O precious son of God, O precious daughter of light, heaven now has waited for thy coming and has longed for thy return. And with a great desiring, I have desired to partake of this communion with you of the light of Alpha and Omega, which is the very heart of the seventh ray. Therefore, heaven can wait for the aspiring ones who will tarry to finish the course that is set, to mark the 100 percent balance of karma. Heaven can wait for the initiates of the sacred fire who will press forward with all diligence in the meeting of the basic requirement of the 51 percent and then pursue on to take that grade of mastery of the astral plane, of dealing with the beasts of the human consciousness.

A Torch of Freedom unto the Nations of the Earth

Part 1

In the name of the Father and of the Son and of the Holy Spirit, in the name of Mother Mary, Amen.

I AM Zadkiel, who stands in the Presence of God. I AM Zadkiel, sponsor of this priesthood of the seventh ray. I come in the anointing of the priests of the Order of Melchizedek. I stand in the midst of the flaming ones. Sons and daughters of God, I AM here!¹

I come to say this day, heaven can wait for the son or daughter of God who has determined to be free in earth in this life, who has determined to set the captives of the nations free. Heaven can wait for the ascension of the Christed ones who will be the torchbearers unto this generation. And in the words of Jesus Christ, "I AM come."² For the LORD has waited for thy coming.

O precious son of God, O precious daughter of light, heaven now has waited for thy coming and has longed for thy return. And with a great desiring, I have desired to partake of this communion with you of the light of Alpha and Omega, which is the very heart of the seventh ray. Therefore, heaven can wait for the aspiring ones who will tarry to finish the

course that is set, to mark the 100 percent balance of karma. Heaven can wait for the initiates of the sacred fire who will press forward with all diligence in the meeting of the basic requirement of the 51 percent and then pursue on to take that grade of mastery of the astral plane, of dealing with the beasts of the human consciousness.

Yes, my beloved, we are not so in a hurry to see you come Home with shining wings of light. We can wait for your coming, for we desire to see the earth filled with lightbearers of the violet flame who will laugh at the fallen ones and laugh with the Almighty, who holds the fallen ones in derision—those fallen ones who mock the way of the Ancient of Days and of all the sons and daughters of God.

Ye are Sons, and when I say, "Ye are Sons," I say, "Ye are Christs." And that is the meaning of the word that you will find here and there in scripture: Lo, God has declared, "This is my beloved Son."³ And you, therefore, also in that Sonship, I declare to be the living Christ, the newborn Christ, the fruit of the vine of Christ.

I Come with the Great Crown of the Prince of Peace

I stand within your midst now, in the full glory of that which is to come. For now in the fulfillment of the spiral of the seven rays of the seven beloved archangels,⁴ I come, then, with the great crown of the Prince of Peace. It is the crown that is placed upon the heads of the conquering heroes. And that crown I hold, I hold while waiting for you, O beloved ones, to go forth from Camelot on your mission of light and service, on your mission of God-justice. And I wait for your return.⁵

I place, then, a permanent focus of the seven archangels as a mighty rainbow of light over the ark of the covenant, over this altar of the Holy of Holies. I place that focal point of light and I, Zadkiel, will stand with the Lord Jesus Christ

waiting for the hour of the victorious return when you come home to Camelot, your life fulfilled, your mission fulfilled, your readiness, then, for the final hour of victory. And I will stand waiting to place upon you that crown of life given to the one who becomes the hero of love.

The Waltz of “The Blue Danube”

The mighty crown is worn by the one who knows the self as the living Christ. And so let the great spiraling of the waltz, “The Blue Danube,”⁶ become the sign of those who go forth from Zadkiel’s quarter because it is the joy, because it contains in each of its measured phrases those elements of initiation on the violet flame, because the laughter of the violet flame is always in the three-quarter time. And the great balance—the great balance of that music of the spheres—will give you the necessary vibration of transmutation.

This waltz contains the multiplication of light, beloved ones. It contains the very forcefield and geometry to multiply the violet flame, to multiply the joy wherever you are. And when that voice is heard and when that music is heard and you allow your attention to flow with its mighty cadences, you will perceive, O my beloved, the entering into a new joy and buoyancy.

