**Today's Confrontation with the
Anti-Mother Strategies of the Fallen Ones
Part 2**

Beloved ones, many of you wonder at the deceptions and the policies that are so obviously incorrect. Why is this not obvious to those who espouse these causes?

It is because they themselves vibrate at the frequency of the perversion of the Mother ray in each and every chakra. By perverting the Mother they lose the light of the Christ—the Manchild born of the union of the Mother flame with the Alpha current—and therefore they have lost the Christ mind. Losing the Christ mind, they lose the opportunity for the soul to rise to the altar of being and to serve the soul's initiation under the individual Christ Self.

What is there left, then, but to pervert the light of the crown in the mental body, to pervert that very energy of the masculine ray in a type of consciousness that is hardened, that is cut and dry in the logic of the fallen ones, that is absent of compassion and love and caring of the mother...

Today's Confrontation with the Anti-Mother Strategies of the Fallen Ones

Part 2

Beloved ones, many of you wonder at the deceptions and the policies that are so obviously incorrect. Why is this not obvious to those who espouse these causes?

It is because they themselves vibrate at the frequency of the perversion of the Mother ray in each and every chakra. By perverting the Mother they lose the light of the Christ—the Manchild born of the union of the Mother flame with the Alpha current—and therefore they have lost the Christ mind. Losing the Christ mind, they lose the opportunity for the soul to rise to the altar of being and to serve the soul's initiation under the individual Christ Self.

What is there left, then, but to pervert the light of the crown in the mental body, to pervert that very energy of the masculine ray in a type of consciousness that is hardened, that is cut and dry in the logic of the fallen ones, that is absent of compassion and love and caring of the mother for the child?

And therefore you will see the common trait of those who espouse these causes, who are seemingly brilliant but are totally ignorant of the Law. You will see that they are cut off from their very own souls and they are, as it were, soul-less beings.

Today's Confrontation with the Anti-Mother Strategies . . . 306

What does it matter whether they are created robots or self-created nonentities? By cutting off the light of the soul through the denial of Mother and the denial of the Son, individuals in numberless numbers are walking the earth with the false teachings and the false doctrine of the serpentine lie in every area of human endeavor.

The Anti-Mother Strategies

We begin, then, with a confrontation of the anti-Mother strategies that are ancient and those that are more obvious today that affect the family, the mother, the child, and the integrity of man, as man himself is exalted in the proper role and identity that is being seized from him through the perverted feminists of this culture.

We must then look beyond these more immediate perversions to see that inasmuch as the light of the Mother is the abundance of the abundant life of the Father unto her children, all perversions of the economy—in the flow of supply and demand, in the effects of gold and silver, in the currency and their withdrawal, in the manipulations of the money systems—all of this is the anti-Mother strategy.

We move, then, to the citadel of government, God-government by the authority and power of the Woman clothed with the Sun.¹ I say “the Woman,” beloved ones, because the sons and daughters of God who raise up the light of the Mother are indeed the ones who have the right to rule—both men and women.

We begin to see, then, that because Mater is the Matter plane, all that defiles the light of Alpha as God the Father, the Son, and the Holy Spirit is indeed the defilement of woman.

As we look about us in this age, we cannot help but notice a tremendous buildup, the designs of destruction by the very

misuse of the white-fire core of Alpha and Omega in nuclear energy, in the buildup of armaments of war fashioned out of the very power of the Shakti of the Mother.

Where do you think there is such a momentum of the metals and the minerals of the earth and of nuclear energy? Why, beloved ones, the white-fire-core sun within the center of the earth is indeed the Mother chakra of a planet. It is the lodestone of a planet that is in polarity with the crown chakra in the Great Central Sun.

The Fallen Ones Fear and Tremble in the Presence of One Son of God Who Uses the Science of the Spoken Word

Do you see, then, that the determination of the fallen ones to destroy Mother, hence to destroy the Manchild, is relentless? They have been told by the archdeceivers of mankind, who rule over them at astral levels, that their victory is absolutely certain and unquestioned! Yet these very fallen ones do fear and tremble in the presence of one son of God who uses the science of the spoken Word.

And so, you see, there is actually a tremendous fear at the higher echelons of the power of the hordes of darkness. That fear is concealed to those who serve under them. And therefore that conviction—which is utterly amazing to the children of light, who know better—is yet apparent and can only be reversed by an equal and greater momentum of light that turns back the arrow of that determination of the fallen ones before it is allowed to come to rest within the body of God.

Why, you have been told by Mighty Victory and all the hosts of the LORD that from the beginning we were winning. You have been told that the victory of the light is certain. But in the face of the Adversary, who presents his false certitude, some of you have retreated into your foxholes. But now I see that you are coming out! You are coming out because you have

been given a new identity in the great ancient-wisdom teachings of the Mother. You know who is the I AM THAT I AM, who is the soul. You know your name and the name of God.

You Have a Responsibility to Know Truth and to Act upon It

Beloved ones, let us then make haste to accelerate these cycles of light. Let us see and read well and know that the strategies are many and the issues are many. And when you are in the battle for the life-and-death struggle of a people and a planet, know that in the moment when the enemy has a certain strategy, a certain weapon, a certain energy, there is a moment to attack with light and to consume it with the sacred fire.

It is not enough to be general about all conditions of the mass consciousness. It is far more important to tackle the issues as they come before the governing bodies of the many nations on earth today.

I warn you again of that which the Lord of the World has warned you—that if you allow yourself to be lulled by the daily papers and the television, you will never know what those strategies are and you may very well find, as it is altogether a possibility, that the takeover of this nation would occur without you ever learning about it from the media! And if this were not the tragedy, it would almost be a comedy.

