## **The Story of the Mystery School of Hercules and Amazonia**

I AM Amazonia! I AM come!

I stand upon the Rock of Ages. I stand upon the Rock of the eternal Logos. I stand, and I still stand. And the joy that I bring is a boundless joy of spring. For I come on the tide of the resurrection flame at the hour promised to me by Sanat Kumara long, long ago.

Thus my coming, anticipated by elemental life and invoked by your very own souls, even without your outer knowledge, is foreordained. And so it is. And so I come in the gentle yet all-powerful light of the feminine ray to right the ancient wrong and to reestablish the balance of the Woman clothed with the Sun in the heart of the earth.

Beloved chelas of the will of God, I would tell you my story. May I? [Audience responds, "Yes!"]

So long, long ago, Hercules and I established a mighty mystery school upon the southern portion of the continent of South America. There we gathered together those whom we would sponsor on the path of initiation—initiation leading to the conferment of the power of the Elohim of the first ray.

This initiatic spiral is one that is taken slowly, requiring many centuries and a number of incarnations, because it is

that initiatic path designed to accord those who are God-victorious with certain powers of the Elohim within the elemental kingdom and in the use of the mighty feminine ray in balance with the masculine ray. And therefore we summoned out of the retreat of Lord Himalaya, out of the Blue Lotus,<sup>1</sup> devotees of the will of God in the masculine focus of the Himalayan range, and we also summoned devotees out of the initiatic school of the God and Goddess Meru.<sup>2</sup>

### **The Point of the Y on the Path of Initiation**

Thus, we began. And over the cycles of our teaching and our initiation, we brought a certain number of souls to a level of initiation where they were being initiated in the uses of the throat chakra for the control of cosmic forces within the earth and within elemental life.

Then came the point of the Y. The Y on the path of initiation is the final point at which the chela must determine to utterly surrender the self in the service of God. It is at this point that many fail. You have observed these failures in your own activity of light, even in a few short years. The Y experience comes to every disciple.

With the decision to glorify God and him only is a greater conferment of power than has ever been given before that point on the Path. Some attempt to fake their commitment, seeking thereby to gain entrance to closed doors, seeking thereby to seize a greater power and then to renounce the great Three-in-One of their divinity and to take all of that power and that glory and to use it for the elevation of the lesser self.

When from out the mystery schools East and West greater numbers of souls choose the left-handed path at the point of the Y—when there is thereby a consequent imbalance in the earth and greater numbers do glorify the lesser self than those who go all the way with the inner vow—then it is that cataclysm ensues.

You have heard many reasons for the sinking of Lemuria and Atlantis. You have heard many reasons for those cataclysms, such as the cataclysm that destroyed the city of Pompeii. These have occurred again and again, not because of outer manifestations among the people but because of the decisions of individuals who were allowed to enter the classes of the mystery schools and who took just so much light and learning and then said, “Ha! We have enough! We will go forth and manipulate life to our own accord!”

### **Individuals Left Our Mystery School to Join the Rebellious Angels**

Thus it was in our own mystery school. Thus it came to pass that certain individuals wrested from within that school certain powers, certain energies that had been a part of the teaching to that point. These individuals were assisted by other members of the false hierarchy who comprised the great rebellion under Lucifer. Thus having gained all that they could acquire within our school, they determined to go out and join the rebellious angels to take control of the earth. These initiates were all women serving on the feminine ray.

You ask how it is that such individuals could be candidates within a mystery school such as ours. Beloved ones, though God may know all things from the beginning unto the ending, every individuality who has come forth from God’s being—whether of the angelic, the elemental, or the kingdom of the sons and daughters of God—must be accorded the privilege of the Path in order that the individual may decide and thus determine whether he [or she] will continue to be in the body of God, worlds without end.

As servants of the Most High, we are required to receive applicants at their face value and to give them the training that we know may be abused, but we also know that the training in itself is self-transforming and is able to turn the hardest

heart unto a commitment undying unto the light. We have even seen the conversion of those who fell with Lucifer but who came into the reality of the living flame and were God-taught by the enlightenment of Gautama concerning the nature of the rebellion and the leaders of that rebellion.

When we see one soul that is saved and that becomes a Christ and then a Cosmic Christ, we realize that to turn away one soul on the suspicion, or even on what seems to be certain knowledge that that one will turn away from the Path, is perhaps to deprive that soul, Almighty God, and the universe of a future Christed one.

Therefore, we dare not turn away [an applicant], but we institute within our path of initiation rigors, systems, testings, challenges designed to eliminate those who weary in service and who eventually become bored with the seeming endless nature of the Path, which in itself is only illusion. For the Path is never endless, but the lesson is for the soul to be long-suffering.