And therefore I commend you to the keeping of that music close at hand in the early morning hours and in the evening, when you place the day into the violet flame. And let that violet flame and let that “Blue Danube” be the sign, then, of all of the hosts of the LORD who sing beneath the seven archangels and who serve according to their ray. And therefore, let all of the spirals of the vials of the seven last plagues⁷ be placed into the violet flame by each and every Summit University class that has gone before in the mastery of each of these seven chakras.

I Transfer to You the Momentum of Your Own Causal Body of Life

And so for the culmination of the victory of life, for the culmination of the gifts of the Holy Spirit, I AM come with a dispensation of violet flame, with a dispensation of my own violet-flame angels. I come and I stand before you, and I come now holding the precious amethyst, which I endow with a mighty flame through the beloved Lanello.

Therefore by this messenger’s ring, as I hold it fast with the mighty forcefield of the Cosmic Egg/violet flame, I transfer to you by my heart—by the messenger’s heart amplified by the flame within these jewels—that momentum of your own causal body of life. And I grant to you, O beloved ones, a greater accessibility to your own momentum of freedom by this momentum of my light that I place around your soul, truly the seventh-ray chakra of your life.

Now then, accorded unto you by this music and by your own invocations to the violet flame, there will be an instantaneous precipitation of the action of the violet-flame angels, a swift descent of light from your causal body, whereas under normal conditions, you see, it would be necessary for you to first rise to a certain dimension and vibration of your own blessed Christ Self in order to receive a full outpouring of the light of your causal body. And this you have experienced, and it is for this reason that you do not instantaneously manifest the full God-mastery of the great spheres of your being. It is because you do not always mount to the high estate of your own Christ consciousness and therefore you are not in that grace to receive the fullness of your God Presence.

And so in the descent of the violet flame—wherever you are and wherever you serve, wherever you speak my name, wherever you speak the name of Amethyst, wherever you keep our flame and that precious jewel of light, wherever you

enshrine the name and the image of Saint Germain, Jesus Christ, and the I AM THAT I AM as the altar of the children of Israel—there you will know in the very depth of the struggle, in the very depth of the challenges of the astral plane, that you can have an instantaneous outpouring of the violet flame that will challenge the Adversary within and without and enable you to go forward at lightning speed, accelerating the very dispensations of the LORD God.

The Mighty Blue Danube of Life

And so I say, “The Blue Danube” is the crystal clear river of the water of Life descending from your own I AM Presence. It descends in the three-quarter time of the waltz, beloved ones. It is seen as the blue light of the crystal waters of the flowing river of Being. It is seen as that blue-white energy, and therefore the understanding of the taking of this melody to your own and as your momentum of life is this—that as “The Blue Danube” plays and as it becomes yourself and you become it, it accelerates the descent and the velocity and the circumference of your own crystal cord until that tiny stream can indeed become a great waterfall of Life—always descending, spiraling as the action of what we will call “the mighty blue Danube of life.”

And so, you see, as [this great waterfall of Life] descends to the three-quarter time, it becomes the violet flame within your aura. And the more you accelerate this meditation and this music and your violet-flame decrees, the more you will increase the light that is available to you in the service of the ascended masters and in the service of life.

I Have Prayed for Your Souls for Many Thousands of Years

I have heard your prayers, my beloved children. I AM Zadkiel. I have stood for and on behalf of your individual

lifestreams for many tens of thousands of years, even hundreds of thousands of years. That you can but receive my message and understand the vastness of eternity measured as time and space is almost incomprehensible. But, beloved ones, my desiring to be with you on this day of days comes out of a longing that has endured century upon century.

My beloved, I have prayed at the altar of our retreat, our violet-flame retreat,⁸ for your souls for many thousands of years. The archangels make deep implorings before the LORD God for the homing of the blessed lifestreams who have incarnated beneath their sponsorship.

And so, our reward—when you come to the Communion table, when you come to the Mystery School, when you see how the LORD God has prepared for you that table in the wilderness of the entire human consciousness, when you come and you see and you know who I AM—it is for us living proof repeated again and again and again that the LORD God Almighty has surely decreed the effectual prayer of the righteous as the means to the salvation of souls.

Pray, therefore. I pray you that the LORD God will make you a worker in his vineyard, that he will fashion in you the great likeness of the angels of my band—angels of ritual, angels of the priesthood of the violet ray, of the seventh ray—and that you will study what are those qualifications necessary to be a part of the Order of Melchizedek.

