**Today's Confrontation with the
Anti-Mother Strategies of the Fallen Ones
Part 1**

Hail, legions of the Great Central Sun, who descend from the God Star, Sirius! Hail, beloved Keepers of the Flame of the Ancient of Days!

I come to this assembly of lightbearers and I proclaim to you a great opening, the opening of a passageway of light that you, by your devotions this day, have created in this very forcefield.

The opening of the passageway to higher octaves is as an ascending spiral and a great cylinder of being. The opening is wide, by the great geometry, the power of the ten thousand-times-ten thousand in the multiplication of your invocations. For each one giving forth the science of the Word this day, there is this extraordinary opening of contact with the octaves of light, with the God Star, and with Alpha and Omega, with the Lords of Karma as well.

Today's Confrontation with the Anti-Mother Strategies of the Fallen Ones

Part 1

Hail, legions of the Great Central Sun, who descend from the God Star, Sirius! Hail, beloved Keepers of the Flame of the Ancient of Days!

I come to this assembly of lightbearers and I proclaim to you a great opening, the opening of a passageway of light that you, by your devotions this day, have created in this very forcefield.

The opening of the passageway to higher octaves is as an ascending spiral and a great cylinder of being. The opening is wide, by the great geometry, the power of the ten thousand-times-ten thousand in the multiplication of your invocations. For each one giving forth the science of the Word this day, there is this extraordinary opening of contact with the octaves of light, with the God Star, and with Alpha and Omega, with the Lords of Karma as well.

Your Petitions to the Lords of Karma

I would mention to you this evening that it is an opportunity for you to practice this yearly consecration of your petitions to the Lords of Karma that occurs both at summer

Today's Confrontation with the Anti-Mother Strategies . . . 298

and winter solstice.¹ Beloved ones, we of the Lords of Karma await your petitions. And because you have so opened a passageway of light, we say unto you that whatsoever you ask in the name of the will of God and according to the Lord Christ will have a multiplication factor of an immense light through these hours of the evening and the hour when you are passing from your body into the octaves of light.

Therefore, take a few moments. Take pen in hand and address your petition, in the name of your Christ Self, to your God flame, the mighty I AM THAT I AM, to me and to the Lords of Karma. I ask this for more reasons than you will understand. And therefore, let us truly proceed from the personal to the planetary concerns, that this battle of Armageddon might not endure but terminate by the power of light.

Let Our Chelas Go Forth with Defined Objectives

We are very fortunate to have had in the midst of our chelas this evening one whom we have long recognized as a spearhead, a movement of our flame, and who has an understanding innately within the soul of the light of woman.²

Beloved ones, it is our desire that you should indeed profit by her example and that you ought to recognize that if there be one, there are many brothers and sisters of light who indeed have been given a talent and a certain calling and who have used it with God-determination to effectively work change upon the planetary body.

Now we would see our chelas become more effective. We would see you have the certain sense of victory, the certain sense of that indomitable will and that indomitable flame of freedom going before you, preceding you in the person of myriad angels of Alpha and Omega.

Let our chelas of the light go forth, then, with defined objectives within their communities. Let our chelas be

representatives of K-17 and Lanello. Let them probe what are the forces of light and darkness acting within their city, their neighborhood, their community. And then let them determine where they fit as a key in the turning of that tide and determine whether or not they are fit to be that instrument or if they need greater preparation.

We Want to See More Action

We have spoken to you through our messenger at Summit University. We have spoken many times on the preparedness of the chela for leadership, to be the person of the shepherd leading the flocks of the Lord upon the hillsides of the world. Nevertheless, we speak again. For the great sword of practicality that comes forth from the hand of the noble Christed man and woman is ever the most legitimate testimony that the fire of God is indeed manifest within the temple of being.

And therefore rather than the broad, broad spectrum that spans a cosmos, let our chelas draw in the energies of concentration of Cyclopea and concentrate specifically on those issues and those personages that are of immediate concern to the Brotherhood.

Beloved ones, we trust that our thrust this day has been unto you a sharpening of the mind and the will, an opening of the mind to responsibilities and to the very fact that you can—with the mantle of the LORD—fulfill those responsibilities. We want to see more action.

