

Beloved Elohim Astrea

The Light of God Will Not Fail!

Hail, legions of white fire and blue lightning! Hail, beings of sacred fire from out the Great Central Sun!

Light, now descend as the white sphere of the Mother. I AM come in the flaming light of Purity. Elohim I AM—Elohim in the fullness of Father-Mother light.

I AM Astrea, and I come to lock my cosmic circle and sword of blue flame around the cause and core of all evil, all that is Antichrist in the very midst of the community of the Holy Spirit. *Blaze* now the light of the Maha Chohan, O cloven tongues of fire! Now intensify by that love flame!

I AM in the very center of the sacred fire. I AM the flaming sword, and I AM a million flaming swords. I AM a million flaming swords, and I pierce to the core now the cause and core of those discarnates, demons, and fallen ones who have set themselves against the LORD's anointed in this age.

The Light of God Will Not Fail!

Hail, legions of white fire and blue lightning! Hail, beings of sacred fire from out the Great Central Sun!

Light, now descend as the white sphere of the Mother. I AM come in the flaming light of Purity. Elohim I AM—Elohim in the fullness of Father-Mother light.

I AM Astrea, and I come to lock my cosmic circle and sword of blue flame around the cause and core of all evil, all that is Antichrist in the very midst of the community of the Holy Spirit. *Blaze* now the light of the Maha Chohan, O cloven tongues of fire! Now intensify by that love flame!

I AM in the very center of the sacred fire. I AM the flaming sword, and I AM a million flaming swords. I AM a million flaming swords, and I pierce to the core now the cause and core of those discarnates, demons, and fallen ones who have set themselves against the LORD's anointed in this age.

Blaze forth the light, O legions of Astrea! *Gather* now! *Gather* now! *Gather* now, and let the whirlwind action of the sacred fire be the mighty momentum of the circle and sword of blue flame!

O whirlwind action of the sacred fire, O sacred rod of power, almighty rod of power, O blue-white lightning from the heart of the Great Central Sun, burn through into the

cause and core of all that would hide the great truth of the I AM THAT I AM within the souls of light upon earth, of all that would move against the movement of Pallas Athena, the Coming Revolution in Higher Consciousness.

The Mighty Exposure of the Seed of the Wicked

Blaze forth that light, and *blaze* forth that mighty sword of living truth! I fling that sword now into the very midst of America, and my mighty sword of truth, the sword of Pallas Athena, shall go forth now. It shall be a piercing of the veil. It shall be a magnificent exposure by the light of God that never fails and by the person of our embodied messenger and our chelas, and it shall be a mighty exposure of the seed of the wicked.

Therefore, let the sword of living truth pierce now! Let it pierce through and through! And let those who hide behind their masks now be exposed!

I come now and I say: Legions of Astrea, lock your cosmic circle and sword of blue flame around those whose hatred and condemnation is upon the Mother and her children and upon the Woman and her seed.

Blaze forth the light of the Ancient of Days! Elohim, come forth! Elohim, come forth! Elohim, come forth! Seal now the subterranean caverns of the earth and the gas belts. Fill them with the white light. Fill the San Andreas fault with the mighty white light of God in the Great Central Sun.

O legions of truth, great winged messengers of light, I AM Astrea and I call you forth! Now fill that fault with light! Fill this entire coastal area with light! And let there be the sealing of the light and the sealing of the children of God. And I say, *roll* back now, *roll* back now, *roll* back now the hordes of darkness!

The Defense of the Woman and Her Seed

I demand now, from the flaming ones of Sirius, the binding of the seed of the wicked and their exposure by Archangel Michael's rings upon rings of blue-lightning angels who stand in the defense of America, who have pledged to defend the Woman and her seed. Therefore, let there be translated to the leaders, the legislators, and the people of this nation the need for the defense of the Cosmic Christ consciousness and the soul on the path of initiation. America, the nation of the path of initiation, is intended to be a community of initiates. Let the initiates come forth, then!

I, Astrea, in the name of the I AM THAT I AM, bind therefore that sensuality and that lust and that dalliance of the lightbearers and that self-love and that self-preservation!

Mighty Astrea, Mighty Astrea, Mighty Astrea behind the sun, behind the sun, I AM that Astrea! I AM that Astrea! I AM that Astrea, thou who art come!