O beloved ones, as Saint Germain came to our retreat to study in the way of the path of precipitation, lo, so many thousands of years ago, so I say to you: I open the doors of our retreat this day to you who have prepared yourselves so nobly by your action in light, by your dynamic decrees that have literally upheld the arms of our messenger through these weary months and weeks.

The Beautiful Golden Cape for the Protection from the Energies of This World

Beloved ones, you have stood between the messenger and the world itself and the enmity of that world, and you as chelas of the sacred fire are commended this day by the Ancient of Days. For by your faith and hope and charity, by your constancy and your devotion, you have made it possible for beloved Saint Germain to give to our precious messenger a very unique initiation on the Path that will be unto her and unto you and unto Saint Germain the opening of greater opportunity for the blessed Portia to expand opportunity in America in this coming year, 1979.

And therefore, beloved Lanello stands before you. And in great gratitude for the upholding of the office of the two witnesses, he comes, then, with his angels to place upon you that golden cape that is yours to wear for the protection from the energies of this world. It is the sign of your being on the path of wisdom, attending the university of the Spirit and being a part of those who follow Kuthumi in the Order of the Brothers of the Golden Robe.⁹

That beautiful golden cape that is now placed upon you bears upon it the mighty five-pointed violet star upon the right collar. And unto those who complete the service of their invocations, dynamic decrees, and all assignments that are given, that star is made permanent. And the second star upon those who have attended our second level of initiation of Summit University will also become permanent when you complete all that is given to you as the assignment of those who represent us.

Beloved ones, as the messengers stand before you, above and below in the plane of Spirit and Matter, there is the tremendous love of the Christ within and the radiation of the God Presence unto you that create for you, in and of these,

beloved, a oneness, a solidarity, an affection that will be ongoing. For you see, as the guru lays down his life for his chelas, so as the chelas lay down their lives for the guru, there is that love, there is that mutual bond, there is that caring, that sharing, and that understanding that makes one family of light.

Keep a Vigil of Violet Flame and Protection

Understand, then, that we of the councils of the Great White Brotherhood deem this quarter of Summit University a victory of all victories that have preceded. And the conclusion of the cycle of the chohans and the Buddha and the World Teachers and the seven archangels has laid the foundation for the coming of the Cosmic Christ and the coming of Lord Maitreya. All that he desires to deliver to you will also be facilitated by the initiation of Saint Germain, the platform of which you have provided by your dynamic decrees.

Needless to say, I come to remind you, then, of the carrying on of the cycles during the Christmas season of the challenges, of the increase of light, of the increase of darkness that must be consumed by the increase of light, and therefore the necessity for you to keep a vigil of violet flame and protection as we prepare the next army of lightbearers to take their place in the winter quarter of Summit University.¹⁰

And always in the hour of transition is the hour when there must be the greatest care in the passing of the torch, and so I enlist you to keep the flame and to keep your daily momentum until the fledglings who come to Summit University have themselves established the ritual and the momentum of the dynamic decrees.

Blessed ones, from the purple fiery heart of Saint Germain, the gratitude of our messengers is multiplied and the gratitude for the victory of the Coming Revolution in Higher

Consciousness is becoming a manifest reality in you day by day—the gratitude for the victory of the light within this Stump,¹¹ the victory of the light that has enabled the Lords of Karma to grant even other dispensations of light. Beloved ones, how often it is true that by the few the many are liberated.

The Opening of the Doors of the Ashram of the World Mother

Now in the name of Saint Germain, I commend you as never before to continue the constancy of the work that has been begun. For if you have stayed the hand of darkness for these three months of Summit University, then I say, continue and weary not in well doing. For by the increase and the multiplication of the momentum of light, so there will come to pass the mighty action of the sacred fire that is required for the fulfillment of all the projects that Saint Germain holds dear for the coming year.

Now, beloved ones, I announce to you a mighty action of the violet flame and a dispensation of the great transformer of the will of God¹² of beloved El Morya, of the mighty Grail chalice, and of the great focus of the God and Goddess Meru that is over the Ashram of the World Mother.¹³

And therefore this day I am opening the doors, in the name of the seven archangels, to the Ashram of the World Mother. And I say, let the sons and daughters of God come from north and south and east and west and take up that residence within the Ashram, whereby they might pass a torch of freedom unto the lightbearers of Los Angeles, of Southern California, of Northern California, and out, out, out unto the nations of the earth!

