

Beloved Lord Shiva
The Ceremony of Shiva

I AM leaping in the fire. I AM in the rhythm of Shiva in the heart of the devotee. And I have perceived from out the Great Central Sun that chelas of Shiva are ready for the momentum of the Destroyer. And therefore the Destroyer comes forth, and therefore Shiva says, *Shatter! Shatter! Shatter!* now the old and bring forth the new.

Let the new light of the New Age appear, and let those souls of infinite fire, who are ever ready as the light of the LORD, be firm now by my will. *Thus saith the LORD! Thus saith the LORD!*

Let the infinite fire in the heart of the golden one shine forth. For we have formed, *so we have formed—yes, so we have formed*—the crystalline statue of the Shiva. And everyone is Shiva unto us.

Lo, the Divine Us!
Lo, Shiva and Shakti!

Beloved Shiva

The Ceremony of Shiva

Lo, Every Chela Is Shiva!

[This momentous release of light was given largely as a chant in various intonations.]

Hail, O infinite fire leaping in the hearts of the chelas of *Shiva!*

I AM leaping in the fire. I AM in the rhythm of Shiva in the heart of the devotee. And I have perceived from out the Great Central Sun that chelas of Shiva are ready for the momentum of the Destroyer.* And therefore the Destroyer comes forth, and therefore Shiva says, *Shatter! Shatter! Shatter!* now the old and bring forth the new.

Let the new light of the New Age appear, and let those souls of infinite fire, who are ever ready as the light of the LORD, be firm now by my will. *Thus saith the LORD! Thus saith the LORD!*

Let the infinite fire in the heart of the golden one shine forth. For we have formed, *so we have formed—yes, so we have formed—the crystalline statue of the Shiva.* And everyone is Shiva unto us.

Lo, the Divine Us!

*Shiva is known in Hinduism as the destroyer of evil and the deliverer of souls.

Lo, Shiva and Shakti!

Lo, the crystal Shiva!

Lo, the coming of the crystallization of the ones of Shiva!

Lo, every chela is Shiva!

Lo, ~ I AM out of the mouth of the Almighty.*

Lo, I AM. Lo, I AM the coming of the chela who is Shiva, Shivaya, Shiva. ~

Lo, I AM filling the earth with the grains of Shiva. Every grain is Shiva. Lo, the sands are pouring—lo, the light descending, sacred fire exploring the hearts of men and women.

Lo, every chela—Shiva, chela, Shiva. Lo, Shivaya. Lo, I AM filling the earth with fire. Lo, I AM Shiva! Shiva into the ground! Shiva into the earth! Shiva into the air! Shiva into the water! Shiva! Shiva! Shiva!

Lo, I AM the fire! Lo, I AM in the fire!

Lo, I AM accelerating by the touch of my feet upon the ground!

Lo, I AM dancing the cosmic dance, and the touching of the feet of Shiva—of the chela who is Shiva—upon the ground of the earth, lo, does hallow that ground. Lo, the quickening of the earth body. Lo, the hallowing of the earth.

Lo, I AM!

Lo, I AM!

Lo, I AM!

I AM in the Flame

Blaze now! Blaze now! Blaze now! Blaze now! Blaze now! Let all who have come unto Camelot now know that I AM in the flame! I AM in the flame! I AM in the flame! And my touch is for the transmutation of Saint Germain.

I AM now in the center of the flame. *Lo, I AM the flame of very flame.*

*The symbol ~ after a word or group of words indicates that the word or words were given as an elongated chant of several seconds or more.

Lo, ~ Omega! Omega! Omega! Omega! Omega into the earth, the air, the fire, the sea, into the water, into the water. ~

Lo, I AM light! Lo, I AM come! And my coming is unto the purpose of the LORD. My coming is for the consecration of the Word.

I AM standing in the earth! I AM rotating in the center of the earth! Lo, I AM rotating in the center of the sun! Lo, I AM the blazing fire of the Holy Spirit, of the pink fire! I AM the intensity of the pink flame!

AIM ~

Lo, I AM breathing unto the Mother in you and I AM fanning fire of Mother flame, Mother flame, Mother flame, Mother flame, Mother flame, Mother flame within you.

