## **Hail to the Conquering Heroes**

### **Part 1**

I greet you, then, by the causal body of my cosmic consciousness, of the two pillars in the temple of being—of science and religion...O my beloved, understand the great miracle of Elohim, which we send forth not alone within our messenger but in every son and daughter of God who would be sharpened as a two-edged sword.

Would you deliver the Word? Then I say, you must understand the great science of the delivery of the missiles and the rockets of the Holy Spirit. So now comprehend the vastness of a technology and a science that has builded up the armaments of the day, and then realize that inherent within that sacred fire is a science far beyond even that which you have attained in this hour.

See, then, that the art of binding the soul unto a living Presence, unto the I AM THAT I AM, is the work of the righteous in this age. I come in the name of the righteous!...

Beloved Saint Germain

## Hail to the Conquering Heroes

### Part 1

Hail to the conquering heroes who have gone forth in my name and who have returned to Camelot, yet bearing my flame of freedom.<sup>1</sup>

I come to welcome home the Mother and her sons and daughters and all of the children of God upon earth who will be nourished by the flame that ye bear as one—one sacred fire, one heart, one heart breathing as the heart of freedom for America and a world.

I greet you, then, by the causal body of my cosmic consciousness, of the two pillars in the temple of being—of science and religion. And to deliver the Word of God this day requires the utmost understanding of science, first and foremost the science of the delivery of the Word whereby the Word that you give leaps as the Holy Spirit, as cloven tongues of fire from your tongue, and penetrates the very sheath of that substance of hardness of heart—penetrates right through.

Even as I pass through the walls of physical matter, so must the Word that goeth forth out of the mouth of my messenger be able to dodge the substance of rebellion within those who would hear the Word and yet are too dense to

understand that Word. O my beloved, understand the great miracle of Elohim, which we send forth not alone within our messenger but in every son and daughter of God who would be sharpened as a two-edged sword.

Would you deliver the Word? Then I say, you must understand the great science of the delivery of the missiles and the rockets of the Holy Spirit. So now comprehend the vastness of a technology and a science that has builded up the armaments of the day, and then realize that inherent within that sacred fire is a science far beyond even that which you have attained in this hour.

See, then, that the art of binding the soul unto a living Presence, unto the I AM THAT I AM, is the work of the righteous in this age. I come in the name of the righteous! For those who have made the righteous use of the Law and of the sacred fire of love, these are they who will contain myself.

### The Open Door Is You, My Beloved

Beloved of my heart, the hatred turned against the Woman<sup>2</sup> and against our messenger is a hatred that is turned against my very own flame. For wherever that flame of freedom comes, the tyrant of the carnal mind rears its ugly head to bind the soul once again to those human habit patterns.

And therefore, because the messenger has said, “Saint Germain, I bear thy cross,” because you have said, “Saint Germain, I bear thy cross,” when you come in my name, you come in my Person, and the lashing out of the fallen ones is against my very own light. Therefore I bow in gratitude to you who understand that this is the alchemy of love whereby this hatred will be transmuted and the children of the light will go free.

This, then, is the open door to the age of Aquarius. What is that open door? The open door is you, my beloved. The open

door is in the one who stands in the flame of love and delivers that Word with such an intensity and such a fire that it keeps on rolling as a mighty tide, and it inundates and it washes and it makes clean and makes whole that Word that I would pour through you.

O my beloved, therefore study well the law of love and know that we will place you who have answered the call of the Lord Jesus Christ, who have answered the call of beloved Lanello to go forth two by two. We will take you. We will give you the initiations of the seventh ray of ritual and of the seventh day of your creation, passing through the sacred fire of the Holy Spirit. We will give you the initiations of the rhythm of Shiva,<sup>3</sup> for by that rhythm you also dance the cosmic dance and therefore you dodge the momentums of the trance of the fallen ones and deliver instead the deliverance of an age.

### **I Draw My Line from the North unto the South Pole as the Holding Line**

I AM Saint Germain. I stand now on the west side of the City Foursquare, as Lord Zadkiel\* stood on freedom day 1976 to release the violet flame with a thrust and a roll and a ho, ho, ho.<sup>4</sup> He released that violet flame sweeping across America, and as that violet flame did roll, it sought entrance into the children of God, into the very hearts of the sons and daughters of God. And there it came to rest within that chamber of the heart, waiting for the quickening of the soul who would come, then, and hear the message of the Stump, hear the message of freedom, hear the message of the I AM THAT I AM and the Word. And therefore thousands of sons and daughters are being quickened in this very hour, O my beloved.