Beloved ones, there are many brave souls who are publishing truth. You have a responsibility to know truth, to act upon it with the science of the spoken Word, to act upon it by the conveyance of the illumination of the ascended masters' teachings, and to support those whom you identify as having the integrity of the Divine Woman. You have the ability to research and to investigate. What abilities you lack you may invoke.

The Plans and Projects of Lord Gautama Buddha Can Be Fulfilled on Time and Ahead of Time!

Now I would speak to you of the extraordinary momentum of light (which I mentioned at the beginning of my address) that has come forth from this body of lightbearers today. The Lords of Karma meeting at the Royal Teton Retreat have looked up from their work and their desks with a very certain gaze upon you who have come, some at sacrifices and at great distances.

Beloved ones, there is a murmuring and a rejoicing and a conversation among us and our assistants. For we have seen in physical matter, in souls embodied, a new thrust and a new wave, a new light and the proof that the plans and projects of Lord Gautama Buddha can be fulfilled, can come to pass on time and ahead of time! [15-second applause]

We never count, as they say, our chips until they are manifest physically. We can project. We can calculate. But in the arena of action, it is when the determination of the student descends into the victory of accomplishment that we can count on the very next step of action.

As your ranks are swelled by those who are yet coming and as we move into the dispensations of the teaching and of the light of the hierarchy, it is therefore our prayer that you keep this intense vigil and that you keep it after the final bell has tolled for this session of the freedom in this decade. It is our desire, then, that you will not lose the vision, the aura, the presence of the intensity of what you have gained by being together on this day and on these days.

A Dispensation Is Given to Each and Every One of You

And therefore by unanimous vote of the Karmic Board in this very hour, there is given to each and every one of you a dispensation whereby you can duplicate this momentum

of energy, of this communion wherever you are, wherever you go, wherever you are giving your dynamic decrees in your homes, as long as there are two or three who in the name of the Trinity will invoke the full-gathered momentum of the Spirit of the Great White Brotherhood and the spirit of *Sing a New Song* and those who gather together in this hour.

We will multiply the action of your calls by the heart flame and the momentum of each and every one of you because we desire to see on earth *now* the communion of saints, the oneness of the body of God, the understanding that you are not alone—not merely as an understanding in the heat of the day's struggle but as a present awareness, as the sound of the fluttering of wings, as the murmuring of the doves and of the brooks that sing, singing the new song as the flow of your soul.

Then rejoice! For one of the greatest boons of service in any world, in any dimension where we have moved through an Armageddon such as this, is the boon of comradeship, of friendship, of understanding, of friends of light near and far.

Now, beloved ones, each and every one who is true to the Law and the teaching and to the love shared will have that dispensation of that multiplication of power. And I trust that you will understand that therefore this group momentum will indeed be multiplied by the power of each individual, and therefore the full 100 percent multiplication of this release of light that has come forth from your octave can and shall be duplicated wherever you are and wherever you make the call. And so it will be for all who enter into this communion, for all time to come, through the hearing of the Word or the reading of the printed page.

I, Nada, do declare it, and it is sealed and set by our hand in the council chambers of the Royal Teton Retreat.

Espouse the Right of Every Living Soul to Be God

I, Nada, have come to you in the Spirit of living love. I have come to you to be the fullness of the God Self where you are. I will draw forth the light of the Word incarnate where you stand. I will show you the amazing victory of the LORD's hosts.

Call to me, then, to be in the midst of the fight of your legal battles and all legal documents necessary for the establishment of Camelot. Call to me, then, for the recitation of the law of your inner being and your right to be a soul on the path of initiation.

Would to God that the fervor of the demand for rights would be made by souls, the demand for the right guaranteed in every nation to be God!

Espouse such a cause and see before your very eyes the ennobling of a race! Espouse the right of every living soul to be God, and you will know the crucifixion. Aye, you will also know the resurrection and the ascension and you will have that satisfaction that comes—that comes only when you see that because you have taken action, because you have taken a stand for truth, because you have loved a tender soul and imparted a word of understanding, that soul is free to be God.

We will not take from you that delight of the Law, that mission. No, we will not take from you any part of it—no not the struggle or the trials or the temptations or the immense glories. And no, we will not take from you the dispensations that are due you when you make those efforts that count, that count supremely for our victory!

I seal you in the love of my heart! I seal you in the wisdom of the Christ, in the knowledge of the Law of Spirit and Matter!

"The Summit Lighthouse Sheds Its Radiance o'er All the World to Manifest as Pearls of Wisdom." This previously unpublished dictation by **Nada** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Saturday, July 1, 1978**, during the Freedom Class, *Sing a New Song*, held in Pasadena and Camelot, Los Angeles County, California. Part 1 of this *Pearl of Wisdom* is published in this volume, no. 33. (1) Rev. 12:1.

The Mother of the World Has Ordained

The Mother of the World has ordained: "Winds, gather ye! Snows, gather ye! Birds, hold ye back! Beasts, stand ye back!

"No human foot shall set its traces on My Summit. The audacity of the dark ones shall not surmount! The light of the moon shall not endure! But the sun rays shall touch the Peak.

"Sun, guard My Summit, because where else shall I keep My Vigil? Never shall beast ascend, nor shall human power prevail!"

Herself, the Mother of all Being, shall keep Her Vigil with a fiery shield. What glows upon the Summit? Why have the whirlwinds assembled a resplendent crown?

She, the Great Mother, alone ascended the Summit. And none shall follow Her.

Upon the highest summit stands effulgent the Mother of the World. She came forth to smite the darkness. Why are the enemies fallen? And whither do they turn their eyes in desperation? She has cloaked Herself in a fiery mantle and encircled Herself in a fiery wall. She is our citadel and our striving.

"The Mountain of the Mother extends from the earth to the Heavens!" (3x)*