As you know, I served as an attorney on Atlantis, and by the flame of love in the practice of the law I saw the crumbling of the superstructures of the carnal-minded ones when punctured by the sword of the law. They crumble, beloved ones, because they do not have the undergirdings of the Logos. And I have said to you before that that which does not reflect the laws of God has within itself the seeds of its own

internal decay. That which is not in harmony within you, but rather is of discord, will begin a decay spiral within your very own being.

We Must Now Confront the Anti-Mother Strategies of the Fallen Ones

Therefore, in this year of the stations of the cross of the Mother and her children, which we have just begun on the line of the Mother and the line of the Woman—the hour of six, on the side of the south³—will you recognize the flame of God-harmony as the foundation of the Law that is effective and does affect every phase of earthly life?

Let us proceed, then, in the meditation upon that law of harmony to pierce by the sword of the living Spirit those conditions, those laws, those rulings of the Supreme Court of this land, those decisions of elite power blocks that are not valid because they do not pattern the inner blueprint of the laws of God.

When you discover these keys, when you discover what in fact is challenging the Constitution of the United States of America and the divine document that stands behind it⁴ as the sponsorship of the 144,000 and the great gathering of the elect upon this continent, when you see that it is by the intellectual complexities, by false motivations, impurities, smoke screens, emotionalism in every form of the manipulation of power save the verity of the Law, then, beloved ones, you can tear down those structures and know that indeed because they are not of the light they will not endure.

The question is whether you will allow these structures to remain and to go through a process of slow decay, as the Law demands, or whether you will take the sword of the Spirit and the flame of the sacred fire for their burning, for their transmutation now in this hour.

We must clear the way of the rubble of the fallen ones. We must make plain the vision of our God. And above all, we must now confront the anti-Mother strategies of the fallen ones.

A segment of those strategies has been clearly defined in this puncturing of the balloon of the ERA.⁵ It spells *era*. And this indeed is the *era* of the Great Whore usurping the position of the Mother flame. And this *era* is an *error* of consciousness, an *error* of motive, of goal, of co-measurement, and of the understanding, indeed, of the functions of life.

It Is This Power of the Mother against Which the Fallen Ones Cannot Stand

Beloved ones, the destruction of identity is the purpose of the fallen ones. The soul is the Feminine aspect of being; the Spirit of the I AM THAT I AM, the Masculine. And therefore all that moves against the true woman in all is the direct attack upon the well-being and the wholeness of the souls of people everywhere.

This is the age, then, when the Mother within each and every one of you is the target of the anti-Christ forces. Through the Mother the individual soul gains identity. Through the Mother the wisdom of the Law, the chain of hierarchy, the passing of the torch takes place. The very Mother light within you is power. The Shakti of the Gods is the light of Mother raised up.

Hear in the meditations of our music unto the Starry Mother the universal light. Hear, then, the rising and the crescendos, the mounting and the descending of the Kundalini fires upon the very altar of being. It is this power of the Mother against which the fallen ones cannot stand. This they discovered on ancient Lemuria, where several hundred thousand years of golden ages came to pass before the inroads came through the great rebellion of the fallen ones.

And as these fallen ones met in their seemingly secret councils, observed by the All-Seeing Eye of God, they determined in their deliberations that in order to destroy the souls of the people, to tear them from their God and from the recognition of the Christ within, they would plot their strategy to move against the light of Mother.

The central altar of Lemuria, the central focus of the Motherland, was surrounded on the periphery of that continent by twelve lesser altars unto the feminine principle, Omega in Matter. And the fallen ones understood clearly that these focuses, these temples unto the Woman clothed with the Sun, were a great magnetic forcefield whereby the light of the masculine ray of the Spirit and the light of Alpha was balanced on earth and that this light was attracted into the very vessels of being.

The Fallen Ones Plotted the Destruction of Those Temples on Lemuria

Beloved ones, from the very mists of ancient, ancient days there descends the legend of the cult of the Mother. The cult of woman and of the Mother flame has naught to do with the imaginations of the fallen women of today, who worship the Mother by an absolute perversion of the body temple.