And so I come to confirm that violet flame, and I come to draw my line from the North unto the South Pole upon this line of longitude. I come for the sealing, then, of the earth

\*with Holy Amethyst

in the line of the violet flame, and I call for the establishment of the great hosts of the LORD. I call for the flanking of the armies of the LORD, that therefore this line of longitude passing through the city of Los Angeles and the western coast of North and South America will be the holding line—the holding line so that there cannot be developed an acceleration of the spirals of darkness by the fallen ones.

For you see, beloved ones, the fallen ones seek to accelerate darkness in whirling energies around the planetary body, which they accelerate through their astral satellites. And they apply the great science of Alpha and Omega and the religion of the Mother, and they use the perversion of Alpha and Omega to gather a momentum.

Therefore, even as Saint Germain's Motherhouse in Santa Barbara has been dedicated to the separation of the buildup of the momentums of darkness between the cities of San Francisco and Los Angeles,<sup>5</sup> so now I say, let the descending line of the cross be drawn, and let these cities that come along this line be for the stopping of that momentum so that darkness may not travel from east to west or west to east.

All that seeks to come from the eastern portion of America will be stopped and transmuted in that violet-flame energy and light, and all that seeks to come out of Asia, out of the Pacific, out of the other sides of the world will also be challenged and reversed and put into that flame. And therefore planetary evil will not be able to accelerate because of the very temples of the hosts of the LORD consecrated along this line.

### **The Establishment of Solid Centers of Light**

Therefore I, Saint Germain, stand before you, and I call for the establishment in the year 1979 of solid centers of light and houses of the LORD,\* and I appeal to the children of light who are in Canada, who are on the north side of Israel, who are

\*teaching centers and study groups as outposts of the teachings of the ascended masters

in the northern kingdom. I appeal, then, to these souls of light, who have seen the light and the quickening light, to understand that the great city of the crossroads of the nations, that city of Vancouver, British Columbia, is the chosen place of the Brotherhood to establish our beachhead and our focus of light that will be a forcefield for the transmutation of the hatred of Saint Germain, of the hatred of love, of the hatred of the teaching in the New Age.<sup>6</sup>

And I call for that center to be raised up, and I call for stalwart souls of light to recognize and understand that unless the darkness and the hatred be checked in Canada, then Canada herself, unwittingly—by the momentums of greed and black magic anchored there in ancient times—will become the open door for the fallen ones and the hordes of darkness.

Therefore, let the love fires of Heros and Amora, of Chamuel and Charity and Paul the Venetian be raised up in dedication to the flame of freedom. For these beloved beings of freedom, together with John the Beloved, have dedicated their great causal bodies to the opening of that flame of light, where souls from all over the world will come and pass through that city, where I will then anchor my violet flame and the momentum of my causal body. This I give to you even as you give to me, beloved ones. And it is unthinkable that we should not establish our forcefield there, for without a permanent focus of the light, I tell you, the handwriting is upon the wall.

### **The Conditions That Precede World Destruction Are Similar in Every Age**

I stand at that very point of the messenger where Light and Darkness meet. I stand on that point of world freedom, and I have stood there for many an age and I know that those conditions that precede world destruction and the loss of

freedom are similar in every age. And those conditions are present, and those conditions will submit to the violet flame by the repentance of the children of God. And unless there be the sacrifice and the repentance of the few, then the many will not see in this age an opportunity to come into the flame.

Beloved ones, there are many beautiful souls of light across the planetary body who do not recognize the message and the word of the ascended masters when they hear that message, simply because of the density that has accumulated within their temples and within their chakras. And therefore it requires the avant-garde of lightbearers to invoke the violet flame for a cooking, consuming, boiling, burning action for the melting of that density.

And so you see, those who carry the torch of freedom are holding a light of warmth and comfort and regeneration. And then as the wax and the dross melt from the brethren of the light and as their demons are bound by your very personal witness of truth, you will see that many more millions will come into the teaching because you have held that fire in their very aura. This is why, then, they have no less light in their souls and in their hearts, but they have been covered over by neglect, by ignorance, and by the impositions of their culture, their government, and their education.

