retreat.³ It is Lord Lanto who expands

the light that becomes visible, tangible, bursting through that light body even while you are yet in embodiment.

Beloved ones, I do not speak of distant realities. You have been called by the ascended masters earlier in the dispensation of The Summit Lighthouse to pursue that transparency of the flesh form even while you are yet here and now in this life. We would not give you a pie-in-the-sky teaching. We give you something that is just at the point where your reach will exceed your grasp.

O beloved ones, enter now into the sense of the miraculous—the miraculous heart of Jesus, the miraculous heart of Saint Germain, of the Ancient of Days and of Mother Mary—and make that heart your own miraculous central sun of being. The Coming Revolution begins with the heart. Be now the fullness of the heart of God.

Now I have placed upon the altar of your being the scroll and the teaching of the rose, and the rose I lay is fashioned by elementals, devas. The rose is the archetype of your own Christ consciousness, each rose unique—the delicate hue your very own, your fragrance, your special color and vibration. And so the rose I give, an immortelle, is the pattern to be won by the obedience to the letters of gold upon that scroll.

Now, when you have worked with me and Jesus and Lord Lanto in the perfecting of the heart, we will then one day take you by the hand in the Retreat of the Royal Teton, in a great hall where you will be received by the ascended master Melchizedek, and you will begin to know the initiations of that priesthood. And this will also be made known to you by the Mother of the Flame and by her heart, the heart of Clare,* the heart of purity.

*The Mother of the Flame (Elizabeth Clare Prophet) was embodied as Clare, of the Order of Francis and Clare.

The Understanding of the Relationships in the Body of God

I extend to you now the circle of fiery oneness, the initiation of your own secret chamber. [16-second pause]

Each one of you has caught the arcing of that love. Remember that the victory of our order was the victory of the exact relationship of the master and the disciple and of the guru and the chela—from our Lord Jesus Christ, from Lord Maitreya who went before him, from Lord Gautama Buddha. So, I indeed received the cup of his teaching, and I gave that cup to drink unto my chief disciple, Clare. And that blessed sister thus carries unto you in this hour the same blessed cup.

This understanding of the relationships in the body of God is the supreme satisfaction that comes to your soul when you gaze out upon the heavens and you have recorded in your inner memory the relationship of the starry bodies, of the Central Sun, of galaxies that your physical eyes do not perceive. Yet all is seen by the soul.

And I tell you, beloved ones, that the relationship in the magnitude of the macrocosm is so precise mathematically that the movement outward from the center of a cosmos unto the periphery—which is caused by the initial thrust of the creative Word, that movement itself in which all starry bodies are changing in relationship to each other—is governed by the exact formula of this chain of hierarchy so that all change produces other change and all interactions are predicated upon this cosmic formula.

And therefore the music of the spheres is the satisfaction of your soul. Harmony is the satisfaction of your soul. For when you are one in this geometry of God, your very soul is tied to the *antahkarana* of a cosmos, Spirit and Matter. See then, my beloved hearts, how this is created by what some have called “gravity,” the gravitational pull between bodies.

By the Concentration of the Will of God You Become a Magnet for the Lifting Up of Souls

Beloved ones, in our terminology, gravity is the will of God. And so, proportionate to your putting on of the energy of the will of God are you in exact relationship with every other body of light who has become that flaming will. And until you have become that will, you see, you are out of alignment with the vast hierarchy of being.

Most of humanity are out of alignment. But the few who have placed themselves at the disposal of the Lord Christ are the ones who hold the balance not only for this evolution but for the planet itself, even in all planes of Matter. And so the will that is in you is the *very core* of the Great Central Sun Magnet. And by the concentration of the will of God you become a magnet for the exaltation, the lifting up of souls unto the Lord Christ.

The magnitude of your love determines the magnitude of your will, the ability to attract—by the light of Christ rather than by outer personality—souls who are seeking the Way. Now they are random. Now they are moving without a goal, without polarization in the cosmos. But when they come in contact with your heart they shall be polarized and therefore eligible to sing with the morning stars, to be sons and daughters of God. And then they will fill their rightful place and no more will there be gaps in the firmament of God's being.

Beloved ones, the Coming Revolution is the acceleration of light within you. This is our sole concern, for we know that once you have become the spiral of the revolution you will be part of that great wave and momentum. And then nothing—I say *no, nothing*—shall be able to stand in the way of that wave of light! And you will see the inundation of a world in cosmic consciousness and the polarization of those who have

been neither hot nor cold who are now in the ardent fervor of the passion of the LORD God.

This is an exciting age! O go forth and live life to its fullest! For this is the hour of my joy!

Kuthumi is referring to the founding of The Summit Lighthouse twenty years before this dictation, in 1958. (3) **The Royal Teton Retreat** is the principal etheric/physical retreat of the Great White Brotherhood, located on the North American continent and congruent with the Teton Range near Jackson Hole, Wyoming. Lord Lanto conducts classes at this retreat on the fundamentals of the path of initiation and for those who are pursuing wisdom. Lord Lanto calls us to “come to wisdom’s fount and make ready while there is yet time for you to become all that wisdom has held in store for you throughout the ages.” He also teaches us how to externalize the threefold flame. Before his ascension, Lanto so adored the Trinity in the tripartite light of his innermost being that the intense glow of that divine spark could actually be seen as a soft, golden glow through his chest.