Well, I tell you, my beloved, it is I who have learned the path of patience and long-suffering as I have waited to return to you on this very day with my story and with my announcement.

### **Feminine Initiates Fell from Grace, and the Mystery School Was Closed**

Thus it was that feminine initiates on the path of Hercules and Amazonia fell from grace, abused the light they had been given, and compounded and multiplied that light with the helping hand of the entire false hierarchy.

And thus by edict of Helios and Vesta, the mystery school was closed. And even those who remained loyal (by the fact of this betrayal) had to wait until another cycle for the opening once again of the path of initiation on earth under the Elohim of the first ray.

The energies of these fallen ones became a horror story

in itself. They went forth with such vehemence—large of stature, resembling even my own frame. These women went into the earth, into all continents, with such a hatred of God the Father, which they directed against representatives of the masculine ray wherever found.

They inflicted tortures and cruelties against the men of earth, the sons of God, using the perversion of the feminine ray—the feminine ray anchored at Lake Titicaca. They became literal black magicians incarnate. Thus it was that they almost destroyed the self-identity of man, so great was their viciousness and so great were their atrocities committed.

I will say no more, for the records are too gross. And this day those records are being rolled up in a mighty scroll in preparation to be put to the torch at a certain moment of the crescendo of light of the release of resurrection's flame from the heart of Jesus Christ during this very conference. Thus, my beloved, I may come. I have returned.

#### **These Individuals Still Hold within Themselves the Hatred of the Masculine Ray**

Now these individuals, these fallen females, have reincarnated upon earth for the last time, in this end-time. They are now in their final incarnation. They are still holding within themselves the hatred of the masculine ray as God the Father, God the Son, God the Holy Spirit. They have spearheaded the movements of abortion, of sterilization, of lesbianism, and of the putting down of the identity emerging of the sons of God and the true Christ consciousness, the true Fatherhood of God represented in all souls embodied on that masculine ray.

Thus, these individuals have moved against the little children by their hatred of the Trinity. They have denied their own natural functions as females. They have created a movement to counteract the movement of the Goddess of Liberty,

of the God and Goddess Meru, and of all the lady masters of heaven—that mighty movement of the age ordained by Alpha and Omega for the raising of the feminine ray upon the altars of Lemuria.

From the central altar, from the twelve outer altars, that energy is rising. It continues to rise. It accelerates. It spirals by this inundating light of the resurrection. Thus, the resurrection flame itself and the return to preeminence of the feminine ray become their very judgment. And the Law this day does require upon these individuals the blood of all those whom they have murdered since their choosing of the left-handed path.

#### **The Hour of Their Judgment Has Come**

Thus, the hour of their judgment has come. It is *they* who have determined to destroy the family in every nation! It is *they* who have lent their energies to the destruction of the flame of Kuan Yin in China and the flame of Lord Confucius! These who hate men also hate women. For they hate those who have gone the way on the path of initiation to become world mothers and sisters of light and daughters of dominion.

Thus, beloved ones, the hatred [of these fallen females] is of the Father-Mother God and their offspring, the incarnate Christ. They have backed the movements of tyrannies, of communist and socialistic revolutions that have occurred on the planet for thousands of years because these systems have been the denial of the path of initiation to the sons and daughters of God, the denial of the flow of abundance, and the denial of the exaltation of woman. They seek the degradation of woman, but they couch that degradation in a language earmarked with such terms as “equal rights,” “equality,” “liberation,” “sexual freedom,” the right to any use of the body temple.

These fallen ones have joined forces with the priests who tended the altars upon Lemuria who betrayed the Mother flame. Those priests were males at the time of that incarnation, and they too took the left-handed path when initiated on the Mother ray.

### **I Stand before You in Defense of Woman**

Thus, we see how birds of a same feather have flocked together and have become as one in the dying gasp of the beasts of the misuse of the sacred fire. Now they amalgamate. Now they throw their weight as political power, as vote, as economic majority. Now they assemble. Now they beat their drums. Now they even use tactics of blackmail, chaos, and confusion.

Thus, my beloved, when you see the clear stream of a quarter of a million years of history on the earth, it is not difficult to distinguish the pollutants of the stream of God consciousness. It is not difficult to see who are the ones who caused the muddying of the way made straight, the way made plain, the crystal flowing water. It becomes crystal clear who are those who have abandoned the initiations of Hercules and Amazonia.

I stand before you in defense of woman—woman whose rightful place is to hold the light from the base unto the crown chakra, woman who is the crown of man himself. For the greatest glory of man is the woman who adores and adorns his calling, his sacred labor, his being, the fruit of his very soul's reason for being. Thus the handmaids of Father, Son, and Holy Spirit are at once the servant of the Trinity, even as the Trinity exalts the handmaid.