### **I Look to These Cities as an Action of Invincible Powers of Freedom**

See, then, how we have a plan and we have a science, and it cannot be turned back or preempted by the fallen ones, for they cannot know the time and space that the LORD God has appointed. They cannot manipulate the cycles of Almighty God. But, my beloved, *watch!* For the fallen ones are always attempting to manipulate the cycles of your manifestation of freedom. And therefore I look to Vancouver, then to Seattle,

then to Portland, and then to Sacramento and San Francisco and the cities that are descending [along the line of longitude] for an action of invincible powers of freedom.<sup>7</sup>

No longer will I tolerate those who have dallied in mediocrity! I will not have chelas who are mediocre! I will then expel them from the temple, and I will call forth the flames of Zadkiel, angels of Zadkiel's band who have taken incarnation, even the very little children who call upon the name of the LORD. And you will see how I will build my house and build my forcefield, and the gates of hell shall not prevail against that flame of freedom!

Therefore, this focus of light that we now begin as a spiral moving must also be anchored in Mexico City for the transmutation of the deception of the fallen ones who seek to use the blessed people of Mexico, of Central and South America against the light of their own mighty God Presence I AM.<sup>8</sup> And they seek to do this, and they do it without the understanding of these precious children of God, who are truly of the love flame. But the fallen ones have turned the love flame [of these children of God] into a hatred of the living God and the living Christ by inciting in them rebellion and the carnal consciousness.

Beloved ones, these cities, Vancouver and Mexico City, must be used as that point of light for the bulwark of freedom, for the guarding of the light of the Woman, for the guarding of the light of the seed of the Woman, and the guarding of North America.

### **Plow the Fields and Prepare for the Next Sowing of the Seed of the Word**

Beloved ones, therefore it is on time and timely that our books should be released in the Spanish language, should fill every heart and home of light. I call for volunteers. I call for

the acceleration. And I call for the establishment of this line of force until it moves all the way from Alaska to the very tip of South America, to that Tierra del Fuego, where there is the sacred fire manifestation.<sup>9</sup>

I call, then, for the legions of Zadkiel, mighty legions of Arcturus, legions from out the Great Central Sun. And they will stand and they will hold the focus from the North unto the South Pole and along the line of the landed areas, keeping that flame of freedom. And they will declare in the name of the living God, "*They shall not pass! They shall not pass! They shall not pass!*"

Therefore, I appoint and I anoint our messenger to appoint and anoint you two by two. And there shall go forth from Camelot, two by two, sons and daughters of God into the nations, into the earth, as a program of light that comes from the heart of my very own Guru, the Great Divine Director.

And therefore the training of Lord Maitreya will be the training of souls of light to deliver the Word of initiation, the initiation of the great Cosmic Christ.<sup>10</sup> And this must be accelerating in this twelve-month cycle. We give to you this understanding so that you may prepare to take advantage of the great cycle of Capricorn and the Great Causal Body—the mighty causal body out of the Great Central Sun, the Mighty Blue Eagle from Sirius—that you may bear that full momentum for the full twelve-month cycle and see how the nations will receive that light and see how our publications will go forth.

Beloved ones, this year is the year of all telling, for it is the foundation of a decade of victory, a decade of freedom that will be won if you now take your hand and place it upon the plow. And you will not look back. For that plow is the whirling light of your own causal body, and that acceleration must come forth.

Beloved ones, in every plane of being I stand and I observe and I see how many [souls of light] have caught that flame,

and now you must pursue them with a passion of love! You must go forth and plow the fields and prepare for the next sowing of the seed of the Word. We have a cosmic timetable. We foresee the great vision. We see the coming of the mighty angel who delivers the little book.<sup>11</sup> And therefore let, I say, *let* our messenger deliver that book that even comes forth from the hand of the LORD, even that Word that is necessary for the judgment of the twelve tribes.