I AM release of sacred fire, and lo, my judgment is come! Lo, I draw you into the heart of the Great Central Sun! Lo, I draw you into the heart of the Great Central Sun, into the white-fire core of earth—lo, into the sacred fire. Lo, it is that you might know the self as Shiva.

Chela, O my chela, now be Shiva! Now be transformed! Now molecules of being, now coalesce and align in the image of Shiva north, south, east, and west!

I AM Shiva in the Chela

I AM Shiva in the chela, and my chelas jump for Shiva! Jump for Shiva! Jump for Shiva here and there and everywhere! And lo, I AM come!

I desire that the eye of Shiva shall be upon every lifestream upon the planetary body, and therefore I place myself within the heart of every living devotee of the sacred fire.

Lo, I knock upon the door of the secret chamber of the heart! Lo, I AM Shiva dancing into your heart!

I come! I AM! I bow! I AM THAT I AM, the God of very gods in the heart of the Shiva. In the heart of the very heart of being is my LORD, LORD. ~

Elohim

Elohim

I AM the power of the Shiva in the heart of the chela. Lo, every chela upon the earth now has the crystalline figurine of Shiva.

Nataraja

Nataraja

Lo, I AM come. Lo. Lo. Lo. ~

I AM Come for the Healing of the Vision

Into the light of the Eye, I AM come. I AM come for the healing of the vision. I come now, and I AM in the Eye of the All-Seeing God.

I AM in the eye of the Shiva!

I AM in the eye of the Shiva!

I AM in the eye of the chela!

I AM in the eye of the chela!

And lo, I AM the Eye All-Seeing. Let all chelas of the sacred fire see as I AM seeing, see God being, see God being in the earth.

Now let the All-Seeing Eye of God appear—now the alignment, now the all-seeing. O chelas of the LORD, LORD God Almighty, O chelas:

Now let the flame of the resurrection

Now let the flame of the resurrection

Now let the flame of the resurrection

Rise and pulsate

Rise and pulsate

Rise and pulsate

Rise and pulsate

Rise and pulsate—drawing now, spiraling, moving the chela into the new dimension of being.

Lo, I AM come for the acceleration! Lo, I draw you to new dimensions of being!

Lo, I AM. Lo. ~

In the intonation is the sounding in the temple,

Is the sounding in the inner ear,

Is the sounding of the sound

For the raising of the mind, ~

Is the sounding of the sound

For the raising of the heart, ~

Is the sounding of the sound

For the raising of the soul. ~

I AM Come to Make You Whole

I AM come to make you whole. ~ I AM come for the translation of action of Shiva. ["Shiva" given 33 times.]

Now, O angles* of the LORD, now intense love, intensify!

O my heart of being, now sound. Sound the rhythm of the sound. Sound the rhythm of the sound.

Lo ~

I AM now raising, I AM now raising each soul of living fire for the purpose of the Almighty, the purpose of that translation.

Lo, I AM! Lo, I AM! Lo, I AM! [repeated 5 times]

Be still. Be still in that light that I AM. For I AM altering now, I AM altering now the vibrations of the planetary body through the bodies of the chelas. And the ceremony of light is for the stillness of that flame, for the stillness of that flame, for the stillness of that flame.

I AM in the light!

I AM in the light!

I AM in the light!

*The word *angles* is often used to refer to *angels*, as in "Angels act as 'angles' of God's consciousness." (Elizabeth Clare Prophet, *Inner Perspectives*, p. 237)

O light, let thy perfect work be made manifest. O light, O light, light of the Great Central Sun, O light that I AM, *now* I come into the earth! *Now* I come! *Now* I come! *Lo, I AM!*

The Raising Action of Thy Sacred Fire

Lo, I AM Shiva. And the raising action of thy sacred fire, O living light, does precede, then, the disintegration by the law of harmony of certain levels and planes of being where the misqualification of Shiva has cast a spell. And if that spell were able, it were then intended to deceive, and by that deception to deter the Mother and the child and the incarnation of the Word.

Let thy Word come forth, O living flame! Now I say:

AIM ~

O light of the Central Sun, O light of the Central Sun for the dissolution, for the dissolution and the disintegration, now I send Mother light of Shiva, Mother light of Shiva, Mother light of Shiva.