Beloved ones, the ancient cult of the Mother was the veritable understanding that within the earth, the very earth energy, is the polarity of the Great Central Sun of the Father plane. And therefore inherent in woman was the understanding of the masculine principle, even as all understood Omega to be an integral part of their very being of Alpha in the plane of Spirit. These laws, so simple yet so neglected in this hour, are fundamental, then, to the raising up once again of that culture of light.

And so the fallen ones plotted the destruction of those temples, and they had to set before priests and priestesses of the sacred fire the alternate love—no longer the love of the Greater Self but the love of the personal self. By the very perversion of the flow of the purity of the flame of love, they succeeded by their false logic to pervert the flow of sacred fire. And it was here within the temples, here within the very centers of light, that there was the beginning of the sexual perversions of homosexuality and lesbianism that took place between the priests and priestesses of the sacred fire.

The Misuse of the Light of God Was the Very Condition for the Sinking of That Continent

Beloved ones, this misuse of the light of God was the very condition for the sinking of that continent, for the fall of the evolutions of the fourth root race, and for the desolation that was abroad in the land in the hour of the coming of Lord Maitreya and the setting up of the school, the Mystery School of Eden.

Now we see the descendants of those individuals. We see them reincarnated, and we see that the perversions of the Mother flame were only the beginning in the perversions of the sacred fire, that in all levels of consciousness and in the planes of the chakras, this abuse of the light of Omega in the very base chakra is responsible for distortion, for impure motivation, for a misunderstanding of the Law that is willful and calculated.

“The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom.” This previously unpublished dictation by **Nada** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Saturday, July 1, 1978**, during the Freedom Class, *Sing a New Song*, held in Pasadena and Camelot, Los Angeles County, California. Part 2

of this *Pearl of Wisdom* is published in this volume, no. 34. **(1) Your petitions to the Lords of Karma.** The messenger has explained that “traditionally, students of the ascended masters submit personal petitions to the Karmic Board on New Year’s Eve and on the Fourth of July. Our handwritten, sealed letters are consecrated at the altar and then burned . . . so that the angels can bring them to the Royal Teton Retreat and deliver them to the Lords of Karma, who then read them and decide how to act upon them. In these letters we may ask for divine intercession for our personal lives, the community of the Holy Spirit, the nation, and the world. . . . In exchange for the blessings and dispensations we are asking for, we make a commitment to overcome certain elements in our consciousness. We promise to offer some type of service, give a novena, or perform certain acts of love and compassion toward our fellow man. . . . Therefore, as you contemplate your Karmic Board letters, I urge you to go into your heart and ask your Holy Christ Self for guidance as to what dispensation you should ask for.” (December 30, 1998) **(2) One whom we have long recognized.** Nada is referring to Phyllis Schlafly (1924–2016), who spoke to conference attendees on June 30 regarding her opposition to the Equal Rights Amendment. She was an attorney, author, and activist who campaigned successfully against the ratification of the ERA. **(3) The line of the Mother . . . the hour of six,** refers to the six o’clock line on the cosmic clock, the hierarchy of Cancer, the quality of God-harmony, and the base-of-the-spine chakra. For detailed teaching on the cosmic clock see *Predict Your Future: Understand the Cycles of the Cosmic Clock*. Ordering information above. **(4) The divine document that stands behind it.** In a dictation given by the Goddess of Liberty (1986 *Pearls of Wisdom*, vol. 29, no. 65), she stated: “I carry the Book of the Law that represents not alone the Constitution but the divine document citing the divine rights of the sons of God upon this planetary home. And it remains for you to distill from my heart through your Christ Self what are those divine rights so that you may come to understand that every line of the Constitution does reflect an inner divine right which has been made applicable to the human scene of karma, of the building of a nation, and of the dealing with the economy and the settling of old scores with the fallen ones.” **(5) The ERA.** Also see note 2. The Equal Rights Amendment was and is a proposed amendment to the United States Constitution intended to guarantee equal rights for all American citizens regardless of sex. The amendment was never ratified due to the mobilized efforts of Phyllis Schlafly and her supporters, who argued that the ERA would be a disadvantage to housewives, cause women to lose protections, e.g., receiving alimony, negatively affect mothers obtaining custody of their children in divorce cases, and cause women to be drafted into the armed forces. Currently, the Democratic Party is seeking to revive the ERA.