I AM Purity! I AM Purity! I AM Purity! Mighty Purity, Mighty Purity, Mighty Purity within Spirit and Matter, within the Alpha and Omega, we send forth that light! We send forth that light, and we encircle every chela!

In the name of the I AM THAT I AM, we strip you now by the sacred fire of the Holy Ghost, in the name of Jesus Christ, of all those momentums of Antichrist. Let them be seized! Let them be sealed!

The Sealing of America and the Sealing of the Lightbearers

O beloved ones, I AM come into your midst. I lock my cosmic circle and sword of blue flame around all those groups and forcefields, fundamentalists and black magicians and Satanists and every nucleus of those individuals who have gathered in their groves now to work against the light

of the Great White Brotherhood and their teachings. And I bind the cause and core of astral entities behind them, and I strip them of their power! And I strip those individuals of their power, which is the power of God that they have misused against the messenger and the devotees of truth!

Roll it back into a white sphere! *Roll* it back into a white sphere! *Roll* it back now, and let the children of the light go free!

I AM Astrea, and I stand before the LORD God Almighty. And I come with mighty legions of the Great Teams of Conquerors for the clearing of the astral plane, that this teaching might be spread abroad by the power of the resurrection flame.

I anchor that light ray in the heart of Camelot. It is a flaming white light, a flaming blue lightning. It is the piercing light that now is the defense of truth.

Let truth, then, be made known. Let the way be made plain. Let the way be cleared. I AM Astrea. I come again for the sealing of America, for the sealing of the lightbearers.

And I come for the judgment of the wicked, for it is *they* who have placed this nation in jeopardy by wreaking that enormous karma upon the people of light through their nefarious practices. And therefore, let their hatred be bound!

Blaze the Light of God Forth!

Blaze forth the light! And let the hatred that is abroad throughout the nations of the earth—as the jealousy of the favorite son, Joseph—let it be bound! *Bind* the jealousy and the envy!

I AM THAT I AM. I AM in the flaming Presence of Elohim. I AM the instrument of Brahman. *I AM Brahman. I AM Brahman. I AM Brahman.* And I AM the white-fire core of the light, the point of light from which the worlds spring forth. I AM that God-manifestation.

Seal the earth, O sacred ones! Seal the earth, O Holy Kumaras! Seal the earth this day!

I AM Astrea. I have come. I have come in the invincible power of the living Christ, and I AM that Word incarnate here and now.

Lo, I AM with you always,¹ even unto the end of personal and planetary karma.

I AM Astrea! I AM Astrea! I AM Astrea! I lock my cosmic circle and sword of blue flame around the tabernacle of the witness, around the tabernacle of the witness, around the temple of the chelas, around the shepherd and the sheep, around the Lamb, the incarnate Word, the embodied Guru and every embodied chela.

Blaze the light of God forth!

Blaze the light of God forth!

Blaze the light of God forth!

Blaze the light of God forth!

The light of God does not fail! The light of God will not fail!

The light of God is the victory, victory, victory, victory, victory!

I AM that living presence of love of victory, and I roll back now the cause and core of sin!

Roll back the scales from the eyes of the children of God!
Roll back now, and let them see!

Legions of Astrea, come forth! Legions of Astrea, come forth! Legions of Astrea, come forth for the keeping of the way of the Tree of Life in the Garden.

I AM THAT I AM.

[Astrea chants:]

Aum

Elohim [18-second pause]

It is done.

Beloved Purity and Astrea Elohim of the Fourth Ray

From God's eternal heart of purity
Belov'd Astrea, thou Elohim, dost come
To those who seek thee in sincerity
And call thee forth from out the Central Sun.
Beloved Purity, enfold us
To raise our consciousness on high
'Til in God's pattern thou dost mold us
As we his name now glorify.

Belov'd Astrea, complement so true
Of Purity, O thou holy one so dear
Now in the circle of thy flame of blue
Transmute the cause and core of doubt and fear.
Thy flaming sword of blue protect us
From all not in God's plan divine
And thy great purity direct us
As we to God our hearts incline.

We love your sacred purifying flames
That now enfold all aspiring to be free
We laud and magnify your gracious names
Beloved ones, our holy guides now be
To help us reach our goal, ascension
That we, in Freedom's robes, may dwell
In realms beyond our comprehension
Where peace and purity excel.*