I, Zadkiel, therefore open the door and I say: Henceforth that focus of the flame of freedom, which I implant there this day, and henceforth the mighty amethyst crystal placed

there by beloved Holy Amethyst, will be for the action of the alchemy of the sacred fire within the sons and daughters of God who will go forth two by two unto the nations and who will go stumping with Shiva and who will be assigned to our teaching centers.

It is therefore our desire and our directive from the Darjeeling Council that those who are to be sent to our teaching centers shall first stay within the walls of the Ashram, within that focus that has been declared a retreat of the Goddess and God Meru—the extension of the retreat of the God and Goddess Meru—so that you may have the vibration of living not only within the aura of the messengers but also within the aura of the God and Goddess Meru, who have preceded them in the great order of hierarchy.

And therefore, beloved souls of light, when you receive your assignments, many of you, then, will be assigned to that level of initiation whereby you can understand what it means to be in the white-fire core of the retreat action at Lake Titicaca and of the flame of illumination and of the feminine ray held in South America at the etheric plane,¹⁴ now held in North America in the physical plane—now within the retreat of La Tourelle in Colorado Springs, within the Ashram of the World Mother, and within the focus in Santa Barbara, making the threefold action of beloved El Morya's three dots—so that those focuses of light might carry the vibration for the liberation of souls, for the transmutation of the levels of Lemurian culture that descended beneath the level of the Christ mind and of the Mother flame.

A New Era of Expansion

Beloved ones, this is a new era of expansion for Saint Germain as he has been given dispensations from the Lords of Karma to accelerate, to place the wind of the Holy Spirit within your sails, and to give you a momentum of victory

coming from the four corners of the universe and going unto the twelve points of the City Foursquare.

Each and every one of you will be opening one of the twelve gates unto the City Foursquare, and you will be assigned to those gates by the priorities of the sponsoring hierarchy for your incarnation and your coming under the dominion of one of the twelve tribes of Israel. And so you will see how you will sponsor the culture of the World Mother and how you will make plain the vision of our God, the vision of the Holy Grail, the vision of the sacred Communion cup of the wine of Zadkiel, the blessed wine of our retreat.¹⁵

This included going forth two by two, joining a teaching center or study group, or participating in a Stump tour. **(6) “The Blue Danube”** is a waltz composed by Austrian composer Johann Strauss II in 1866, and originally performed in 1867 in both a choral and orchestral version. At that time, El Morya took the large diamond from his turban and pledged it to the Lords of Creation, stating that he would not wear it again until such a time as the activity of this forcefield (the transformer of the will of God) had accomplished at least 50 percent of the purpose for which it was brought into creation. In a letter dated June 24, 1978, El Morya announced: “Therefore this day the LORD God has returned to me the diamond that I had treasured, given to me by my own Guru, which I had placed upon the altar of Almighty God thirteen years ago. My gratitude is to our chelas serving as the staff of the messengers and as the laborers in the field.” (This letter is published in the 1978 bound volume of *Pearls of Wisdom*, vol. 21, pp. 297–99, currently out of print.) **(13) The Ashram of the World Mother.** In 1976, the messenger Elizabeth Clare Prophet established the Ashram of the World Mother in downtown Los Angeles. On June 21, 1977, Saint Germain stated that Archangel Gabriel had placed the focus of the Holy Grail at the Ashram. On December 28, 1977, the God and Goddess Meru also announced that the Ashram would be an extension of their retreat at Lake Titicaca, in the Andes Mountains. The Ashram was eventually sold in 1983. **(14) Lake Titicaca.** The retreat of the God and Goddess Meru, known as the Temple of Illumination, is located in the etheric realm over Lake Titicaca, high in the Andes Mountains on the Peru-Bolivia border. The center of the retreat is directly over the remains of an ancient temple on an island in Lake Titicaca, the Island of the Sun. See *The Masters and Their Retreats*, pp. 478–80. **(15) The blessed wine of our retreat.** According to an invocation given by the messenger to Lord Zadkiel and Holy Amethyst, this wine refers to the wine of forgiveness, the true understanding of penance by forgiveness and the forsaking of sin, and to the law of transmutation.