Now intensify, O light! Now intensify, O light, O living light, O living flame!

Out of the I AM Presence of the chela, I call forth the light of Shiva! Descend, now, through the shaft! O Shiva, descend! O living flame of eternal love, O light, now descend!

O light, O light, O now, now let the hierarchies of the sun, now let the hierarchies of the sun accelerate earth, and let the acceleration by the light bodies of the members of Almighty God be for that intensifying baptism of the Holy Ghost.

Now You Are Shiva!

I AM come for the fiery trial of the earth body. I AM come, then, for that fiery conflagration of light that precedes

the incarnation of the Word as the advent of the Lord Christ.

I AM in the heart of the Great Central Sun. I AM in the heart of the Presence. I have entered the secret chamber of the heart. I AM in the secret chamber of the heart.

I come, therefore. I come out, out of the Void. And lo, I AM the voice of the Void penetrating the spheres, penetrating the spheres, penetrating the years of the incarnation of the light!

O cycles of life, now be the reflection of the Almighty One. I come for the fiery emanation, the fiery penetration. For lo, if earth is to ascend into the New Day, then the ceremony of Shiva—*Shiva in the heart of all and every being*—must be the cosmic dance.

Now see the fiery stars! Now see the sons and daughters of God! Now see the Almighty One, billions and billions of Shiva!

Shiva is the Law of the One. Shiva is the Law of Love in the mystical body of the cosmos. Selves of Shiva, expand! Selves of Shiva, expand!

Now, lo, *I AM touching, I AM touching, I AM touching* the saints of God. Lo, I AM in the saints of God. Lo, I AM.

In the I AM THAT I AM is the becoming, and in the becoming is the drawing up of the light evolutions and the dissolution of those evolutions who are not of the light.

In the sounding of the tone, lo, I AM! Lo, I AM present in the LORD! Lo, I AM present in the LORD's Spirit! Lo, I AM present in the LORD's body!

And my Word is a word of Creation! My Word is a word of Preservation! My Word is a word of Consummation!

Lo, hearers of the Word! Lo, I speak! And in my speaking there is the adjustment of forcefields, that children of the light, children of the Sun, may perform the perfect work of the Mother, of the Mother. ~

Hail, O infinite fire in the heart of the chela! Hail, O infinite fire, now let God be now purification!

Lo, I AM now sacred fire!

Now you are Shiva!

O Chela, Be Sealed in the Fiery Destiny!

Out of the sphere, out of the sphere, out of the sphere there comes the newborn child. Child, O child, come forth!

Lo, I AM! Lo, I AM in the longing of the universal Omega! Lo, I AM in the longing of the universal Christ! Lo, I AM cloven tongues of fire!

O chela, be sealed in the fiery destiny. O Father-Mother light, so be the anointing of each one.

Out of the sphere, out of the sphere, out of the sphere, lo, I AM Brahma, Vishnu, and lo, I AM Shiva.

The Touch of Shiva

I will come. I will come to touch you. I will come with sacred fire. I warn of this light. It is an all-consuming light. If you cannot make the God-determined action and vow before the I AM THAT I AM to be Shiva, then I say, O chela, come not to the altar of living flame but *wait* and *wait* and *wait* until thy fiery destiny is sealed, thy will is sealed, thy wisdom is sealed, thy love is sealed in the love of Shiva.

Let those who will be touched, then, remember the sacred fire of Lemuria, of Atlanta, of the New Age. Let those who will be touched be chelas committed unto purity, unto the ascension, unto the path of reunion.

O beloved, I have chanted the chant of freedom, of alchemy, and of light, and I have given the chant of Trinity of the age, and I have given with my many voices the chants of inner spheres.

And so, my beloved, I have prepared the worlds for thy coming. And *lo, lo*, the coming of the touch of Shiva is the

challenge unto light, is the judgment unto light. And my beloved, understand, then, the sacred ritual of the touching by the Shiva.

I AM here in the intense fiery body of the Shiva of the Central Sun. You will then no more be as man but as God-man, beloved ones. You will know the Presence of thy LORD and therefore know that the indwelling LORD of Shiva can be unto earth the fulfillment of the promise of love.