**“The Summit Lighthouse Sheds Its Radiance o’er All the World to Manifest as Pearls of Wisdom.”** This previously unpublished dictation by **Saint Germain** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, November 19, 1978**, during the Sunday service at Camelot, in Los Angeles County, California. Part 2 of this *Pearl of Wisdom* is published in this volume, no. 15. [N.B. Bracketed words have been added for clarity in the written word.] (1) **The conquering heroes who have gone forth** refers to Elizabeth Clare Prophet’s fall lecture (Stump) tour on the teachings of the ascended masters, which included many staff members. Lectures were held in cities on the East and West Coasts of the United States and Canada from October 15, 1978, to November 14, 1978. (2) See Rev. 12. (3) **The initiations of the rhythm of Shiva**. On October 9, 1978 (*Pearl of Wisdom* no. 13, this volume), Shiva gave a fiery dictation accompanied by chants and intonations. Shiva said: “I draw you into the heart of the Great Central Sun. . . into the white-fire core of earth—*lo*, into the sacred fire. *Lo*, it is that you might know the self as Shiva. Chela, O my chela, now be Shiva! Now be transformed! Now molecules of being, now coalesce and align in the image of Shiva north, south, east, and west! . . . *Lo*, I AM Shiva dancing into your heart.” Toward the close of the dictation, Shiva touched the third eye of all those who desired to receive this blessing. (4) **As Lord Zadkiel stood on freedom day 1976**. On July 3, 1976, Archangel Zadkiel and Holy Amethyst gave a dictation through the messenger and released seven vials of violet flame across America from the West to the East Coast, originating in their retreat over Cuba. Zadkiel announced that “these [vials] will be released from the side of the west

of the City Foursquare, from that point in Los Angeles of the focus of the Mother. We send [them] forth now with a mighty heave and a roll and a ho, ho, ho! We roll that fire! We roll the violet flame, and the seven vials are poured out. . . . And all that has covered the land is now cycling through the etheric, mental, and emotional and physical planes, coming right now into the very roots of the earth, into the very physical bodies of the people until there is a violet-flame glow over America that has never been seen before—no, not in the history of the land! No, not since the golden ages of mankind!” (2001 *Pearls of Wisdom*, vol. 44, nos. 24 and 25.) (5) **The Motherhouse in Santa Barbara**. This teaching center, called the Motherhouse of the Keepers of the Flame Fraternity, was established in 1969 and sold in February of 1983. It was a beautiful focus of the ascended masters, located near historic Mission Santa Barbara. For many years the Motherhouse was a central focus for the masters and their students. It was here in July 1971 that Mark Prophet inaugurated the first session of the Ascended Master University (AMU), now called Summit University. In a dictation given on April 29, 1982, Saint Germain again spoke of the purposes of the founding of the Motherhouse when he said: “You may remember when the archangels sent forth the word that we would keep the flame of the Motherhouse in Santa Barbara until its purpose should be fulfilled. And one key purpose of that house was to keep a light so that the darkness gathering in San Francisco and Los Angeles should not meet midpoint on that coast and cause cataclysm. Therefore our witnesses, with determined Keepers of the Flame, set on the map a tiny pyramid of light in the secret-ray chakra of that ancient city. And therefore the darkness has not passed either from north to south or south to north.” (6) **Vancouver, British Columbia**. A study group and teaching center was founded in 1979 and is currently known as the Summit Lighthouse Study Group, Vancouver, B.C.\* (7) **An action of invincible powers of freedom**. Teaching centers or study groups in Seattle, Portland, Sacramento, and San Francisco were founded in the late 1970s. Currently there are groups in all of these cities. (8) **Mexico City**. Founded in the late 1970s, this study group is currently known as Grupo de Estudio de The Summit Lighthouse, Ciudad de Mexico (The Summit Lighthouse Study Group of Mexico City). (9) **Tierra del Fuego** (“Land of Fire”) is an archipelago off the southernmost tip of South America. This area is a part of the base-of-the-spine chakra of South America and is a focus of the Mother flame. (10) **The training of Lord Maitreya** refers to the three quarters of Summit University that were sponsored by Lord Maitreya in 1979, as well as the *Seminar of the World Teachers* held in July of 1979. In that year Lord Maitreya sponsored the Summit University winter quarter, Lord Maitreya and the Great Divine Director sponsored spring quarter, and Lord Maitreya and the Goddess of Liberty sponsored fall quarter.