So in this great balance where Alpha gives deference to Omega as Omega defers to Alpha, there is the glorious consummation of the caduceus of life whereby civilization and culture East and West become a glorious interchange of the

sons and daughters of God, who have mutual respect for each one's position in the order of hierarchy.

### **The Opening Again of the Mystery School of the Elohim of the First Ray**

Thus the long years, millenniums, have passed, and I am permitted once again to return to the place where I may deliver my own life and my own mysteries to you.

Thus, my story told, I make the announcement that with the burning of the cause, effect, record, and memory that shall be placed as a scroll and taper in the sacred fire of the entire episode of this infamy, I shall then, at that moment, once again open the mystery school of the Elohim of the first ray—open it in South America, dedicated to the Great Divine Director and the bringing forth of the mighty seventh root race.

During the pilgrimage of the messenger and chelas to South America at Christmas 1973,<sup>3</sup> I began already the anchoring of the electrodes for the opening of the way for souls of light to be partakers of these mysteries along the path of initiation of the will of God, leading to the conferment of the all-power accorded to Jesus Christ in heaven and in earth.

Now then, I will then minister to souls who truly desire to be God-trained under Hercules and who will bear with me the stupendous joy of the flame of Mother rising to its fullest potential as the feminine counterpart of Elohim.

Thus, I AM Amazonia. I stand upon the Rock of Ages, and I come to your souls with a joy in my heart. So, I could hardly wait to give to you this announcement. For you see, until this record was consumed and all those involved in it brought before the judgment, it was not permitted for the seventh root race to incarnate, nor for certain retreats, such as the retreats of the Goddess of Light and the Queen of Light in South America, to be opened.<sup>4</sup>

The hour has come! Let those who would undo and rebuild and construct in the balance of East and West come forward, for we are ready for the signaling of the age of new birth.

In the name of liberty, in the name of Saint Germain, I stand. I AM Amazonia. Hercules is with me, radiating his magnificent light in answer to your call for the elementals of earth. They know a peace in this hour by your comfort, your love, your vigil. They send gratitude. Elohim and cosmic forces send gratitude. For the balance of the earth—by your love, by the science of Saint Germain, which you have worked in his Word, in his name—*is sealed, is sealed, is sealed.*

[The master inhales and exhales twice.]

You are sealed in the sacred fire breath. Amen.

Bracketed words have been added for clarity in the written word.] (1) **Out of the Blue Lotus.** Lord Himalaya’s retreat is known as the Retreat of the Blue Lotus, located in the etheric plane in one of the highest mountains of the Himalayan chain. This retreat is the focus of the masculine ray of the Godhead for the planet. For a description of the retreat and its activities, see *The Masters and Their Retreats*, pp. 458–60. (2) **The initiatic school of the God and Goddess Meru.** The teachings of the God and Goddess Meru are given at the Temple of Illumination located in the etheric plane over Lake Titicaca, in the Andes Mountains on the Peru-Bolivia border. The retreat is centered over the remains of an ancient temple to the sun. In this school, the God and Goddess Meru focus on education, parental training, the family, the community, responsible citizenship, and the reinforcement of individuality, among other varied teachings. See *The Masters and Their Retreats*, pp. 478–80. (3) **The pilgrimage to South America.** In December 1973, the messenger Elizabeth Clare Prophet, with many students and staff, made a pilgrimage to South America and Mexico to prepare the way spiritually for the future incarnation of the seventh root race. Known as “Mission South America,” the messenger gave services, made invocations, and received many dictations from the ascended masters for the clearance of the nations of South America. Among the nations and places visited were Brazil, Peru, Argentina, Chile, Lake Titicaca, Bolivia, and Iguassu Falls. The pilgrimage concluded with the New Year’s conference, entitled *The Origin of Cycles*, held in Mexico City. (4) **The retreats of the Goddess of Light and the Queen of Light.** The Shrine of Glory is the retreat of Amerissis, the Goddess of Light, located in the etheric plane in the Andes Mountains of South America. The retreat has a physical focus in a beautiful home in the mountains not far removed from the etheric retreat. The forcefield of light from this retreat extends over the entire planet as a network of filigree light patterns. The retreat of the Queen of Light is in the etheric plane over the island of Sicily, near the city of Messina. The Goddess of Light also uses the Queen of Light’s focus, as well as the Goddess of Purity’s focus in Madagascar. These three focuses are anchoring points for a threefold distribution of the light throughout the world. See *The Masters and Their Retreats*, p. 454 (the Queen of Light’s retreat) and p. 470 (the Goddess of Light’s retreat).