Come, then, advisedly and in the vow of love, to be touched of Shiva.

Remember Shiva, the Destroyer, then, of lesser self. Remember, then, the becoming of Shiva as the very essence of life itself.

The messenger:

We will file before this step here, from this side to this side, and you will file right out the door and then be entering and taking your places as there is room. I want you to come very quickly and remove your glasses, allow me to touch your third eye, and move quickly on.

It is a light, fiery touch, and with it comes a commitment and a sealing and the warning of Shiva that the breaking of that commitment is very costly to your lifestream. And therefore do not come unless you would be Shiva unto the Victory.

Hail, Shiva! Hail, Shiva! Hail, Shiva!

For your edification, Shiva is speaking. Shiva is giving the salutation unto Shiva within you. And Shiva demands silence and the stilling of your bodies. You are preparing to receive the touch of Shiva in silence.

[Shiva touches each chela while saying "Hail, Shiva!" to each one.]

Thou Art Shiva Forevermore

Shiva:

Now hear the Word of the LORD! Now I stand in the sanctuary of life! *Lo*, I have come! *Lo*, the resolution of Alpha and Omega is this! *Now hear this! Now hear this! Now hear this, O living flame!*

Thou art Shiva forevermore. Now in the chela becoming Shiva, *lo*, the LORD God Almighty will achieve the goal of *more light, more light, more light!* And except you be Shiva, you cannot contain more light. Do you see? Do you see, O precious ones of the light? [Audience responds, "Yes!"]

The fiery intensity of my release is that you might become God, and no one may touch or be touched of Shiva and live again as lesser self. Thus, sphere upon sphere, sphere upon sphere, you become Shiva!

Now let the love of God be fulfilled by diligence in all things. In all ways, so be Shiva! Meditate, contemplate, activate, and direct life as Shiva. For I would return, for I would return with a greater touch of Shiva.

Understand the Vehicle of the Messenger

Now then, I do comment upon the vehicle of the messenger, and I plead for understanding. For you do not know in your present state the intensity of fire that I must release within that sacred temple in order to convey to you that blessed portion of myself that is thy God.

Understand, then, that unnecessary movement and sound is a rupturing of a forcefield, which therefore causes pain within the temple. And we understand that you do not always understand the moment and the momentum of that light, and so we must accelerate to cosmic levels of being of which you have not heard, and then the descent from cosmic heights unto earth again.

By the love fire of deceleration is then the stepping down of the body after the stepping up of the body, the soul, and the chakras, that life may also be lived comfortably by the messenger in this octave, even as the comfort of higher spheres demands a diligence, a silence, a discipline.

Now then, I have held you in my embrace. I AM the Lord Shiva. And yet you still wonder who I AM. I will let you wonder! I will let you ponder! I will let you consider who really is Shiva!

But when you see that you have become myself, then you will see myself as I AM. And you will know myself as Shiva.

[“Shiva” said 23 times.]

And what does it matter who I AM? If you can be Shiva, then you are who I AM. I wonder, then, if you will wonder, then, who I AM.

Lo, I AM.

Lo, I AM for the elevation of worlds. ~

Lo, I AM come. ~

[Shiva chants.]

Lord Shiva of the Flame

AUM Shiva (8x)

Lord Shiva of the flame
I AM thy flame, I AM thy fire, I AM Shiva.
Lord Shiva of the light
I AM thy light, I AM thy love, I AM Shiva.

I AM thy mystery of love
Thy joyous life, thy energy
Beloved Shiva.

I AM thy waterfall of life
So cool and sweet thy love to me
Beloved Shiva.

I come to the heart of the mountain
I come to the heart of the dove
I gather thy diamonds in the way
In thy heart I AM Shiva, Shiva, Shiva

AUM Shiva, AUM Shiva, AUM

I exercise thy name
Shiva! Shiva
I speak it again and again
Shiva! Shiva
I challenge the darkness on the way
And I listen to Shiva, Shiva, Shiva.

Refrain:

*Let the Lord be praised East and West! (3x)

In the name of Shiva!
In the name of Shiva!

Shiva!*
